国家卫生计生委关于 开展爱婴医院复核的通知

各省、自治区、直辖市卫生计生委(卫生厅局),新疆生产建设兵团卫生局:

为贯彻落实《中华人民共和国母婴保健法》、《中国儿童发展纲要(2011—2020年)》等法律法规及有关规定,持续营造爱婴爱母社会氛围,提升产科、儿科服务质量,在总结前期爱婴医院创建工作经验基础上,我委决定开展爱婴医院复核工作。现将有关事项通知如下:

一、充分认识爱婴医院复核工作的重要性

保护、支持和促进母乳喂养已成为国际共识和普遍要求,爱婴医院是宣传推广母乳喂养的重要阵地。20世纪90年代以来,在世界卫生组织和联合国儿童基金会的倡导下,我国创建了7300多所爱婴医院,有力地促进了政府、社会、家庭和医疗机构对母乳喂养的重视和支持。但近年来,一些爱婴医院在倡导和推动母乳喂

Baby Friendly Hospital Reassessment (2014)

Specific adaptations

BFHI is linked with the **routine management** of hospitals.

CODE implementation, breastfeeding rate and natural delivery rate are **key indicators** of BFHI.

Building baby friendly hospitals in **children's hospitals**

Un-informed visits to baby friendly hospitals.

Setting up breastfeeding **counselling hotline** in baby-friendly hospitals.

Social **advocacy** on BFHI.

National Health and Family Planning Commission

Baby Friendly Hospital Reassessment (2014-2015)

Results

- By the end of 2015, a total of 7,036 hospitals were certified as BFHs.
- At national level 66% of births delivered in BFHs, 92% of the infants were exclusively breastfed during stay in hospitals. BFHI highly supported the enhance of the obstetric and paediatric services quality.
- People's awareness of breastfeeding is increased.

Baby-Friendly Hospitals in China

7036

Challenges

- Sustainable development for BFHI
 - How to effectively manage such a huge number of BFHs, and promote sustainable development is a great challenge for China.

Thank you!
