

HeRAMS

Country Implementation

Snapshot *DECEMBER 2023*

HSDU MONITORING

56 312
HSDUs with
completed baseline

100 793
Updates
submitted²

In 2023, six new projects were initiated in Ethiopia (Afar), Georgia, Libya, Mozambique (Zambezia), Niger, and Sudan. Across all active projects, a thorough baseline, including information on the availability of essential health services, has been established for more than 56 000 HSDUs. Furthermore, the continuous monitoring approach has resulted in the submission of over 100 000 new HSDU updates over the last 12 months.

Number of HSDU updates submitted by month and WHO region

Evolution of the HeRAMS platform user community

USER COMMUNITY

4406
New platform
users

12 609
Cumulative
platform users

In the last 12 months, the HeRAMS platform has seen significant growth, with over 4000 new users joining. This represents a notable 54% increase in the total user community, bringing the cumulative number of registered users to over 12 000.

CAPACITY BUILDING

23
Training
events

1643
Participants
trained

Over the last 12 months, a total of 23 training events were conducted across 13 countries, reaching over 1600 participants. Through a mix of on-site, online, and hybrid formats, key informants were trained in the HeRAMS methodology, equipping them to contribute and use data effectively.

Number of participants trained by month and WHO region

COUNTRY OVERVIEW

Country	Status	Master plan	Report published	HSDUs	Number of HSDU updates submitted ²
Afghanistan	✓	⚙️	report	4722	8980
