WELCOME

WHO Global Consultation – A WHO Strategic Agenda for Filovirus Research and Monitoring (AFIRM)

30 March 2022
Objectives:
This meeting intends to start a dialogue, with you, the experts from academia, industry, public health agencies and regulatory bodies to setup a long-term global strategy for filovirus research and monitoring.

This strategy is based on three principles:

1- Foster research to **ANTICIPATE** new outbreaks

2- **REINFORCE** vaccination by promoting the development and testing of new filovirus vaccines

3- And develop novel therapeutics to **CURE** filoviral diseases

*Thank you in advance for your commitment and support to WHO.*
