

Management Response

Evaluation Title	Formative Evaluation of the EU-Luxembourg-WHO Universal Health Coverage
	Partnership (UHC-P) 2011 - 2016
Commissioning Unit	HGF/HGS and HGF/HEF
Link to the evaluation	https://www.uhcpartnership.net/wp-content/uploads/2017/12/FinalReportFormativeEvaluationUHC-w-Annexes-1.pdf
Evaluation Plan	Organization-wide biennial evaluation workplan 2016-2017
Unit Responsible for providing	HGS
the management response	

Overall Management Response:

- 1. The report was well received.
- 2. Most of the recommendations are relevant.
- 3. We have to notice that given the complexity (number of areas of work, number of countries and number of activities) the task of the evaluation team was difficult.

Management Response Status	In progress
Date	April 2019

Recommendations and Action Plan

Recommendation 1							
In most WCOs, HF and HS	SS expertise is s	carce, therefo	ore the provision	of full-mode technica	al assistance on these two ar	eas from the UHC-P could be beneficial.	
Management response		Partially accepted WHO ensures that the technical advisors deployed in countries have the minimal skills on HF.					
Status	In progress
