
Voluntary contributions by fund and by contributor, 2020

1. The present report supplements the WHO audited financial statements for 2020.¹ The following schedules are provided in the Annex:

Schedule 1 – Voluntary contributions, by fund

Schedule 2 – Voluntary contributions, by fund and by contributor

Schedule 3 – Deferred revenue, by fund and by contributor

Schedule 4 – Voluntary contributions receivable – non-current and current (by age and by contributor)

Schedule 5 – In-kind and in-service voluntary contributions

Schedule 6 – Voluntary contributions received in advance for 2021

2. The accounting policies for receivables, deferred revenue and revenue are summarized in sections 2.3, 2.15 and 2.16 of the Audited Financial Statements for the year ended 31 December 2020.¹

3. Revenue from voluntary contributions is recognized in accordance with the International Public Sector Accounting Standards (IPSAS), in particular IPSAS 23 (Revenue from Non-Exchange Transactions) when a binding agreement is signed by WHO and the contributor. Where there are “subject to” clauses in an agreement, WHO does not control the resource and does not record the revenue and amount receivable until the cash is received. Where there are no payment terms specified by the contributor or where payment terms are in the current accounting year, revenue is recognized in the current period. Where payment terms specify payment after the year end, the amount is reported as deferred revenue. Where the start date is indicated as being in the following year, revenue is recognized in the following financial year, with any cash receipt recorded as an advance.

4. Each voluntary contribution is recorded through an award. The summary schedules presented in the Annex aggregate those awards, reporting contributions by fund and by donor. Miscellaneous receipts and donor contributions totalling less than US\$ 10 000 are grouped together and reported as “other and miscellaneous receipts”.

5. As reported in the Statement of Financial Performance in the Audited Financial Statements for 2020,¹ all activities implemented by WHO have been consolidated in the financial report. This includes voluntary contributions received under the General Fund (Programme Budget) and the Fiduciary Fund.

¹ Document A74/29.

Voluntary contributions reported in Schedules 1 and 2 of the present report include in-cash contributions only. In-kind and in-service contributions are reported separately in the Statement of Financial Performance and detailed in Schedule 5 of this report.

6. Please refer to the Audited Financial Statements for 2020¹ for an overview of the details reported in this information document. Values in the Audited Financial Statements are rounded to the nearest thousand US dollars (US\$ 000). As a result, there may be small differences between the figures in this report compared to the financial statements and associated notes due to rounding.

Note 1. The Core Voluntary Contributions Account (CVCA) includes funds received to support the Programme budget as a whole, considered fully or highly flexible. Voluntary contributions – core includes funds that are earmarked for purposes within the Programme budget, considered designated, or of a medium level of flexibility. Designated funds are also referred to as "thematic".

Note 2. Special Programmes and Collaborative Arrangements mainly represents revenue for activities related to poliomyelitis.

Note 3. The Contingency Fund for Emergencies was created in 2015 to provide temporary financing for emergency operations. For further details see note 6.1.b.ii to the Audited Financial Statements for 2020 (document A74/29).

Note 4. The WHO Staff Association Fund was created in 2018 for the activities of the Staff Association. Revenue recorded represents a transfer of flexible funds from the Office of the Director General.

Note 5. The movement on the allowance for doubtful receivables is given in note 4.3 to the Audited Financial Statements for 2020 (document A74/29).

Note 6. Inter-fund revenue represents the transfer of funding internally between the General Fund and the Fiduciary Fund. These funds are recorded as an expense to the "donor" fund and as revenue to the "recipient" fund and are eliminated on consolidation.

Note 7. Voluntary contributions are reported in the Statement of Financial Performance in the Audited Financial Statements for 2020 (document A74/29).

Note 1. Revenue from voluntary contributions is recognized in accordance with IPSAS 23 (Revenue from Non-Exchange Transactions). Revenue from voluntary contributions is recorded when a binding agreement is signed by WHO and the contributor. Where there are “subject to” clauses in an agreement, WHO does not control the resource and does not record the revenue and amount receivable until the cash is received. Where there are no payment terms specified by the contributor or payment terms are in the current accounting year, revenue is recognized in the current period. Where payment terms specify payment after the year end, the amount is reported as deferred revenue. Where start date of the contract is after 31 December, revenue is recognized in the future accounting year, with any cash receipt in the current year recorded as an advance – see Schedule 6.

Note 2. Interfund revenue represents the transfer of funding internally between the General Fund and the Fiduciary Fund. These are recorded as an expense to the “donor” fund and as revenue to the “recipient” fund and are eliminated on consolidation.

Note 3. Other and miscellaneous receipts include negative amounts representing a decrease in the revenue recognized in a prior period due to changes in contractual terms or a reduction in amounts receivable.

Note 4. Refunds to donors represent an outflow of resources based on a donor request following the submission of a final report showing a balance of unutilized funds. Refunds represent a decrease in the revenue recognized.

Note 5. Revenue is reported against the contributor with whom WHO signs the agreement. In certain cases, funds from the contributor are sourced from another contributor that is referenced in the agreement. In 2020, donations to WHO were reported for which the following source contributors were referenced in the agreement:

- US\$ 23 million from the Global Fund to Fight AIDS, Tuberculosis and Malaria (GFATM) reported under the Principle Recipient contributors;
- US\$ 45 million from the Islamic Development Bank reported under Member State contributors;
- US\$ 96 million from the World Bank reported under Member State contributors; and
- US\$ 18 million from the African Development Bank Group reported under Member State contributors and Intergovernmental Organizations.

REIMBURSABLE PROCUREMENT – funds received in advance of delivery of goods or services (note 2)						3 875 916
GRAND TOTAL						1 015 056 792

Note 1. Deferred revenue is recognized based on legally binding agreements between WHO and its contributors where funds are earmarked and due in a future period. Deferred revenue – current (US \$555m) and non-current (US \$460m) are reported separately in the Statement of Financial Position and detailed as part of Note 4.13 to the Audited Financial Statements for 2020 (document A74/29).

Note 2. As reimbursable procurement is an exchange transaction, any funds received in advance of delivery and services are reported as deferred revenue.

Note 1. Voluntary contributions receivable – current and non-current are reported in the Statement of Financial Position and detailed as part of note 4.3 to the Audited Financial Statements for 2020 (document A74/29).

Voluntary contributions receivable – non-current are amounts that according to the donor agreement are due to be received more than one year after the balance sheet date being reported.

Voluntary contributions receivable – current are amounts that according to the payment terms given in the agreement with the contributor are due as at or within one year of the balance sheet date, or where no payment terms are specified in the agreement. Amounts are aged from the due date of the invoice to the balance sheet date and hence amounts showing with ageing more than 360 days are overdue.

Note 1. Contributions in-kind and in-service are recorded by WHO at an amount equal to their estimated fair market value. An entry corresponding to the expense is recorded in the same period that the contributions in-kind and in-service are recorded as revenue. The total in-kind and in-service voluntary contributions are reported in the Statement of Financial Performance and summarized in Note 5.1 to the Audited Financial Statements for 2020 (see document A74/29).

Note 2. In December 2020, an agreement was signed with Germany (Ministry of Health, BMG) for an in-kind donation of medical masks valued at EUR 49 million. The contribution will be recognized as revenue in 2021 upon confirmation of receipt in the receiving country.
