Table S1 Cutaneous leishmaniasis endemicity status, number of new autochthonous and imported cases, by country, 2014 to 2018 (data received up to 29 May 2020)

Tableau S1 Degré d'endémicité de la leishmaniose cutanée, nombre de nouveaux cas autochtones et importés, par pays, 2014-2018 (données reçues jusqu'au 29 mai 2020)

Country – Pays	Cutaneous leishmaniasis (CL) – Leishmaniose cutanée (LC)										
	Status of endemicity – Degré d'endémicité	Number of cases of CL reported – Nombre de cas de LC signalés					Number of imported CL cases reported – Nombre de cas de LC importés signalés
