Top 10 causes of death in older people and years lived with disability

Rank	Causes of death	Causes of years of healthy life lost due to disability
1	Cardiovascular diseases	Sense organ diseases
2	Stroke	Musculoskeletal diseases
3	Ischaemic heart disease	Mental and substance use disorders
4	Haemorrhagic stroke	Other hearing loss
5	Ischaemic stroke	Other musculoskeletal disorders
6	Malignant neoplasms	Uncorrected refractive errors
7	Respiratory diseases	Diabetes mellitus
8	Chronic obstructive pulmonary disease	Respiratory diseases
9	Infectious and parasitic diseases	Cataracts
10	Diarrhoeal diseases	Chronic obstructive pulmonary disease

Data source: WHO - Global Health Estimates (GHE) (2019)

Integrated Care for Older People

Prevalence and incidence of common health conditions

Age Groups	Hearing loss*	Blindness and vision impairment*	Low back pain*	Falls**
60-64	55%	58%	15%	589
65-69	64%	69%	17%	594
70-74	71%	80%	18%	686
75-79	77%	85%	20%	950
80-84	81%	89%	22%	1275
85-89	83%	93%	20%	1444
90-94	85%	95%	17%	1588
95+	86%	98%	15%	1713

* Prevalence ** Incidence

National commitments

Focal point on ageing and health in the ministry of health	Yes
National plans, policies or strategies on ageing and health	No
National multi-stakeholder forum or committee on ageing and health	No
National legislation and enforcement strategies against age-based discrimination	Yes
National legislation/regulations that provide older adults with access to assistive devices from the WHO Priority Assistive Product List	Yes
National programme to support activities in line with the WHO global Network for Age-friendly Cities and Communities	Yes
National policies in place to support comprehensive assessments of the health and social care needs for older people	Yes
Long-term care policy/plan/strategy/framework (stand-alone or integrated within an ageing and health plan)	Yes
Cross-sectional nationally representative, publicly available and anonymous individual level data on older persons and their health status and needs	No
Longitudinal nationally representative surveys (cohort) on older persons and their status and needs	No
Policy, legislation, strategy, or programme to support combating ageism	No
Human rights mechanisms dedicated to the promotion and protection of the rights of older persons	No
Specific legal, administrative, or other effective remedies to older persons who have been subject to discrimination	No
Contributing to the UN-Open ended working group on ageing	No Response
Implemented actions to support income generation activities for older persons	No
Provide out-patient-service free of charge in the public sector for older persons	Yes
Provide assistive devices and technologies free of charge in the public sector for older persons	Yes
Provide pharmaceutical products and/or other medical supplies free of charge in the public sector for older persons	No
Capacity-building plans to strengthen the geriatric and gerontology workforce	Yes
National guidelines for organizing geriatric care and training	Yes
National competency frameworks for geriatrics care workers	No
Programmes (in-person or online) available for caregivers of older persons	No
Policy, legislation, strategy, or programme to support the integration of palliative care services into the structure and financing of national healthcare systems at all levels of care	No
Availability of resources (human and finance) to implement actions on ageism	Very limited resources
Availability of resources (human and finance) to implement actions on age-friendly environment	Limited resources
Availability of resources (human and finance) to implement actions on integration care for older persons	Limited resources
Availability of resources (human and finance) to implement actions on long-term care for older persons	Limited resources
