

## Country profile Brunei Darussalam

## Summary of MPOWER measures in Brunei Darussalam

Compliance is scored 0–10 where 10 is the highest level of compliance. Compliance is measured only for P and E. The methods used to compile this profile are described in the technical notes of the *WHO report on the global tobacco epidemic, 2025*.

| M          | P                       | O                    | W               | E          | R                |
|------------|-------------------------|----------------------|-----------------|------------|------------------|
| MONITORING | SMOKE-FREE ENVIRONMENTS | CESSATION PROGRAMMES | HEALTH WARNINGS | MASS MEDIA | ADVERTISING BANS |
|            | 7                       |                      |                 | 10         | —                |

## MPOWER score colour key

| Complete measure | Moderate measure | Minimal measure | No measure or weak measure | No data |
|------------------|------------------|-----------------|----------------------------|---------|
|------------------|------------------|-----------------|----------------------------|---------|

### Affordability category

| YES                               | NO  | ↔  |
|-----------------------------------|---|--|
| cigarettes became less affordable | cigarettes did not become less affordable | no trend change in affordability of cigarettes |

The colours are explained in more detail in the MPOWER legend on the last page of this document.

In all tables "—" means data are not available and "=" means data are not required.

#### WHO age-standardized estimated prevalence of smoking among those aged 15 years or more: Year 2023

These rates are modelled using all national survey data published since 1990 to estimate the underlying prevalence trends by sex, then applying age-standardization to allow comparison with other countries. They do not necessarily resemble country data from 2023. See the report for further details.

| Prevalence (%) | Any tobacco use (smoked and smokeless) |       | Any tobacco smoking |       | Cigarette smoking |       |
|----------------|--|-------|---------------------|-------|-------------------|-------|
|                | Current                                | Daily | Current             | Daily | Current           | Daily |
| Male           | ...                                    | ...   | 27.0                | 19.2  | 23.5              | 18.0  |
| Female         | ...                                    | ...   | 2.2                 | 1.3   | 1.7               | 1.1   |
| Both sexes     | ...                                    | ...   | 14.6                | 10.3  | 12.6              | 9.5   |

# WHO report on the global tobacco epidemic, 2025

## Country Profile: Brunei Darussalam

|   | 2024 | Compliance |
|---|------|------------|
| <b>Complete* smoke-free laws exist in the following places:</b>   |      |            |
| Health-care facilities  | Yes  | 8          |
| Educational facilities except universities                        | Yes  | 10         |
| Universities  | Yes  | 7          |
| Government facilities   | Yes  | 7          |
| Indoor offices and workplaces                                     | Yes  | 10         |
| Restaurants   | Yes  | 10         |
| Cafés, pubs and bars  | Yes  | 7          |
| Public transport  | Yes  | 8          |
| Compliance score  |      | 7          |
| Law requires fines for smoking                                    | Yes  |            |
| Fines levied on the establishment                                 | Yes  |            |
| Fines levied on the smoker  | Yes  |            |
| Funds dedicated for enforcement                                   | No   |            |
| Complaint system that requires an investigation after a complaint | Yes  |            |

\* "Complete" means that smoking is not permitted, with no exemptions allowed. Laws that allow for the provision of smoking areas or designated smoking rooms in public places and workplaces are not effective at protecting people from second-hand smoke, so where they are allowed, the places are not considered smoke-free environments.

### Subnational laws on smoke-free environments

All subnational jurisdictions are covered by national legislation at the highest level of achievement.

### Treatment of tobacco dependence as at 31 December 2024

| Minimum age at which a person may purchase tobacco products          | 18   |
| Law bans the sale of single sticks of cigarettes                     | Yes  |
| Minimum number of cigarettes allowed in a pack                       | 20   |

### Regulation of ENDS and ENNDS

|   | ENDS 2024           | ENNDS 2024   |
|---|---------------------|--------------|
| General bans  | Ban on sale, import | Same as ENDS |
| Ban on use of ENDS/ENNDS in indoor public places, workplaces and public transport | Complete ban        | Same as ENDS |
| Health warning on device packaging  | —                   | —            |
| Health warning on e-liquid packaging  | —                   | —            |
| Ban on advertising, promotion and sponsorship of devices                          | No explicit ban     | Same as ENDS |
| Ban on advertising, promotion and sponsorship of e-liquids                        | No explicit ban     | Same as ENDS |
| Minimum age of sale   | —                   | —            |
| How flavours are regulated  | —                   | —            |

# WHO report on the global tobacco epidemic, 2025

## Country Profile: Brunei Darussalam

### Tobacco taxation policy and prices as at 31 July 2024

#### Price of lowest cost brand and premium brand of cigarettes

|  | Price of lowest cost brand of cigarettes | Price of premium brand cigarettes |
|--|--|-----------------------------------|
| Tax inclusive retail sales price (TIRSP) for a pack of 20 cigarettes, country-reported value, 2024 | —  | —                                 |

#### Taxes on the most sold brand of cigarettes

WHO's estimate for 2024

##### Price of most sold brand of cigarettes (standardized to a pack of 20)

|   |                |
|---|----------------|
| In currency reported by country                             | Sale is banned |
| In international dollars (purchasing power parity adjusted) | —              |
| In US dollars at official exchange rates                    | —              |
| <b>Taxes on this brand (% of retail price) *</b>            |                |
| Total taxes   | —              |
| Specific excise   | —              |
| Ad valorem excise   | —              |
| Value added tax (VAT) or sales tax                          | —              |
| Import duty   | —              |
| Other taxes   | —              |

\* Individual categories of tax may not add to total due to rounding.

#### Affordability

% of GDP per capita required to purchase 100 packs (or 2000 cigarettes) of the most sold brand of cigarettes in 2024 (the higher the %, the less affordable)

Cigarettes are less affordable in 2024 compared to 2022

Cigarettes have become less affordable between 2014 and 2024 (trend average)

# WHO report on the global tobacco epidemic, 2025

## Country Profile: Brunei Darussalam

### Taxes on the most sold brand of specific tobacco products other than cigarettes

| Price of most sold brand of...                              | Other smoked tobacco product | Smokeless tobacco product (standardized to 20 grams) | Heated tobacco product (per 20 sticks) |
|---|------------------------------|--|--|
| In currency reported by country                             | —                            | —  | Sale is banned                         |
| In international dollars (purchasing power parity adjusted) | —                            | —  | —                                      |
| In US dollars at official exchange rates                    | —                            | —  | —                                      |
| <b>Taxes on the most sold brand (% of retail price) *</b>   |                              |  |  |
| Total taxes   | —                            | —  | —                                      |
| Specific excise   | —                            | —  | —                                      |
| Ad valorem excise   | —                            | —  | —                                      |
| Value added tax (VAT) or sales tax                          | —                            | —  | —                                      |
| Import duty   | —                            | —  | —                                      |
| Other taxes   | —                            | —  | —                                      |

\* Individual categories of tax may not add to total due to rounding.

### Taxes on the cheapest brand of e-liquids of Electronic Nicotine Delivery Systems (ENDS) and Electronic Non-Nicotine Delivery Systems (ENNDS)

| Price of cheapest brand of ...                              | Closed systems e-liquids (1 ml) | Closed systems disposables (1 ml) | Open systems e-liquids (10 ml) |
|---|---------------------------------|-----------------------------------|--------------------------------|
| In currency reported by country                             | Sale is banned                  | Sale is banned                    | Sale is banned                 |
| In international dollars (purchasing power parity adjusted) | —                               | —                                 | —                              |
| In US dollars at official exchange rates                    | —                               | —                                 | —                              |
| E-liquid contains nicotine (Yes=ENDS, No=ENNDS)             | —                               | —                                 | —                              |
| <b>Taxes on the cheapest brand (% of retail price) *</b>    |                                 |                                   |                                |
| Total taxes   | —                               | —                                 | —                              |
| Specific excise   | —                               | —                                 | —                              |
| Ad valorem excise   | —                               | —                                 | —                              |
| Value added tax (VAT) or sales tax                          | —                               | —                                 | —                              |

| Other taxes   | —                               | —                                 | —                              |

\* Individual categories of tax may not add to total due to rounding.

# WHO report on the global tobacco epidemic, 2025

## Country Profile: Brunei Darussalam

### Use of earmarked tobacco taxes for health

No earmarking of tobacco taxes for health reported.

### Supplementary tax information

| 2024   |          |
|--|----------|
| Type of excise applied   | Specific |
| Uniform excise tax applied<br>Yes (uniform), No (tiered/varying rates)   | Yes      |
| Greater reliance on specific tax in mixed excise regime  | —        |
| Minimum specific tax applied in ad valorem or mixed excise regime  | —        |
| Minimum price policy   | No       |
| Retail price used as base of ad valorem component in ad valorem or mixed excise regime<br>(or retail price exclusive of VAT) | —        |
| Specific tax component automatically adjusted for inflation (or other)   | No       |
| Price dispersion: share of cheapest brand price in premium brand price<br>(the higher the % the smaller the gap)             | ...      |
| Price gap decreased between 2022 and 2024  | ...      |

### Tax structure - new and emerging nicotine and tobacco products

2024

|   |               |
|---|---------------|
| Type of excise tax applied on ENDS/ENNDS e-liquids  | Specific      |
| If an excise tax applies on ENDS/ENNDS, whether applied on all e-liquids or on liquids containing nicotine only | all e-liquids |
| If an excise tax applies on ENDS/ENNDS, whether an excise tax applied on the device of ENDS/ENNDS products      | Yes           |
| Type of excise tax applied on HTPs sticks   | Specific      |
| If an excise tax applies on HTPs, whether an excise tax applies on the device of HTPs                           | Yes           |

### Tax administration

2024

|   |    |
|---|----|
| Tax stamps, fiscal marks, banderoles or any other type of marking applied on cigarettes | No |
| Unique identifiers/markings required to contain data for tracking and tracing purposes  | No |

# WHO report on the global tobacco epidemic, 2025

## Country Profile: Brunei Darussalam

### Annual tax revenues from tobacco products at the national/federal level

|  | Most recent data reported |
|--|---------------------------|
| Year   | 2023/24                   |
| Is tax revenue data for all tobacco products or cigarettes only? | All tobacco products      |
| Currency   | BND                       |
| Total Excise (specific and ad valorem)                           | 141 968                   |
| Value added tax (VAT) and other sales taxes                      | 0                         |
| Import duties  | 0                         |
| All other taxes (excluding corporate taxes on tobacco companies) | 0                         |
| Total  | 141 968                   |

# WHO report on the global tobacco epidemic, 2025

## Country Profile: Brunei Darussalam

**Legend: Summary of MPOWER measures** (see page 1)

### MONITORING: PREVALENCE DATA

|   |
|---|
| No known data or no recent data or data that are not both recent and representative |
| Recent and representative data for either adults or youth                           |
| Recent and representative data for both adults and youth                            |
| Recent, representative and periodic data for both adults and youth                  |

### SMOKE-FREE ENVIRONMENTS: SMOKING BANS

|   |
|---|
| Data not reported   |
| Complete absence of ban, or up to two public places completely smoke-free   |
| Three to five public places completely smoke-free   |
| Six to seven public places completely smoke-free  |
| All public places completely smoke-free (or at least 90% of the population covered by complete subnational legislation) |

### CESSATION PROGRAMMES: TREATMENT OF TOBACCO DEPENDENCE

|  |
|--|
| Data not reported  |
| None   |
| NRT and/or some cessation services (neither cost-covered)                  |
| NRT and/or some cessation services (at least one of which is cost-covered) |
| National quit line, and both NRT and some cessation services cost-covered  |

### HEALTH WARNINGS: HEALTH WARNINGS ON CIGARETTE PACKAGES

|  |
|--|
| Data not reported  |
| No warnings or small warnings  |
| Medium size warnings missing some or many appropriate characteristics OR large warnings missing many characteristics |
| Medium size warnings with all appropriate characteristics OR large warnings missing some appropriate characteristics |
| Large warnings with all appropriate characteristics  |

### MASS MEDIA: ANTI-TOBACCO CAMPAIGNS

|   |
|---|
| Data not reported   |
| No national campaign conducted between July 2022 and June 2024 with duration of at least three weeks  |
| National campaign conducted with one to four appropriate characteristics  |
| National campaign conducted with five to six appropriate characteristics, or with seven characteristics excluding airing on television and/or radio |
| National campaign conducted with at least seven appropriate characteristics including airing on television and/or radio                             |

### ADVERTISING BANS: BANS ON ADVERTISING, PROMOTION AND SPONSORSHIP

|   |
|---|
| Data not reported   |
| Complete absence of ban, or ban that does not cover national television, radio and print media                                      |
| Ban on national television, radio and print media only  |
| Ban on national TV, radio and print media as well as on some but not all other forms of direct and/or indirect advertising          |
| Ban on all forms of direct and indirect advertising (or at least 90% of the population covered by complete subnational legislation) |

### TAXATION: SHARE OF TOTAL TAXES IN THE RETAIL PRICE OF THE MOST SOLD BRAND OF CIGARETTES

|                                      |
|--------------------------------------|
| Data not reported                    |
| <25% of retail price is tax          |
| ≥25% and <50% of retail price is tax |
| ≥50% and <75% of retail price is tax |
| ≥75% of retail price is tax          |

### AFFORDABILITY

|     |   |
|-----|---|
| YES | Cigarettes less affordable – per capita GDP needed to buy 100 packs (or 2000 cigarettes) of the most sold brand increased on average between 2014 and 2024. |
| NO  | Cigarettes more affordable – per capita GDP needed to buy 100 packs (or 2000 cigarettes) of the most sold brand declined on average between 2014 and 2024.  |
| ↔   | No trend change in affordability of cigarettes since 2014.  |
