Global status report on road safety 2023

Malaysia

Income group: Upper middle income = WHO Region: Western Pacific Region **GSRRS participation:** 2009, 2013, 2015, 2018, 2023

Reported fatalities (year) 4 539 (2021)	E	ROAD USER BEHA
	V	Legislation on urban speed limit
Reported fatalities sex distribution (Male; Female) 85%; 15%	N/A	National law setting a speed limi
Reported fatalities user distribution ¹ 20%; 63%; 6%; 1%; 11%	N/A	Maximum urban speed limit
WHO estimated road traffic fatalities (95% CI) (year) 4 680 (95% CI 4 170 - 5 189) (2021)	<u> </u>	Maximum rural speed limit
WHO estimated rate per 100 000 population (year) 13.9 (2021)	\	Maximum motorway speed limit
SAFE ROAD INFRASTRUCTURE		Local authorities can modify limi
Total paved kilometers (year) 2 243 (2021)	N/A	Presence of targets to reduce spo
Presence of technical standards for new roads that take account of all road-user safety, or Algor with relevant UN Conventions and regulate compliance with them ²	N/A	Available types of enforcement Legislation on drink driving ²
Presence of systematic approaches to assess/audit new roads ² Yes	O	National law on drink-driving
National law requiring a formal road safety inspection/assessment Yes	N/A	BAC limit – general population
Target for roads to meet technical safety standards for all users (year) Yes (2030)	N/A	BAC limit – young or novice drive
Investments to upgrade high risk locations Yes	=	Random breath testing carried or
SAFE VEHICLES		Presence of targets to reduce dri
Total registered vehicles [rate per 100 000 pop] (year) - (2021)	N/A	Testing carried out in case of fata
Four-wheel vehicles —	↓	Legislation on drug driving
Powered 2- and 3-wheelers –	*	Legislation on distracted driving
Heavy trucks –		Ban on mobile phone use ²
Buses –	+	Presence of targets to reduce dis
Other –	↓ N/A	Legislation on helmets for motor
	N/A	National motorcycle helmet law
Legislation on periodic vehicle technical inspection ² Yes National laws on front and side impact protection -†	N/A	Legislation requires helmet faste
National laws on Front and side impact protection —— National laws on seat-belt and seat-belt anchorages Yes†	N/A	Legislation applies to:
3		Legislation applies to all road typ
	N/A	Legislation applies to all engine t
National law on pedestrian protection —†	N/A	Legislation refers to and/or speci
National law on anti-lock braking systems Yest	N/A	Presence of targets to increase h
Government vehicle procurement practices include safety prerequisites Yes	N/A	Helmet wearing rate ² (Driver; Pa
Presence of high-quality safety standards for used-vehicle imports ² Yes	N/A	Minimum age/height children are
POST-CRASH RESPONSE		Legislation on seat-belts for mot
National law on universal access to emergency care Yes	N/A	National seat-belt law
National law guaranteeing free-of-charge access to rehabilitative care for all injured No	N/A	Legislation applies to front and re
National law guaranteeing free-of-charge access to psychological services to road crash –§ victims and their families	N/A	Presence of targets to increase so Seat-belt wearing rate ² (Drivers;
National good Samaritan law –§	N/A	occupants)
National amazzana, agra aggas a mahar	N/A	Legislation on child restraint sys
National emergency care access number National, single number		200.0.0.0.0.0.0.0.0.0.0.0.0.0.0.0.0.0.0
	N/A	National child restraints use law
National target for time between serious crash and initial provision of professional 15 mn in > 40% crashes	N/A	National child restraints use law
National target for time between serious crash and initial provision of professional and initial provision of professional emergency care (year) (2030)	N/A	Children seated in front seat
National target for time between serious crash and initial provision of professional as the initial provision of professional semergency care (year) (2030) INSTITUTIONAL FRAMEWORK	N/A	Children seated in front seat Age or height specified for children
National target for time between serious crash and initial provision of professional semergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of Yes, subnational	, 	Children seated in front seat Age or height specified for childr Child restraint standard referred
National target for time between serious crash and initial provision of professional target for time between serious crash and initial provision of professional (2030) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of (Yes, subnational powered vehicles)	, 	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase cl
National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of powered vehicles National road safety strategy ² Yes	S	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase c NATIONAL DATA
National target for time between serious crash and initial provision of professional target for time between serious crash and initial provision of professional (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of Yes, subnational powered vehicles National road safety strategy ² Yes Fatality reduction target (year) 50% (2030)	S =	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase cl NATIONAL DATA S Civil Registration and Vital Statist
National target for time between serious crash and initial provision of professional target for time between serious crash and initial provision of professional (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of yes, subnational powered vehicles National road safety strategy ² Yes Fatality reduction target (year) Non fatal reduction target (year) -	S = S	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase cl NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jou
National target for time between serious crash and initial provision of professional semergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of powered vehicles National road safety strategy ² Yes Fatality reduction target (year) 50% (2030) Non fatal reduction target (year) - Funding to implement strategy Yes, partially funded	S = S	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase of NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jou
National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of powered vehicles National road safety strategy ² Yes Fatality reduction target (year) 50% (2030) Non fatal reduction target (year) - Funding to implement strategy National law mandating third-party liability insurance for powered vehicles Yes		Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase c NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jot Speeding violations and speeding Driving under the influence of al
National target for time between serious crash and initial provision of professional target for time between serious crash and initial provision of professional (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of Yes, subnational powered vehicles National road safety strategy ² Yes Fatality reduction target (year) Non fatal reduction target (year) Funding to implement strategy Yes, partially funded National law mandating third-party liability insurance for powered vehicles National law on driving time and rest periods for professional drivers ² -§	C = C N/A C N/A	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase of NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jot Speeding violations and speeding Driving under the influence of all related fatalities and injuries ²
National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of yes, subnational powered vehicles National road safety strategy ² Yes Fatality reduction target (year) 50% (2030) Non fatal reduction target (year) - Funding to implement strategy Yes, partially funded National law mandating third-party liability insurance for powered vehicles Yes National law on driving time and rest periods for professional drivers ² - § Adherence to one or more of the 7 UN road safety conventions ² 3	0 = 0 N/A N/A N/A	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase of NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jou Speeding violations and speeding Driving under the influence of all related fatalities and injuries? Seat belt and child-restraint syste
National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of yes, subnational powered vehicles National road safety strategy ² Yes Fatality reduction target (year) 50% (2030) Non fatal reduction target (year) - Funding to implement strategy Yes, partially funded National law mandating third-party liability insurance for powered vehicles National law on driving time and rest periods for professional drivers ² - Adherence to one or more of the 7 UN road safety conventions ² 3	\(\text{C} \) \(\text{C} \) \(\text{N/A} \)	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase of NATIONAL DATA Civil Registration and Vital Statist Frequency and distribution of jot Speeding violations and speeding Driving under the influence of all related fatalities and injuries? Seat belt and child-restraint syste Powered 2- and 3- wheeler helm
National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of powered vehicles National road safety strategy ² Yes, subnational road safety strategy ² Yes, partially funded National road trategy (year) - Funding to implement strategy Yes, partially funded National law mandating third-party liability insurance for powered vehicles Yes National law on driving time and rest periods for professional drivers ² - § Adherence to one or more of the 7 UN road safety conventions ² 3 Presence of national lead agency to implement national road safety strategy ² Yes, national	D	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase c NATIONAL DATA Civil Registration and Vital Statist Frequency and distribution of jot Speeding violations and speedin Driving under the influence of al related fatalities and injuries ² Seat belt and child-restraint syste Powered 2- and 3- wheeler helm Mobile phone use while driving ² 1 4W= Four-wheel vehicles, 2
National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of yes, subnational powered vehicles National road safety strategy² Yes Fatality reduction target (year) 50% (2030) Non fatal reduction target (year) Funding to implement strategy Yes, partially funded National law mandating third-party liability insurance for powered vehicles National law on driving time and rest periods for professional drivers² Adherence to one or more of the 7 UN road safety conventions² 3 Presence of national lead agency to implement national road safety strategy² Yes	D	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase of NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jou Speeding violations and speeding Driving under the influence of all related fatalities and injuries? Seat belt and child-restraint syste Powered 2- and 3- wheeler helm Mobile phone use while driving? 1 4W= Four-wheel vehicles, 2 2 UN voluntary target indicat
National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of yes, subnational powered vehicles National road safety strategy ² Yes Fatality reduction target (year) 50% (2030) Non fatal reduction target (year) - Funding to implement strategy Yes, partially funded National law mandating third-party liability insurance for powered vehicles Yes National law on driving time and rest periods for professional drivers ² - § Adherence to one or more of the 7 UN road safety conventions ² 3 Presence of national lead agency to implement national road safety strategy ² Yes Presence of agencies that coordinate pre-hospital and emergency medical services ² Yes, national	2 = 2 N/A	Children seated in front seat Age or height specified for childr Child restraint standard referred Presence of targets to increase of NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jou Speeding violations and speeding Driving under the influence of ale related fatalities and injuries ² Seat belt and child-restraint syste Powered 2- and 3- wheeler helm Mobile phone use while driving ² 1 4W= Four-wheel vehicles, 2 2 UN voluntary target indicate

National target for time between serious crash and initial provision of professional emergency care (year) (2030) INSTITUTIONAL FRAMEWORK Presence of strategies to promote alternatives to individuals use of yes, subnational powered vehicles National road safety strategy ² Yes Fatality reduction target (year) 50% (2030) Non fatal reduction target (year) - Funding to implement strategy Yes, partially funded National law mandating third-party liability insurance for powered vehicles Yes National law on driving time and rest periods for professional drivers ² - § Adherence to one or more of the 7 UN road safety conventions ² 3 Presence of national lead agency to implement national road safety strategy ² Yes Presence of agencies that coordinate pre-hospital and emergency medical services ² Yes, national	2 = 2 N/A	Children seated in front seat Age or height specified for childre Child restraint standard referred Presence of targets to increase of NATIONAL DATA S Civil Registration and Vital Statist Frequency and distribution of jou Speeding violations and speeding Driving under the influence of ale

Legislation on urban speed limits for passenger cars and motorcycles ²		=
National law setting a speed limit	Yes	=
Maximum urban speed limit	90 km/h	=
Maximum rural speed limit	90 km/h	=
Maximum motorway speed limit	110 km/h	=
Local authorities can modify limits	Yes	-
Presence of targets to reduce speeds nationally (year) ²	National (2030)	N/
Available types of enforcement	Manual	7
Legislation on drink driving ²		-
National law on drink-driving	Yes	=
BAC limit – general population	≤ 0.05 g/dl	1
BAC limit – young or novice drivers	≤ 0.05 g/dl	1
Random breath testing carried out	Yes	2
Presence of targets to reduce driving after drinking nationally (year) ²	National (2030)	N,
Testing carried out in case of fatal crash	Yes, all drivers are tested	2
Legislation on drug driving	Yes	=
Legislation on distracted driving (mobile phones)	Yes	N,
Ban on mobile phone use ²	Hand held	-
Presence of targets to reduce distracted driving nationally (year) ²	National (2030)	N,
Legislation on helmets for motorcycle riders ²		=
National motorcycle helmet law	Yes	=
Legislation requires helmet fastening	Yes	=
Legislation applies to:	Drivers and Passengers	£
Legislation applies to all road types	Yes	=
Legislation applies to all engine types	Yes	=
Legislation refers to and/or specifies helmet standard ²	Yes†	=
Presence of targets to increase helmet use (year)	Yes, national (2030)	N,
Helmet wearing rate ² (Driver; Passenger)	-	N/
Minimum age/height children are allowed as passengers	No	N/
Legislation on seat-belts for motor vehicle occupants ²		=
National seat-belt law	Yes	=
Legislation applies to front and rear seat occupants	Not all	=
Presence of targets to increase seat belt use (year) ²	Yes, national (2030)	N,
Seat-belt wearing rate ² (Drivers; Front seat occupants; Rear seat	-	N,
occupants)		
Legislation on child restraint systems ²		7
National child restraints use law	Yes	7
Children seated in front seat	No	7
Age or height specified for children requiring child restraint	12 y/ 135 cm	7
Child restraint standard referred to and/or specified	Yes†	7
Presence of targets to increase child safety restraint use (year)	Yes, subnational (2030)	N,
NATIONAL DATA SYSTEMS ON		
Civil Registration and Vital Statistics (2021)	Group 4	=
Frequency and distribution of journeys by modal type	Partially	N,
Speeding violations and speeding related injuries and fatalities ²	Yes	N/
Driving under the influence of alcohol or drugs and related road traffic-	Yes	N,
related fatalities and injuries ²		
Seat belt and child-restraint systems use ²	No	N/
Powered 2- and 3- wheeler helmet use ²	Yes	N/
Mobile phone use while driving ²	Yes	N,

- 2/3W= Powered 2/3 wheelers, P=pedestrian, C=Cyclist; O=Other & Unknown
- ator
- nibited in country
- sponding UN or equivalent international safety regulation
- ion mandatory for country

Legislative review and mortality estimations conducted by WHO. International regulation, population and income level from external sources. All other data collected by WHO via survey and cleared by government-designated National Data Focal Points. See Methods for more detail.
