### Morbidity and Mortality

- Crude cervical cancer incidence per 100,000 women (2020): 25.6
- Age-standardized cervical cancer incidence per 100,000 women (2020): 16.4
- Cumulative risk of cervical cancer, ages 0-74 (2020): 1.7%
- Cervical cancer deaths (2019): 5,100
- Cervical cancer mortality-to-incidence ratio (2020): 0.51
- Population-based cancer registry exists (2021): Yes

### Primary Prevention

- HPV is included in the national vaccination programme but coverage data is not available

### Secondary Prevention

- National screening programme for cervical cancer exists (2021): Yes
- Primary screening test used (2021): cytology
- Target age range of programme (2021): 30-60 years
- Programme/guidelines exist to strengthen early detection of first symptoms at primary health care level (2021): Yes
- Clearly defined referral system exists from primary care to secondary and tertiary care (2021): Yes

### Treatment and Supportive Care

- National guidelines on cervical cancer management exist (2021): Yes

### Screening for cervical cancer (2019)

- Screened in last 5 years: 67%
- Ever screened: 77%

### HPV vaccination programme coverage among girls (2020)

- HPV included in national vaccination programme: Yes
- Scale of vaccination programme: National
- Year of introduction: 2017
- Primary target cohort: 11 years

### Related risk factors:

- Tobacco use prevalence, women aged 15+ years (2020): 4%
- Condom use at last high-risk sex (2017): 76%
- HIV incidence per 1000, women aged 15+ years (2020): 0.05

### WHO Cervical Cancer Elimination Strategy Targets for 2030

- 90% of girls fully vaccinated with the HPV vaccine by the age of 15
- 70% of women are screened with a high-performance test by 35 years of age and again by 45 years of age
- 90% of women identified with cervical disease receive treatment

---

* Programme coverage: % of national target population (among 9-14-year-old girls)
† Coverage by age 15: % of population turning 15 that have been vaccinated against HPV at any time between ages 9 to 14

See Explanatory Notes for indicator descriptions.
