* "Complete" means that smoking is not permitted, with no exemptions allowed. Laws that allow for the provision of smoking areas or designated smoking rooms in public places and workplaces are not effective at protecting people from second-hand smoke, so where they are allowed, the places are not considered smoke-free environments.

¹ Smoking is banned by law, with an exemption for indoor or enclosed workplace accessible by one person only, where smoking by that person is allowed. However, this exemption has never been applied in any workplaces as of today in Vanuatu.

Subnational laws on smoke-free environments

Subnational jurisdictions do not have the authority to adopt laws that ban tobacco smoking in indoor places.
