

## SESSION

# Addressing STIs towards the elimination of paediatric HIV and hepatitis B virus infections, and congenital syphilis

Please join us at this session of the 23rd IUSTI World Congress in Victoria Falls, Zimbabwe

**Date:**

Tuesday, 6  
September

**Time:**

16:30 - 18:00  
[UCT+2]

**Venue:**

Kalundu  
Conference  
Room

This session will highlight how you can play your part to advance the 'triple elimination initiative' and support the global commitment to eliminate mother-to-child transmission (EMTCT) also referred to as 'vertical' transmission of syphilis, HIV and hepatitis B virus.

**Join us to learn about:**

- WHO's multi-disease elimination agenda including the Cervical Cancer Elimination Initiative
- The Triple Elimination Initiative
- Validation criteria and processes for elimination
- Country experiences in achieving elimination
