Medication Safety: Implementing the Challenge

Friday, 9 April 2021

15:00 – 17:30 CEST

Registration: [Click here](#)

Unsafe medication practices and medication errors are a leading cause of injury and avoidable harm in health care systems across the world.

WHO has launched the **third WHO Global Patient Safety Challenge: *Medication Without Harm*** with the goal to significantly reduce severe, avoidable medication-related harm.

This webinar introduces strategies and tools to reduce medication-related harm and shares country experiences in implementing the *Medication Without Harm* Challenge.

The session is available in Arabic, Chinese, English, French, Russian and Spanish.
