Update on public health measures and guidance

• CCSA has been dissolved and the Emergency Decree will not be extended.

• From 1 October 2022, COVID-19 is designated by MoPH Thailand as a “Disease under surveillance” instead of a “Dangerous infectious disease”.

• COVID-19 testing by using ATK will only be recommended for individuals with respiratory symptoms or suspicion of infection.

• MoPH advises people to wear a mask in closed and poor ventilation setting such as public transportation, hospitals, nursing care, and daycare.

• If people have respiratory symptoms, they should practice Distancing, Mask wearing, Hand washing, Temperature checking, and Testing.

• MoPH advises workplaces to screen symptoms of COVID-19 among staff. The workplace should report cases to authorities if they detect a large number of staff getting sick.

• As of January 6th 2023, all visitors to Thailand are required to show proof of at least 2 COVID-19 vaccinations.
