

Telemedicine in Action: Transforming healthcare for LMICs

Telemedicine Policy: How Telemedicine is Regulated in Asia

July 17th, 2025, 14.00 IST

Context: As telemedicine rapidly transforms healthcare delivery across Asia, governments are adapting regulations to address issues related to licensing, data privacy, reimbursement, and cross-border care. This webinar will explore the current state of telemedicine regulations in South and Southeast Asia, highlighting best practices and regulatory frameworks.

Objectives: The session aims to inform healthcare policymakers and professionals about the evolving legal landscape of telemedicine, offering insights from policymakers, legal experts, and telemedicine practitioners on how to navigate regulatory challenges and opportunities.

Expected Outcomes: By the end of the webinar, participants will:

- Gain a comprehensive understanding of how telemedicine is regulated across South and Southeast Asia.
- Learn about legal considerations for telemedicine, including data privacy, liability, and cross-border regulations.
- Explore case studies of successful telemedicine regulatory frameworks and understand how policymakers can navigate challenges.
- Take away key recommendations for developing or refining telemedicine regulations in their respective regions.
