Cheryl Cashin

Fahdi Dkhimi

Anastasia Kimeu

Aurelie Klein

Inke Mathauer

Yoriko Nakamura

Nat Otoo

Henok Yemane

Andrew Wong

Workshop objectives

- Increase awareness and understanding of the purchasing of health services and challenges for moving towards more strategic purchasing, including implementation and political economy issues
- Explore entry points and discuss policy options to make purchasing more strategic
- Provide a platform for networking and peer learning and identify opportunities for collaboration among researchers, practitioners and partners in the field of strategic purchasing in African countries.

Overview of the day

09.00-10.30 am: Strategic purchasing – overview, functions, instruments

10.30-11.00 am: Tea/coffee break

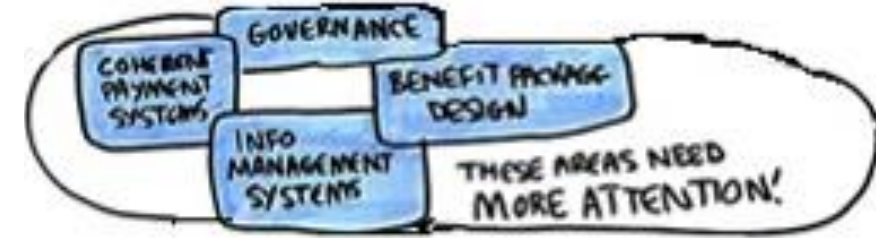

11.00-12.30 pm: Payment systems

12.30-13.30 pm: Lunch

13.30-15.00 pm: Governance for strategic purchasing

15.00-15.15 pm: Tea/coffee break

15.15-16.45 pm: Information management systems for strategic purchasing

Let's make this a participatory, interactive workshop

with

- some conceptual presentations/inputs
- country illustrations
- a group exercise
- plenary discussions

and above all

- group discussions to share your views, experience and knowledge with others

to result in

a co-authored blog and a summary report with your input
