HSDU monitoring

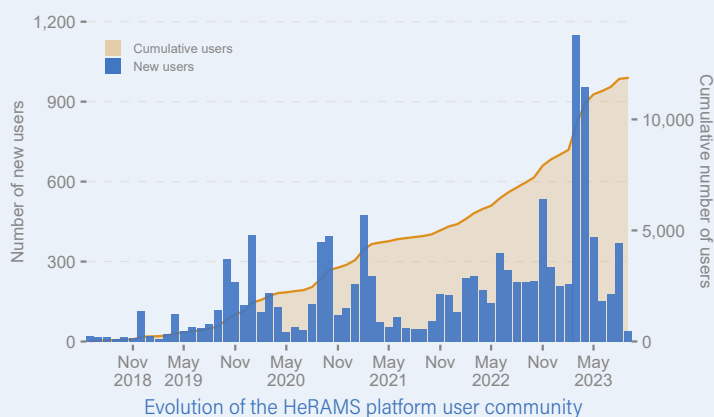

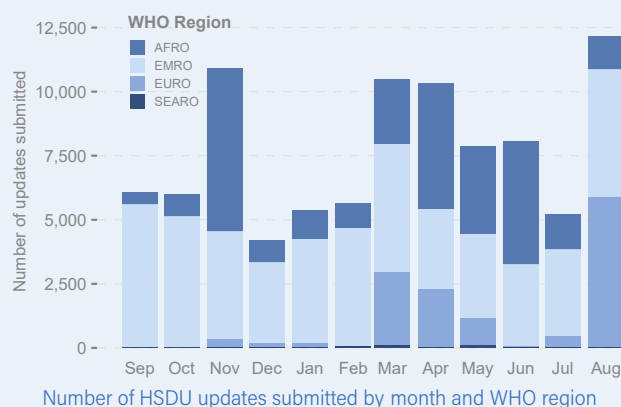

19 729

New HSDUs added

92 357

Updates submitted

Since September 2022, six new projects have been implemented in the Democratic Republic of the Congo (Ituri), Libya, Mozambique (Zambezia), Niger, Sudan and Ukraine. Across all active projects, almost 20 000 new HSDUs were added over 90 000 HSDU updates were submitted.

User community

4890

New users

11 869

Cumulative users

Over the past 12 months, nearly 5000 new users have joined the HeRAMS platform, marking a 70% growth in the total user community and elevating the cumulative number of registered users to nearly 12000.

Training

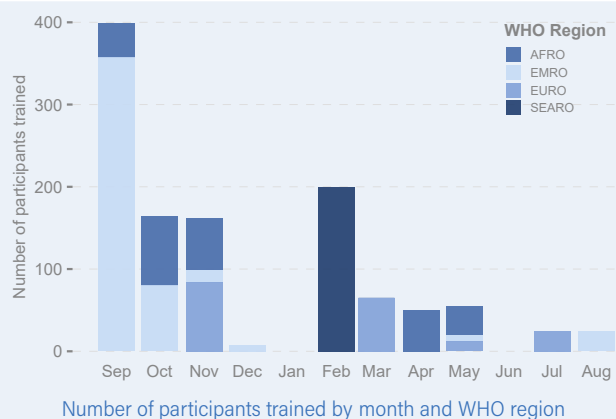

42

Training workshops

1152

Participants trained

Over the past 12 months 42 training workshops for key informants were conducted across 14 countries reaching over 1100 participants. Using a combination of on-site, online and hybrid training modalities, participants were trained in the HeRAMS methodology and how to use and contribute data.
