

# Why join the WHO Disability Health Equity Network?

**#1**

## Influence and advocate

- Co-develop health equity and disability advocacy messages and activities alongside other organizations
- Promote and support WHO Disability Health Equity activities and events
- Increase support among members to create a stronger voice to advocate for health equity for persons with disabilities

**#2**

## Connect, share and learn

- Connect and collaborate with other members who work in health equity and disability
- Share knowledge and experiences among other members
- Participate in discussions with the potential to reshape the health equity for persons with disabilities' space
- Access the WHO Disability Health Equity products

**#3**

## Be recognized

- Receive recognition of your organization's contribution from WHO
- Receive acknowledgement of your organization on the WHO Disability Health Equity Network webpage, and in printed materials, including the annual report

**#4**

## Increased visibility

- Widen the scope and influence of the work your organization does in health equity for persons with disabilities
- Increase the visibility of your organization, by developing a member profile and showcasing your work through the WHO Disability Health Equity Network

**#5**

## Benefit for other networks and partnerships

- Identify potential areas of collaboration between your work and other members and sectors
