What's new in the AMR Resource Pack September 2020 update

Section	New resources
Coronavirus disease (COVID-19)	<ul style="list-style-type: none"> • Country & Technical Guidance - Coronavirus disease (COVID-19) • Clinical management of COVID-19 interim guidance 27 May 2020
AMR surveillance	<ul style="list-style-type: none"> • GLASS guidance for national reference laboratories. Sept 2020 • Whole-genome sequencing for surveillance of antimicrobial resistance • Global antimicrobial resistance surveillance system (GLASS) report: early implementation 2020 • GLASS method for estimating attributable mortality of antimicrobial resistant bloodstream infections.
Infection prevention and control (IPC)	<ul style="list-style-type: none"> • IPC for AMR advocacy: Flyer on the essential role of IPC to curb AMR, aimed at health policy decision-makers • Global report on the epidemiology and burden of sepsis. • SAVE LIVES: Clean Your Hands 5 May 2020 Campaign materials
Water, sanitation & hygiene	<ul style="list-style-type: none"> • UNICEF/WHO, 2020. Hand hygiene for all global initiative: a call to action to achieve universal hand hygiene and stop the spread of COVID 19. • WHO/UNICEF, 2020. Water, sanitation, hygiene and waste management for SARS-CoV-2, the virus that causes COVID-19 • WHO/FAO/WOA, 2020. Technical brief on water, sanitation, hygiene and wastewater management to prevent infections and reduce the spread of antimicrobial resistance. • WHO, 2020. Achieving quality health services for all, through better water, sanitation and hygiene: Lessons from three African countries • WHO/UNICEF, 2020. Water, sanitation for Health Facility (WASH FIT) training package with focus on COVID-19. • WHO/UNICEF, 2020, WASH FIT simplified for COVID-19 assessment tool.
AMR & essential medicines and products	<ul style="list-style-type: none"> • Antimicrobial stewardship programmes in health-care facilities in low- and middle-income countries: a WHO practical toolkit. WHO 2019 (English, French, Spanish, Arabic) • Clinical management of COVID-19 interim guidance 27 May 2020 • Methods to analyse medicine utilization and expenditure to support pharmaceutical policy implementation
Other useful AMR resources	<ul style="list-style-type: none"> • Gulf–Middle East–North Africa Educational Collaborative on Antimicrobial Stewardship

Coronavirus disease (COVID-19)

- Country & Technical Guidance - Coronavirus disease (COVID-19). All technical guidance on COVID-19 - select topic from drop down menu, including Clinical management of COVID-19 interim guidance 27 May 2020
