

HeRAMS

Country Implementations

SNAPSHOT JUNE 2025

HSDU MONITORING

Since July 2024, one new projects were initiated in Oromia, Ethiopia. Across all projects, a comprehensive baseline, including information on the availability of essential health services, has been established for more than 60 000 HSDUs. Furthermore, the continuous monitoring approach has resulted in the submission of **over 95 000 new HSDU updates** over the last 12 months.

Number of HSDU updates submitted by month and WHO region

USER COMMUNITY

In the last 12 months, the HeRAMS platform has seen continuous growth, with close to 2200 new users joining. This represents a 16% increase in the total user community, bringing the cumulative number of registered users over 15 500.

Evolution of the HeRAMS platform user community

CAPACITY BUILDING

Over the last 12 months, 38 training events were conducted across 8 countries, reaching over 1200 participants. Through a mix of on-site, online, and hybrid formats, key informants and project administrators were trained in the HeRAMS methodology, equipping them to contribute and use data effectively.
