1. National policy commitment to eliminate TFA:
   National policies, strategies or action plans that express a commitment to reduce industrially produced TFA in the food supply

2. Other complementary measures: Legislative or other measures that encourage consumers to make healthier choices about industrially produced TFA or mandatory limits on industrially produced TFA in foods in specific settings

3. Less restrictive TFA limits: Legislative or regulatory measures that limit industrially produced TFA in foods in all settings, but are less restrictive than the recommended approach

4. Best-practice TFA policy: Legislative or regulatory measures that limit industrially produced TFA in foods in all settings, and are in line with the recommended approach
