

# Medication Without Harm

WHO Global Patient Safety Challenge

## Medication Safety Webinar

*Save the date*

### “Global burden of preventable medication-related harm” and “Policy brief on *Medication Without Harm*”

Thursday, 7 March 2024

14:00 – 15:30 CEST

[Click to register](#)

- Patient harm due to unsafe care is a leading cause of death and disability worldwide, and most of such harm is avoidable
- Harm due to medicines and therapeutic options accounts for nearly 50% of the overall preventable harm in medical care
- WHO Global Patient Safety Challenge: *Medication Without Harm* is designed to reduce medication-related harm globally
- At this webinar, we will **launch two WHO publications on Medication Safety**, “**Global burden of preventable medication-related harm**” and “**Policy brief on *Medication Without Harm***”, to create awareness and to support implementation of the WHO Global Patient Safety Challenge: *Medication Without Harm*
