1. INTRODUCTION

1.1 Objective of the RFP

The purpose of this Request for Proposals (RFP) is to enter into a contractual agreement with a successful bidder and select a suitable contractor to provide support for accommodation, venue, food, and logistics to organize capacity-building workshops for Primary Healthcare providers of Cox's Bazar District on screening, diagnosis and management of noncommunicable diseases (NCDs).

WHO is an Organization that is dependent on the budgetary and extra-budgetary contributions it receives for the implementation of its activities. Bidders are, therefore, requested to propose the best and most cost-effective solution to meet WHO requirements, while ensuring a high level of service.

1.2 About WHO

1.2.1 WHO Mission Statement

The World Health Organization was established in 1948 as a specialized agency of the United Nations. The objective of WHO (www.who.int) is the attainment by all peoples of the highest possible level of health. "Health", as defined in the WHO Constitution, is a state of complete physical, mental and social well being and not merely the absence of disease or infirmity. WHO's main function is to act as the directing and coordinating authority on international health work.

1.2.2 Structure of WHO

The World Health Assembly (WHA) is the main governing body of WHO. It generally meets in Geneva in May of each year and is composed of delegations representing all 194 Member States. Its main function is to determine the policies of the Organization. In addition to its public health functions, the Health Assembly appoints the Director-General, supervises the financial policies of the Organization, and reviews and approves the proposed programme budget. It also considers reports of the WHO Executive Board, which it instructs with regard to matters upon which further action, study, investigation or report may be required.

The Executive Board is composed of 34 members elected for three-year terms. The main functions of the Board are to give effect to the decisions and policies of the WHA, to advise it and generally to facilitate its work. The Board normally meets twice a year; one meeting is usually in January, and the second is in May, following the World Health Assembly.

The WHO Secretariat consists of some 8,400 staff at the Organization's headquarters in Geneva, in the six regional offices and in countries. The Secretariat is headed by the Director-General, who is appointed by the WHA on the nomination of the Executive Board. The head of each regional office is a Regional Director. Regional directors are appointed by the Executive Board in agreement with the relevant regional committee.

2. BACKGROUND

If any: description of the existing activities **currently** undertaken by **BAN-NCD** i.e. prior to the publication of this Request for Proposals, and related to its objectives.

2.1 Overview

Reduction of one-third premature mortality from NCDs by 2030 through prevention and treatment is one of the targets of Sustainable Development Goals (SDGs). Accounting for the deaths of 15 million people between the ages of 30–70, 85% of these “premature” deaths due to NCDs occur in low and middle-income countries (LMICs). According to WHO NCD Bangladesh 2018 Country Profile, NCDs are estimated to account for 67% of all deaths (30% for cardiovascular diseases, 12% for cancers, 10% for chronic respiratory diseases, 3% for diabetes and 12% for other NCDs). The national STEPS Survey for Non-communicable Diseases Risk Factors in Bangladesh 2018 found prevalence of raised blood pressure 21% among adults aged 18-69 years and prevalence of raised blood glucose 8.3% among adults aged 15-69 years. On top of the socio-economic impacts from NCDs, LMICs also carry the highest burden of humanitarian crises and Bangladesh is not an exception as the country is currently hosting 926,561 Rohingya refugees (Reference: Joint Government of Bangladesh – UNHCR Population Factsheet as of 31 March 2022) against the backdrop of wide-spread refugee influx from Myanmar for several decades, particularly after August 2017.

In response to this protracted crisis and to meet the growing health needs in Cox’s Bazar district related to NCDs, the World Health Organization (WHO) has been supporting the Directorate General of Health Services (DGHS) – by standardizing service delivery based on national guideline, providing gap-filling essential commodities, supportive supervision, undertaking health promotion activities and ensuring coordination among government and relevant stakeholders working on prevention and control of NCDs. In this course of ongoing activities, WHO is supporting Government of Bangladesh through Health and Gender Support Project (HGSP), which is funded by the World Bank

WHO at any time and based on, or arising out of, breach by the Contractor of any of its representations or warranties under the Contract, regardless of whether such representations and warranties are explicitly incorporated here in or are referred to in any attached Appendices.

In addition, WHO shall be entitled to terminate the Contract (or part thereof), in writing:

WHO reserves the right to approve any employee, subcontractor or agent furnished by the Contractor and Contractor's consortium partners for the performance of the work under the Contract (hereinafter jointly referred to as "Contractor Personnel"). All Contractor Personnel must have appropriate qualifications, skills, and levels of experience and otherwise be adequately trained to perform the work. WHO reserves the right to undertake an interview process as part of the approval of Contractor Personnel.

The Contractor acknowledges that the qualifications, skills and experience of the Contractor Personnel proposed to be assigned to the project are material elements in WHO's engaging the Contractor for the project. WHO may refuse access to or require replacement of any Contractor Personnel if such individual renders, in the sole judgment of WHO, inadequate or unacceptable performance, or if for any other reason WHO finds that such individual does not meet his/her security or responsibility requirements. The Contractor shall replace such an individual within fifteen (15) business days of receipt of written notice from WHO. The replacement will have the required qualifications, skills and experience and will be billed at a rate that is equal to or less than the rate of the individual being replaced.

8.2 Project Managers

Each party shall appoint a qualified project manager ("Project Manager") who shall serve as such party's primary liaison throughout the course of the project. The Project Manager shall be authorized by the respective party to answer all questions posed by the other party and convey all decisions made by such party during the course of the project and the other party shall be entitled to rely on such information as conveyed by the Project Manager.

The Project Managers shall meet on a monthly basis in order to review the status of the project and provide WHO with reports. Such reports shall include detailed time distribution information in the form requested by WHO and shall cover problems, meetings, progress and status against the implementation timetable.

8.3 Foreign Nationals

The Contractor shall verify that all Contractor Personnel is legally entitled to work in the country or countries where the work is to be carried out. WHO reserves the right to request the Contractor to provide WHO with adequate documentary evidence attesting this for each Contractor Personnel.

Each party hereby represents that it does not discriminate against individuals on the basis of race, gender, creed, national origin, citizenship.

8.4 Engagement of Third Parties and use of In-house Resources

The Contractor acknowledges that WHO may elect to engage third parties to participate in or oversee certain aspects of the project and that WHO may elect to use its in-house resources for the performance of certain aspects of the project. The Contractor shall at all times cooperate with and ensure that the Contractor and each of its partners, subcontractors and their employees and agents cooperate, in good faith, with such third parties and with any WHO in-house resources.
