HSDU MONITORING

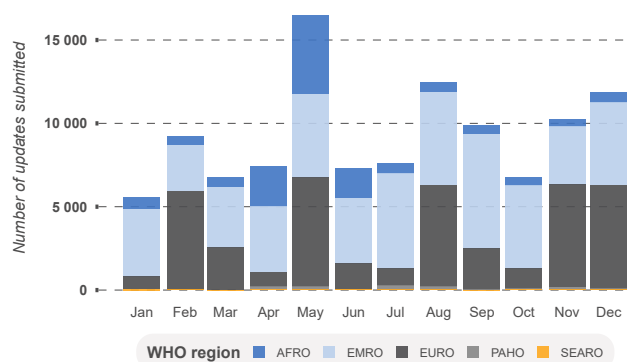

60 609
HSDUs with
completed baseline

111 654
Updates
submitted²

Since January 2024, four new projects were initiated in Haiti, Nepal, occupied Palestinian territory and the Syrian Arab Republic. Across all active projects, a thorough baseline, including information on the availability of essential health services, has been established for more than 60 000 HSDUs. Furthermore, the continuous monitoring approach has resulted in the submission of **over 110 000 new HSDU updates** over the last 12 months.

USER COMMUNITY

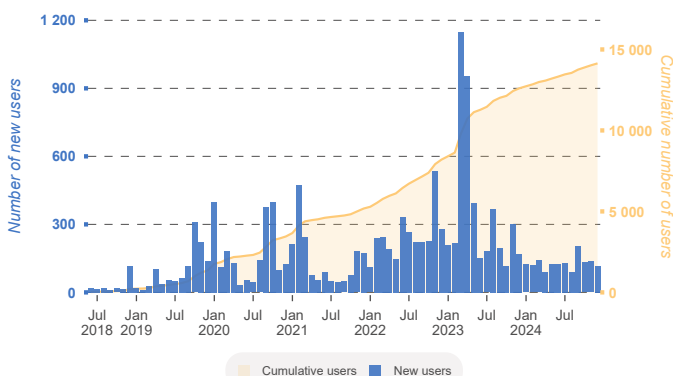

1536
New platform
users

14 141
Cumulative
platform users

In the last 12 months, the HeRAMS platform has seen continuous growth, with over 1500 new users joining. This represents a 12% increase in the total user community, bringing the cumulative number of registered users to over 14 000.

CAPACITY BUILDING

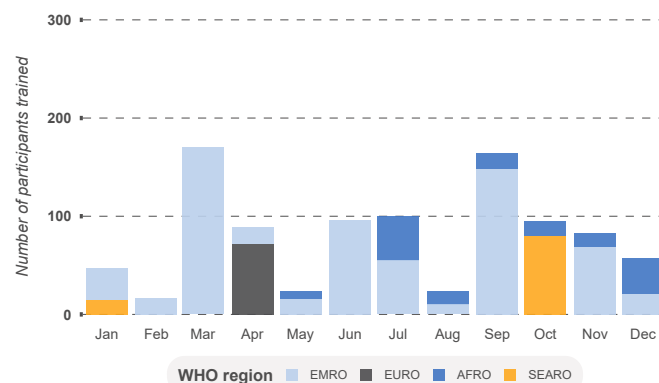

46
Training
events

1261
Participants
trained

Over the last 12 months, 46 training events were conducted across 10 countries, reaching close to 1300 participants. Through a mix of on-site, online, and hybrid formats, key informants and project administrators were trained in the HeRAMS methodology, equipping them to contribute and use data effectively.

Number of participants trained by month and WHO region

COUNTRY OVERVIEW

Country	Status	Descriptive reports	Accessibility models	HSDUs ¹	Number of HSDU updates submitted ²
Afghanistan	✓	📄	📄	4796	10 187
Bangladesh (Cox's Bazar)	✓	📄		168	174
