

To Whom It May Concern:

The United States Council for International Business (USCIB) would like to thank the World Health Organization (WHO) for the opportunity to provide comments to the consultation on the prevention and management of conflicts of interest of nutrition programs.

We fully endorse and support the submissions made by the Grocery Manufacturers Association, a USCIB member, and the CFS Private Sector Mechanism - please find both submissions attached.

Please contact me if you have any other questions or concerns.

Best regards,
