

Influenza Transmission Zones

The Influenza Transmission Zones are geographical groups of countries, areas or territories with similar influenza transmission patterns. Below is a map showing the borders of the Influenza Transmission Zones as well as the list of countries, areas or territories by zone.

The boundaries and names shown and the designations used on this map do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

Influenza Transmission Zone	Country, area or territory ¹
North America	Bermuda (the United Kingdom) Canada Greenland (Denmark) Saint Pierre and Miquelon (France) United States of America
Central America Caribbean	Anguilla (the United Kingdom) Antigua and Barbuda Aruba (the Netherlands) Bahamas Barbados Belize British Virgin Islands (the United Kingdom) Cayman Islands (the United Kingdom) Costa Rica

¹ If an area or territory is listed, the sovereign country is given in parentheses.
