

**Abbreviated Biosketch for Proposed Members of the Guideline Development Group for developing recommendations for testing *P. knowlesi* and use of rapid antigen tests for detection of *P. malariae*, and *P. ovale*.**

Title:	Dr
First name:	Gonzalo J
Last name:	Domingo
Current position:	Global Program Director, Diagnostics
Affiliation*:	PATH
Country:	USA
<p>Bio:</p> <p>Dr. Gonzalo Domingo serves as Global Program Director for PATH's Diagnostics Program. Gonzalo trained as a chemist and has extensive experience leading and managing product development efforts from early concept development, through verification and validation, regulatory submissions, and registration and introduction. The PATH Diagnostics Program seeks to increase availability and improve access to diagnostics tests for case detection, case management, and surveillance. Gonzalo has driven this mission by fostering a portfolio of diagnostics technologies and leading a multidisciplinary team to support these products through all stages of development, from early research and development to introduction. He manages complex collaborations involving public-sector organizations, diagnostic technology companies, research institutions, in-country and global partners and stakeholders.</p>
