

## Partnerships and Collaborative Arrangements with WHO involvement (updated May 2019)

|    | Initiative   | Abv       | Year created  | Focus   | Website   | WHO's role               | HQ/Region  |
|----|--|-----------|---|---|---|--------------------------|------------|
| 1  | Access and Delivery Partnership Project                            | ADP       | 2013  | Aims to help LMICs enhance their capacity to access and introduce new health technologies for TB, malaria and NTDs  | <a href="https://www.undp.org/content/undp/en/home/librarypage/hiv-aids/the-access-and-delivery-project-booklet/">https://www.undp.org/content/undp/en/home/librarypage/hiv-aids/the-access-and-delivery-project-booklet/</a>         | member                   | HQ         |
| 2  | Agriculture and Health Research Platform                           | AHRP      | 2005  | Promotes and coordinates research on the two-way linkages between agriculture and health, with the aim of alleviating livelihood and food insecurity through enhanced policy and program effective  | <a href="http://programs.ifpri.org/ahrp/ahrp.asp">http://programs.ifpri.org/ahrp/ahrp.asp</a>   | member                   |            |
| 3  | Asia Pacific Leaders Malaria Alliance                              | APLMA     | 2013  | Affiliation of Asian and Pacific heads of government formed to accelerate progress against malaria and to eliminate it in the region by 2030.   | <a href="https://www.aplma.org/">https://www.aplma.org/</a>   | member                   | WPR        |
| 4  | Asia Pacific Malaria Elimination Network (APMEN)                   | APMEN     | 2009  | Acts as a platform to allow collaboration and exchange between regional malaria control programs and a range of international elimination partners from the academic, nongovernmental and private sectors, as well as the WHO   | <a href="https://www.apmen.org/">https://www.apmen.org/</a>   | member                   | SEAR & WPR |
| 5  | Asia Pacific Observatory on Health Systems and Policies            | APO       | 2011  | Collaborative partnership of interested governments, international agencies, foundations, and researchers that promotes evidence-informed health system policy regionally and in all countries in the Asia Pacific region   | <a href="http://www.searo.who.int/entity/asia_pacific_observatory/en/">http://www.searo.who.int/entity/asia_pacific_observatory/en/</a>   | leader                   | SEAR       |
| 6  | Bone and Joint Decade - Global Alliance for Musculoskeletal Health | DECADE    | 2000  | Raises recognition of the importance of musculoskeletal conditions at global, regional and national levels  | <a href="http://bjdonline.org/">http://bjdonline.org/</a>   | member                   | HQ         |
| 7  | BreatheLife Campaign   | BreatheLi | 2016  | Campaign led by the WHO, United Nations Environment and the Climate & Clean Air Coalition to mobilize cities and individuals to protect our health and planet from the effects of air pollution   | <a href="http://breathelife2030.org/">http://breathelife2030.org/</a>   | co-leader                | HQ         |
| 8  | Catalytic Initiative to Save a million Lives                       | CI        | 2007  | Supports MDGs 4 and 5 by strengthening national plans, budgets and capacity to deliver packages of proven, high-impact and cost-effective health and nutrition interventions for children and pregnant women  | <a href="https://www.jhsph.edu/departments/international-health/the-globe/archive/fall-2010/catalyticinitiative.html">https://www.jhsph.edu/departments/international-health/the-globe/archive/fall-2010/catalyticinitiative.html</a> | member                   | HQ         |
| 9  | Challenge TB   | CTB       | 2000  | Flagship global mechanism for implementing USAID's TB strategy as well as contributing to TB/HIV activities under the U.S. President's Emergency Plan for AIDS Relief (PEPFAR). Challenge TB collaborates with other national and international initiatives in providing global leadership and support for national TB control efforts  | <a href="https://www.challengetb.org/">https://www.challengetb.org/</a>   | member                   | HQ         |
| 10 | Climate and Clean Air Coalition                                    | CCAC      | 2012  | Voluntary partnership of governments, intergovernmental organizations, businesses, scientific institutions and civil society organizations committed to protecting the climate and improving air quality through actions to reduce short-lived climate pollutants.  | <a href="http://ccacoalition.org/en">http://ccacoalition.org/en</a>   | member                   | HQ         |
| 11 | Committee on World Food Security                                   | CFS       | 1976<br>2009<br>reformed to multistakeholder platform | Intergovernmental platform within the UN System for all stakeholders to work together in support of country led processes towards the elimination of hunger and ensuring food security and improved nutrition for everyone. Providing a global platform for promoting policy coherence and review progress towards agreed global targets. CFS reports to ECOSOC and FAO Conference. | <a href="http://www.fao.org/cfs">http://www.fao.org/cfs</a>   | Member of Advisory Group | HQ         |
| 12 | Dengue Vaccine Initiative  | DVI       | 2003  | Encourages the development and consideration of vaccines to prevent dengue – a debilitating and sometimes fatal viral disease which cannot be treated with drugs or antibiotics   | <a href="http://www.denguevaccine.org/">http://www.denguevaccine.org/</a>   | member                   | HQ         |

|----|--|--------------------------------|--------------|---|---|------------|-----------|
| 13 | Emergency Medical Teams Initiative                                       | EMT Initiative                 | 2014         | Enhances preparedness and promote the rapid deployment and efficient coordination of Emergency Medical Teams adhering to minimum standards in order to reduce the loss of life and prevent long-term disability as a result of disasters, outbreaks and/or other emergencies. EMT refers to groups of health professionals providing direct clinical care to populations affected by disasters, outbreaks and/or other emergencies. They include governmental (both civilian and military) and nongovernmental teams. | <a href="https://extranet.who.int/emt/">https://extranet.who.int/emt/</a>   | leader     | HQ        |
| 14 | European & Developing Countries Clinical Trials Partners                 | EDCTP                          | 2003         | Develops human resources in clinical development process through capacity strengthening   | <a href="http://www.edctp.org/">http://www.edctp.org/</a>   | member     | HQ        |
| 15 | European Forum of Nurses and Midwifery Association                       | EFNMA                          | 1996         | Voice of nursing and midwifery within WHO European Region. Working in partnership and strategically with WHO and other key stakeholders aims to influence health policy, improve the quality of health services and the health of people across the 53 member States of the Region.   | <a href="http://efnma.org/">http://efnma.org/</a>   | member     | EUR       |
| 16 | EU HIV/AIDS, Hepatitis and Tuberculosis Think Tank                       | EU Think Thank                 | 2004         | Dedicated working group on HIV/AIDS initially established in follow up to the "Dublin Declaration" to monitor the development and actions needed in the light of growing HIV epidemic in Europe with representation of the member States, Candidate Countries and the EEA Countries. In 2017 the group extended to cover the issues of TB and Viral Hepatitis and the name was also changed accordingly   | <a href="https://ec.europa.eu/health/home_en">https://ec.europa.eu/health/home_en</a>   | observer   | EUR       |
| 17 | EU platform for action on diet, physical activity and health             |                                | 2005         | Forum for European-level organisations, ranging from the food industry to consumer protection NGOs, willing to commit to tackling current trends in diet and physical activity  | <a href="https://ec.europa.eu/health/nutrition_physical_activity/platform_en">https://ec.europa.eu/health/nutrition_physical_activity/platform_en</a>   | observer   | EUR       |
| 18 | European Network for Hepatitis B and C Surveillance                      | ECDC Hepatitis B and C Network |              | Comprises the contact points for Hepatitis B and C surveillance that are nominated by the competent bodies for surveillance in EU/EFTA, and includes both epidemiology and virology experts. Aims to improve collaboration, build capacity and facilitate dissemination of information on hepatitis B and C to inform public health policy and planning across Europe   | <a href="https://ecdc.europa.eu/en/about-uswho-we-workdisease-and-laboratory-networks/european-network-hepatitis-b-and-c-surveillance">https://ecdc.europa.eu/en/about-uswho-we-workdisease-and-laboratory-networks/european-network-hepatitis-b-and-c-surveillance</a>   | observer   | EUR       |
| 19 | European network for the promotion of health-enhancing physical activity | HEPA Europe                    | 2005         | Network which works for better health through physical activity among all people in the WHO European Region, by strengthening and supporting efforts to increase participation and improve the conditions for healthy lifestyles.   | <a href="http://www.euro.who.int/en/health-topics/disease-prevention/physical-activity/activities/hepa-europe">http://www.euro.who.int/en/health-topics/disease-prevention/physical-activity/activities/hepa-europe</a>   | member     | EUR       |
| 20 | European TB Laboratory Initiative  | ELI                            | 2012         | ELI members are from national and supranational TB laboratories in the European Region and international partners, who collaborate to accelerate and expand access to quality-assured TB diagnostic services and optimize laboratory-based surveillance of TB.  | <a href="http://www.euro.who.int/en/health-topics/communicable-diseases/tuberculosis/areas-of-work/laboratory-diagnosis/about-the-european-laboratory-initiative-eli">http://www.euro.who.int/en/health-topics/communicable-diseases/tuberculosis/areas-of-work/laboratory-diagnosis/about-the-european-laboratory-initiative-eli</a> | leader     | EUR       |
| 21 | European TB Research Initiative  | ERI                            | 2016         | The Regional Office set up ERI-TB to advance TB-related research in the Region. The establishment of ERI-TB is a milestone of the TB Action Plan, supporting the achievement of the End TB Strategy and the Sustainable Development Goals within the Health 2020 policy framework.  | <a href="http://www.euro.who.int/en/health-topics/communicable-diseases/tuberculosis/areas-of-work/the-european-tuberculosis-research-initiative-eri-tb">http://www.euro.who.int/en/health-topics/communicable-diseases/tuberculosis/areas-of-work/the-european-tuberculosis-research-initiative-eri-tb</a>                           | leader     | EUR       |
| 22 | EuroTest initiative (formerly HIV in Europe)                             | HiE                            | 2007         | Pan-European initiative initiated in Brussels in 2007. Provides a European platform for exchange and activities to improve early diagnosis and earlier care of HIV across Europe. The initiative is directed by an independent group of experts with representation from civil society, policy makers, health professionals and European public health institutions.  | <a href="https://chip.dk/Collaboration/EuroTEST">https://chip.dk/Collaboration/EuroTEST</a> ;<br><a href="http://www.eurotest.org/">http://www.eurotest.org/</a>  | observer   | EUR       |
| 23 | Every Woman Every Child  | EWEC                           | 2010         | Addresses the major health challenges facing women, children and adolescents -- putting into action the Global Strategy for Women's, Children's and Adolescents' Health.  | <a href="http://www.everywomaneverychild.or">http://www.everywomaneverychild.or</a>   |            | HQ        |
| 24 | Family Planning 2020   | FP2020                         | 2012         | Global partnership that supports the rights of women and girls to decide, freely, and for themselves, whether, when, and how many children they want to have  | <a href="http://www.familyplanning2020.org/about-us#our-partners">http://www.familyplanning2020.org/about-us#our-partners</a>   | member     | HQ        |

|    | Initiative   | Abv       | Year created | Focus   | Website   | WHO's role                            | HQ/Region          |
|----|--|-----------|--------------|---|---|---------------------------------------|--------------------|
| 25 | Focusing Resources on Effective School Health        | FRESH     | 2000         | Provides a cross-sectoral response to the Education for All goal proposing the essential components for designing effective school health and nutrition programs.   | <a href="https://unesdoc.unesco.org/ark:/48223/pf0000125537">https://unesdoc.unesco.org/ark:/48223/pf0000125537</a>   | member                                | HQ                 |
| 26 | Food Fortification Initiative                        | FFI       | 2002         | A public-, private-, and civic-sector partnership established to champion effective fortification of industrially milled flour and rice globally through multi-sector partnerships for healthier people worldwide by improving vitamin and mineral nutrition  | <a href="http://www.ffinetwork.org/about/index.html">http://www.ffinetwork.org/about/index.html</a>   | Observer in Executive Management Team | HQ and all Regions |
| 27 | GAVI, The Vaccine Alliance                           | GAVI      | 2000         | Increases access to immunisation in poor countries, including new and underused vaccines for children living in the world's poorest countrie  | <a href="https://www.gavi.org/">https://www.gavi.org/</a>   | member                                | HQ                 |
| 28 | Global Alliance against Chronic Respiratory Disease  | GARD      | 2006         | Reduces the global burden of chronic respiratory diseases by integrating and strengthening surveillance, prevention and control efforts.  | <a href="https://gard-breathefreely.org/">https://gard-breathefreely.org/</a>   | leader                                | HQ                 |
| 29 | Global Alliance for Rabies Control                   | GARC      | 2007         | Prevention of rabies through advocacy   | <a href="https://rabiesalliance.org/">https://rabiesalliance.org/</a>   | observer                              | HQ                 |
| 30 | Global Alliance to Eliminate Lymphatic Filariasis    | GAELF     | 2000         | Public-private partnership created in 2000 to assist in advocacy, resource mobilisation and programme implementation to coordinate global efforts to eliminate Lymphatic Filariasis   | <a href="http://www.filariasis.org/">http://www.filariasis.org/</a>   | observer                              | HQ                 |
| 31 | Global Antibiotic Research & Development Partnership | GARDP     | 2016         | Develops new antibiotic treatments addressing antimicrobial resistance and to promote their responsible use for optimal conservation, while ensuring equitable access for all in need   | <a href="https://www.gardp.org/">https://www.gardp.org/</a>   | member                                | HQ                 |
| 32 | Global Breastfeed Collective                         |           | 2017         | Brings together implementers and donors from governments, philanthropies, international organizations, civil society and is led by UNICEF and the WHO. The Collective's vision is a world in which all mothers have the technical; financial; emotional; and public support they need to start breastfeeding within an hour of a child's birth, to breastfeed exclusively for six months, and to continue breastfeeding — with complementary foods — for two years or beyond. | <a href="https://www.who.int/nutrition/topics/global-breastfeeding-collective/en/">https://www.who.int/nutrition/topics/global-breastfeeding-collective/en/</a> ; <a href="https://www.unicef.org/nutrition/index_98470.html">https://www.unicef.org/nutrition/index_98470.html</a> | co-leader                             | HQ                 |
| 33 | Global Buruli Ulcer Initiative                       | GBUI      | 1998         | Increases awareness, access to services, surveillance and research on buruli ulcer.   | <a href="https://www.who.int/buruli/gbui/en/">https://www.who.int/buruli/gbui/en/</a>   | leader                                | HQ                 |
| 34 | Global Campaign Against Epilepsy                     | GCAE      | 1997         | Improves the acceptability, treatment, services and prevention of epilepsy world-wide   | <a href="http://www.globalcampaignagainstepilepsy.org/home/">http://www.globalcampaignagainstepilepsy.org/home/</a>   | member                                | HQ                 |
| 35 | Global Financing Facility                            | GFF       | 2015         | In support of Every Woman Every Child, to help close the funding gap for reproductive, maternal, newborn, child, and adolescent health and nutrition by 2030  | <a href="https://www.globalfinancingfacility.org/">https://www.globalfinancingfacility.org/</a>   | member                                | HQ                 |
| 36 | Global Fund to Fight AIDS, Tuberculosis and Malaria  | GFATM     | 2002         | Convenes governments, civil society, private sector and affected communities to increase resources to fight AIDS, TB and malaria, and to direct those resources to areas of greatest need.  | <a href="https://www.theglobalfund.org/en/">https://www.theglobalfund.org/en/</a>   | member                                | HQ                 |
| 37 | Global Guinea Worm Eradication Program               | GWEP      | 1987         | Since 1986, The Carter Center has led the international campaign to eradicate Guinea worm disease, working closely with ministries of health and local communities, the U.S. Centers for Disease Control and Prevention, the World Health Organization, UNICEF, and many others.  | <a href="http://www.cartercenter.org/health/guinea_worm/index.html">http://www.cartercenter.org/health/guinea_worm/index.html</a>   | co-leader                             | HQ                 |
| 38 | Global Health Cluster                                | GHC       | 2005         | Platform for organizations to work in partnership for minimizing mortality, morbidity and disability due to humanitarian emergencies, whilst promoting the well-being and dignity of affected populations. WHO is the Cluster Lead Agency mandated by the Inter-Agency Standing Committee and provides secretariat support  | <a href="http://www.who.int/health-cluster">www.who.int/health-cluster</a>  | leader                                | HQ                 |
| 39 | Global Health Workforce Network                      | GHWN      | 2016         | Promotes the implementation of the WHO Global Strategy on Human Resources for Health: Workforce 2030 vision to: “Accelerate progress towards universal health coverage and the UN Sustainable Development Goals by ensuring equitable access to health workers within strengthened health systems through inter-sectoral engagement.  | <a href="https://www.who.int/hrh/network/en/">https://www.who.int/hrh/network/en/</a>   | leader                                | HQ                 |
| 40 | Global HIV drug resistance network (WHO HIVResNet)   | HIVResNet | 2008         | A network of countries and affiliated institutions implementing the WHO HIVDR strategy, and a network of accredited laboratories who perform quality assured genotyping to support HIVDR surveillance and monitoring in those countries.  | <a href="https://www.who.int/hiv/topics/drugresistance/laboratory/en/index3.html">https://www.who.int/hiv/topics/drugresistance/laboratory/en/index3.html</a>   | leader                                | HQ                 |
