

# CODEX TRUST FUND

## TOP TIPS FOR SMART APPLICATIONS

Want to make sure your project will have impact on Codex activities in your country?

### WILL YOUR PROJECT...

- ☒ Transform the way the country prepares for priority Codex meetings?
- ☒ Secure long-term political and economic support for Codex activities at the national level?

### DOES YOUR PROJECT HAVE...

- ☒ A strategic mix of complementary activities that work together to build the expertise, attention and buy-in you need?
- ☒ Links to other food safety and Codex capacity-building activities in the country?

### WHAT SHOULD YOU AVOID?

- ☒ Using CTF support mainly for routine functions of national Codex structures
- ☒ Projects with long lists of poorly defined events and workshops
- ☒ Over emphasis on support for participation in Codex meetings without clear links to other activities
