HSDU MONITORING

65 058 HSDUs with completed baseline

73 491 Updates submitted[2]

Since January 2025, two new projects were initiated in the Oromia and Benishangul-Gumuz regions of Ethiopia. Across all projects, a comprehensive baseline, including information on the availability of essential health services, has been established for more than 70 000 HSDUs. Furthermore, the continuous monitoring approach has resulted in the submission of **over 70 000 new HSDU updates** over the last 12 months.

Evolution of the HeRAMS platform user community
USER COMMUNITY

2398 New platform users

16 539 Cumulative platform users

In the last 12 months, the HeRAMS platform has seen continuous growth, with close to 2400 new users joining. This represents a 17% increase in the total user community, bringing the cumulative number of registered users over 16 500.
CAPACITY BUILDING

24 Training events

1019 Participants trained

Over the last 12 months, 24 training events were conducted across 5 countries, reaching over 1000 participants. Through a mix of on-site, online, and hybrid formats, key informants and project administrators were trained in the HeRAMS methodology, equipping them to contribute and use data effectively.
