

Ebola virus disease outbreak in North Kivu, Ituri, Democratic Republic of the Congo 2019-2020

WHO thanks the following national and international partners who supported the response.

Global Outbreak Alert and Response Network (GOARN)

From the outset of the outbreak, WHO worked with the Global Outbreak Alert and Response Network (GOARN) on international alert and risk assessment, strategic planning, and weekly operational coordination, as well as on deployment of additional technical support and expertise.

Major GOARN partners directly operational in the field included:

- Alliance for International Medical Action (ALIMA);
- International Federation of Red Cross and Red Crescent Societies (IFRC)
- Red Cross of the Democratic Republic of the Congo (DR Congo Red Cross);
- International Organization for Migration (IOM);
- Médecins Sans Frontières (MSF);
- Africa Centers for Disease Control and Prevention (Africa-CDC);
- US Centers for Disease Control and Prevention (US-CDC); and
- UNICEF

Full list of all partners deployed through GOARN

- African Field Epidemiology Network (AFENET);
- American University of Beirut Medical Center, Lebanon;
- ARM Network (Australian Response MAE Network);
- Association pour le développement de l'épidémiologie de terrain (EPITER), France;
