**Follow Up Flag:** Follow up  
**Flag Status:** Completed

Dear WHO,

On behalf of non-State actor International Society of Paediatric Oncology (SIOP), thank you for the opportunity to provide inputs regarding the draft update to Appendix 3 of the NCD-GAP.

Firstly, we would like to convey that we very much welcome the inclusion of intervention CA 11 on childhood cancer in this important document.

Please find our contribution regarding non-financial considerations in yellow here below.

-----  
EXTRACT FROM ANNEX 3 DRAFT WHO NCD GAP – p 18  
Cancer  
Specific interventions with WHO-CHOICE analysis

Number	Intervention	Non-financial considerations
CA11	Childhood cancer: early diagnosis programs linked with timely diagnostic work-up and comprehensive cancer treatment, focusing on 6 index cancers of WHO Global Initiative for Childhood Cancer	Requires systems for effective early diagnosis in the community and efficient multidisciplinary care

-----  
We remain available for any questions that you may have and look forward to the consultation on the next versions of the draft.

Best wishes

**Olga Kozhaeva, MSc**

Member States, UN organizations and non-State actors are invited to submit their feedback on the first draft WHO discussion paper by email, before **26 June 2022**, to the following address: [NCDappendix3@who.int](mailto:NCDappendix3@who.int)

The response can be provided in any of the six official languages of WHO: Arabic, Chinese, English, French, Russian or Spanish.

The consultation is **not** open to individuals.

All relevant contributions received will be made available on this webpage (attributable to the relevant Member State, UN organization or non-State actor) once the web-based consultation is closed. The comments received will be taken into consideration in the process of developing the second draft discussion paper and may serve as an input for informal consultations.

Any enquiry on the consultative process may be addressed to Dr Slim Slama, Unit Head, NCD Management – Screening, Diagnosis and Treatment (MND), NCD Department, [slamas@who.int](mailto:slamas@who.int)
