Malawi

Summary of MPOWER measures in Malawi

Compliance is scored 0—10 where 10 is the highest level of compliance. Compliance is measured only for P and E.

The methods used to compile this profile are described in the technical notes of the *WHO report on the global tobacco epidemic, 2021*.

M	P	O	W		E	R	
MONITORING	SMOKE-FREE ENVIRONMENTS	CESSATION PROGRAMMES	HEALTH WARNINGS	MASS MEDIA	ADVERTISING BANS	TAXATION	CIGARETTES LESS AFFORDABLE SINCE 2010
	—				—	56.3%	...

MPOWER score colour key

Complete measure	Moderate measure	Minimal measure	No policy or weak measure	Not categorized/ No data
------------------	------------------	-----------------	---------------------------	-----------------------------

Affordability category

YES cigarettes became less affordable	NO cigarettes did not become less affordable	↔ no trend change in affordability of cigarettes
--	---	---

The colours are explained in more detail in the MPOWER legend on the last page of this document.

In all tables “...” means data are not available and “—” means data are not required.

Tobacco use prevalence from the latest survey completed by 31 December 2020

	Tobacco use		Tobacco smoking		Cigarette smoking		Smokeless tobacco use		E-cigarette use	
	Current	Daily	Current	Daily	Current	Daily	Current	Daily	Current	Daily
Adults survey: STEPS Survey, 2017; National, ages 18-69										
Male	22.0	16.5	21.7	16.2	0.7	0.2
Female	3.0	2.0	1.5	1.0	2.1	1.2
Both sexes	12.2	9.0	11.2	8.4	1.4	0.8
Adolescents survey: Global Youth Tobacco Survey, 2009; National, ages 13-15										
Male	16.7	5.8	...	11.2
Female	11.4	1.0	...	7.4
Both sexes	14.2	3.5	...	9.2

WHO age-standardized estimated prevalence of smoking among those aged 15 years or more: Year 2019

These rates are modelled using all national survey data published since 1990 to estimate the underlying prevalence trends by sex, then applying age-standardization to allow comparison with other countries. They do not necessarily resemble country data from 2019. See the report for further details.

Prevalence (%)	Any tobacco use (smoked and smokeless)		Any tobacco smoking		Cigarette smoking	
	Current	Daily	Current	Daily	Current	Daily
Male	18.3	15.8	16.8	12.3	14.3	12.2
Female	4.4	3.7	2.7	1.9	1.0	0.8
Both sexes	11.4	9.7	9.7	7.1	7.6	6.5

WHO report on the global tobacco epidemic, 2021

Country Profile: Malawi

	2020	Compliance
Complete* smoke-free laws exist in the following places:		
Health-care facilities	No	—
Educational facilities except universities	No	—
Universities	No	—
Government facilities	No	—
Indoor offices and workplaces	No	—
Restaurants	No	—
Cafés, pubs and bars	No	—
Public transport	No	—
All other public places	—	—
Compliance score		—
Law requires fines for smoking	—	
Fines levied on the establishment	—	
Fines levied on the smoker	—	
Funds dedicated for enforcement	No	
Complaint system that requires an investigation after a complaint	No	

* "Complete" means that smoking is not permitted, with no exemptions allowed. Ventilation and any form of designated smoking rooms and/or areas do not protect from the harms of second-hand tobacco smoke, and the only laws that provide protection are those that result in the complete absence of smoking in all public places.

Subnational laws on smoke-free environments

Subnational jurisdictions do not have the authority to adopt laws that ban tobacco smoking in any or all of the places mentioned above.

Treatment of tobacco dependence as at 31 December 2020

Is there a toll-free telephone quit line/help line with a live person available to discuss cessation with callers in Malawi?		No
Nicotine replacement therapy (NRT, e.g., patch, gum, lozenge, spray or inhaler)	Is this product legally sold in the country?	No
	Where and how can this product be legally purchased in your country?	—
	Does the national/federal health insurance or the national health service cover the cost of this product?	—
	Is any NRT on the country's essential drugs list?	No
Bupropion (e.g., Zyban, Wellbutrin)	Is this product legally sold in your country?	No
	Where and how can this product be legally purchased in your country?	—
	Does the national/federal health insurance or the national health service cover the cost of this product?	—
Varenicline	Is this product legally sold in your country?	No
	Where and how can this product be legally purchased in your country?	—
	Does the national/federal health insurance or the national health service cover the cost of this product?	—
Is smoking cessation support available in the following places in your country?	Health clinics or other primary care facilities	No
	Hospitals	No
	Office of a health professional	No
	In the community	No
Does the national/federal health insurance or the national health service cover the cost of this support?	Other	No
	Health clinics or other primary care facilities	—
	Hospitals	—
	Office of a health professional	—
	In the community	—

Health warnings on tobacco packages

	2020				2020		
	Cigarettes	Other smoked tobacco	Smokeless tobacco		Cigarettes	Other smoked tobacco	Smokeless tobacco
Does the law mandate that health warnings appear on tobacco packages?	No	No	No	Does the law require or establish fines for violations regarding health warnings on packages?	—	—	—
What percentage of the principal display areas of the package is legally mandated to be covered by health warnings? FRONT AND REAR COMBINED	—	—	—	Are there any laws requiring that tobacco packaging and labelling do not use misleading terms which imply the product is less harmful than other similar products, such as “low tar”, “light”, “ultra-light”, or “mild”?	No	No	No
What percentage of the principal display areas of the FRONT of the package is legally mandated to be covered by health warnings?	—	—	—	Are there any laws requiring that tobacco packaging and labelling do not use figurative or other signs, including colours or numbers, as substitutes for prohibited misleading terms and descriptors?	No	No	No
What percentage of the principal display areas of the REAR of the package is legally mandated to be covered by health warnings?	—	—	—	Are there any laws requiring that tobacco packaging and labelling do not use descriptors depicting flavours?	No	No	No
Does the law mandate that the warning be placed at the top of the principle display areas of the package?	—	—	—	Does the law ban the display of quantitative information on emission yields (such as tar, nicotine and carbon monoxide) on tobacco packaging, including when used as part of a brand name or trademark?	No	No	No
Does the law mandate font style, font size and colour for package warnings?	—	—	—	Does the law mandate the display of qualitative information on relevant constituents and emissions of tobacco products on tobacco packaging?	No	No	No
Are the health warnings rotating on packages?	—	—	—	Does the law mandate that this information is displayed on one or more of the principal display areas (front, rear) of the package?	—	—	—
Are the health warnings on packages written in the principal language(s) of the country?	—	—	—	Does the law prevent the display of expiry dates on tobacco packaging?	No	No	No
Does the law require that health warnings on packages are not obscured in any way, including by required markings such as tax stamps?	—	—	—	Is it mandatory for the quit line number to appear on packaging or labelling?	No	No	No
Do the health warnings on packages include a photograph or graphic?	—	—	—	Does the law mandate plain packaging?	No	No	No
Do health warnings appear on each package and any outside packaging and labelling used in the retail sale?	—	—	—				
Does the law on health warnings apply to products whether manufactured domestically, imported, AND for duty-free sale?	—	—	—				
Does the law state that warnings on packages do not remove or diminish the liability of the tobacco industry?	—	—	—				
Do health warnings on packages describe the harmful effects of tobacco use on health?	—	—	—				
Does the law mandate specific health warnings on packages?	—	—	—				
How many specific health warnings are approved by the law?	—	—	—				

WHO report on the global tobacco epidemic, 2021

Country Profile: Malawi

Anti-tobacco mass media campaigns between 1 July 2018 and 30 June 2020

Was there a national campaign aired during the period?	No
Was the campaign aired on television and/or radio?	—
Before the campaign, was any research about the target audience conducted or used to develop the campaign messages/materials?	—
Were the campaign materials tested with the target audience before the campaign was run?	—
Did you obtain air time (radio, television) and/or placement (billboards, print advertising, etc) by purchasing or securing them using either your organisation/institution's internal resources or an external media planner or agency?	—
Did you, or your media planner/agency, use a monitor to confirm that the campaign materials were used as planned/scheduled on television, radio, print, billboards, internet, etc?	—
Did you work with journalists to gain publicity or coverage in the news for the campaign?	—
Was an evaluation done to assess the impact of the campaign?	—
Was this campaign part of a comprehensive government tobacco control program?	—

WHO report on the global tobacco epidemic, 2021

Country Profile: Malawi

All other taxes (excluding corporate taxes on tobacco companies)	0.00
Total	3 951 244 446.16

WHO report on the global tobacco epidemic, 2021

Country Profile: Malawi

Legend: Summary of MPOWER measures (see page 1)

MONITORING: PREVALENCE DATA

	No known data or no recent data or data that are not both recent and representative
	Recent and representative data for either adults or youth
	Recent and representative data for both adults and youth
	Recent, representative and periodic data for both adults and youth

SMOKE-FREE ENVIRONMENTS: SMOKING BANS

	Data not reported
	Complete absence of ban, or up to two public places completely smoke-free
	Three to five public places completely smoke-free
	Six to seven public places completely smoke-free
	All public places completely smoke-free (or at least 90% of the population covered by complete subnational legislation)

CESSATION PROGRAMMES: TREATMENT OF TOBACCO DEPENDENCE

	Data not reported
	None
	NRT and/or some cessation services (neither cost-covered)
	NRT and/or some cessation services (at least one of which is cost-covered)
	National quit line, and both NRT and some cessation services cost-covered

HEALTH WARNINGS: HEALTH WARNINGS ON CIGARETTE PACKAGES

	Data not reported
	No warnings or small warnings
	Medium size warnings missing some or many appropriate characteristics OR large warnings missing many characteristics
	Medium size warnings with all appropriate characteristics OR large warnings missing some appropriate characteristics
	Large warnings with all appropriate characteristics

MASS MEDIA: ANTI-TOBACCO CAMPAIGNS

	Data not reported
	No national campaign conducted between July 2018 and June 2020 with duration of at least three weeks
	National campaign conducted with one to four appropriate characteristics
	National campaign conducted with five to six appropriate characteristics, or with seven characteristics excluding airing on television and/or radio
	National campaign conducted with at least seven appropriate characteristics including airing on television and/or radio

ADVERTISING BANS: BANS ON ADVERTISING, PROMOTION AND SPONSORSHIP

	Data not reported
	Complete absence of ban, or ban that does not cover national television, radio and print media
	Ban on national television, radio and print media only
	Ban on national TV, radio and print media as well as on some but not all other forms of direct and/or indirect advertising
	Ban on all forms of direct and indirect advertising (or at least 90% of the population covered by complete subnational legislation)

TAXATION: SHARE OF TOTAL TAXES IN THE RETAIL PRICE OF THE MOST SOLD BRAND OF CIGARETTES

	Data not reported
	<25% of retail price is tax
	≥25% and <50% of retail price is tax
	≥50% and <75% of retail price is tax
	≥75% of retail price is tax

AFFORDABILITY

YES	Cigarettes less affordable – per capita GDP needed to buy 100 packs (or 2000 cigarettes) of the most sold brand increased on average between 2010 and 2020.
NO	Cigarettes more affordable – per capita GDP needed to buy 100 packs (or 2000 cigarettes) of the most sold brand declined on average between 2010 and 2020.
↔	No trend change in affordability of cigarettes since 2010.
