

TAKE YOUR VACCINE AS SOON AS YOU ARE ABLE TO ACCESS A VACCINE

All approved COVID-19 vaccines have been thoroughly tested, and all provide a high degree of protection against getting seriously ill and dying from the disease.

It is important to be vaccinated as soon as possible and not wait. This way, we build immunity in our communities faster and can get back to our normal lives.

DOING IT ALL, PROTECTS US ALL

Hand Hygiene

Physical distancing

Wearing a mask

Contact tracing

Isolation & quarantine measures

Good ventilation

Vaccination

Always remember to follow these precautions to control the spread of COVID-19 and its variants.
