

Influenza Situation Update in SEAR

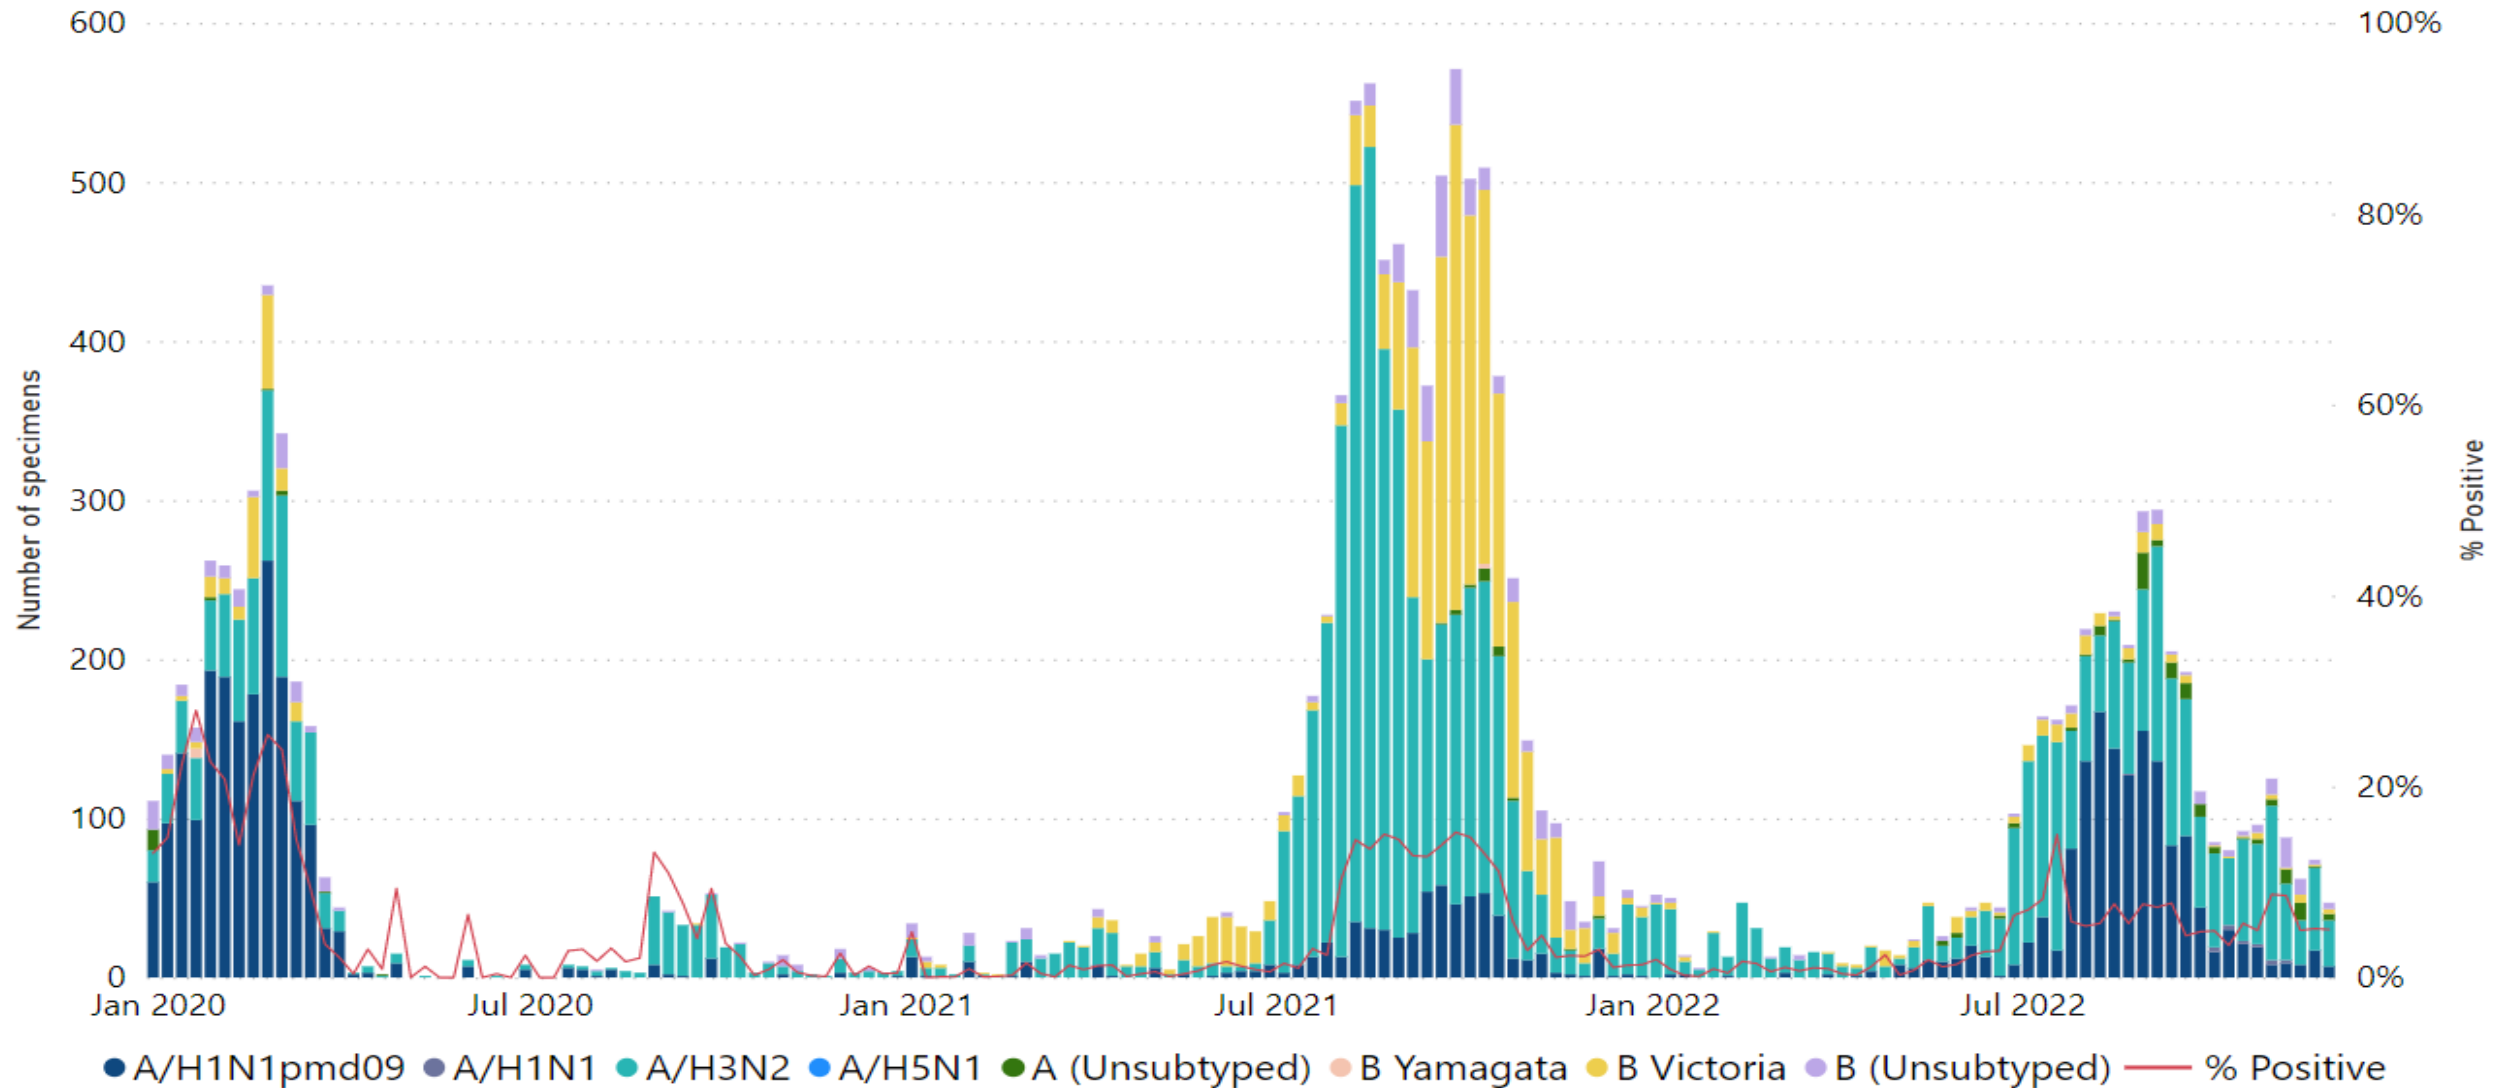

(9 December 2022)

Infectious Hazard Management (IHM)
WHO Health Emergency Programme

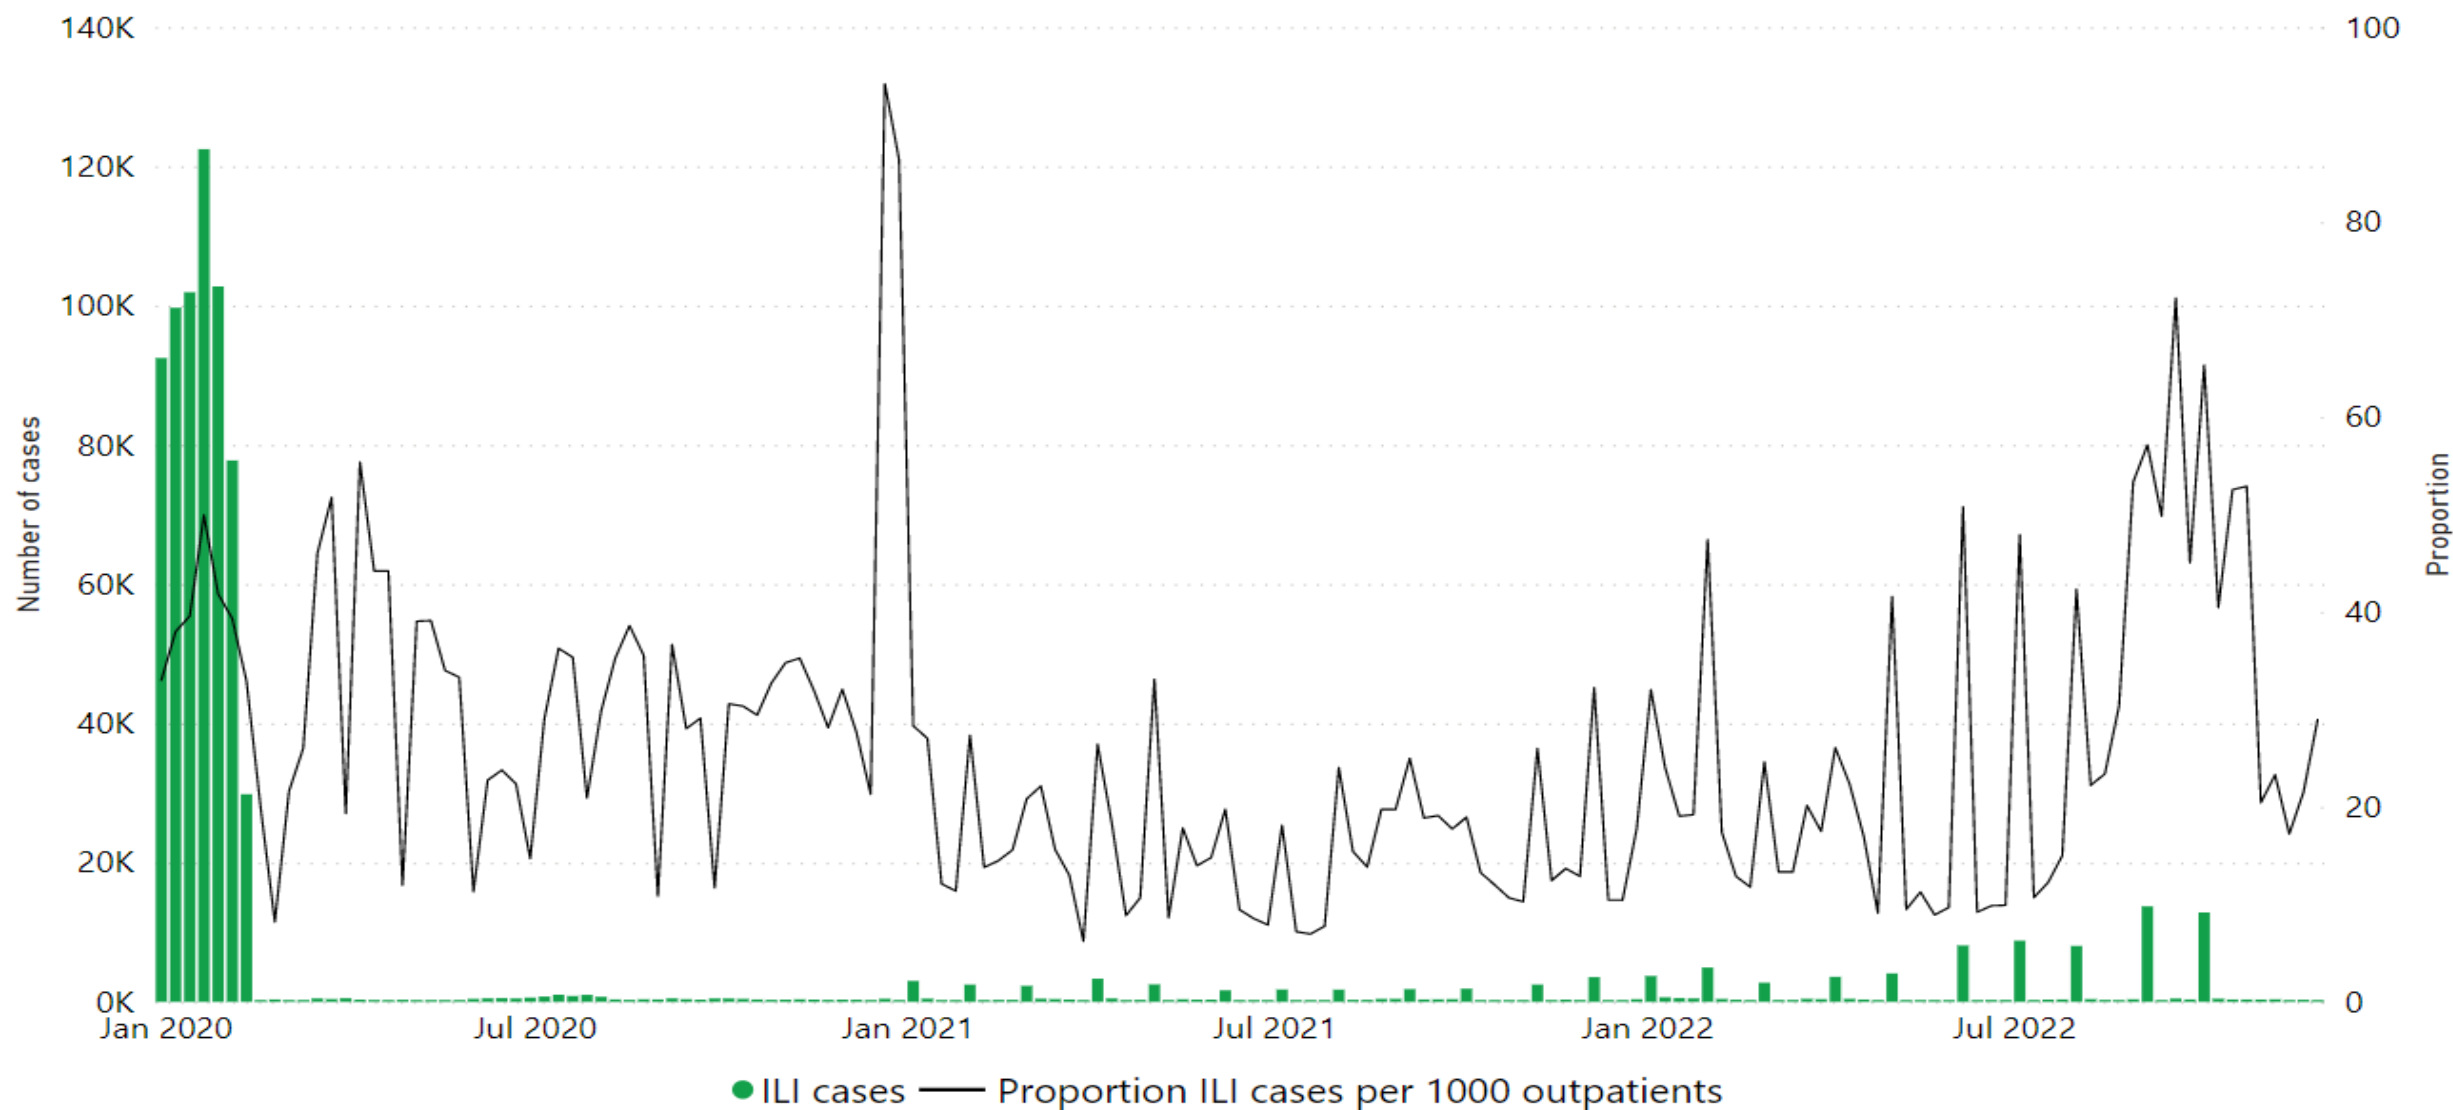

Number of specimens processed for influenza by month and year SEAR, 2020 – 2022*

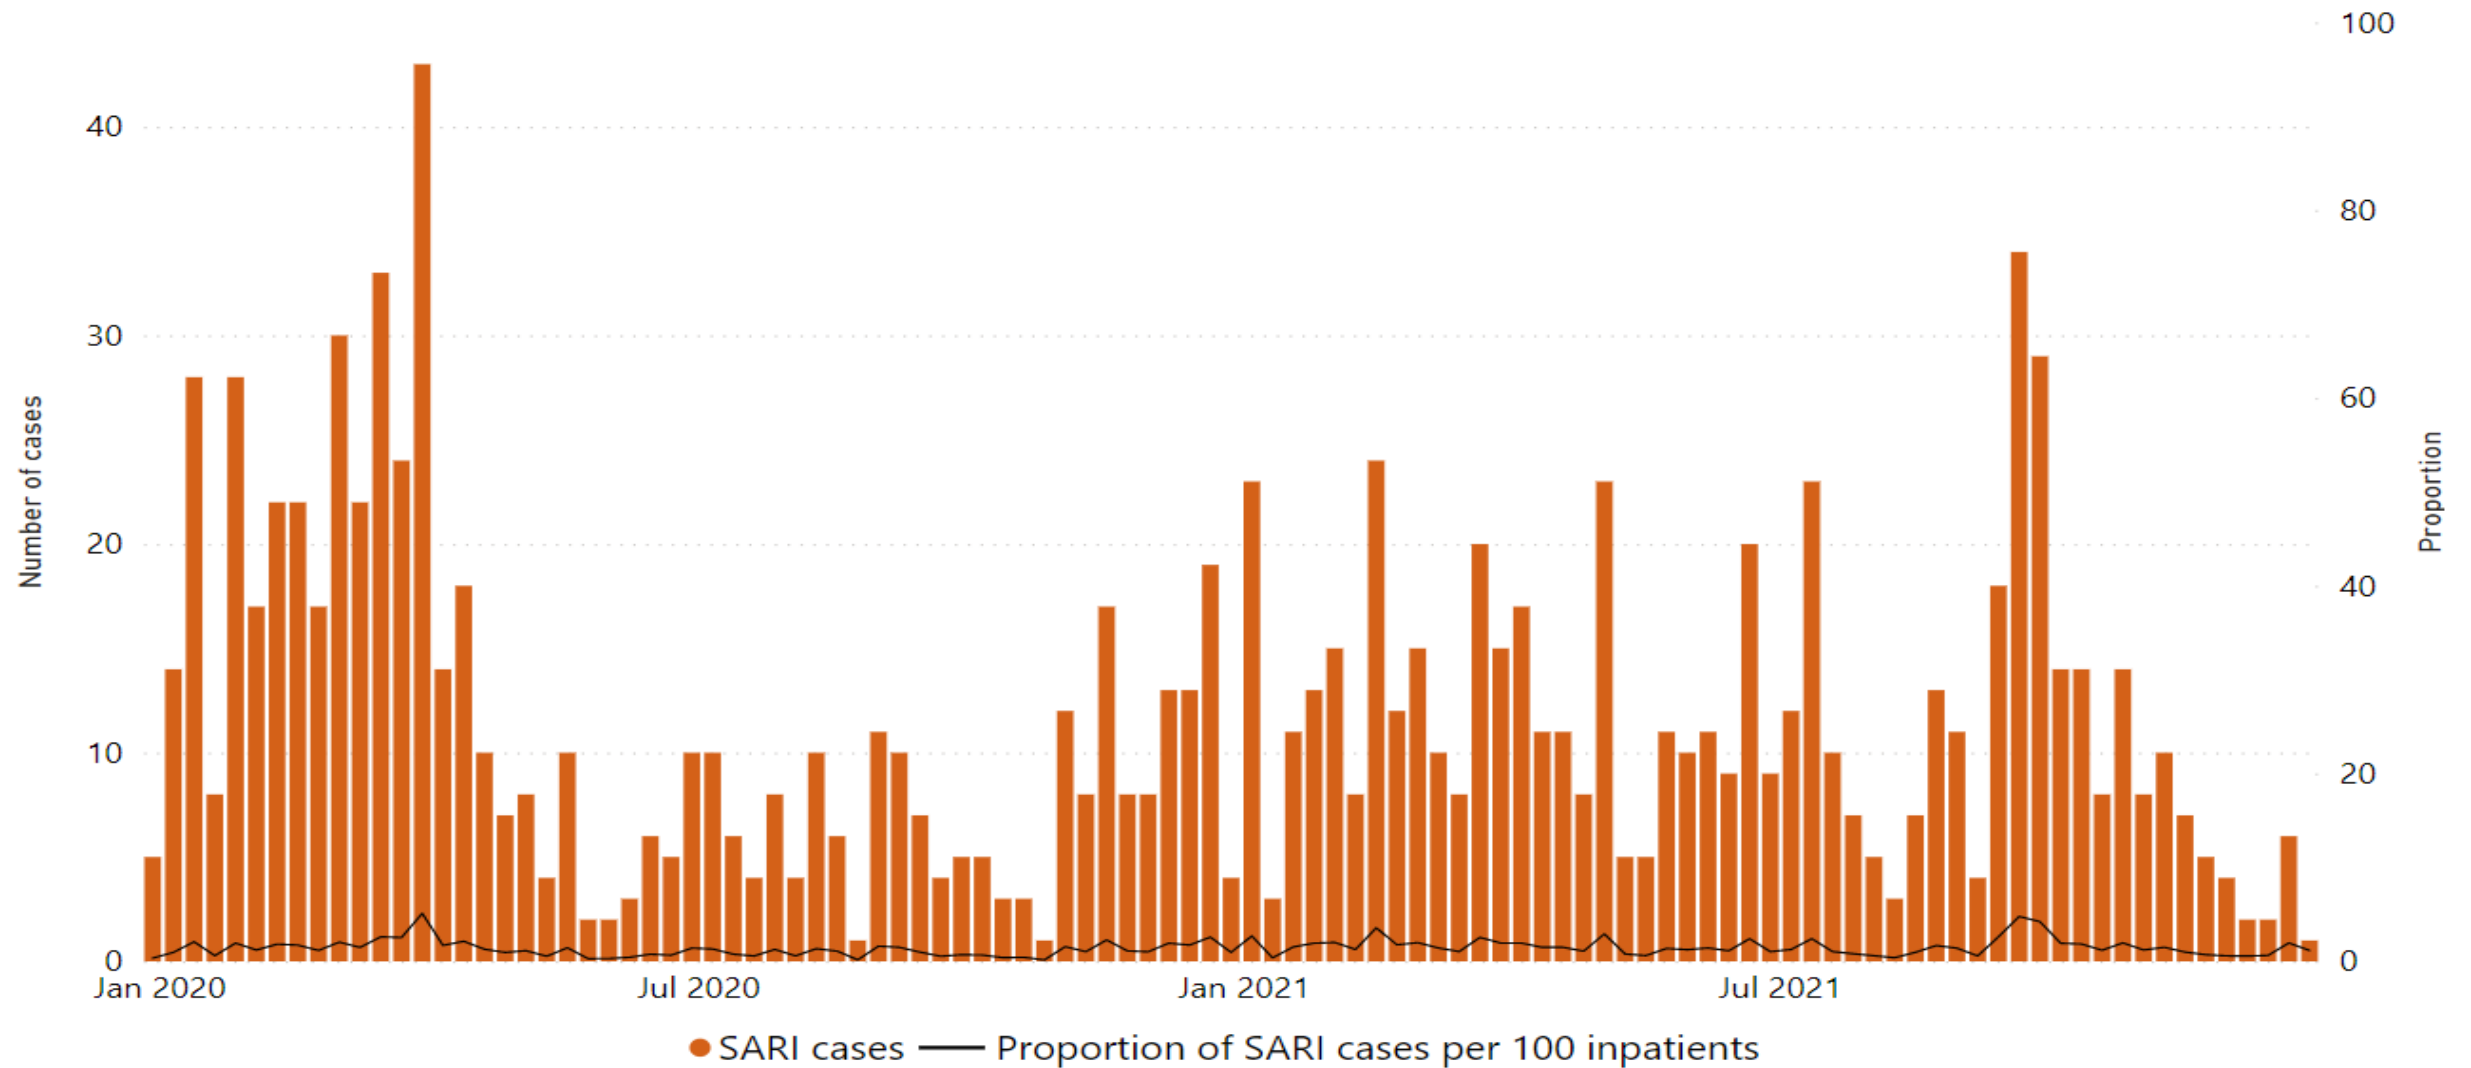

Number of specimens positive for influenza by subtype and % positive SEAR, 2020 – 2022*

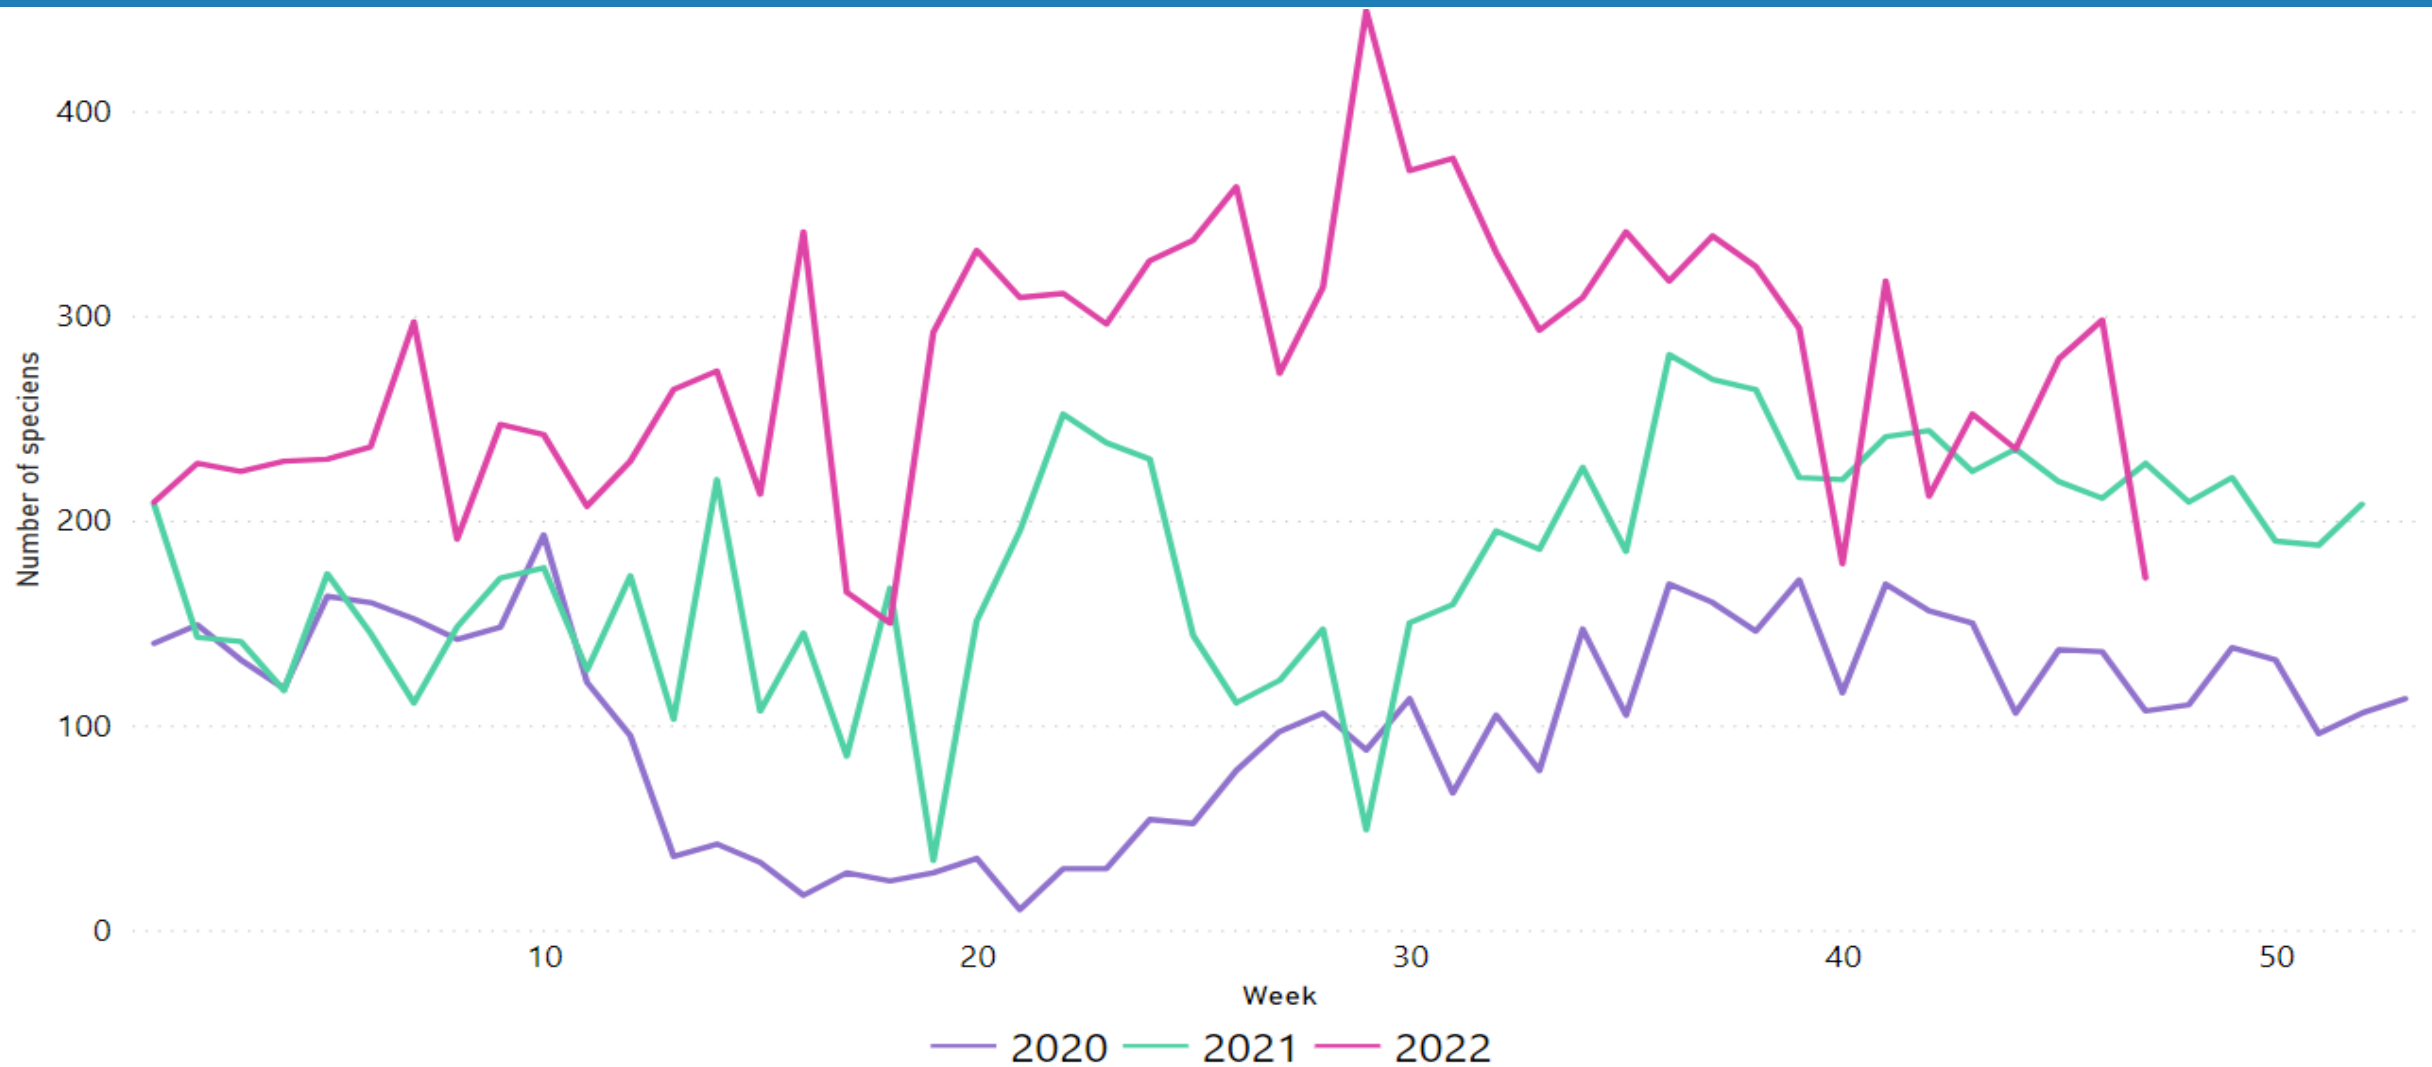

Number of influenza-like illness (ILI) cases and proportion of ILI cases per 1,000 outpatients SEAR, 2020 – 2022*

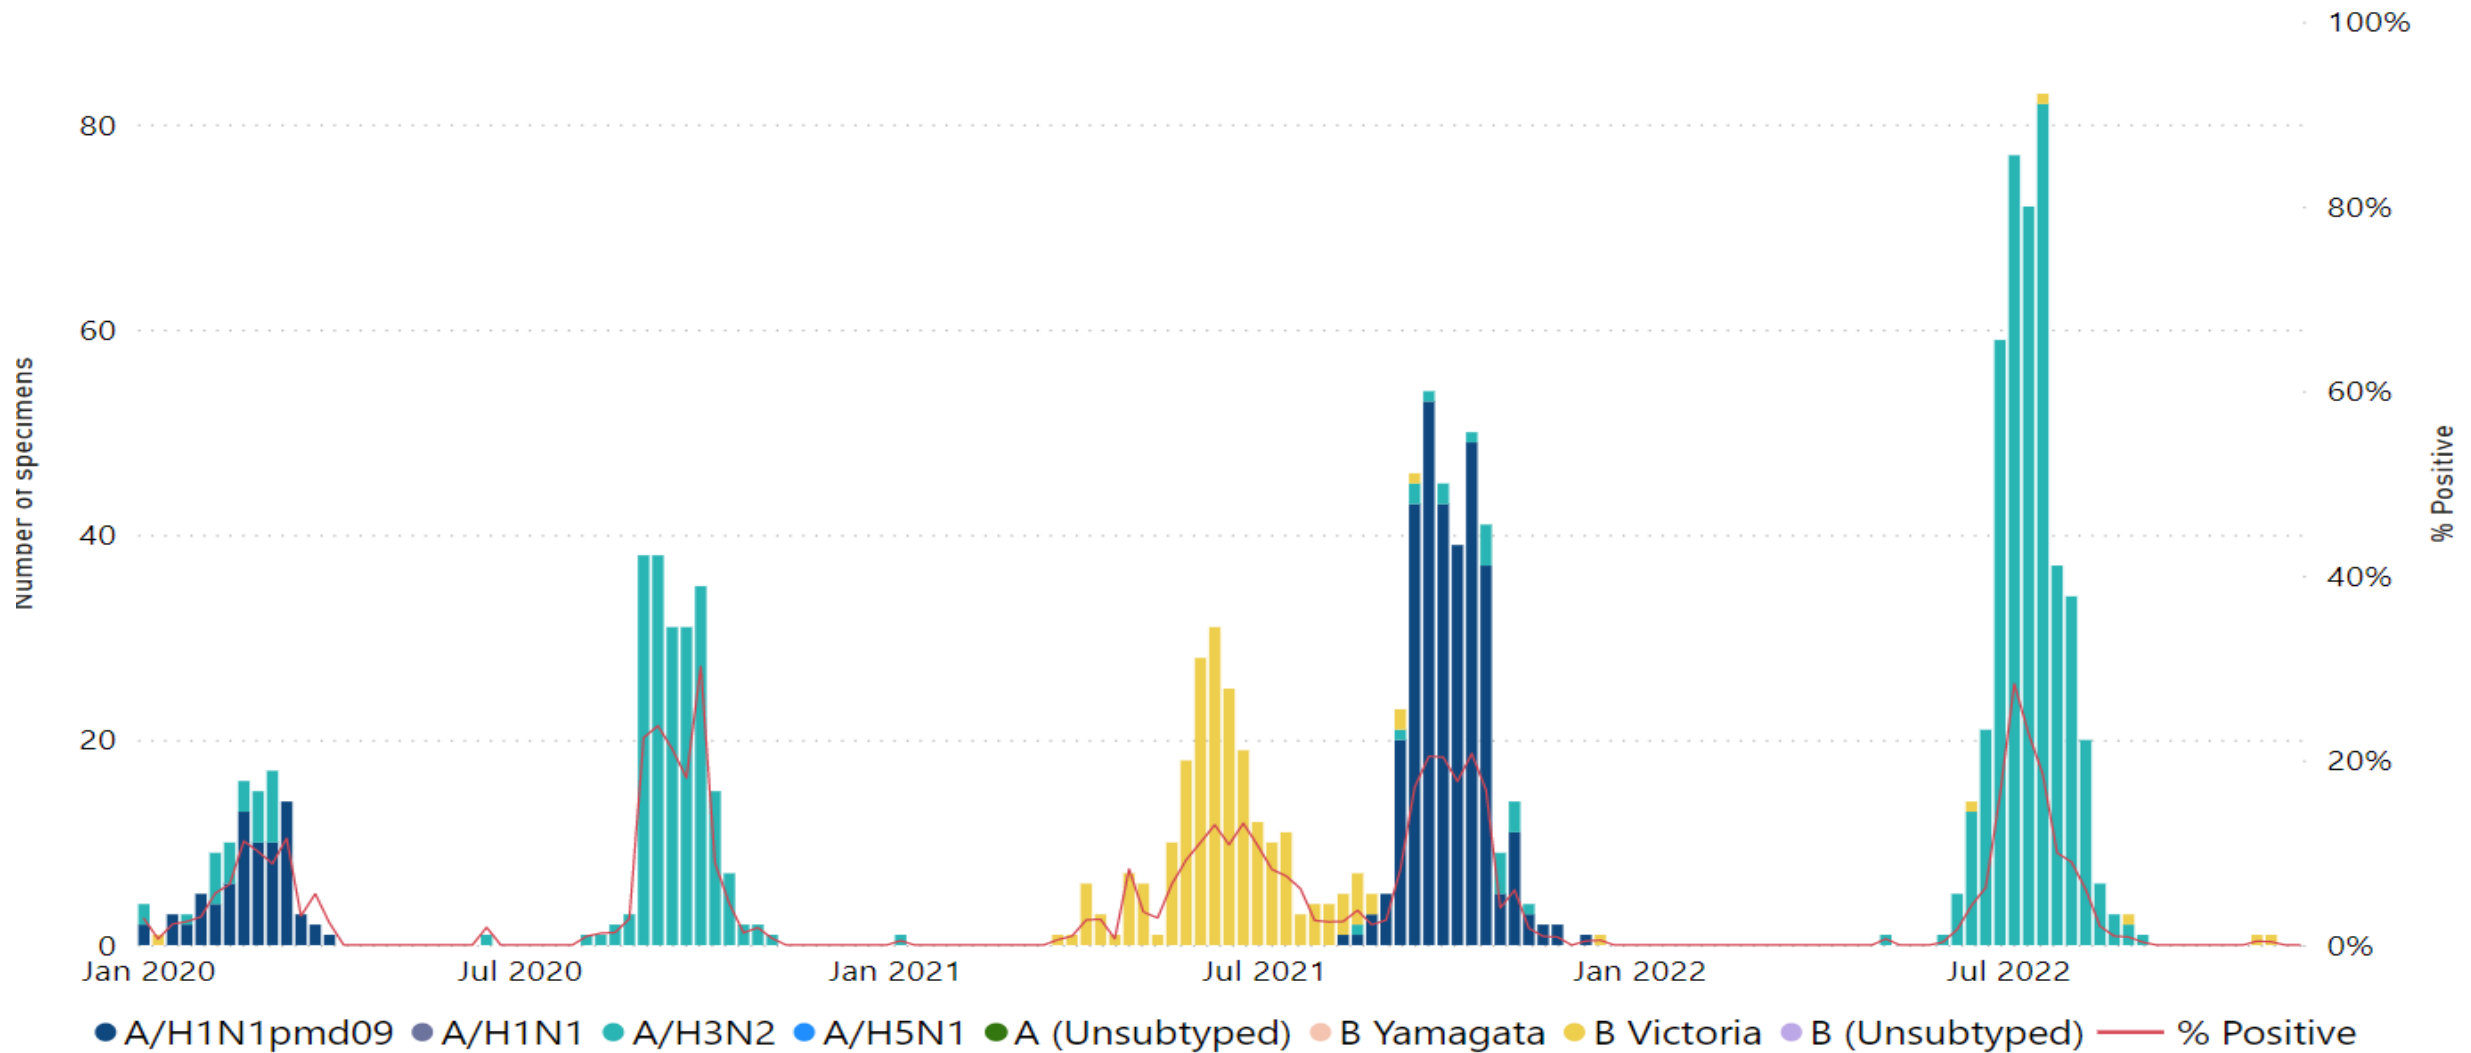

Number of severe acute respiratory infection (SARI) cases and proportion of SARI cases per 100 inpatients, SEAR 2020 – 2022*

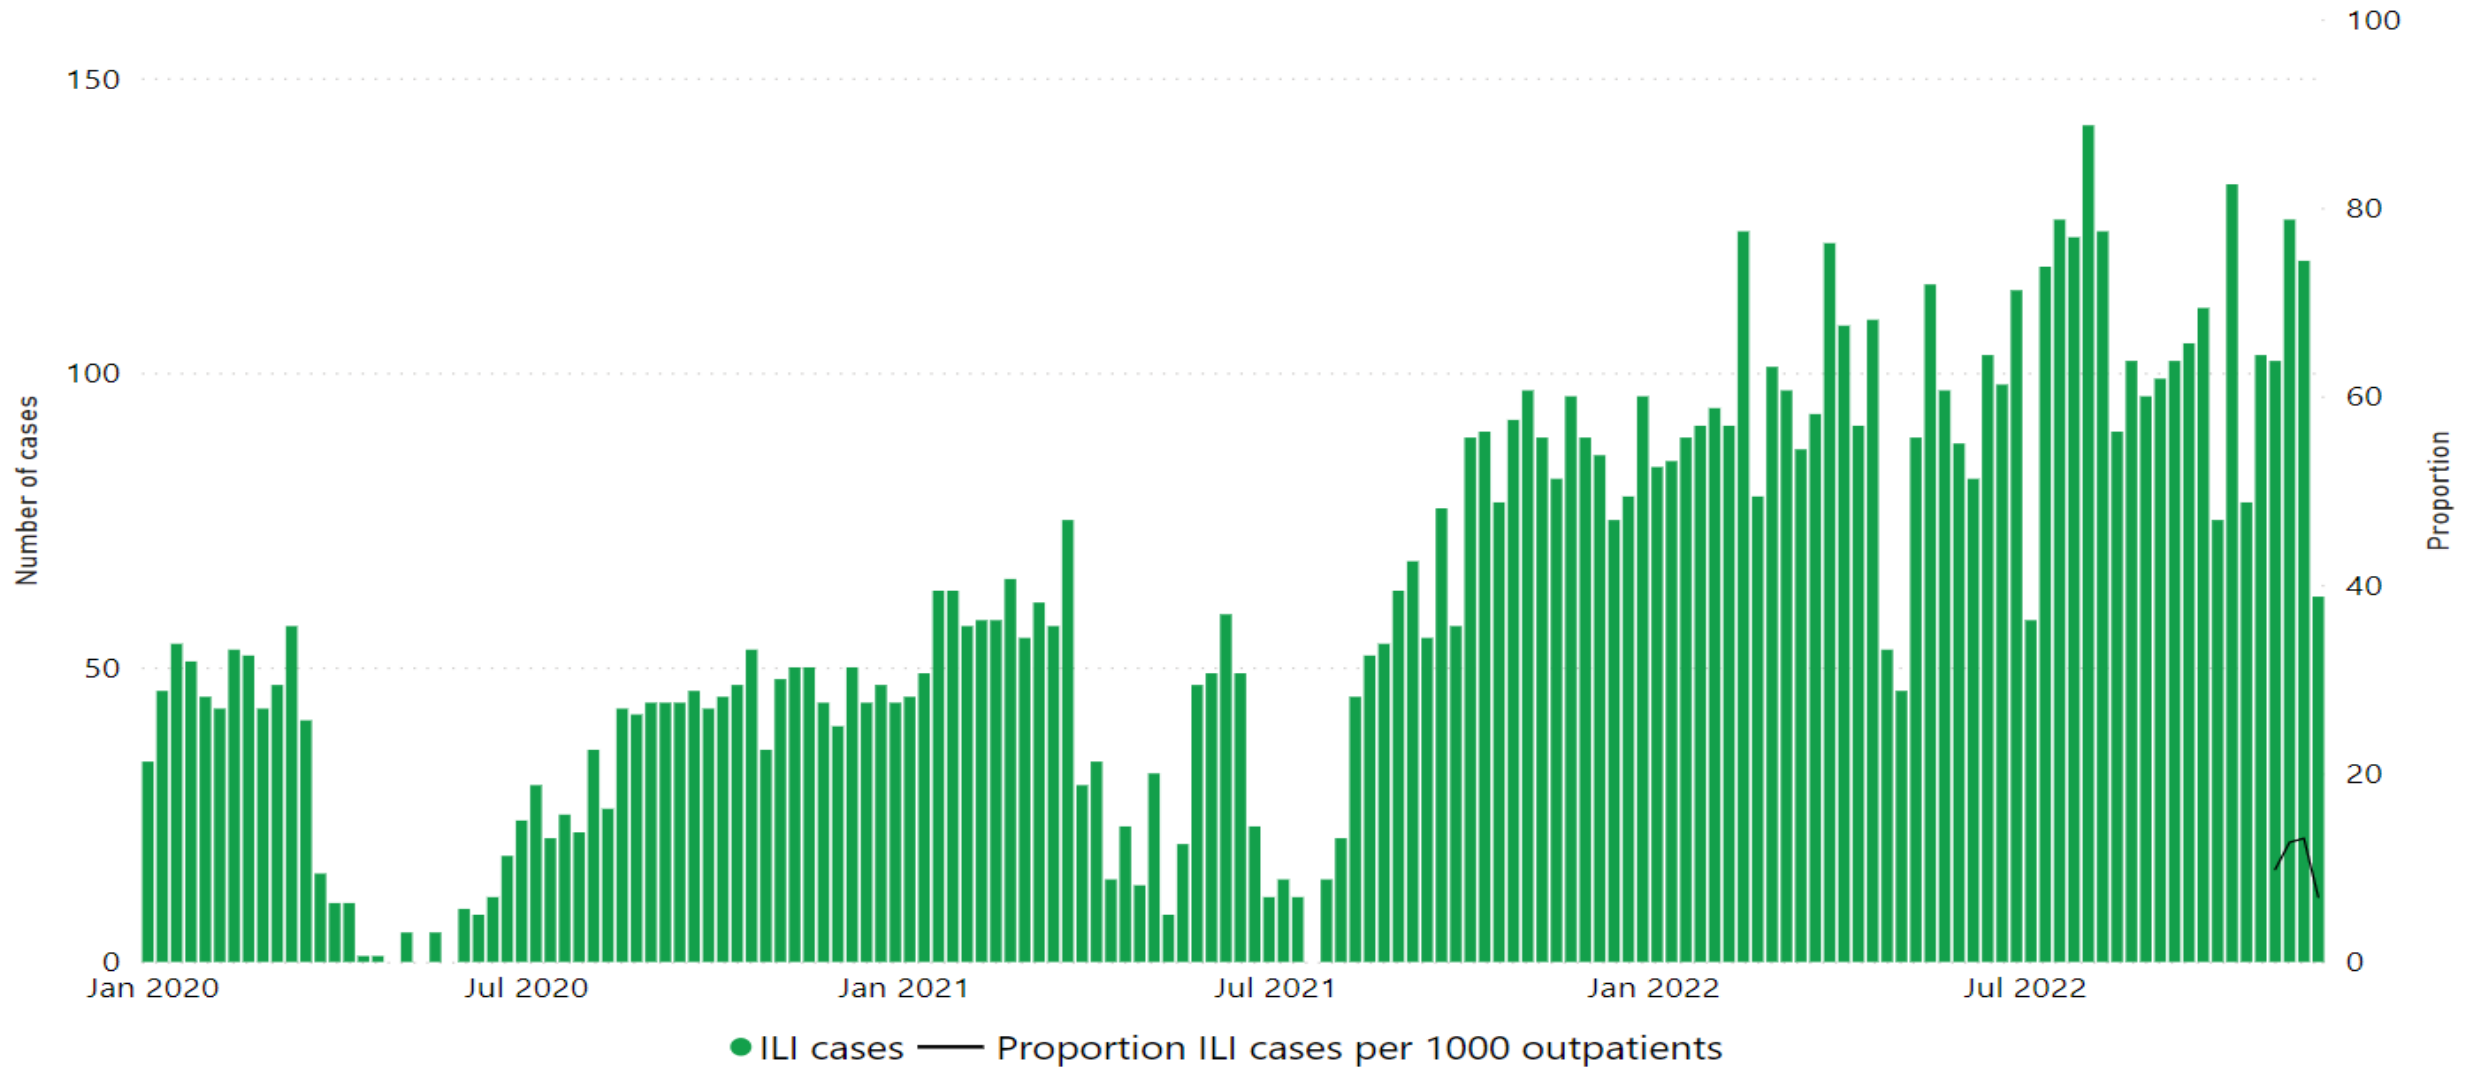

Number of specimens processed for influenza by month and year Bangladesh, 2020 – 2022*

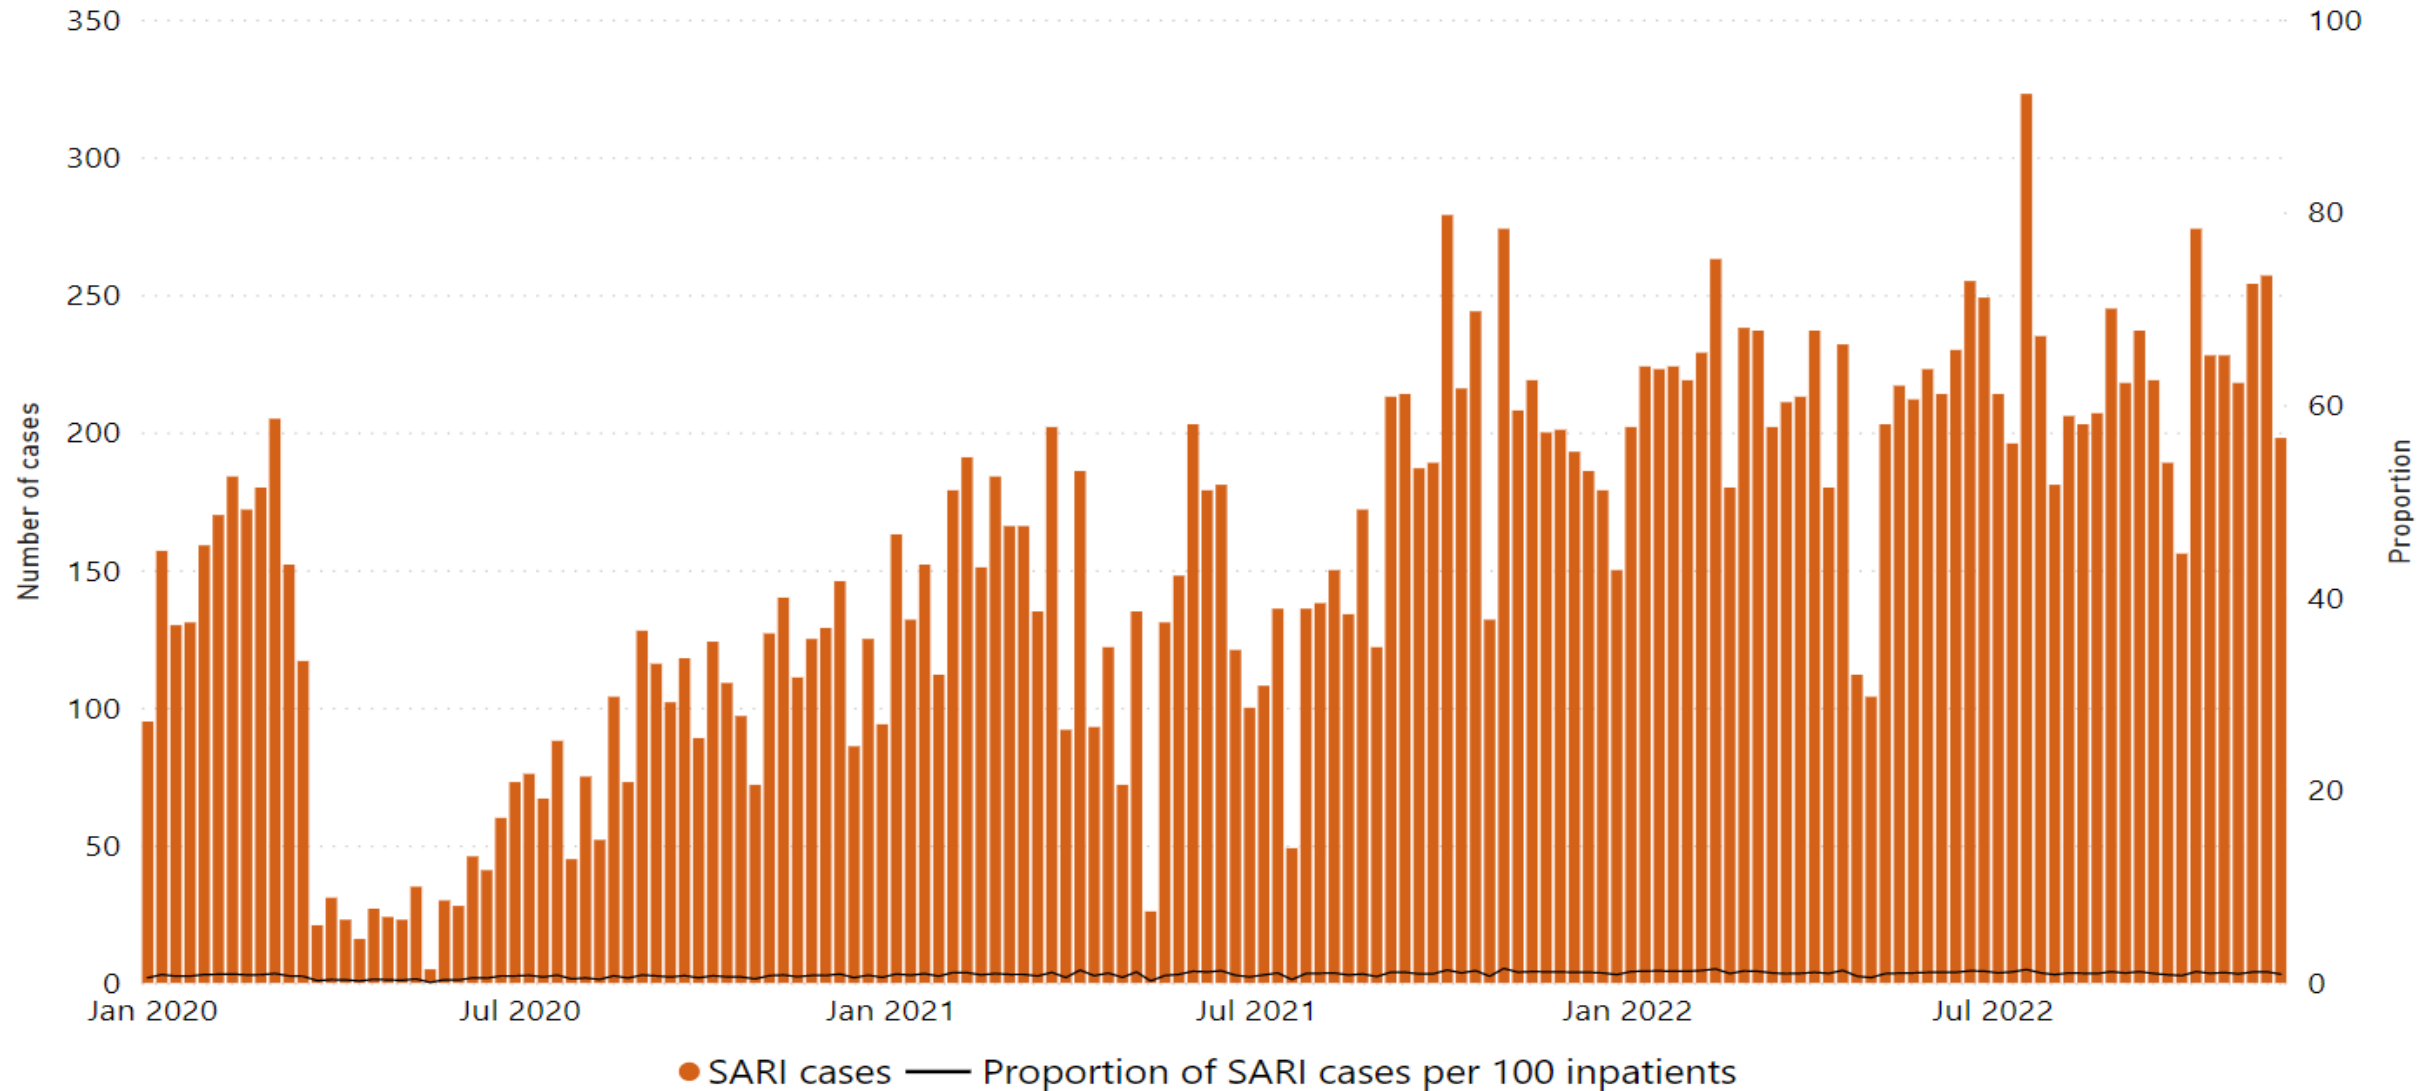

Number of specimens positive for influenza by subtype and % positive Bangladesh, 2020 – 2022*

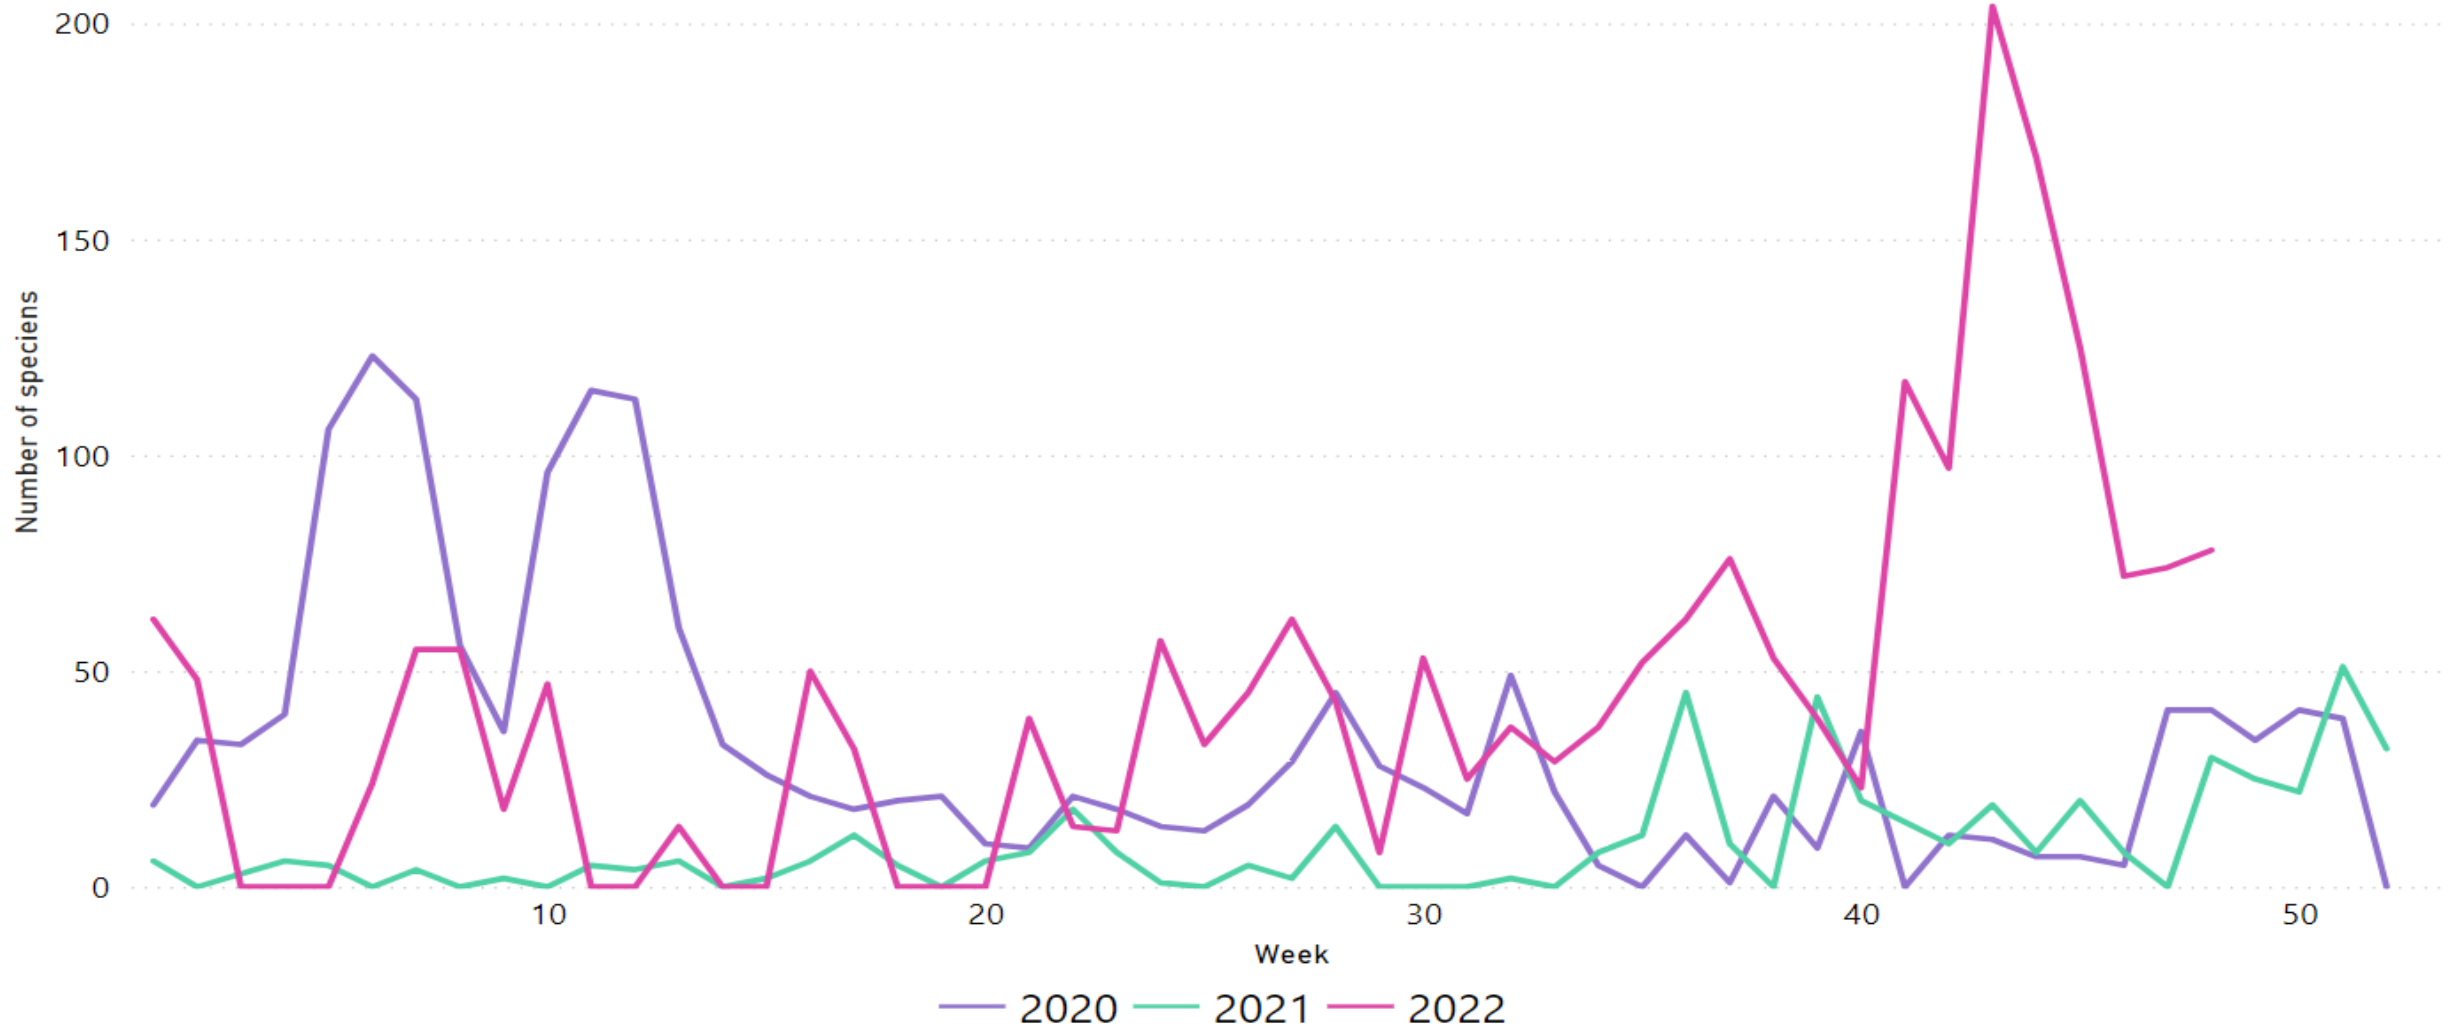

Number of influenza-like illness (ILI) cases, Bangladesh, 2020 – 2022*

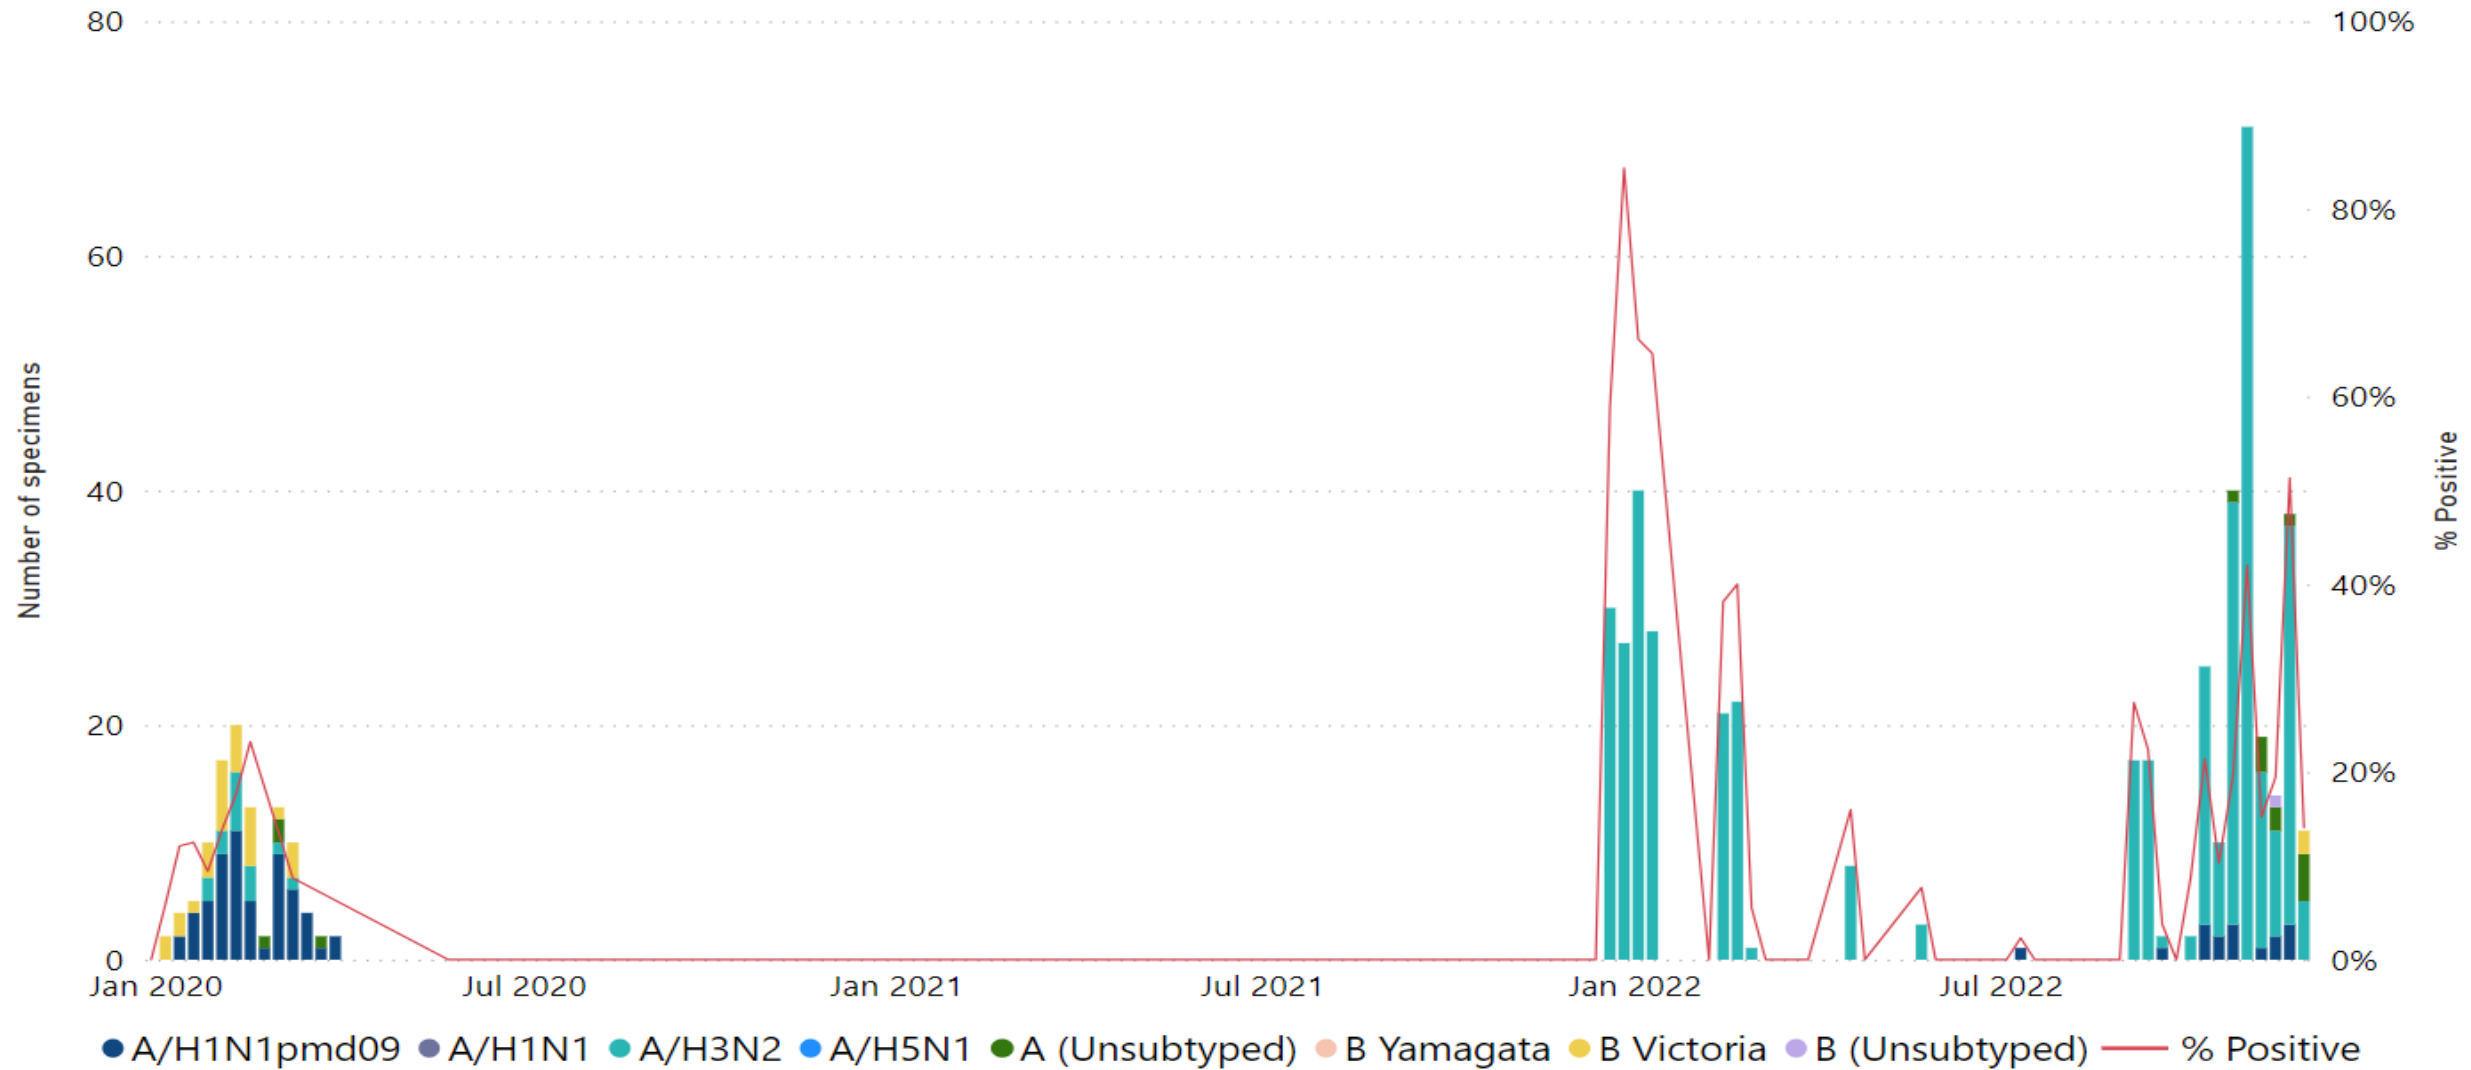

Number of severe acute respiratory infection (SARI) cases and proportion of SARI cases per 100 inpatients, Bangladesh, 2020 – 2022*

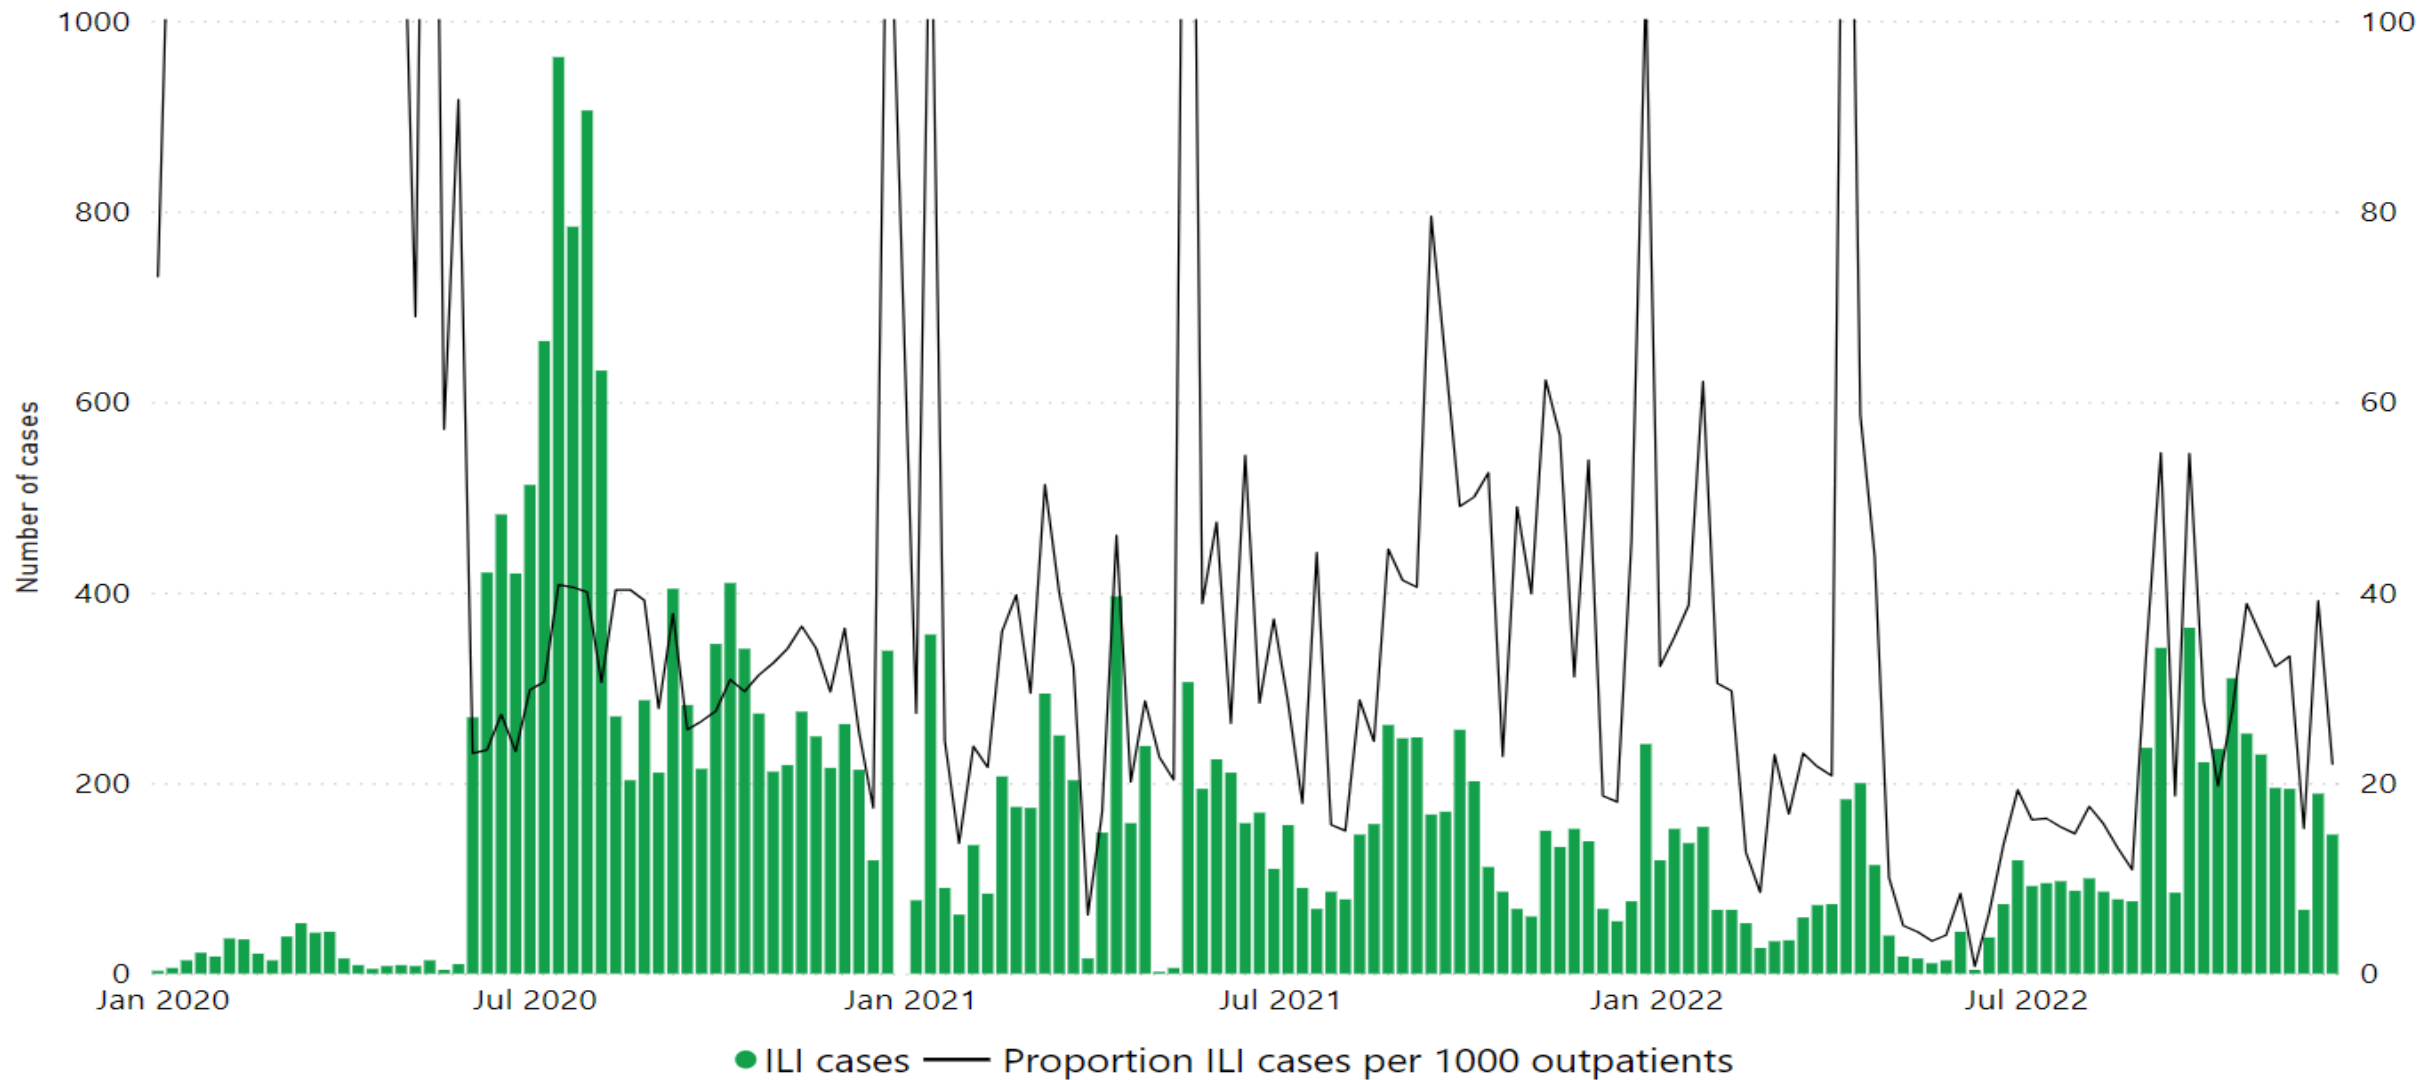

Number of specimens processed for influenza by month and year Bhutan, 2020 – 2022*

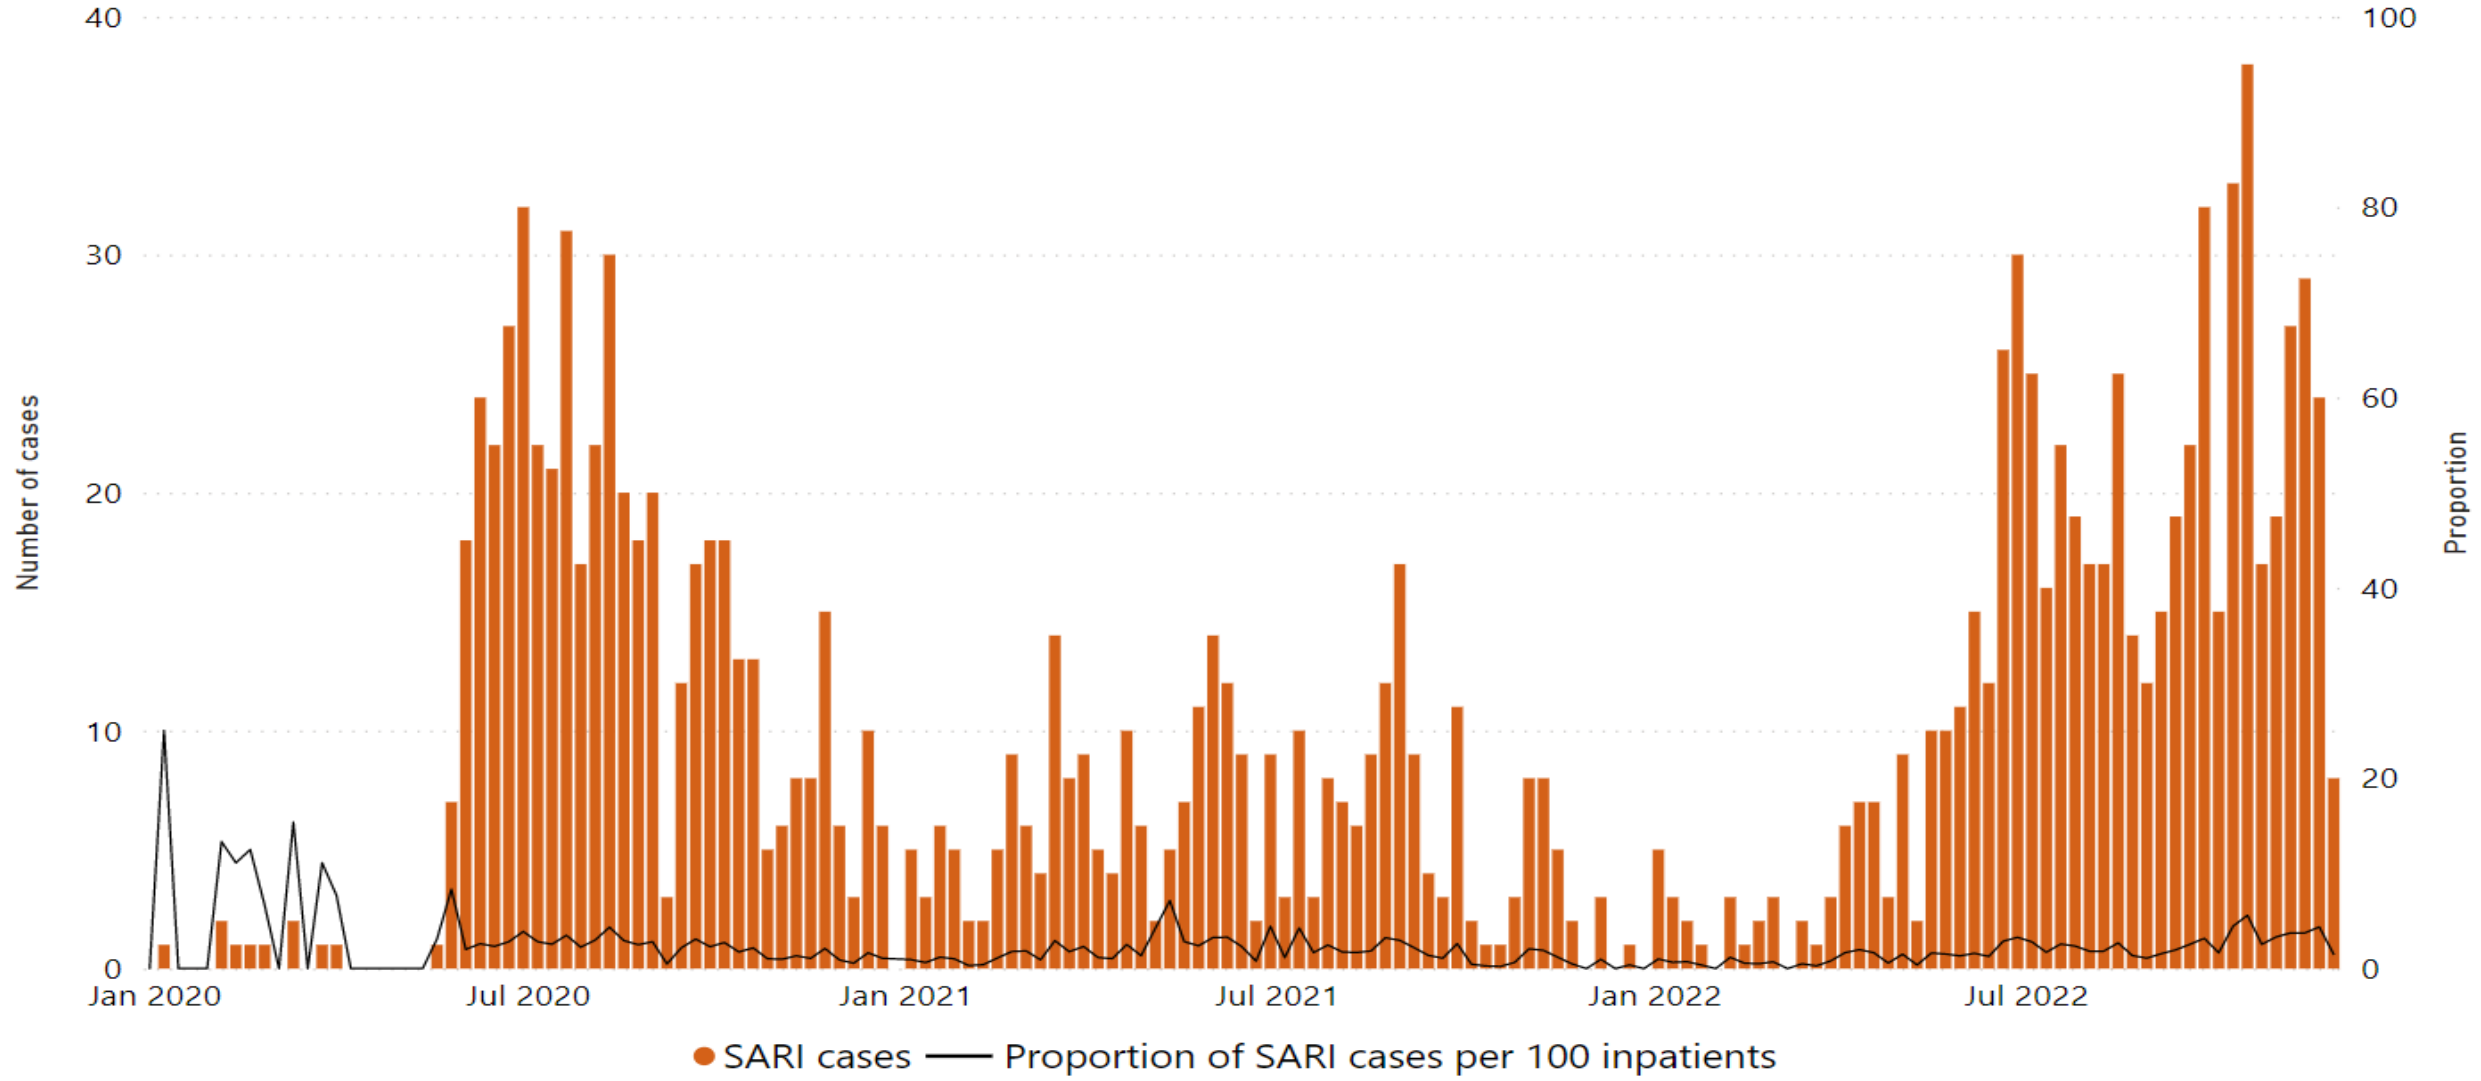

Number of specimens positive for influenza by subtype and % positive Bhutan, 2020 – 2022*

Number of influenza-like illness (ILI) cases and proportion of ILI cases per 1,000 outpatients Bhutan, 2020 – 2022*

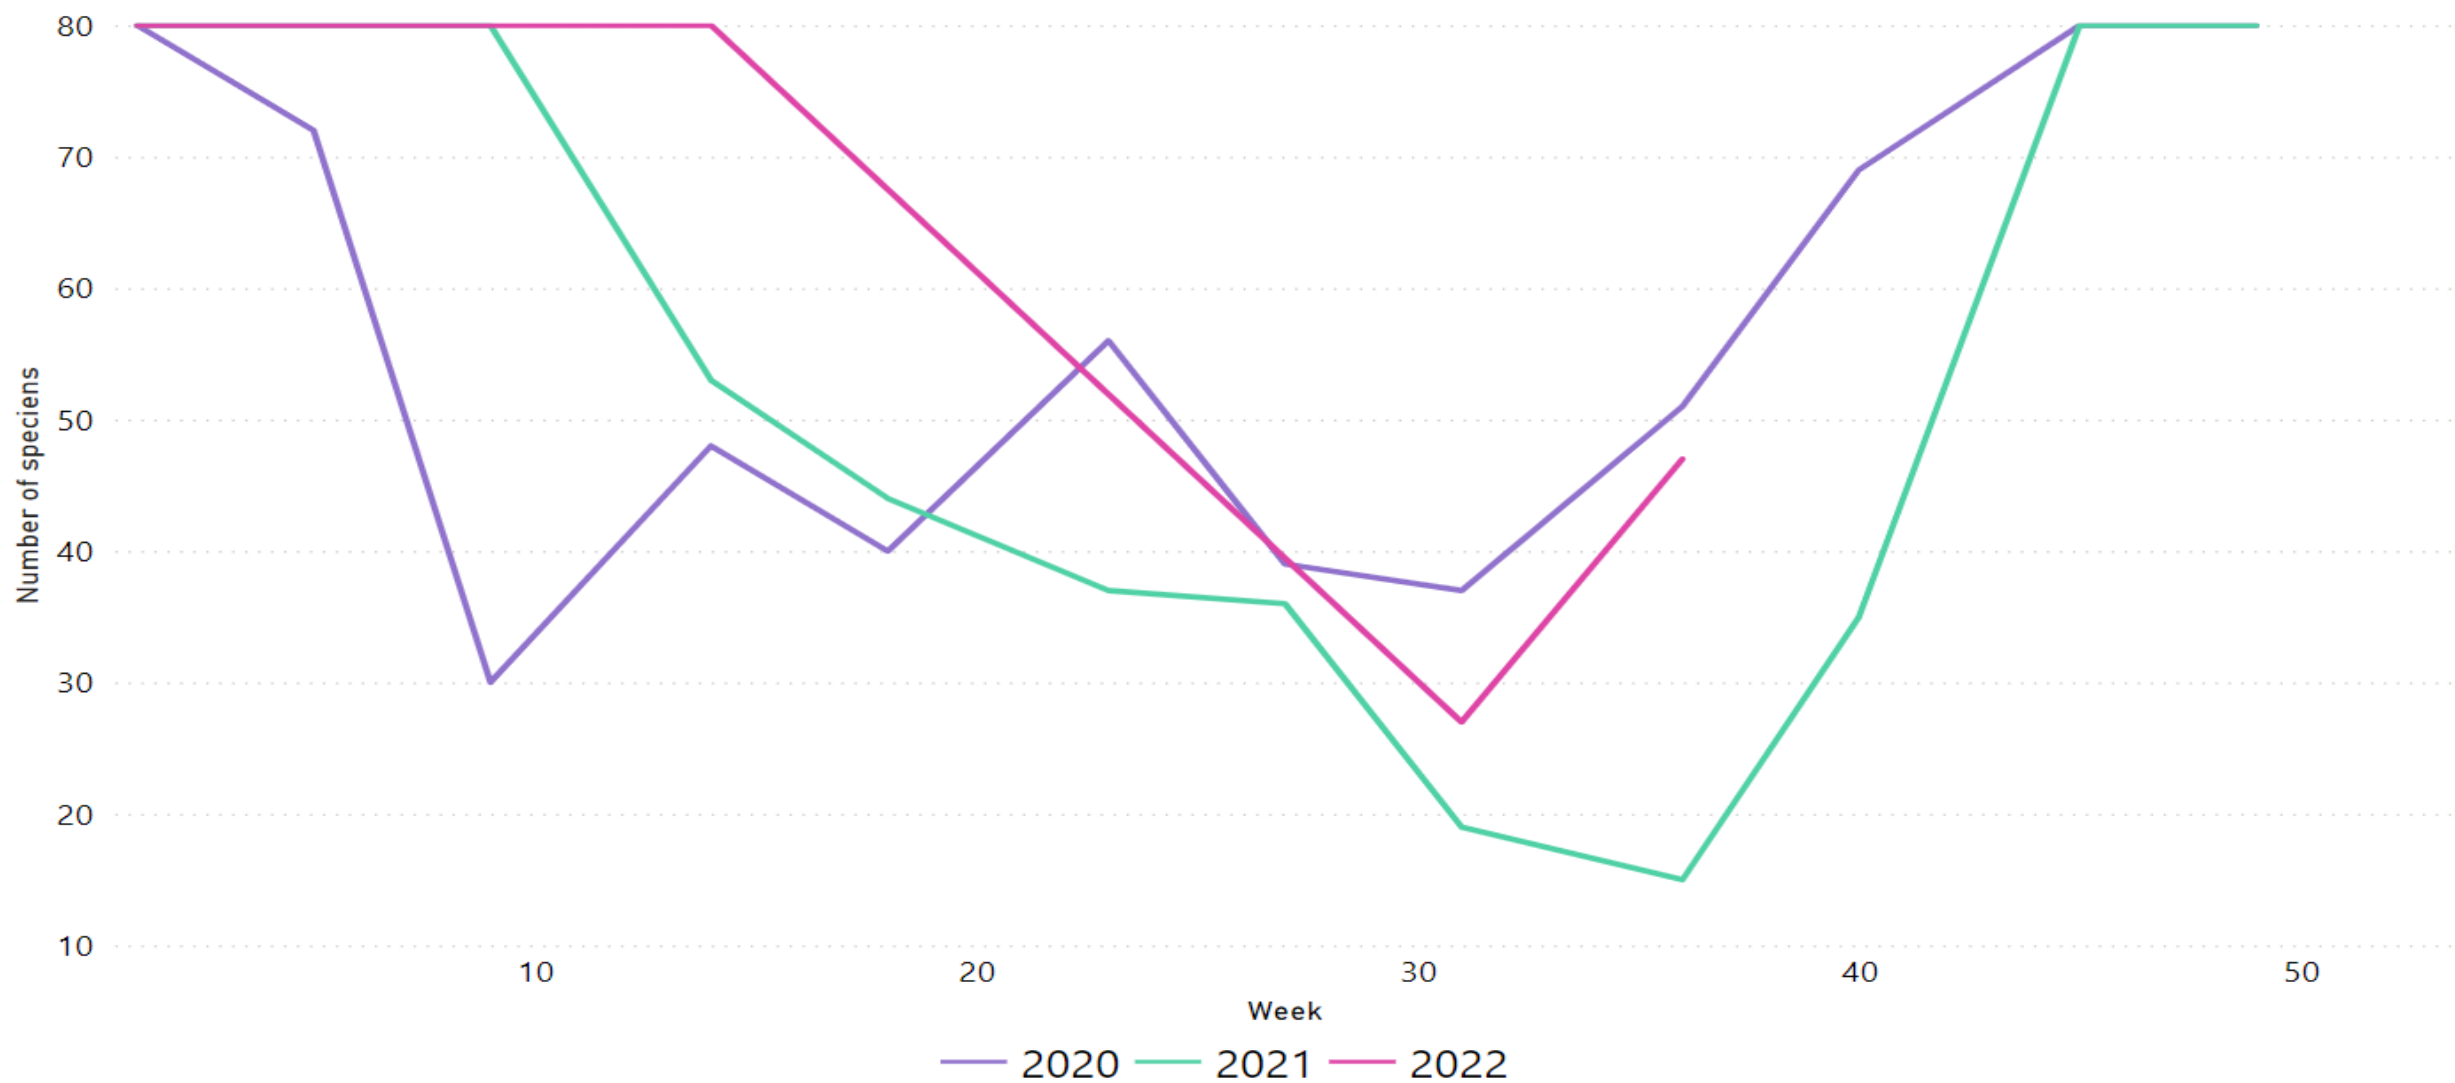

Number of severe acute respiratory infection (SARI) cases and proportion of SARI cases per 100 inpatients, Bhutan, 2020 – 2022*

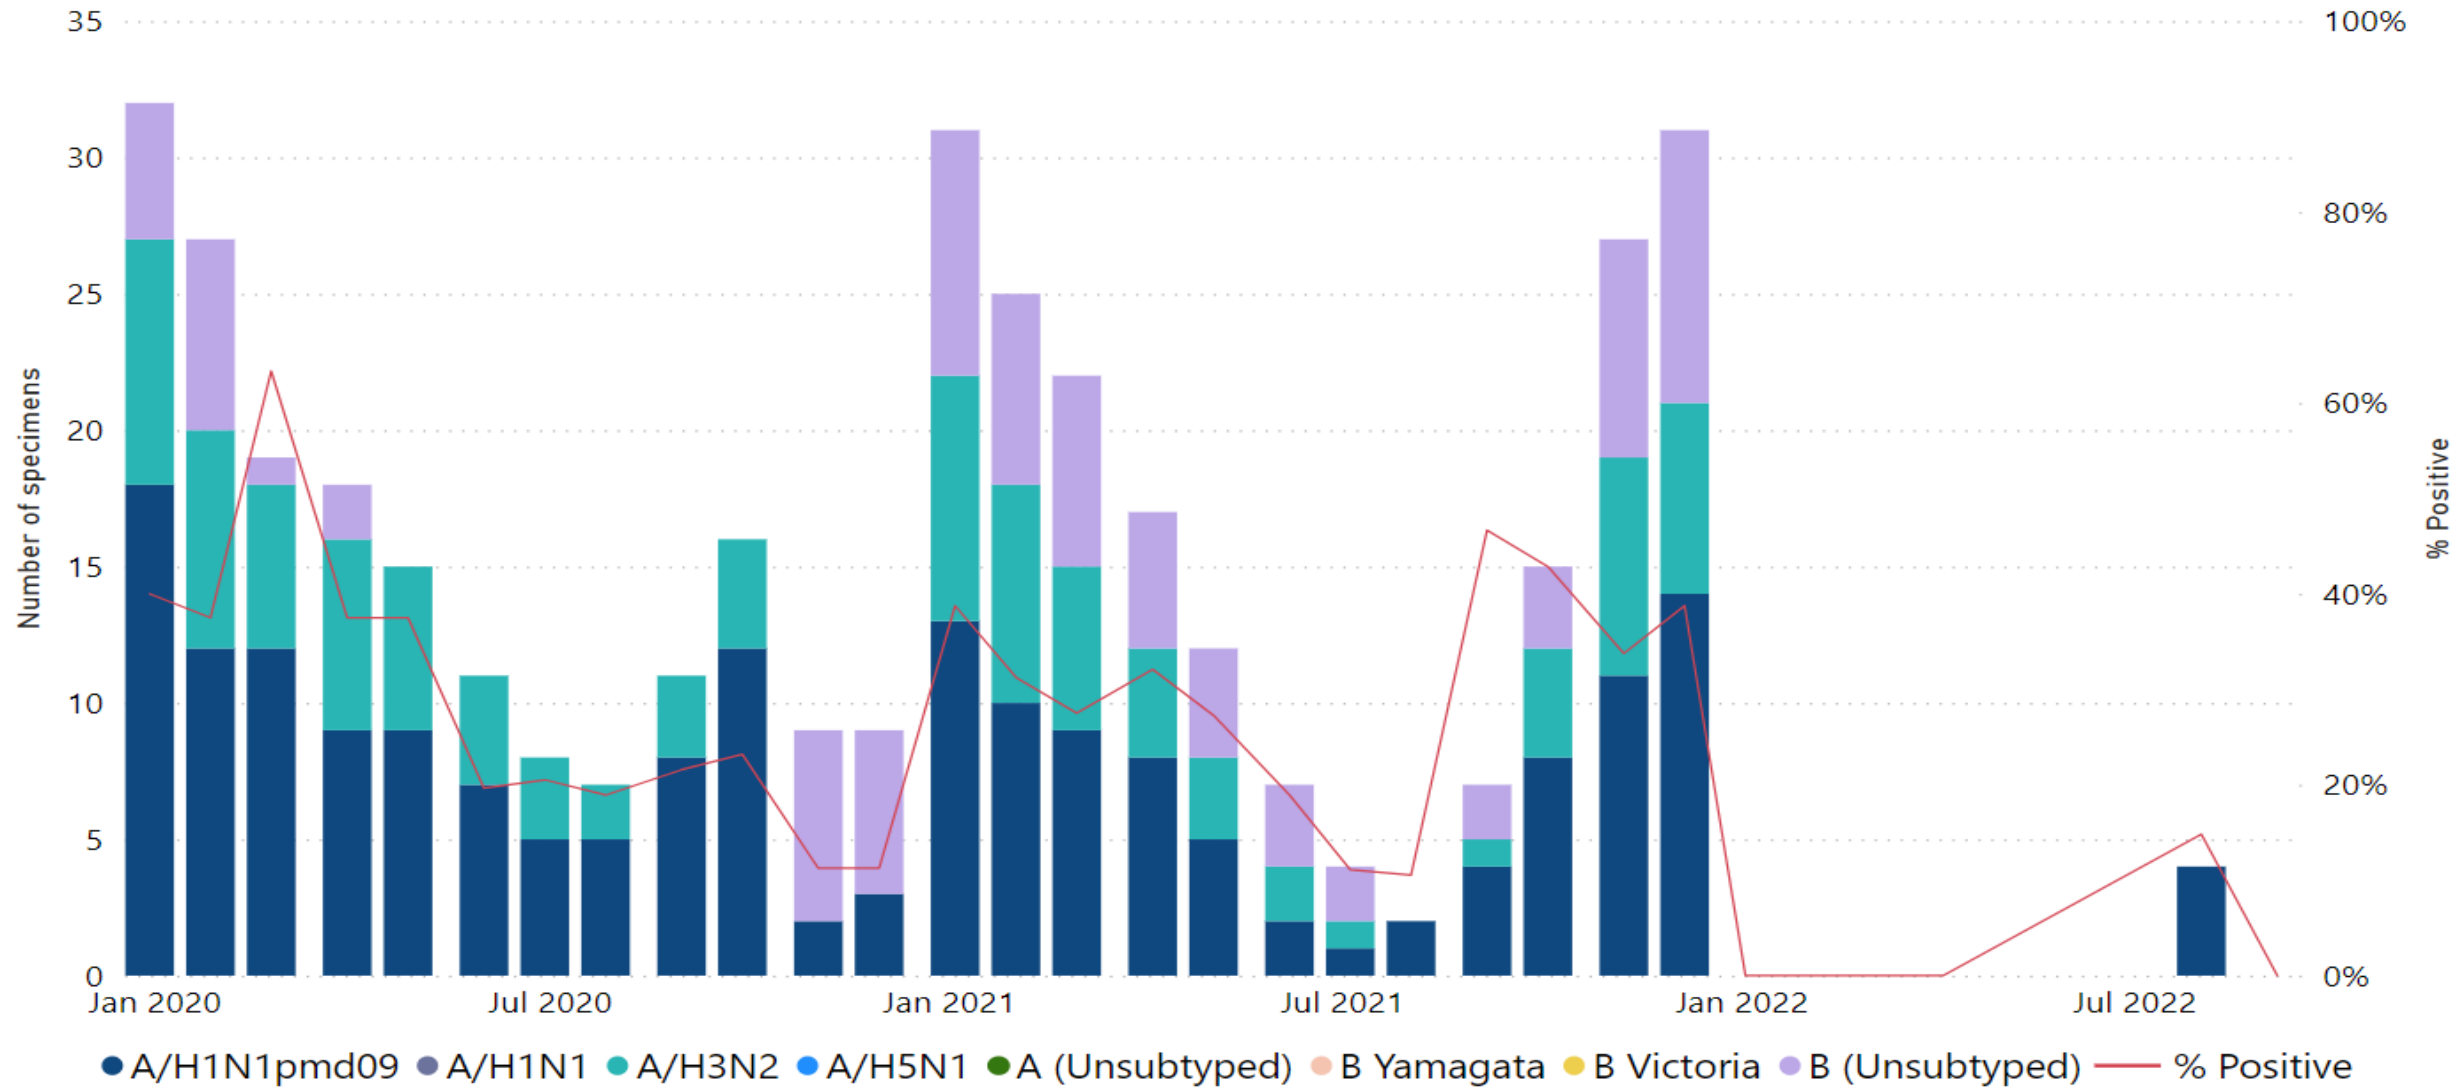

Number of specimens processed for influenza by month and year

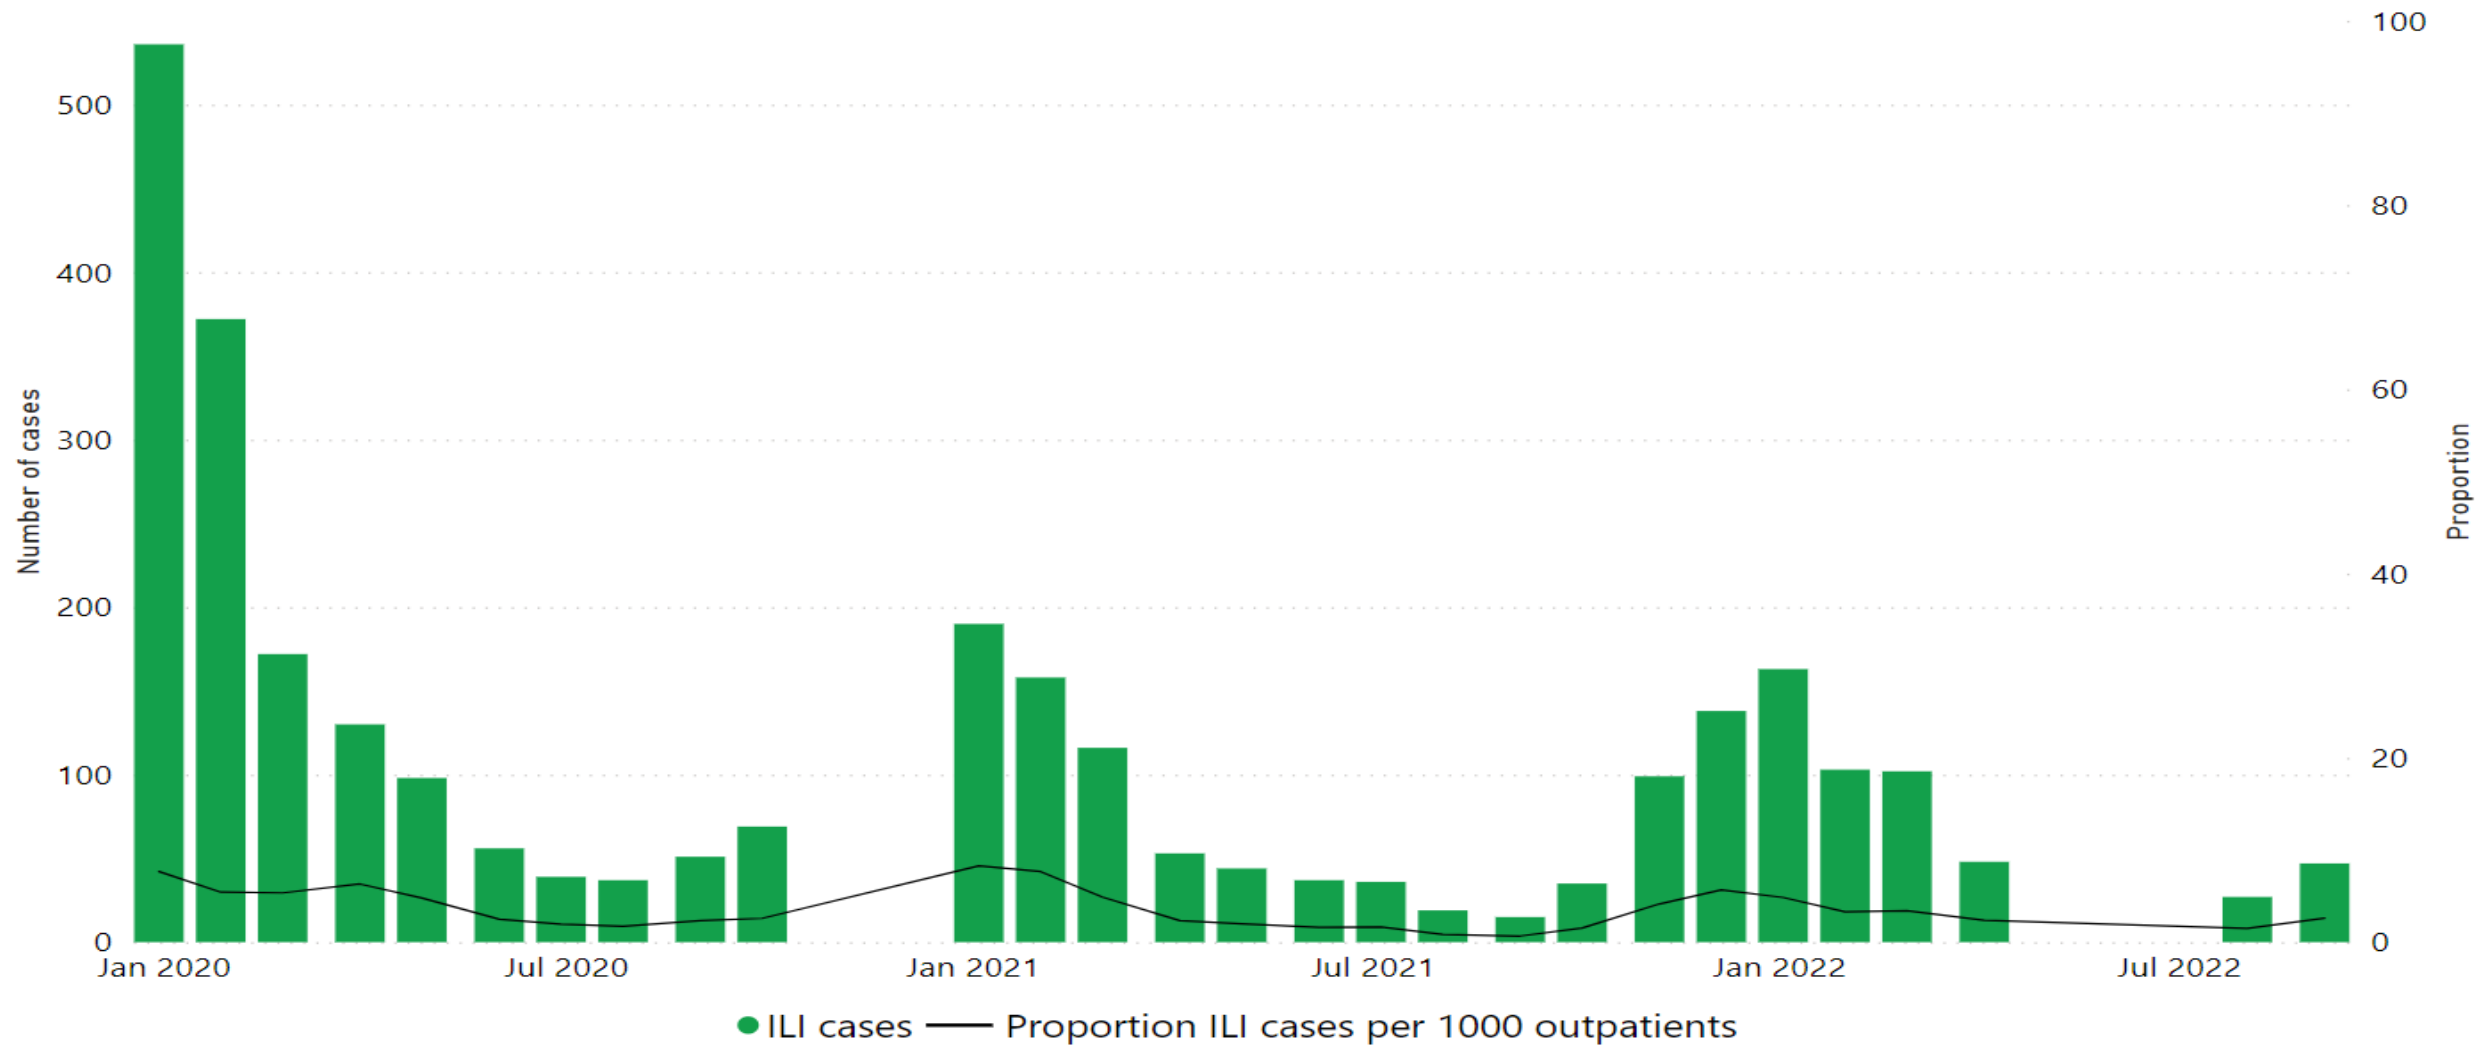

DPR Korea, 2020 – 2022*

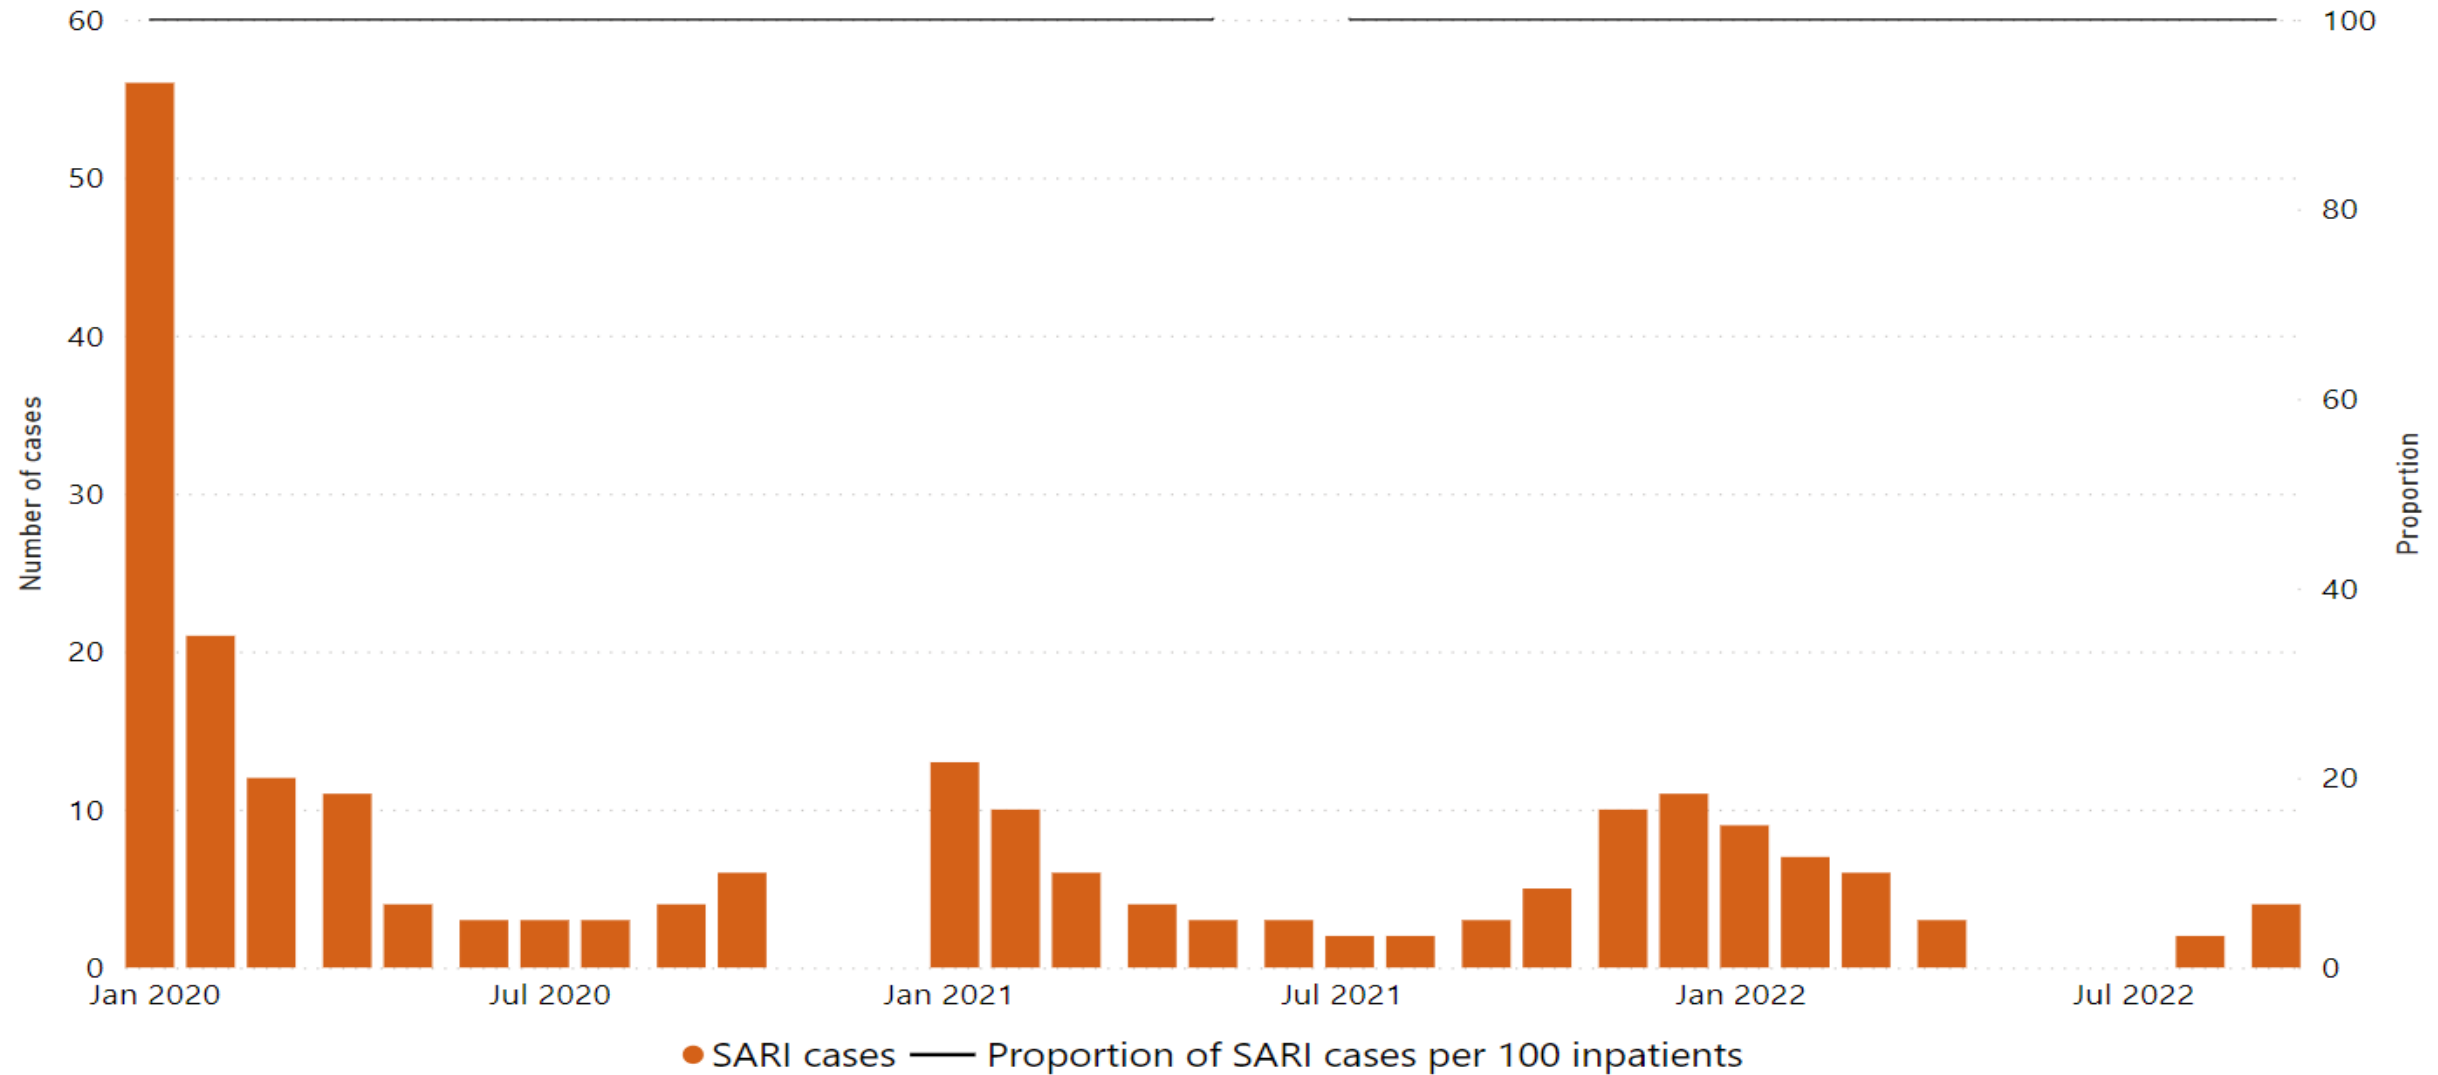

Number of specimens positive for influenza by subtype and % positive DPR Korea, 2020 – 2022*

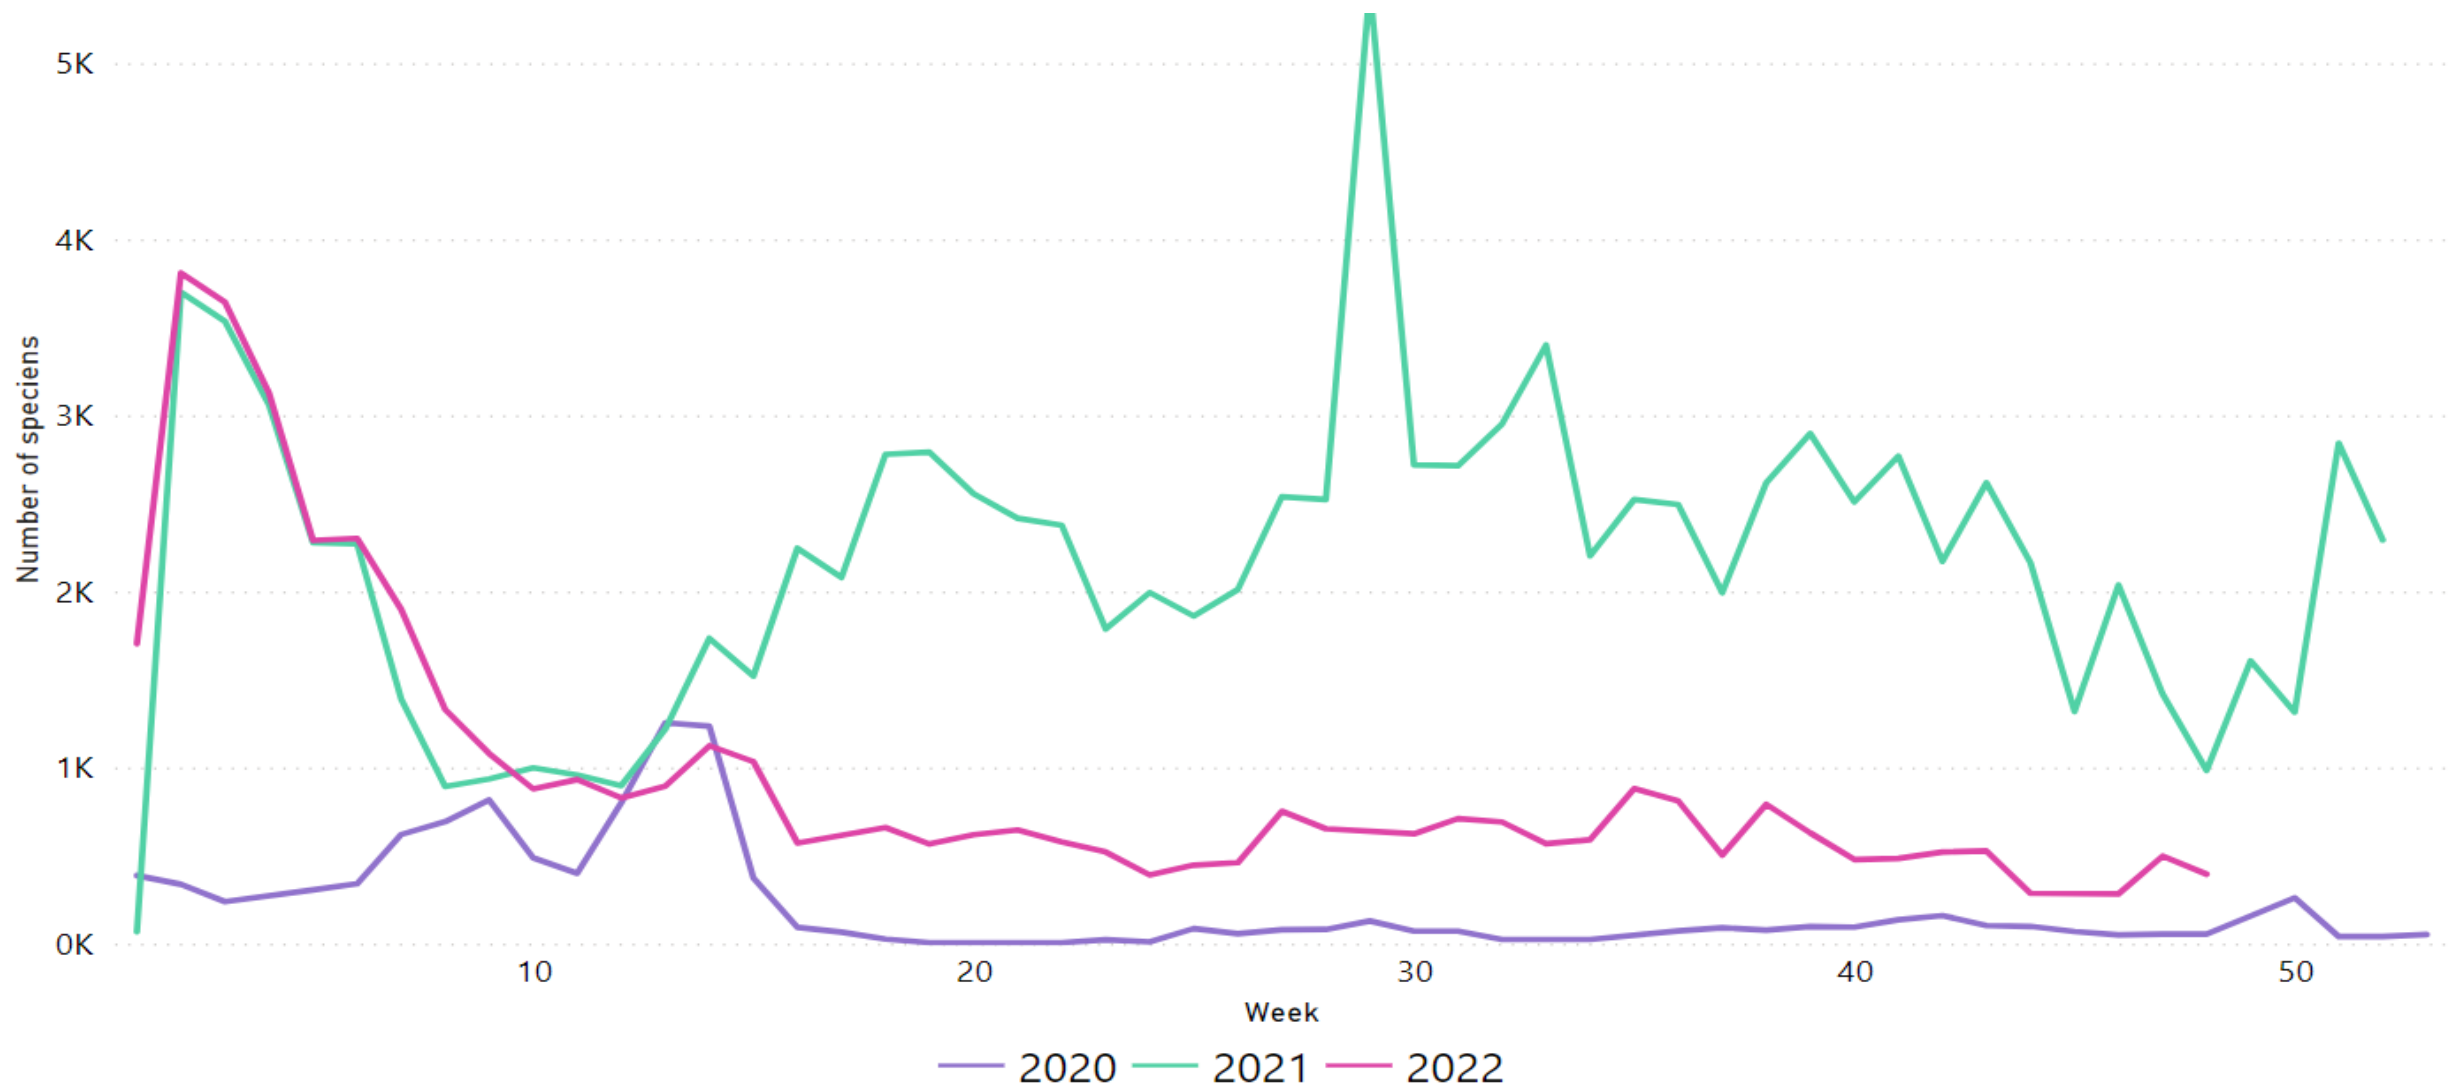

Number of influenza-like illness (ILI) cases and proportion of ILI cases per 1,000 outpatients DPR Korea, 2020 – 2022*

Number of severe acute respiratory infection (SARI) cases and proportion of SARI cases per 100 inpatients, DPR Korea, 2020 – 2022*

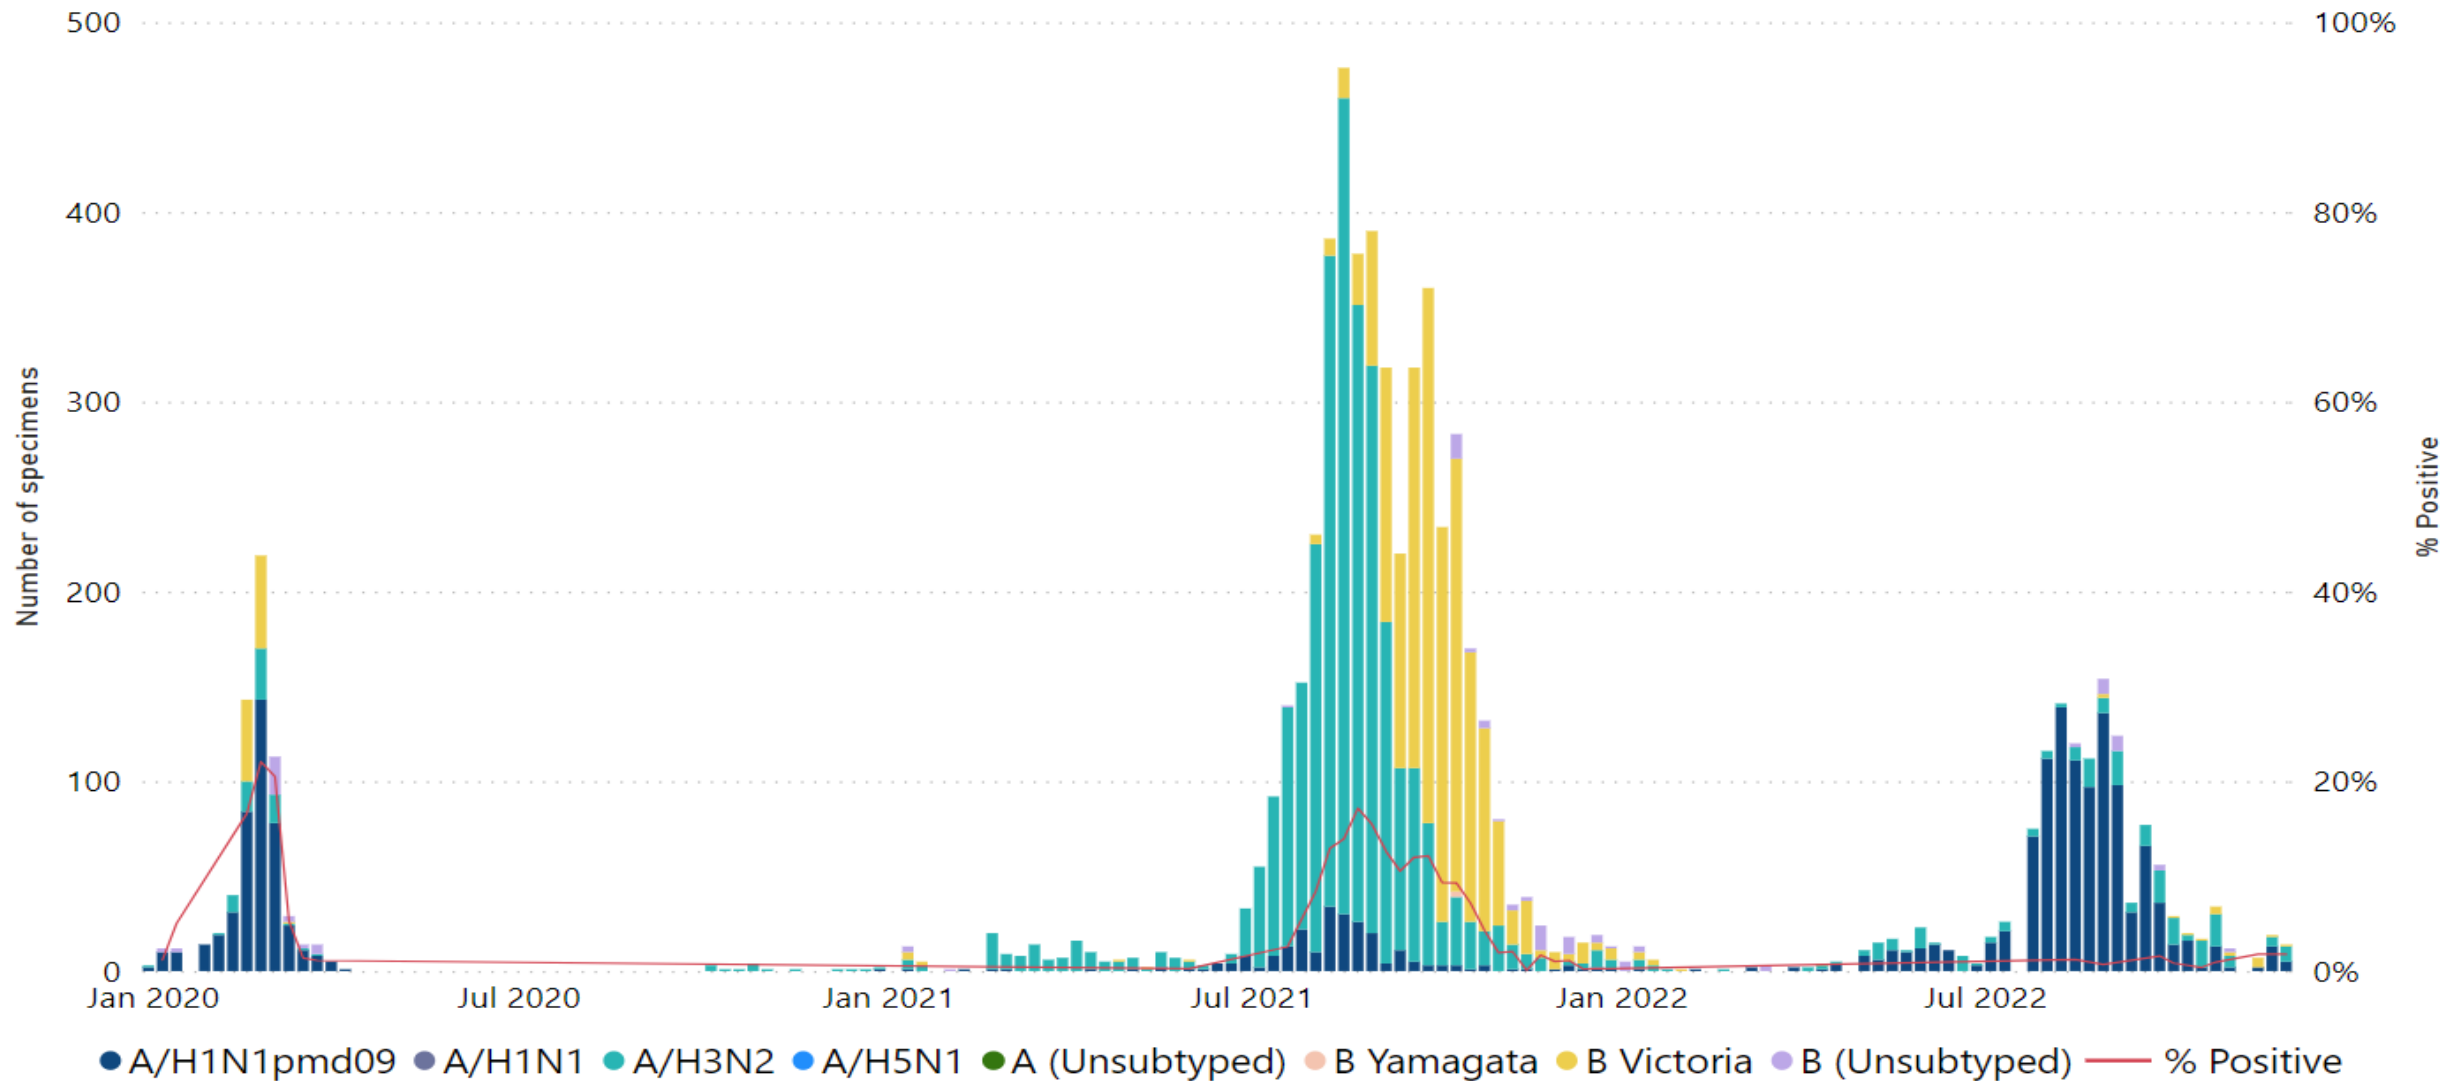

Number of specimens processed for influenza by month and year India, 2020 – 2022*

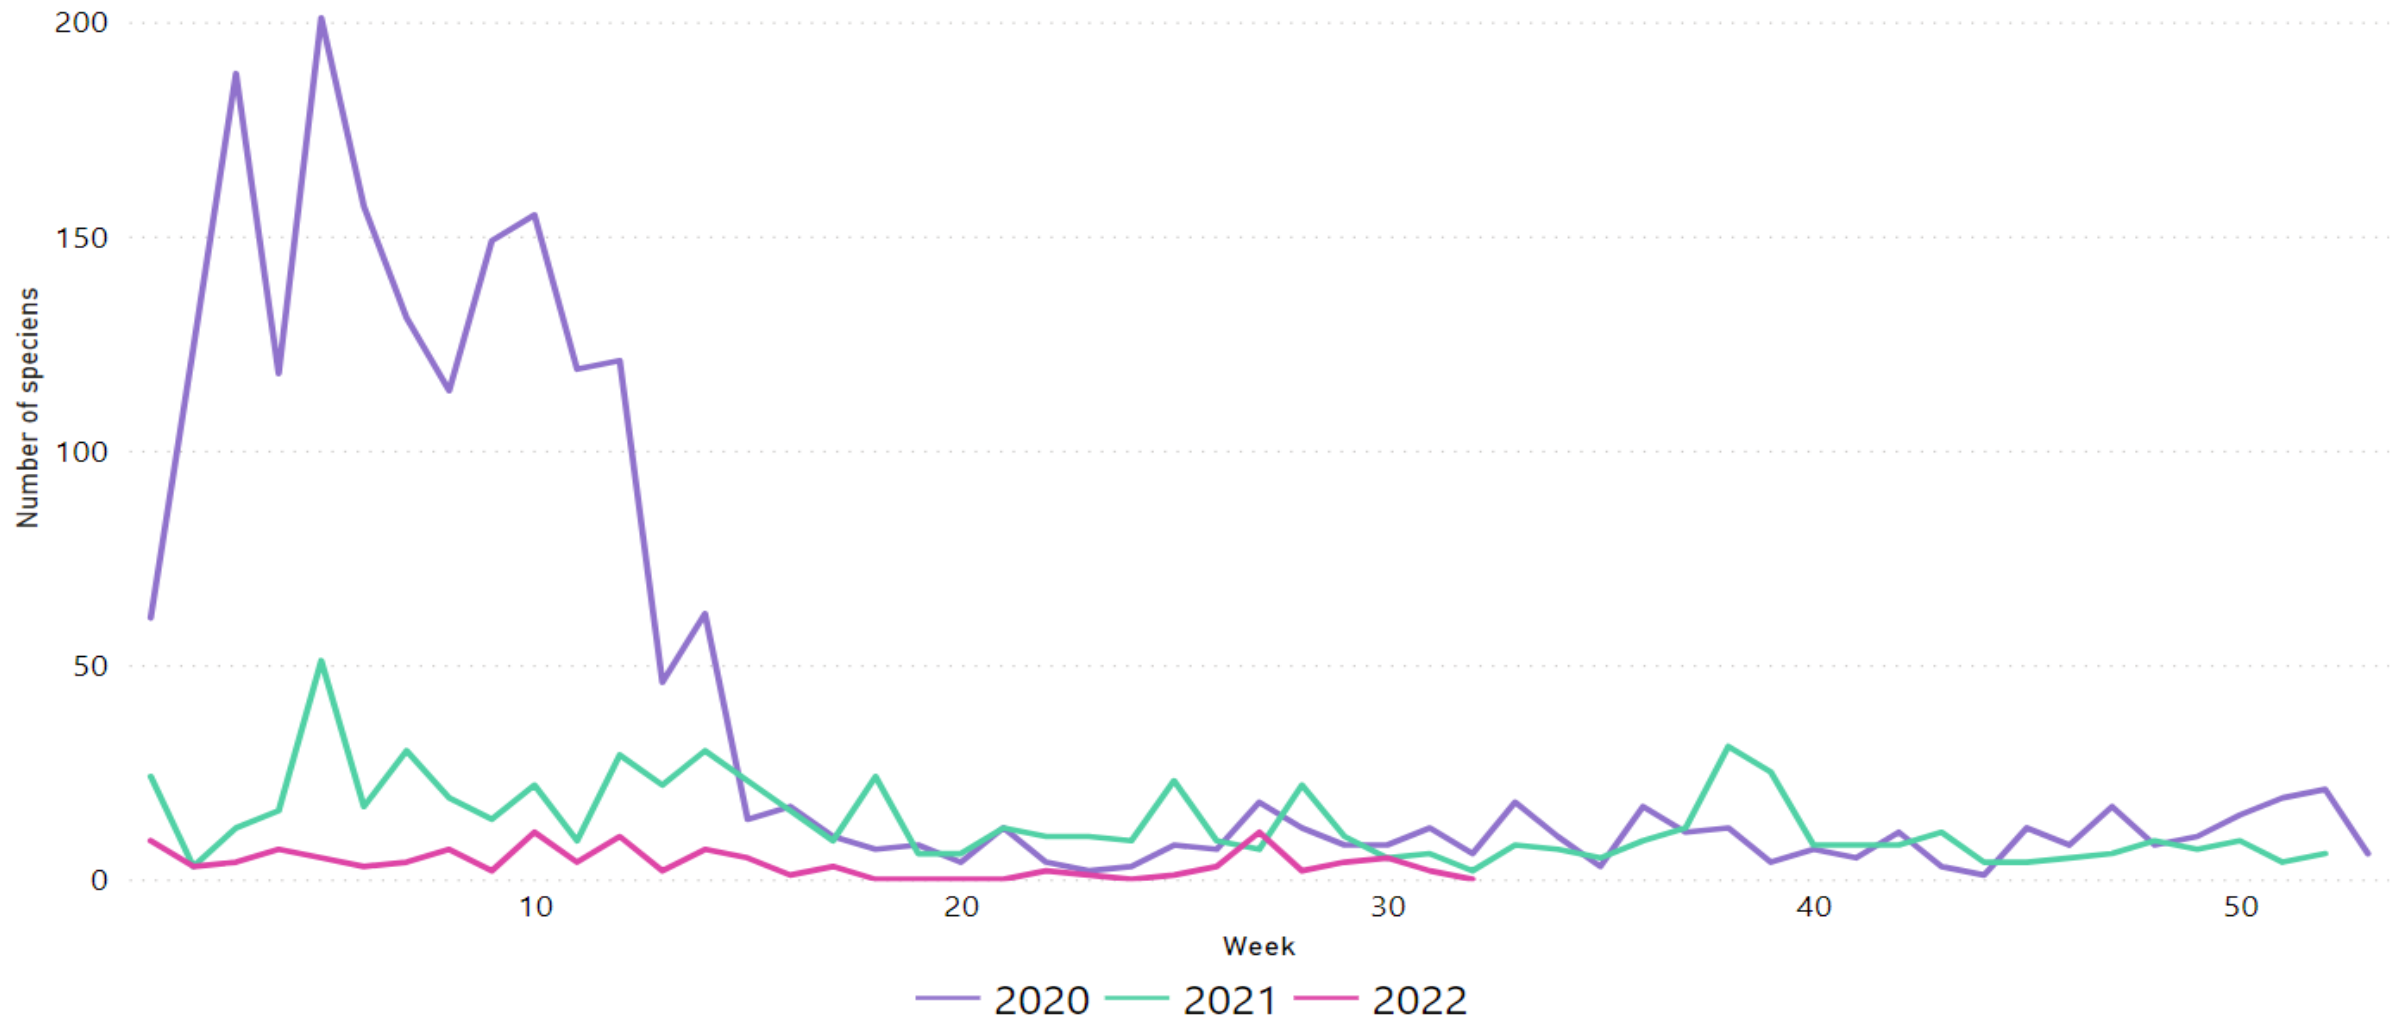

*Data source: FluMart, GISRS as of 30 Sep 2022

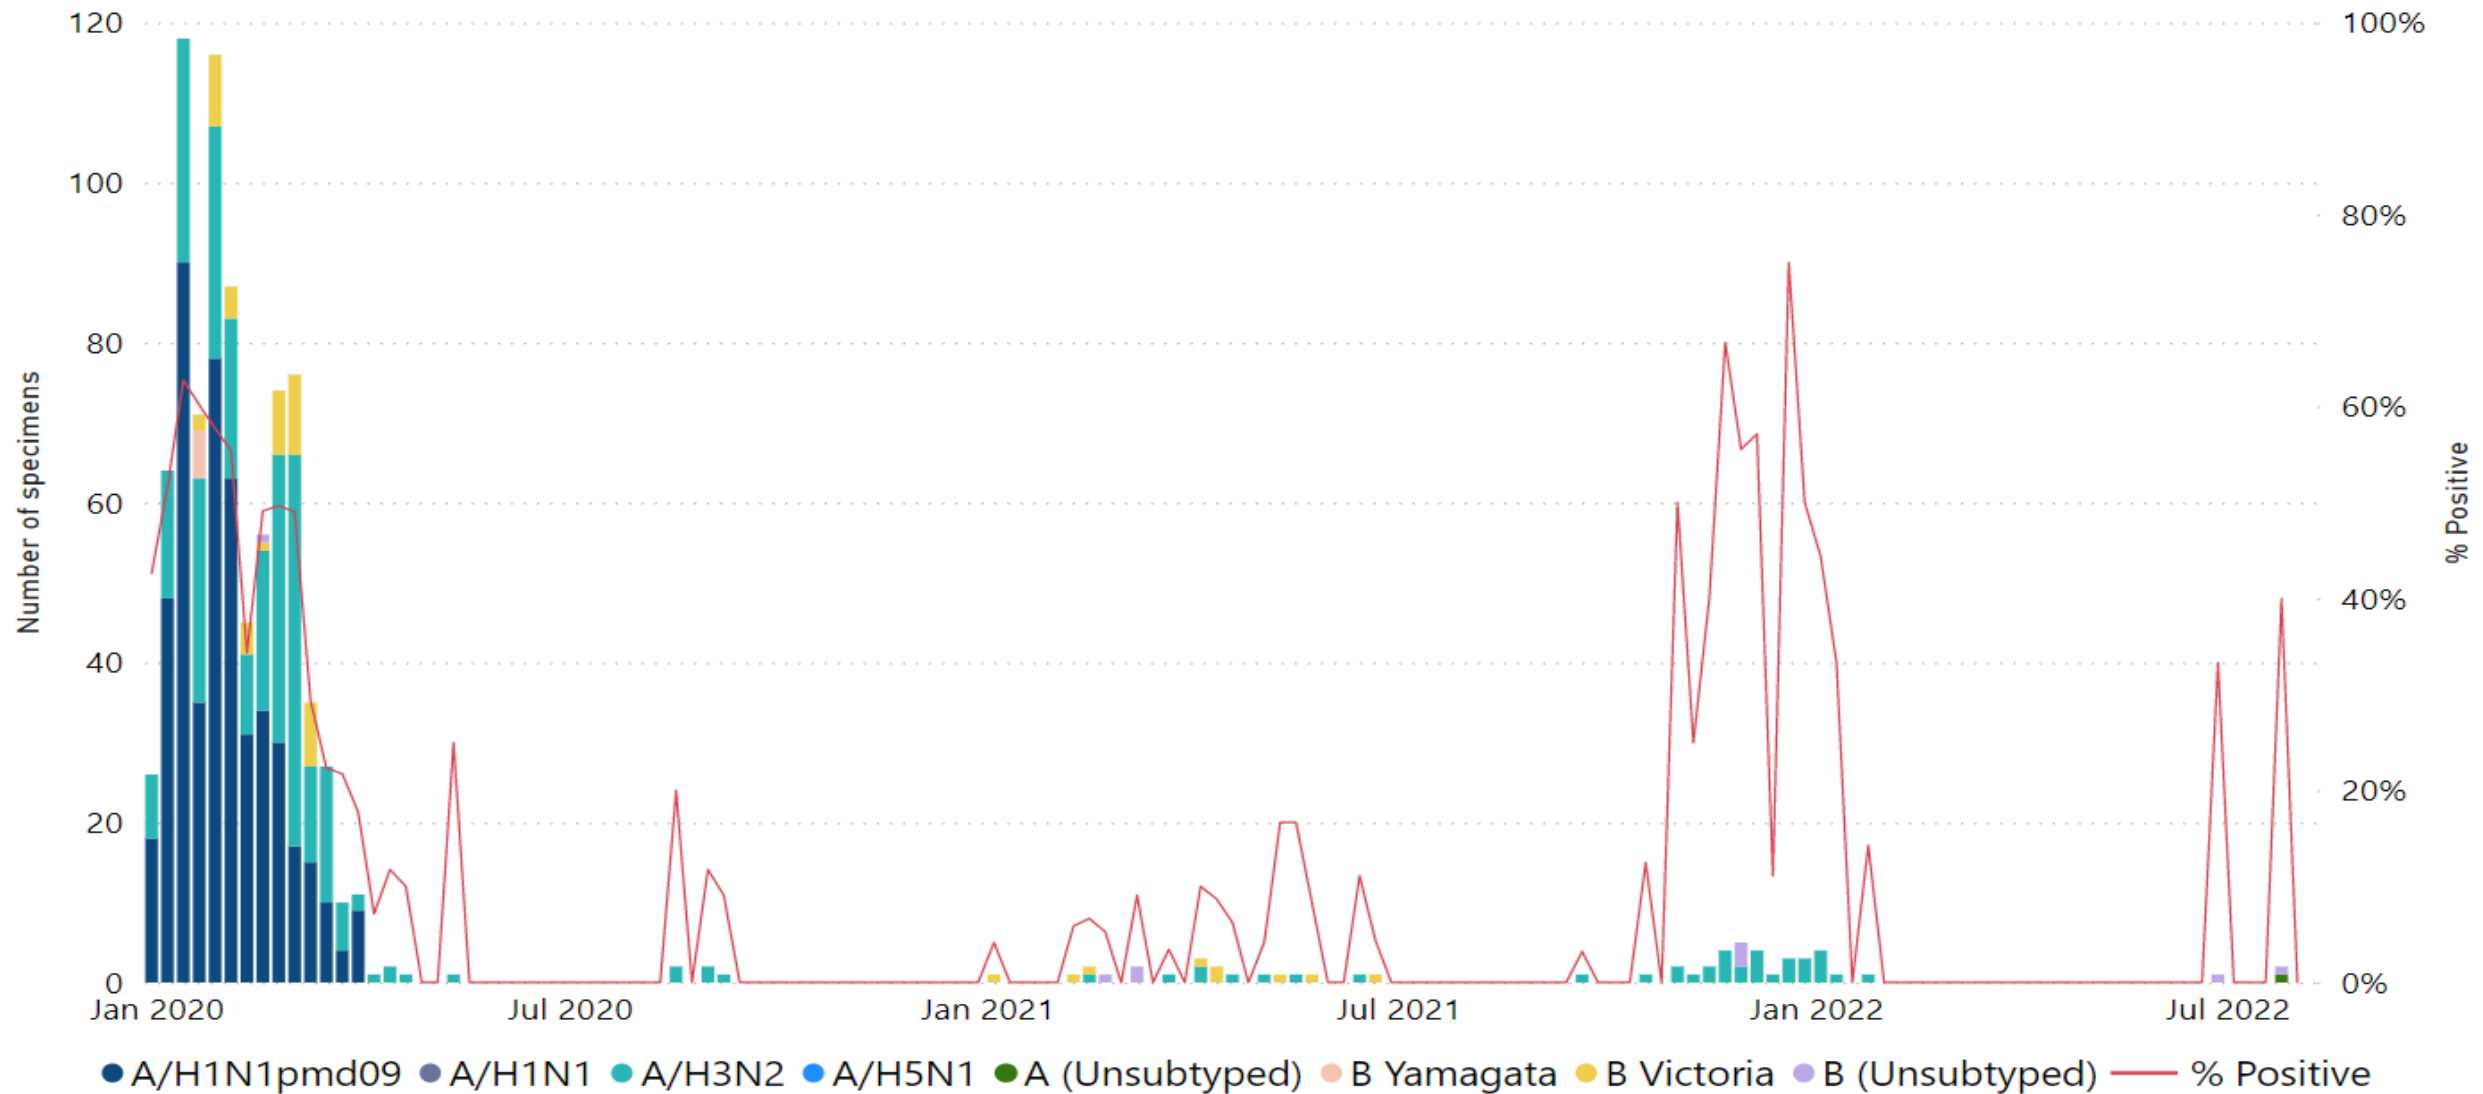

Number of specimens positive for influenza by subtype and % positive India, 2020 – 2022*

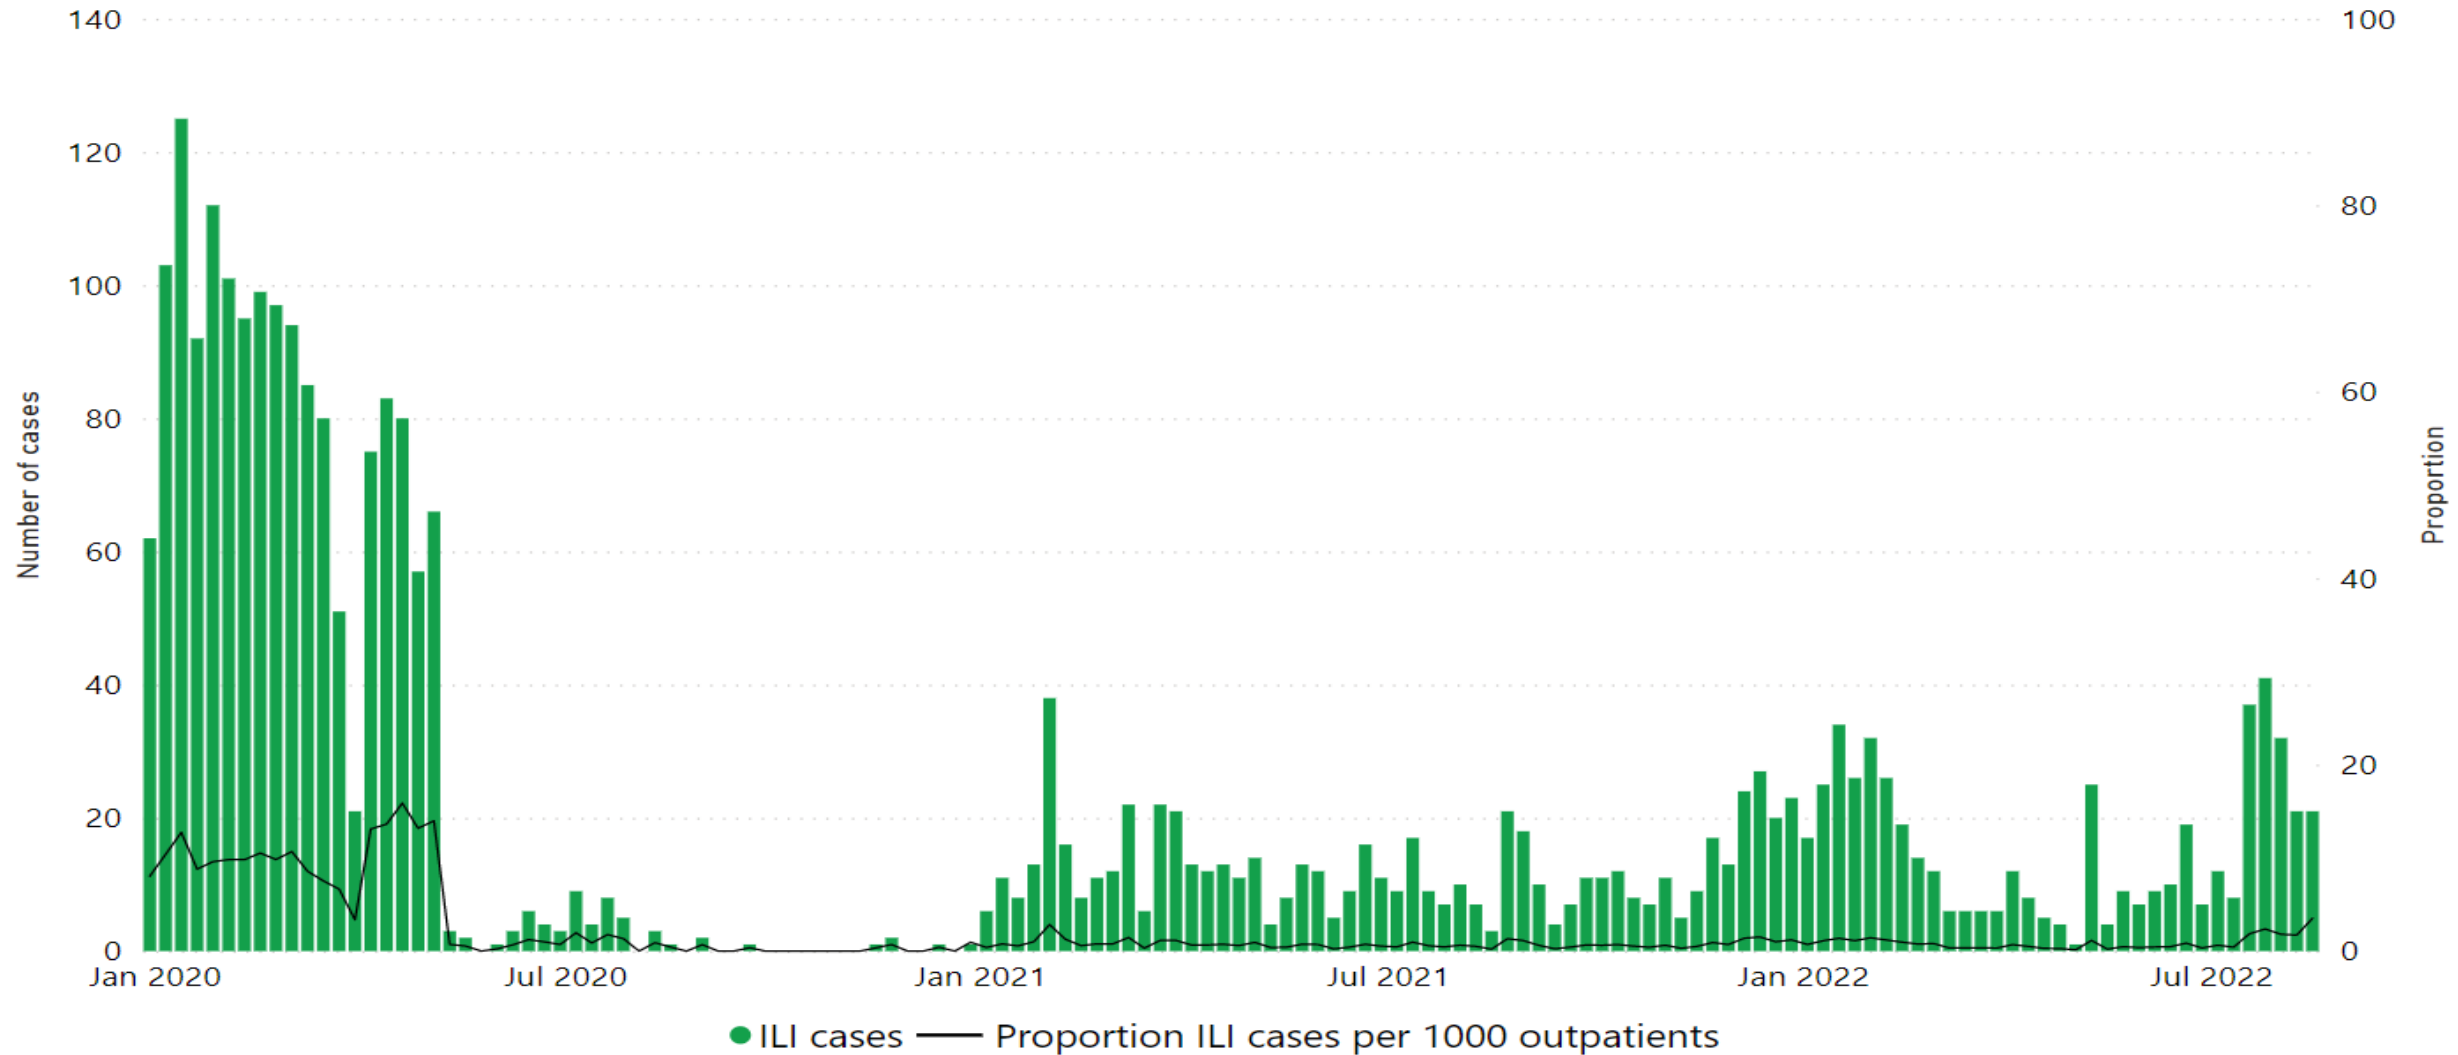

Number of specimens processed for influenza by month and year Indonesia, 2020 – 2022*

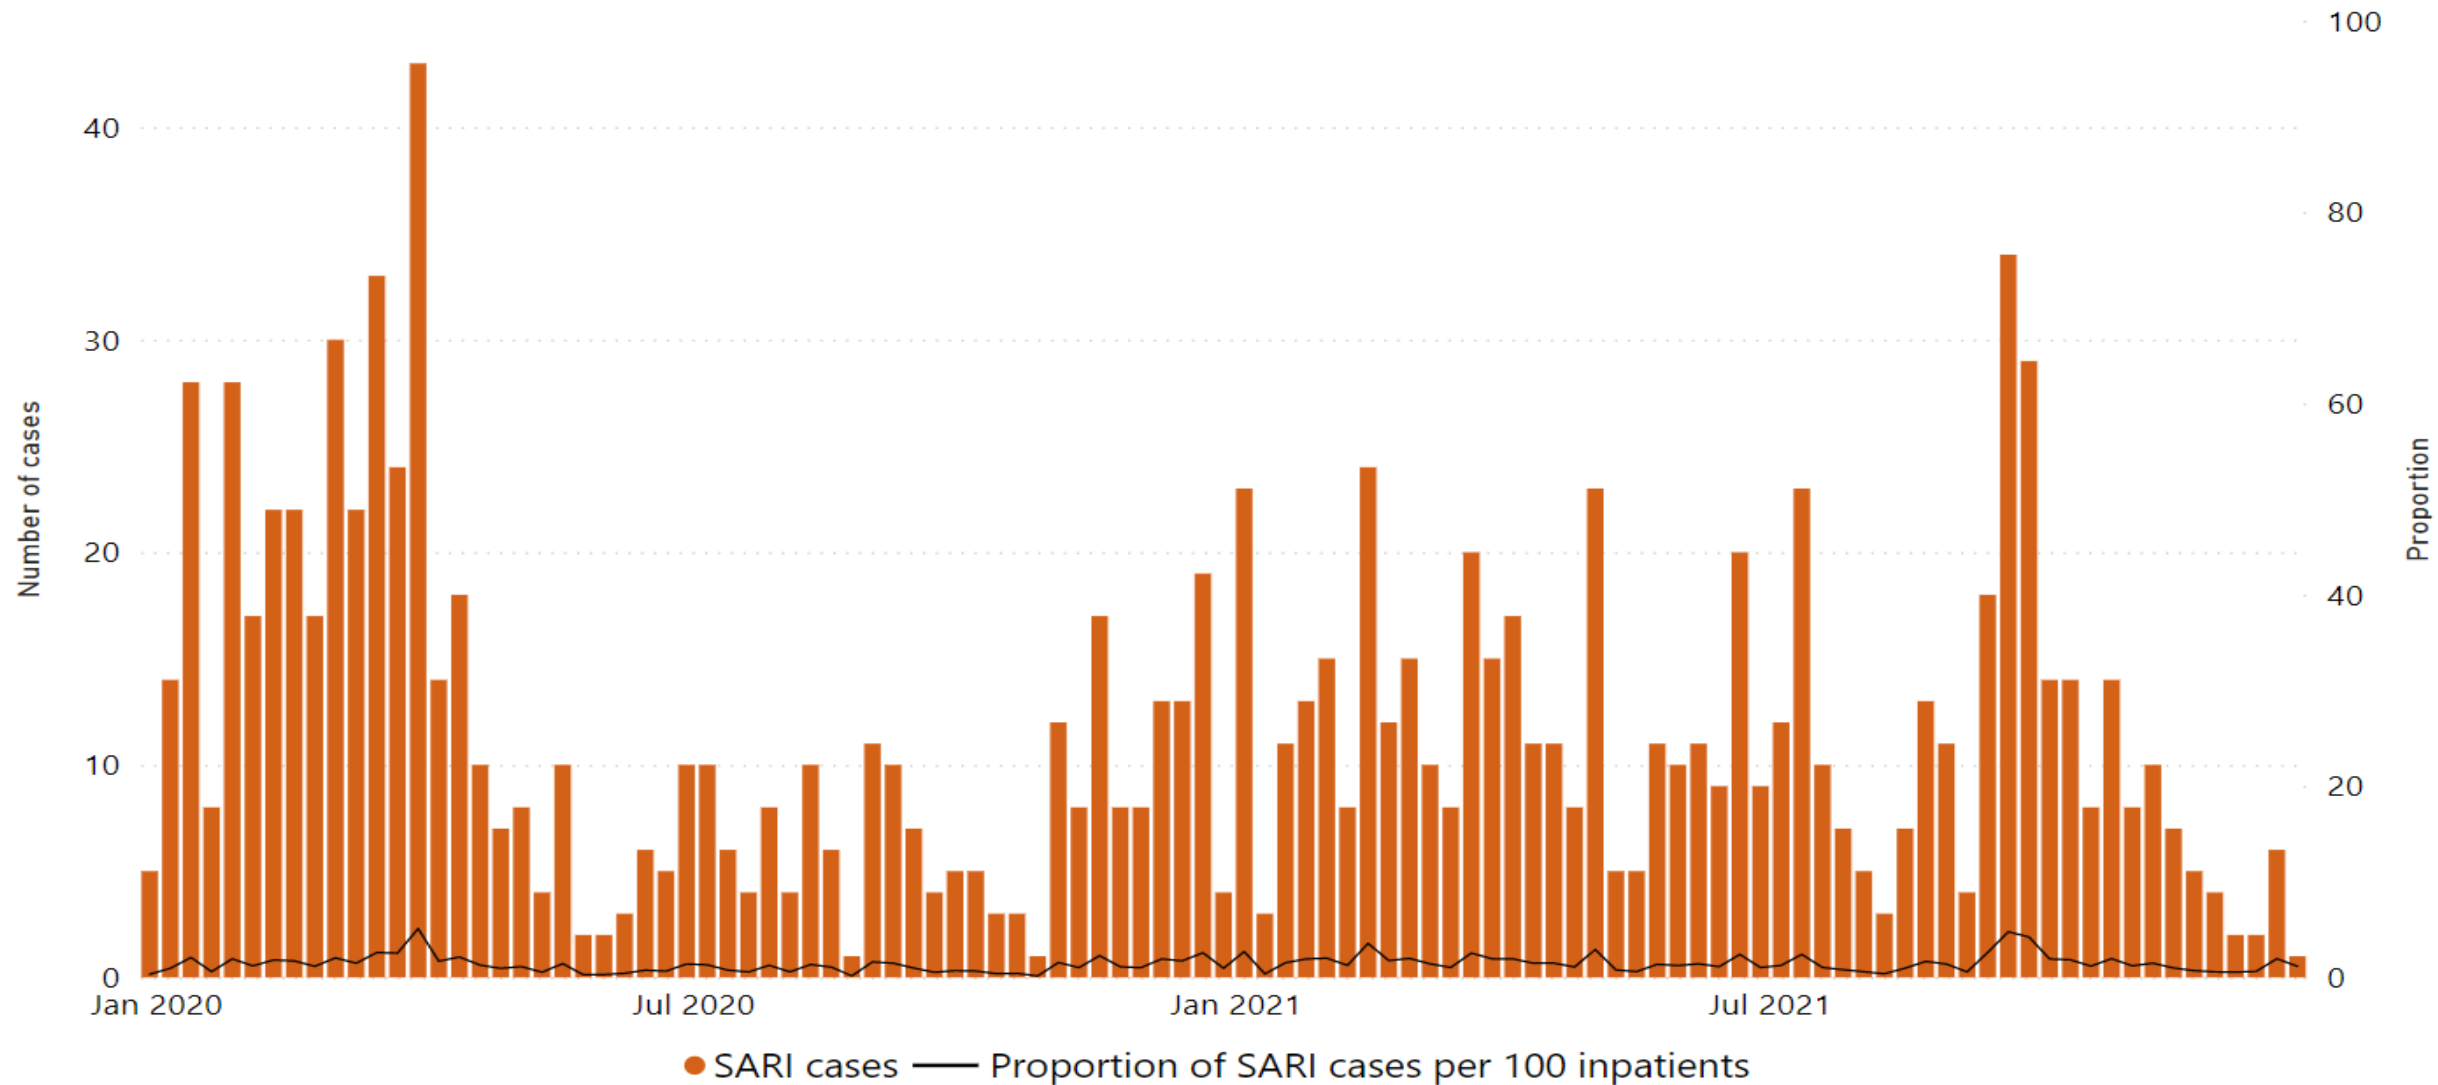

Number of specimens positive for influenza by subtype and % positive Indonesia, 2020 – 2022*

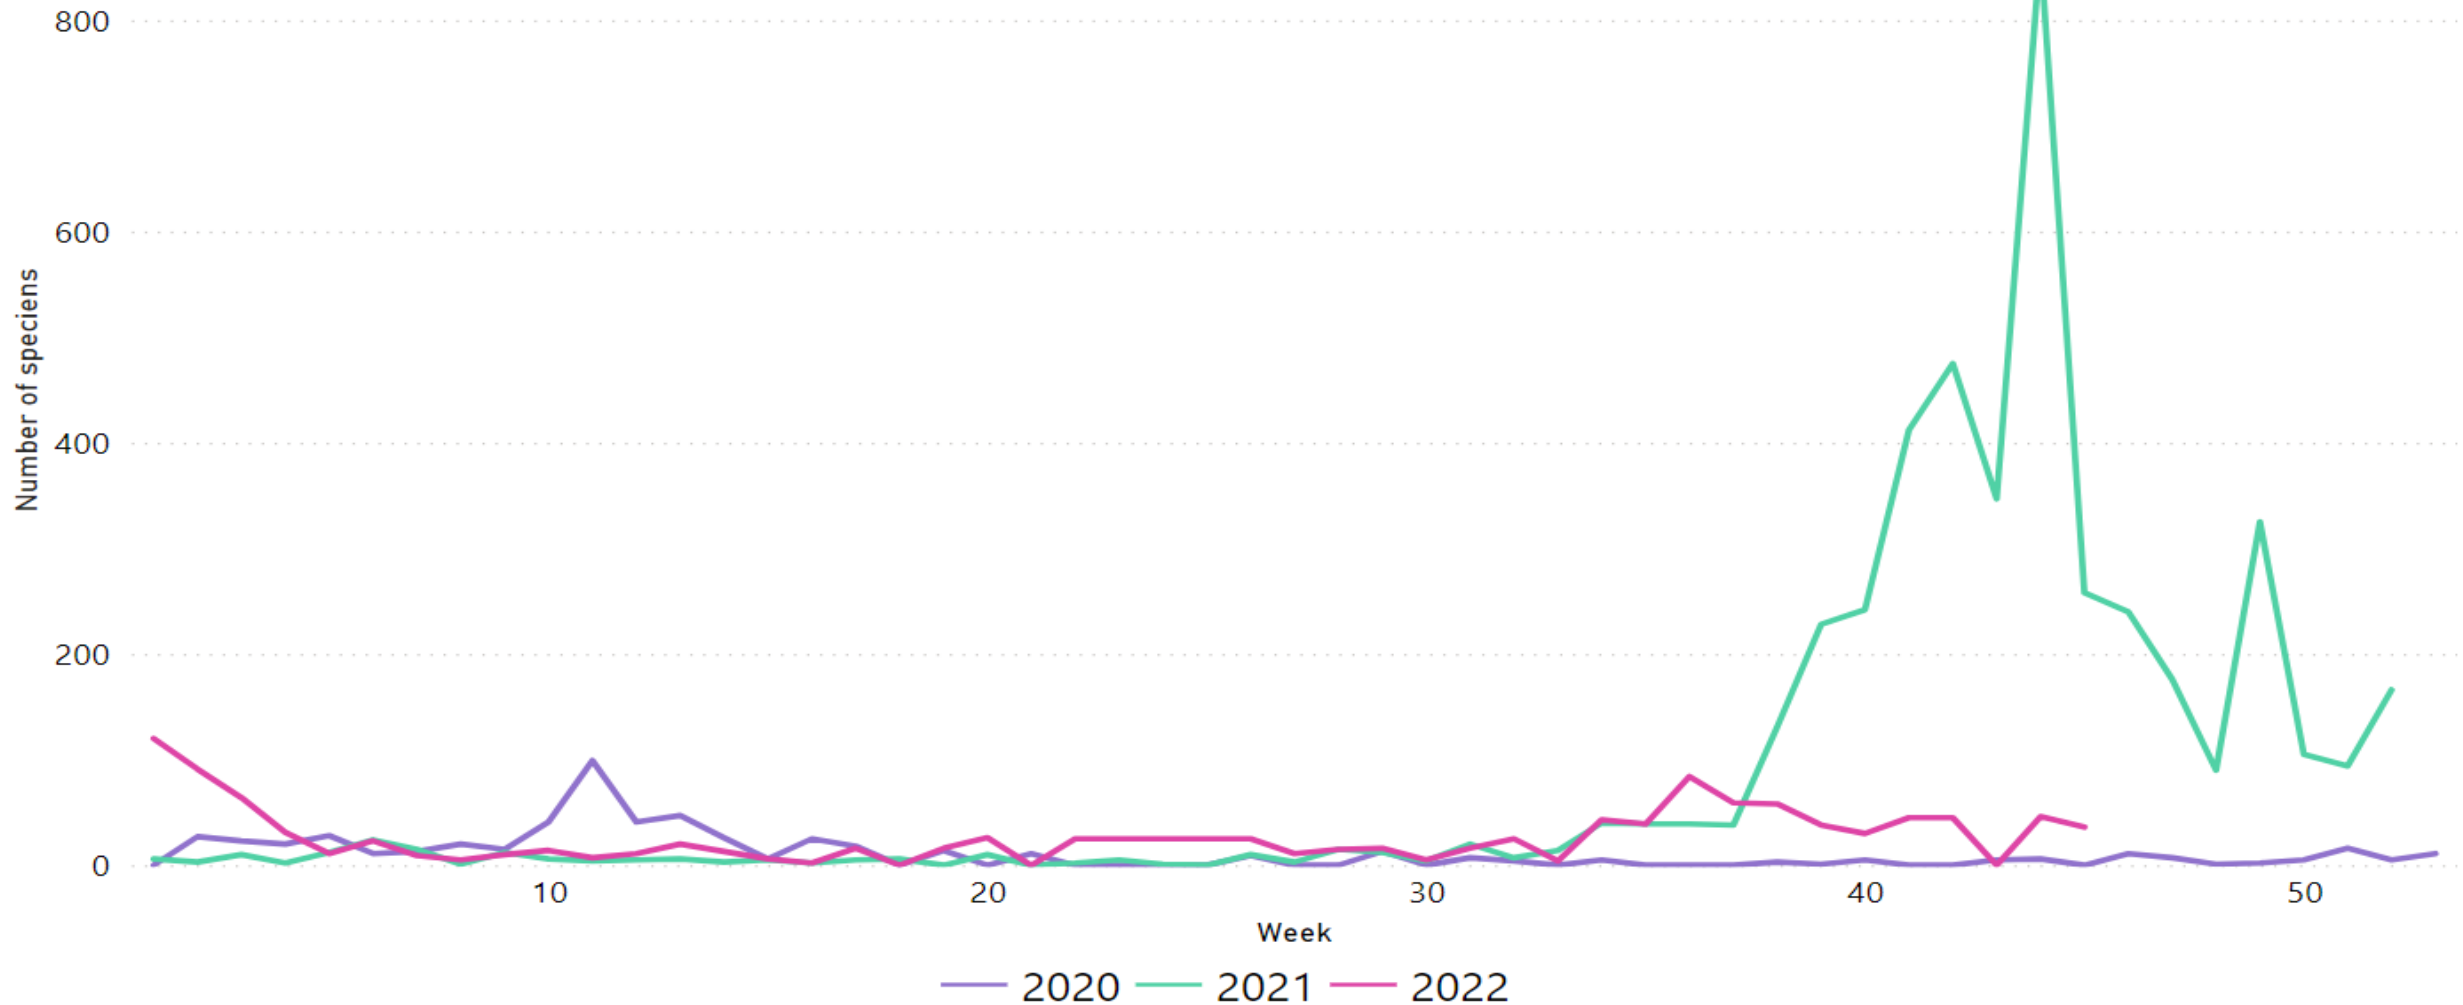

Number of influenza-like illness (ILI) cases and proportion of ILI cases per 1,000 outpatients Indonesia, 2020 – 2022*

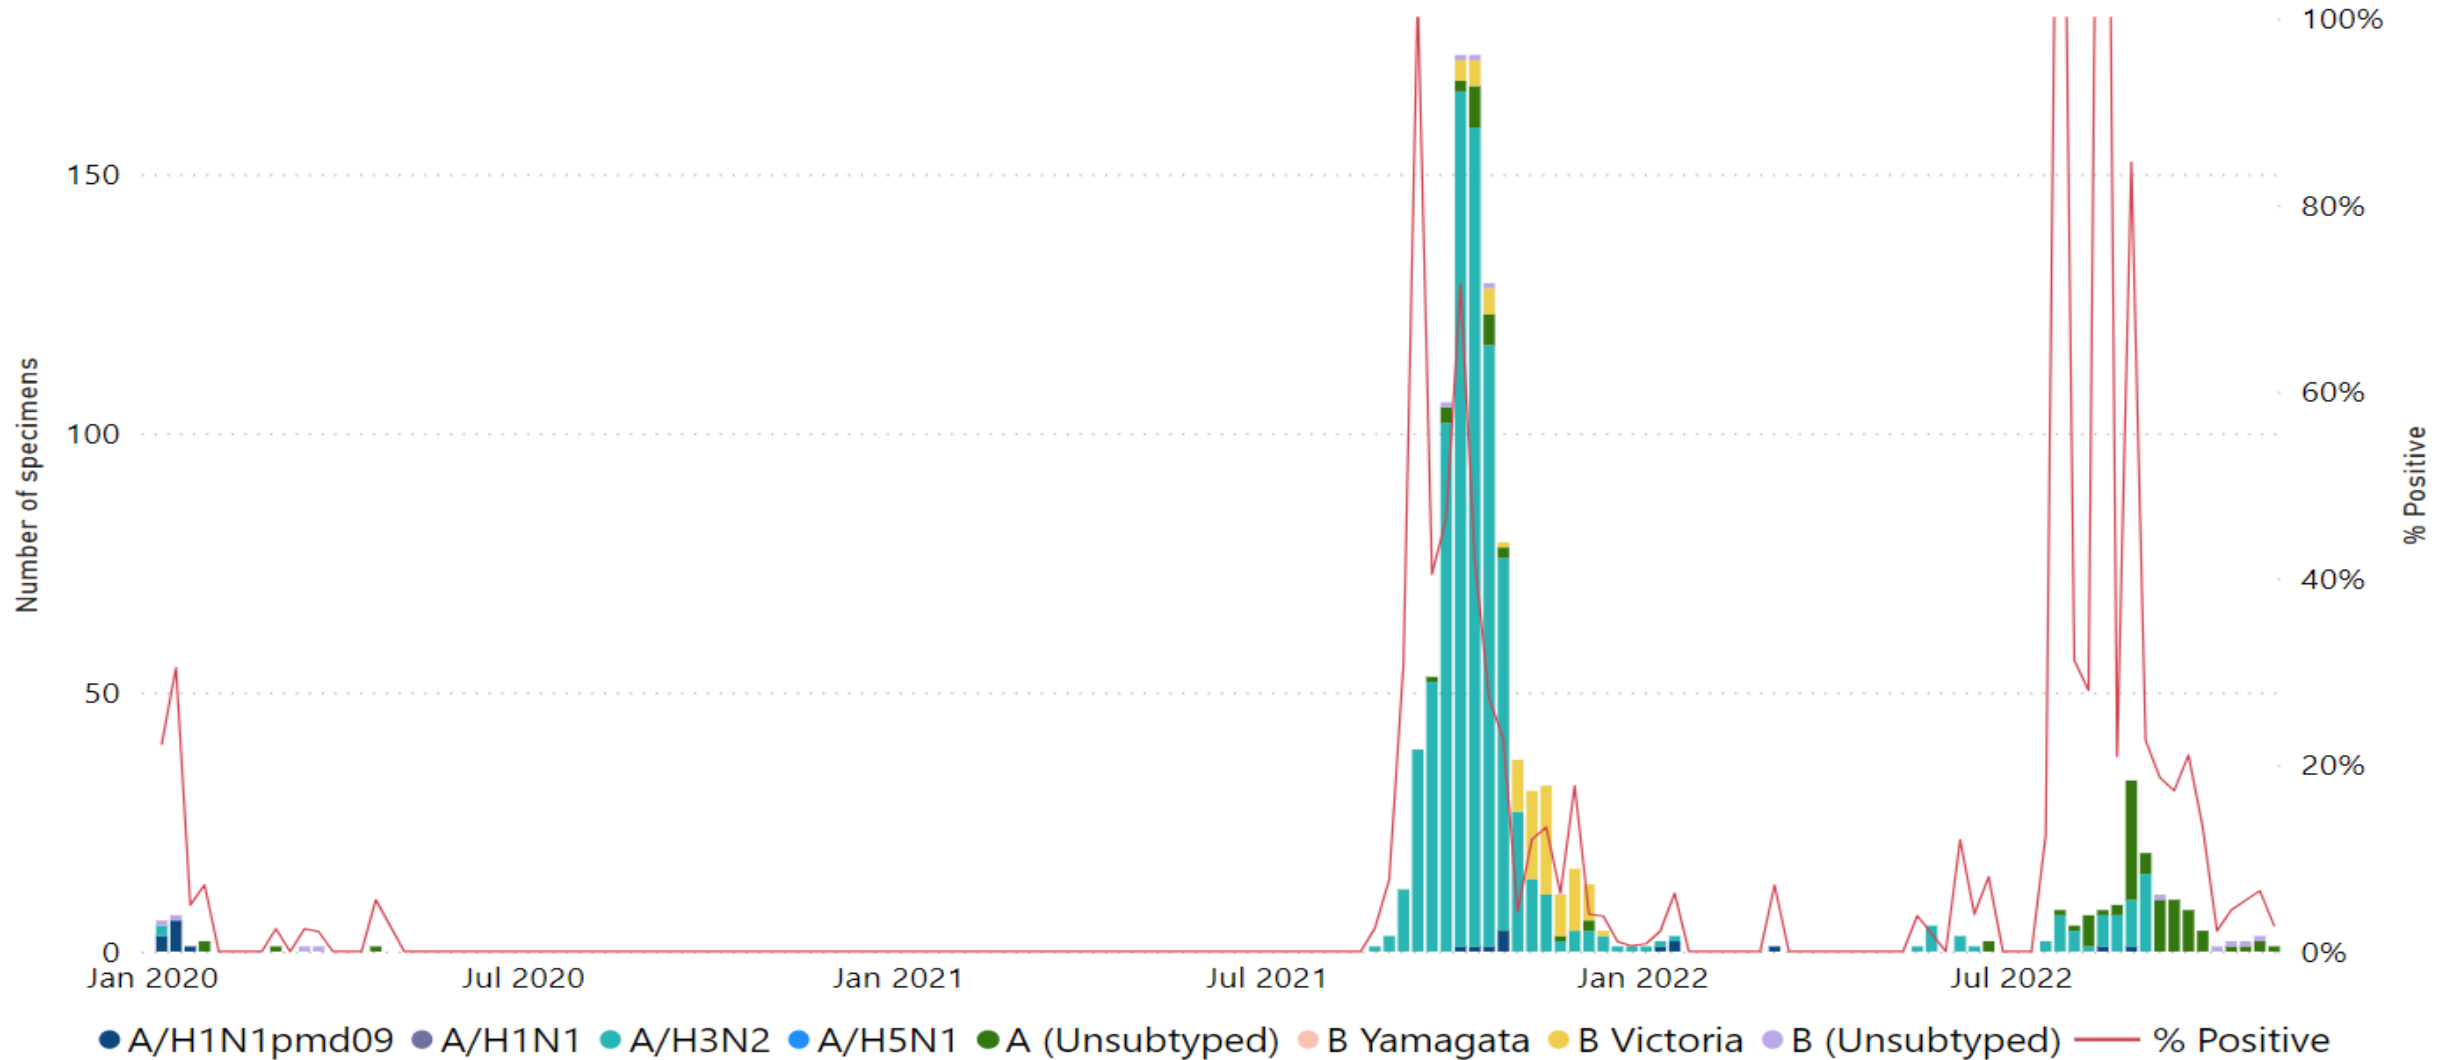

Number of severe acute respiratory infection (SARI) cases and proportion of SARI cases per 100 inpatients, Indonesia, 2020 – 2022*

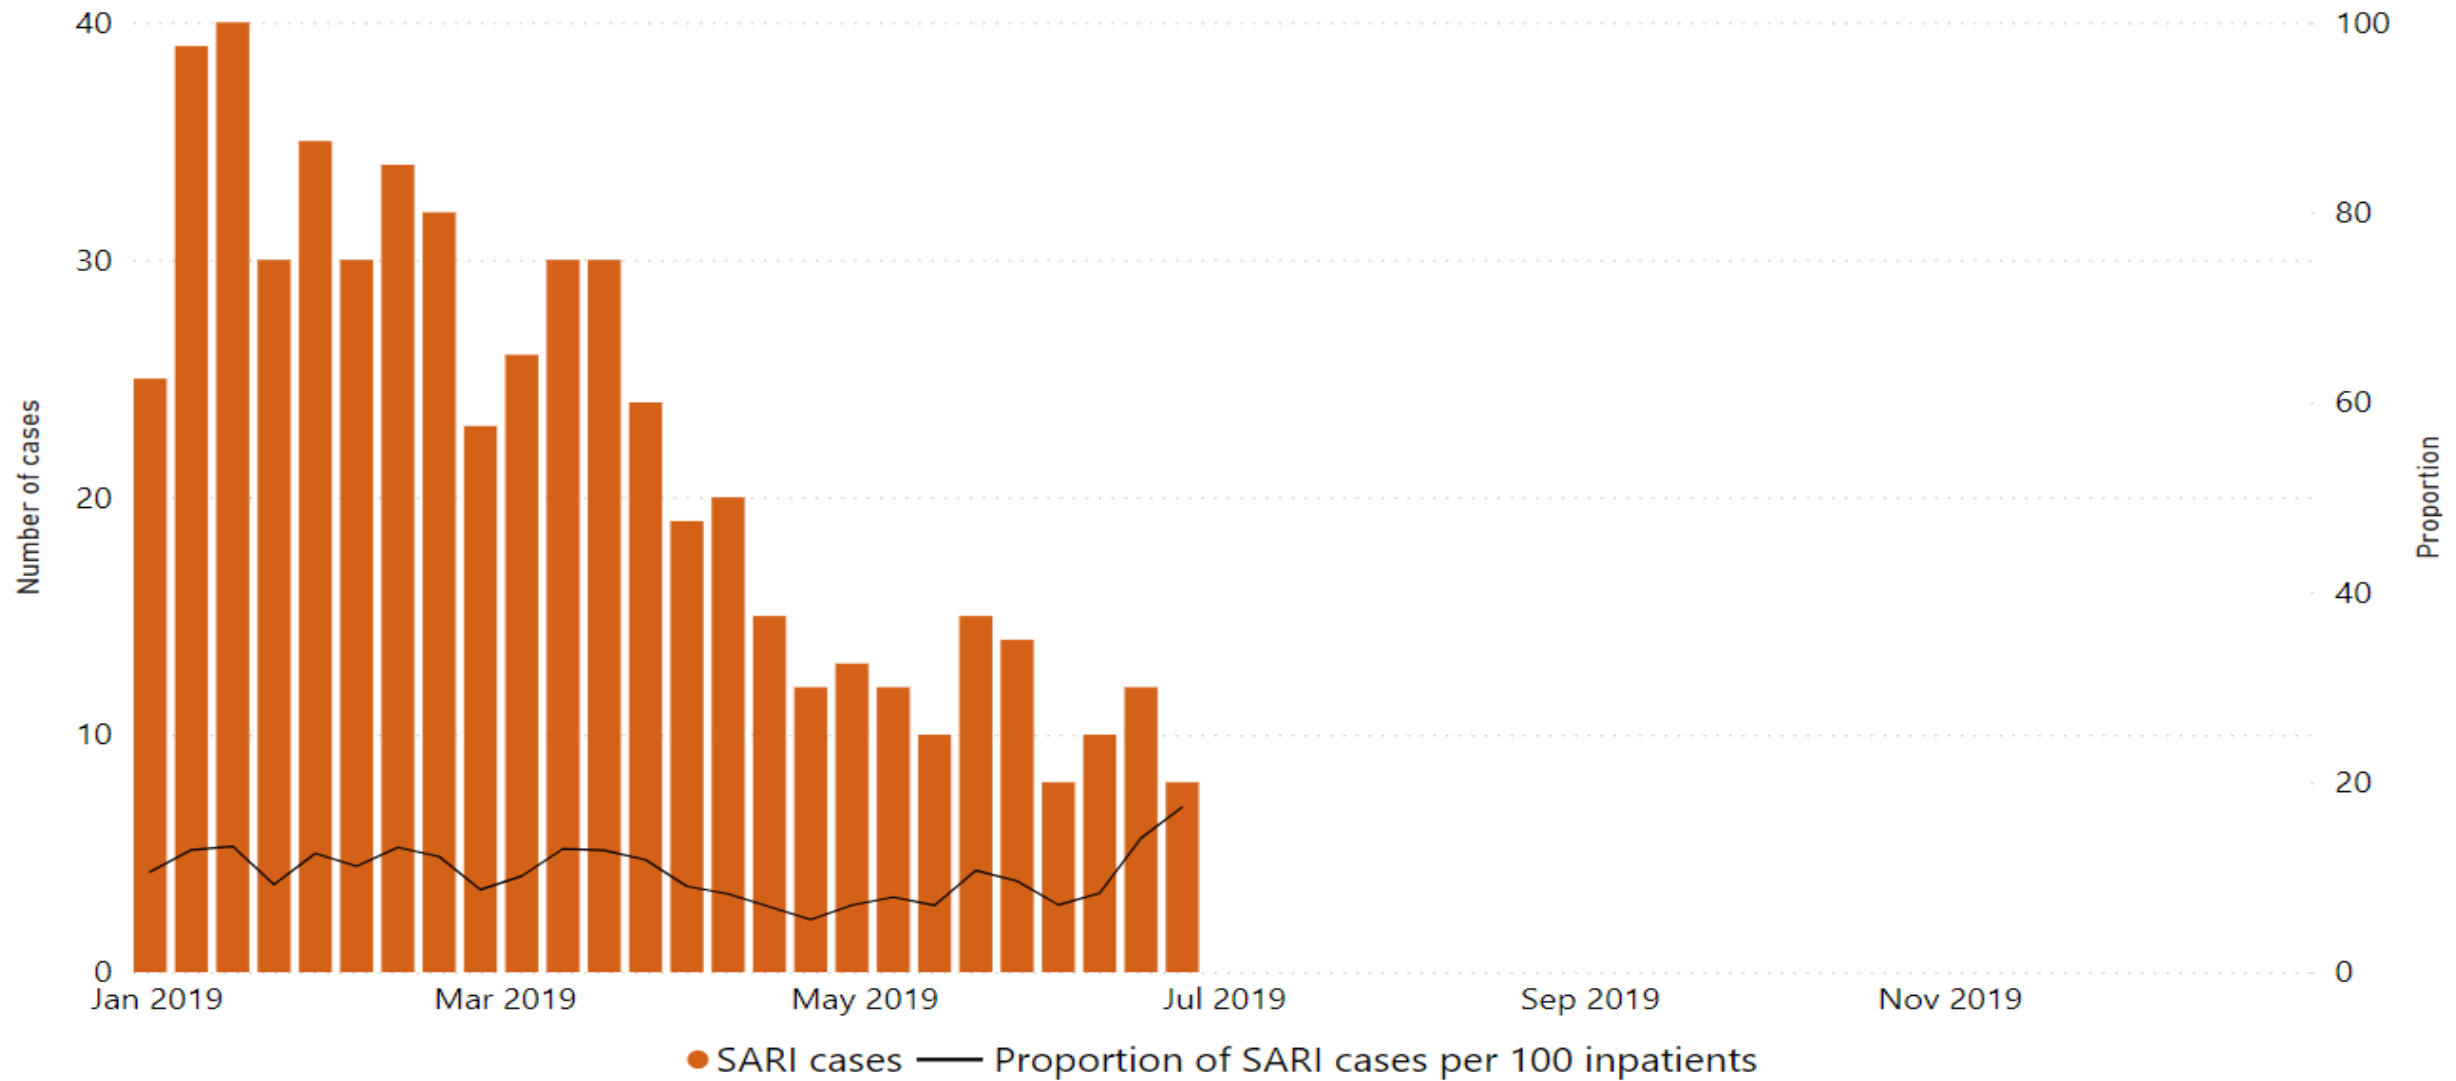

Number of specimens processed for influenza by month and year Maldives, 2020 – 2022*

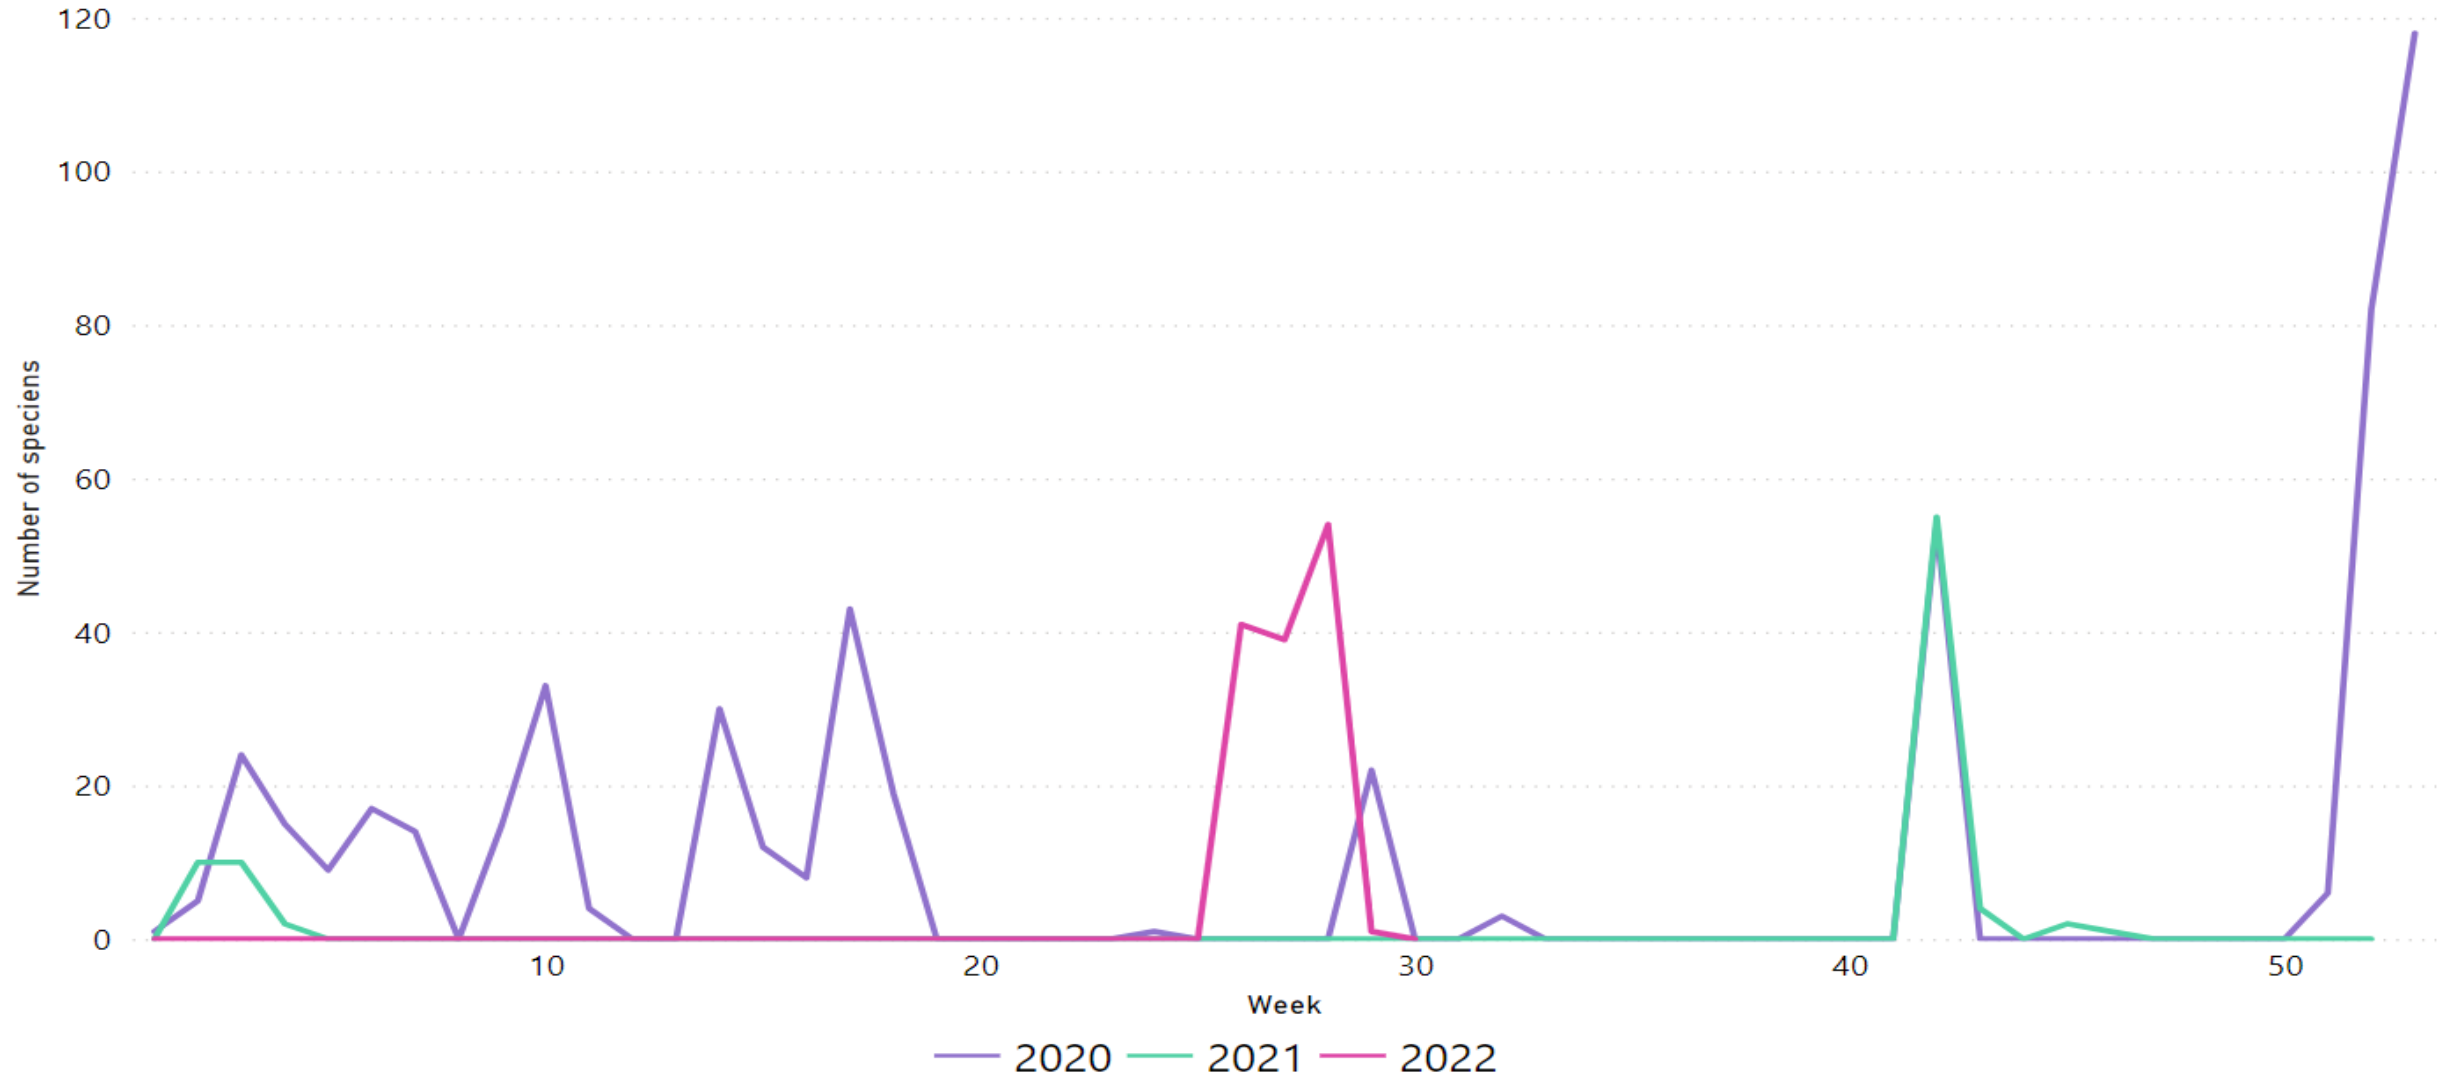

Number of specimens positive for influenza by subtype and % positive Maldives, 2020 – 2022*

Number of severe acute respiratory infection (SARI) cases and proportion of SARI cases per 100 inpatients, Maldives, 2019*

Number of specimens processed for influenza by month and year Myanmar, 2020 – 2022*

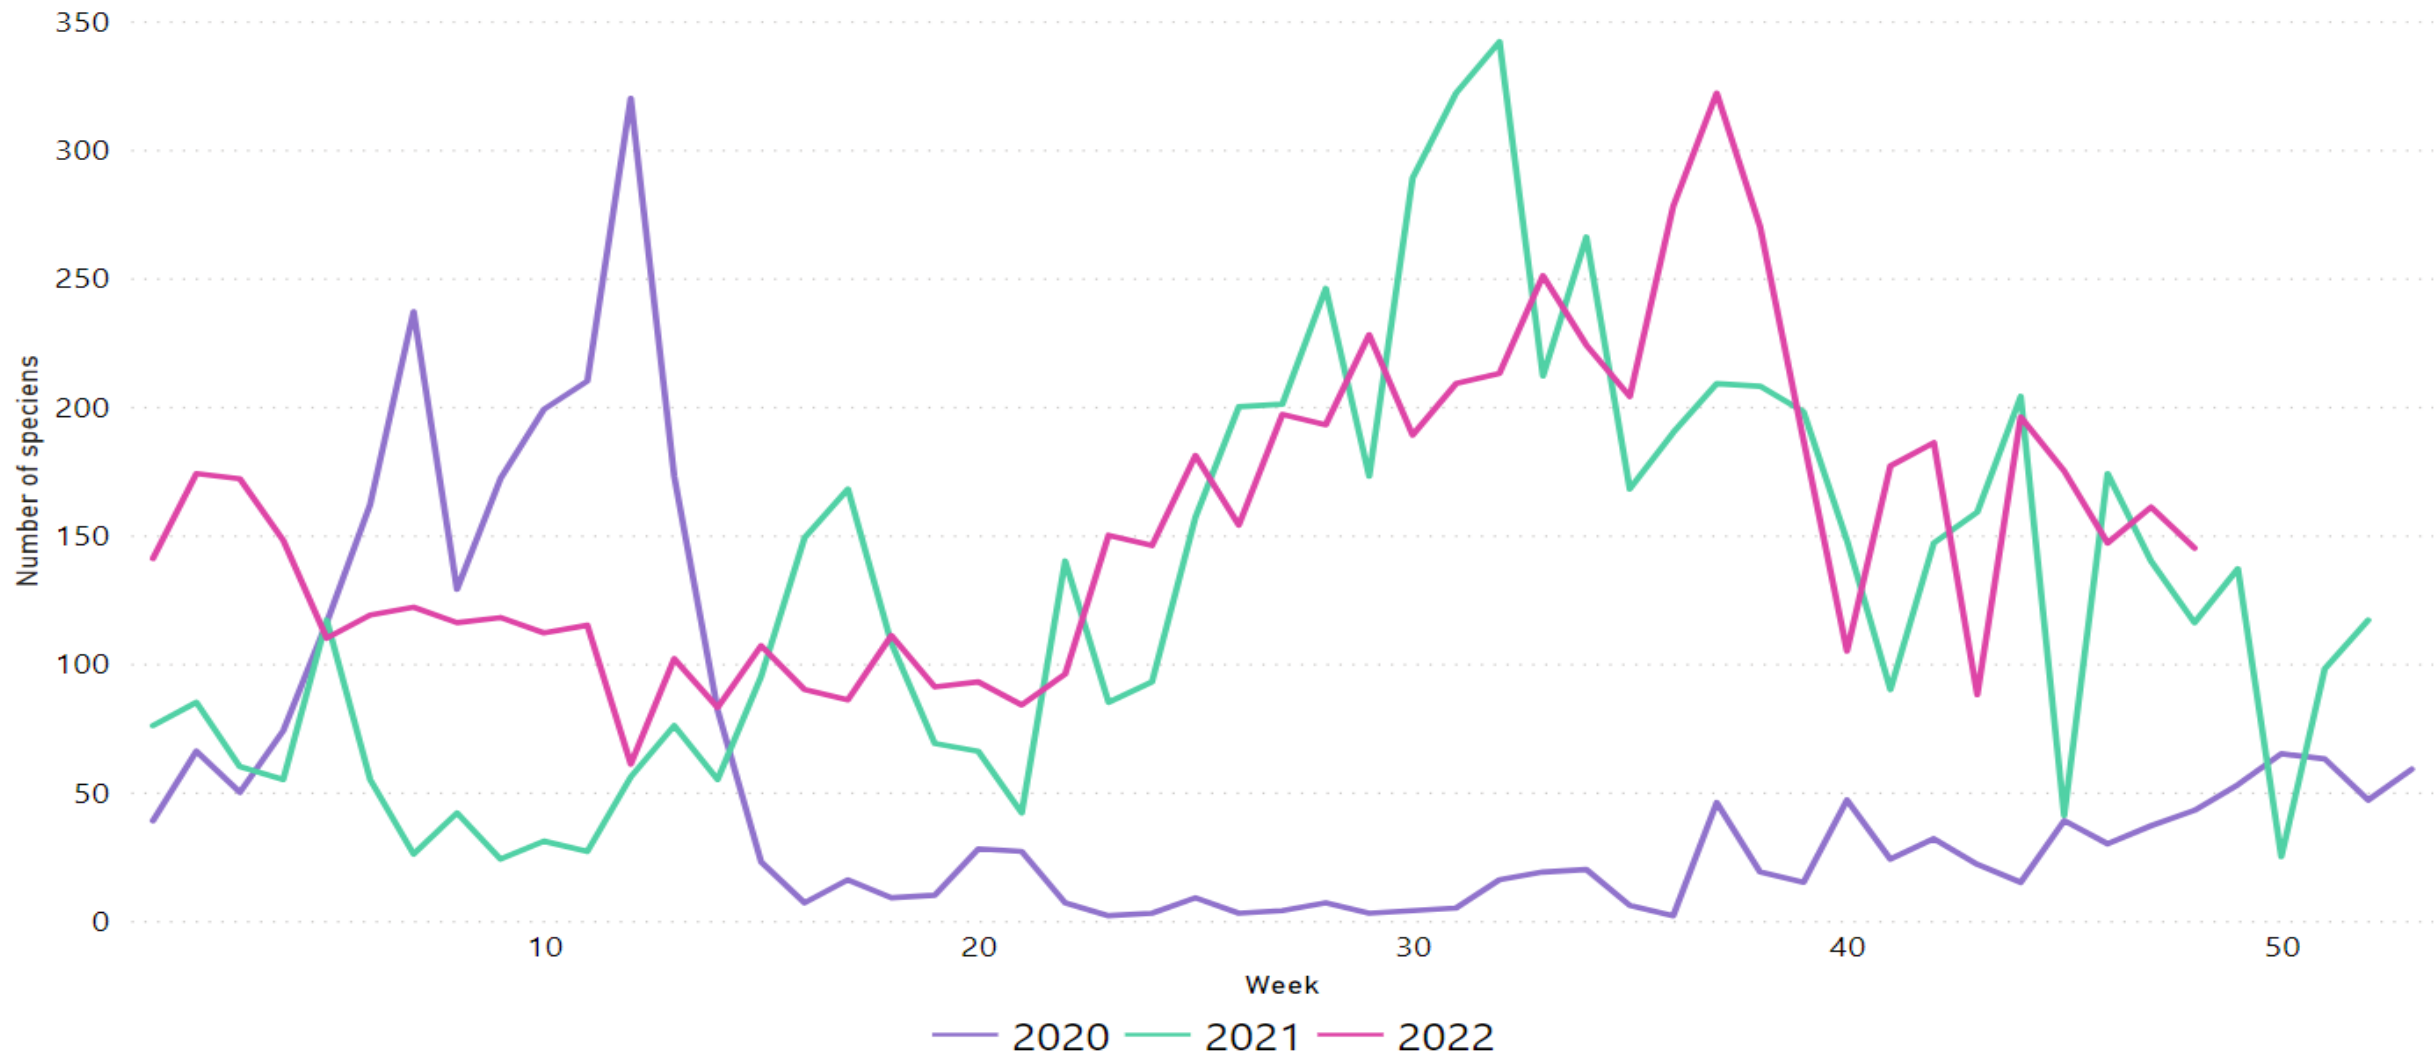

Number of specimens positive for influenza by subtype and % positive Myanmar, 2020 – 2022*

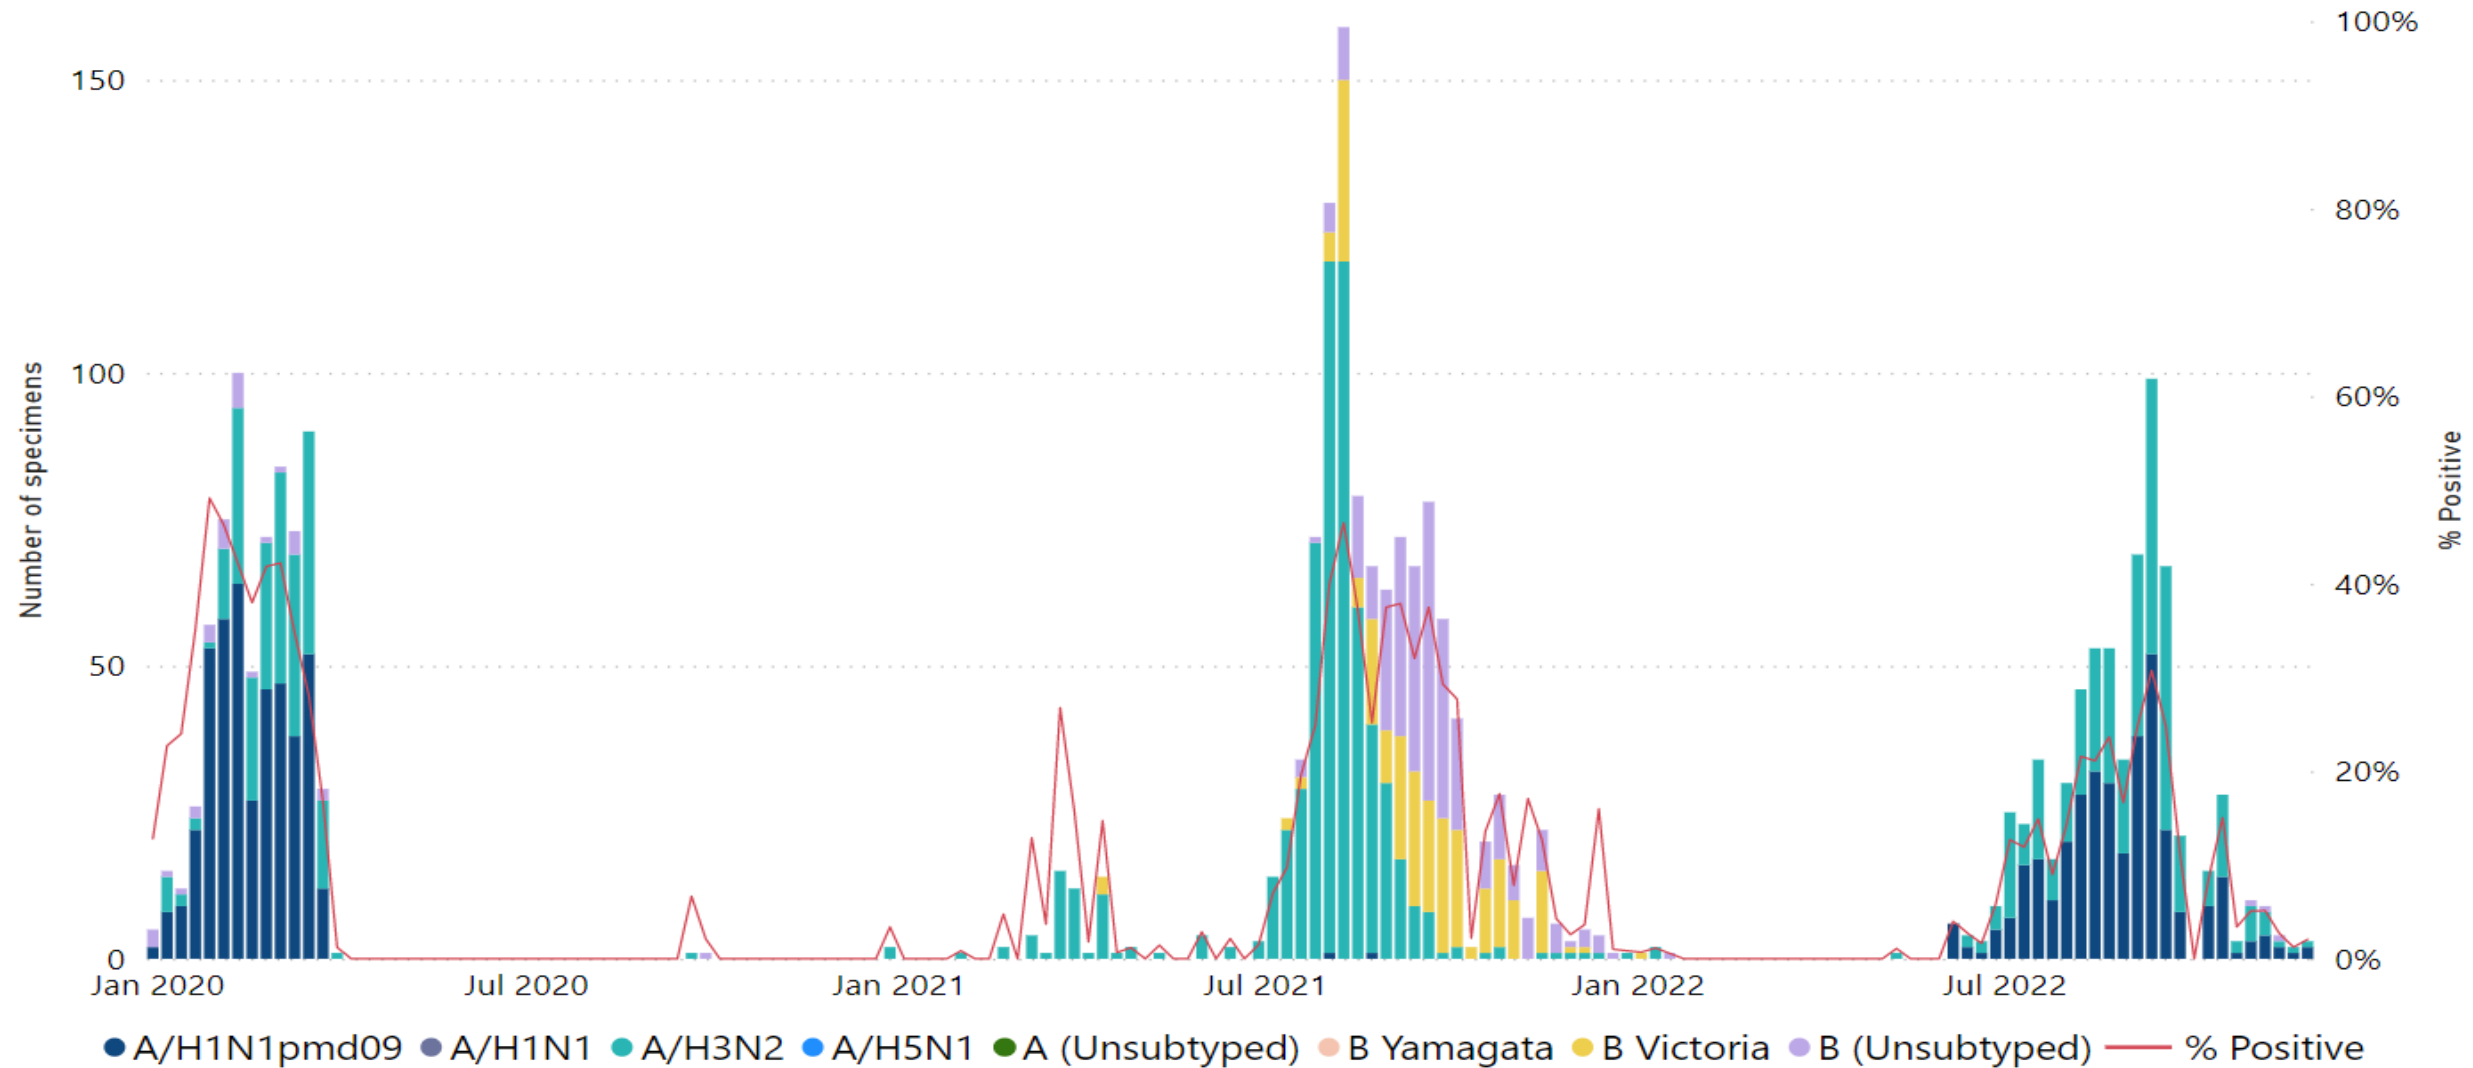

Number of specimens processed for influenza by month and year

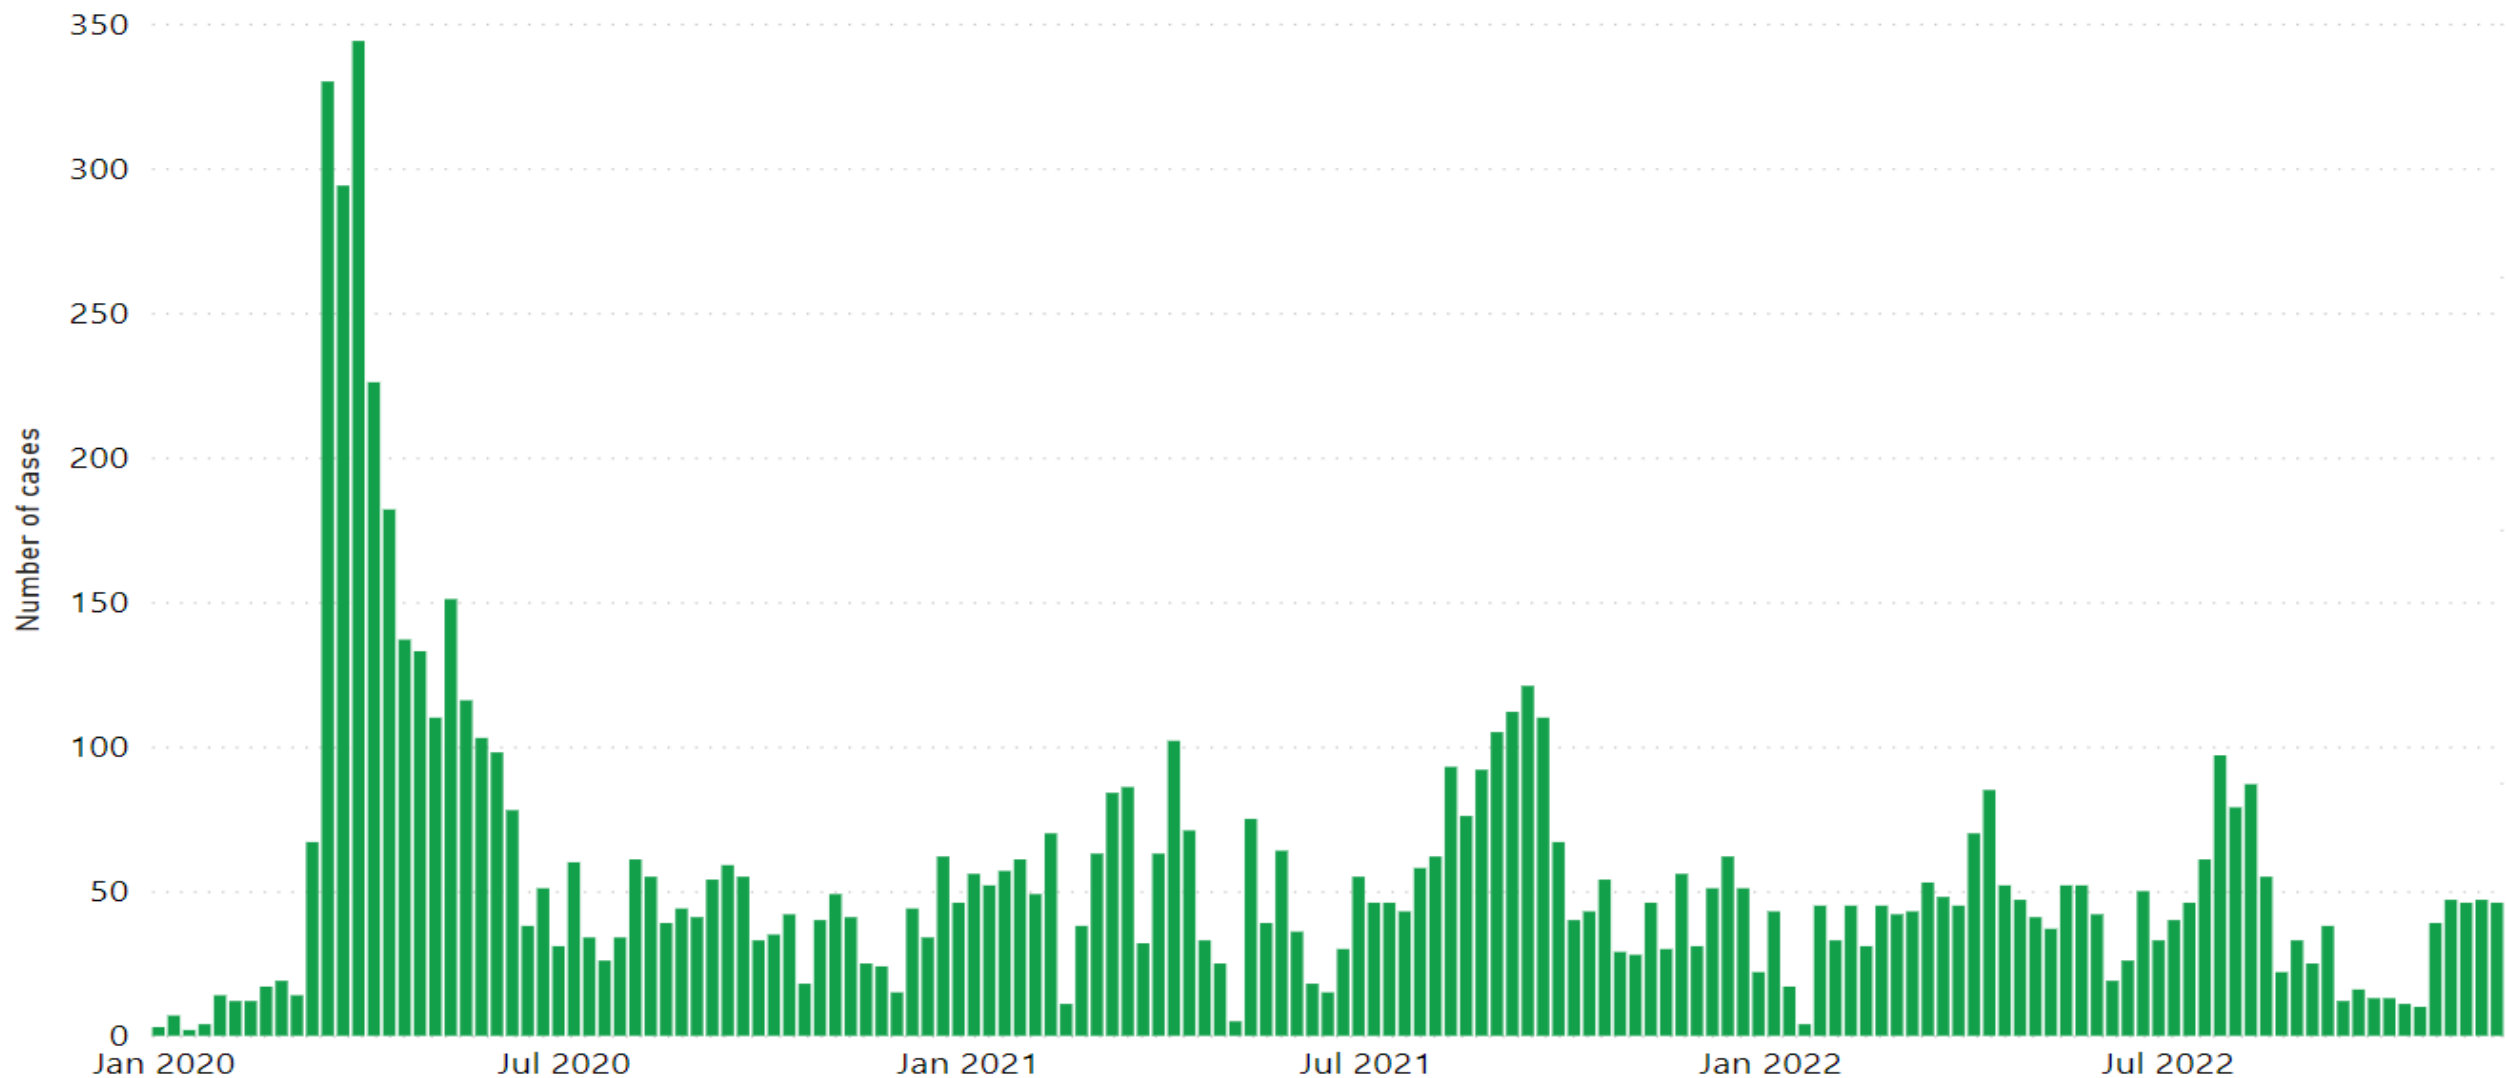

Nepal, 2020 – 2022*

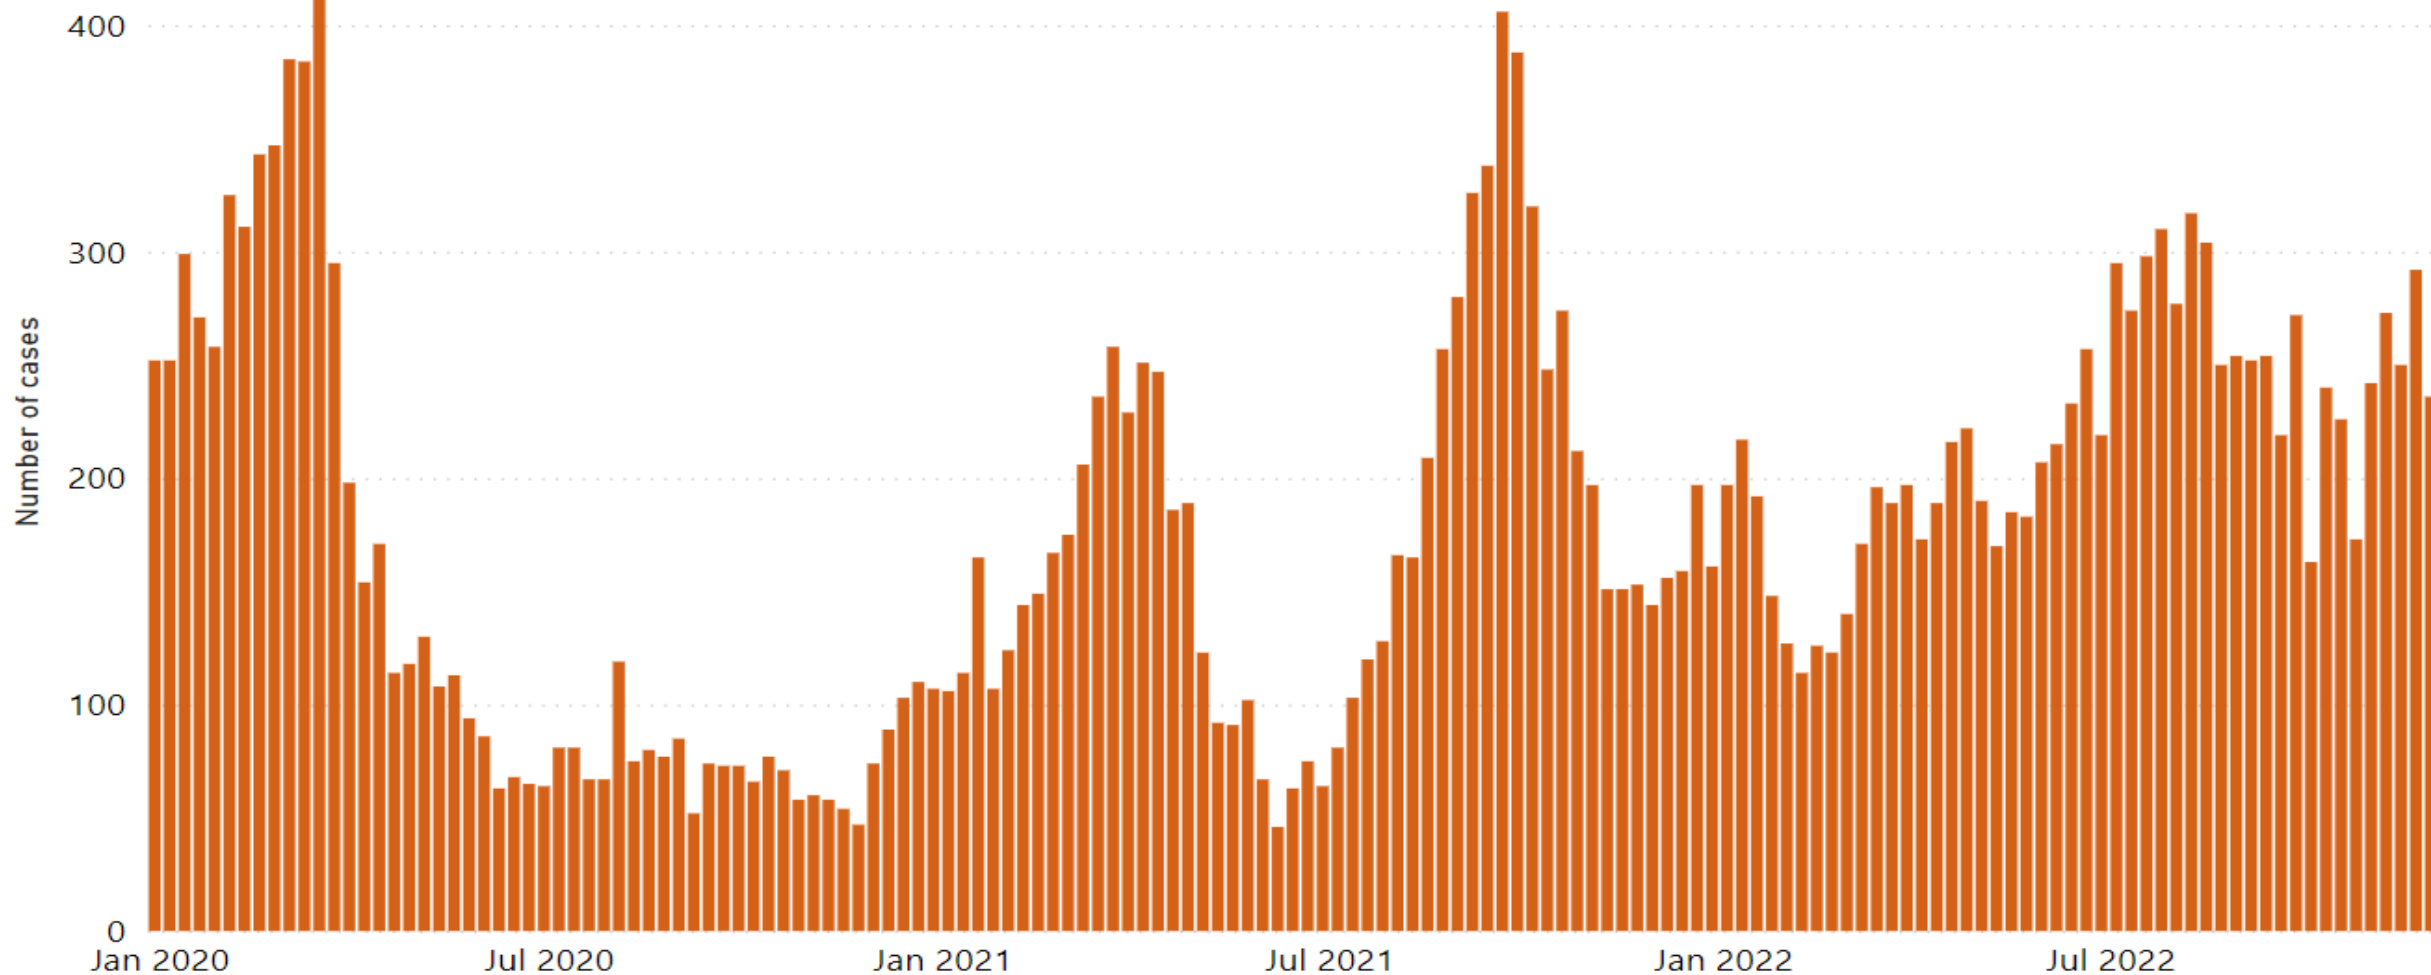

Number of specimens positive for influenza by subtype and % positive Nepal, 2020 – 2022*

Number of influenza-like illness (ILI) cases, Nepal, 2020 – 2022*

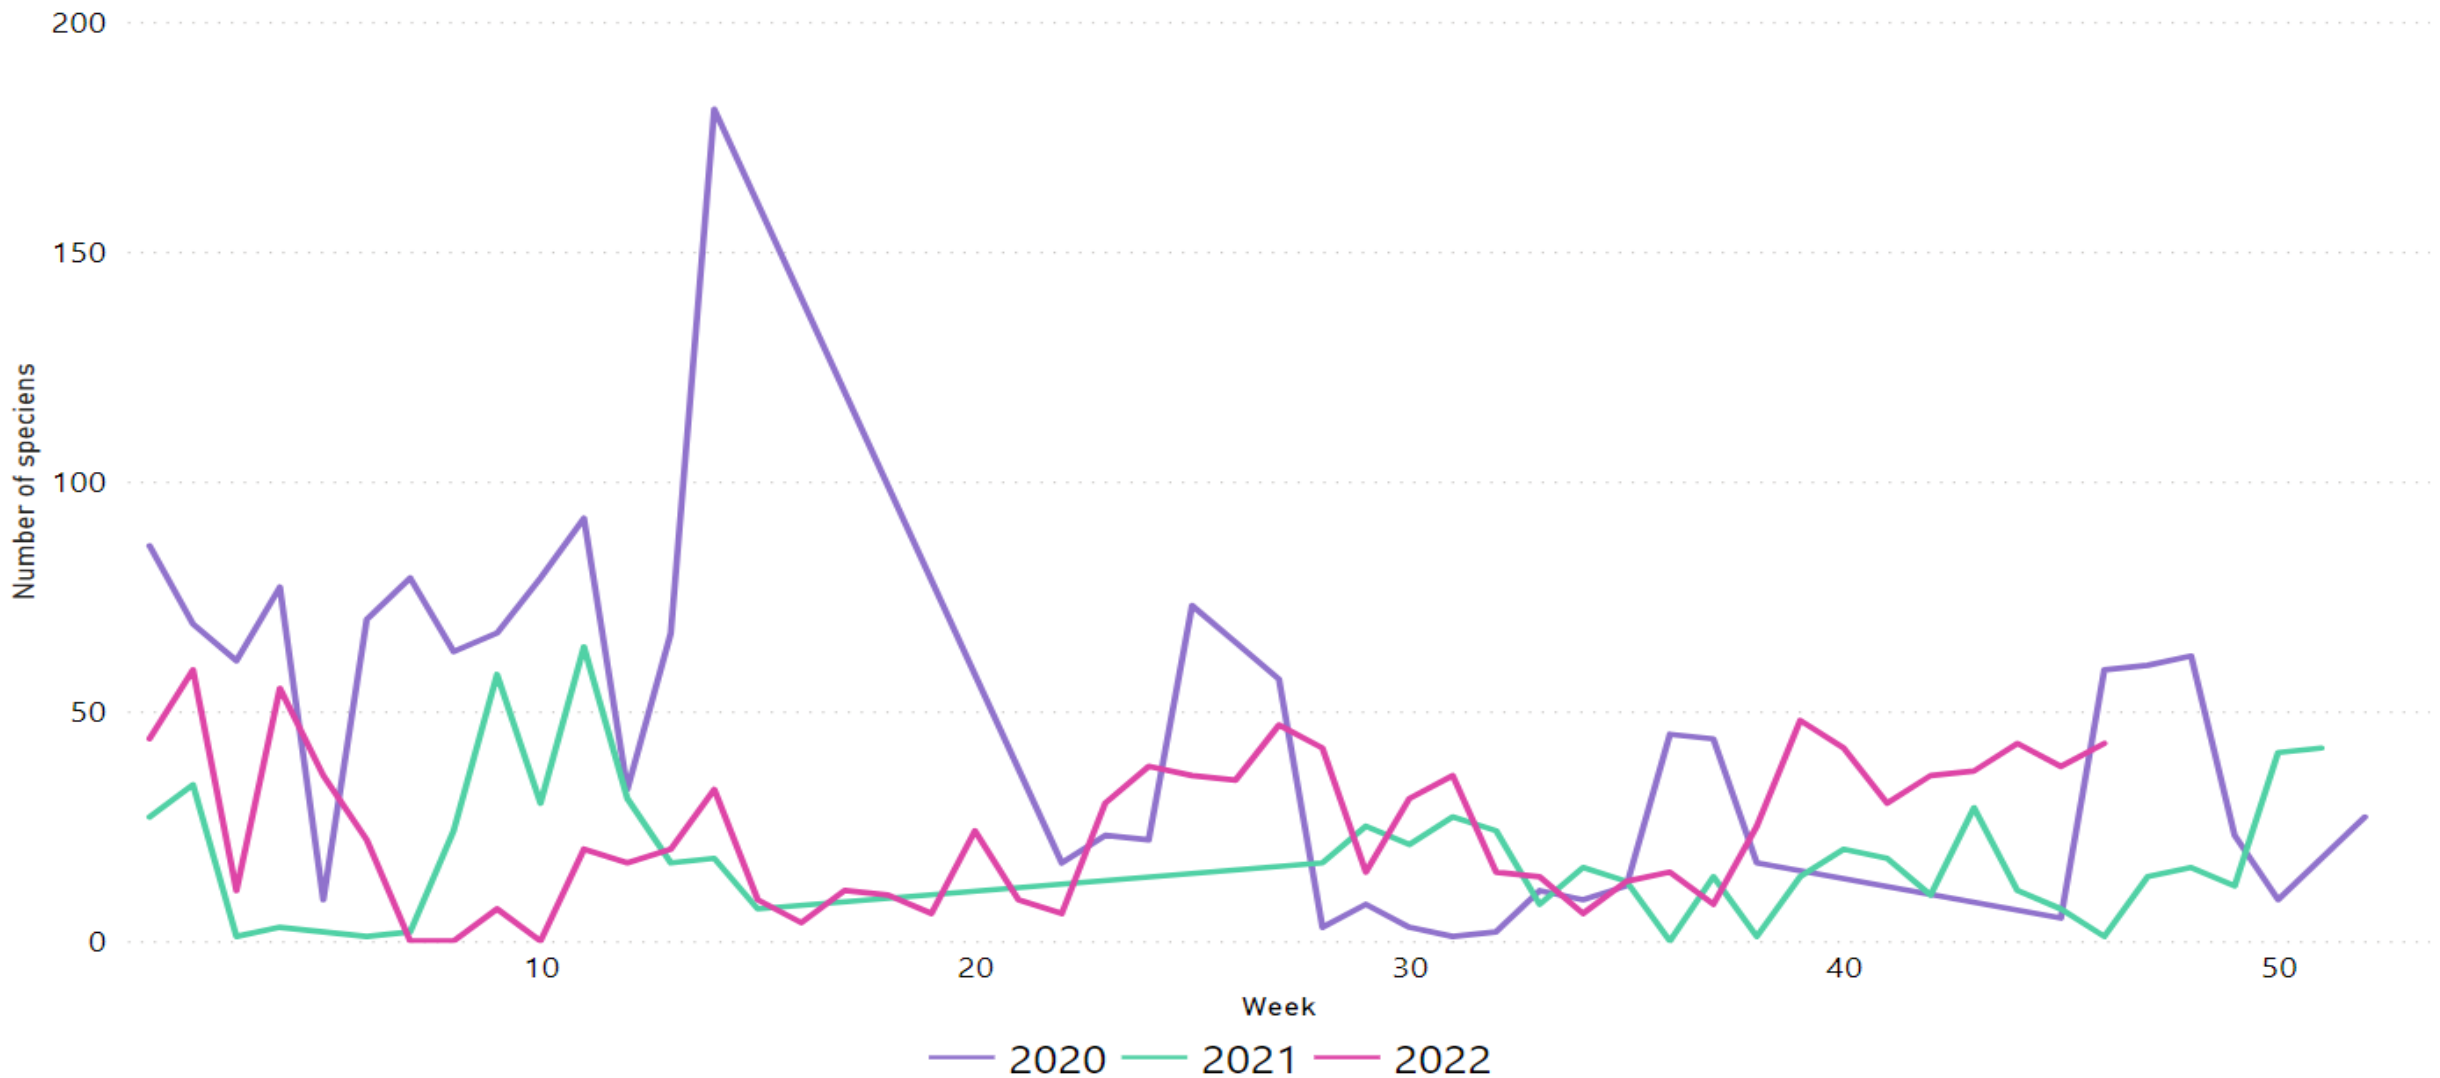

Number of severe acute respiratory infection (SARI) cases, Nepal, 2020 – 2022*

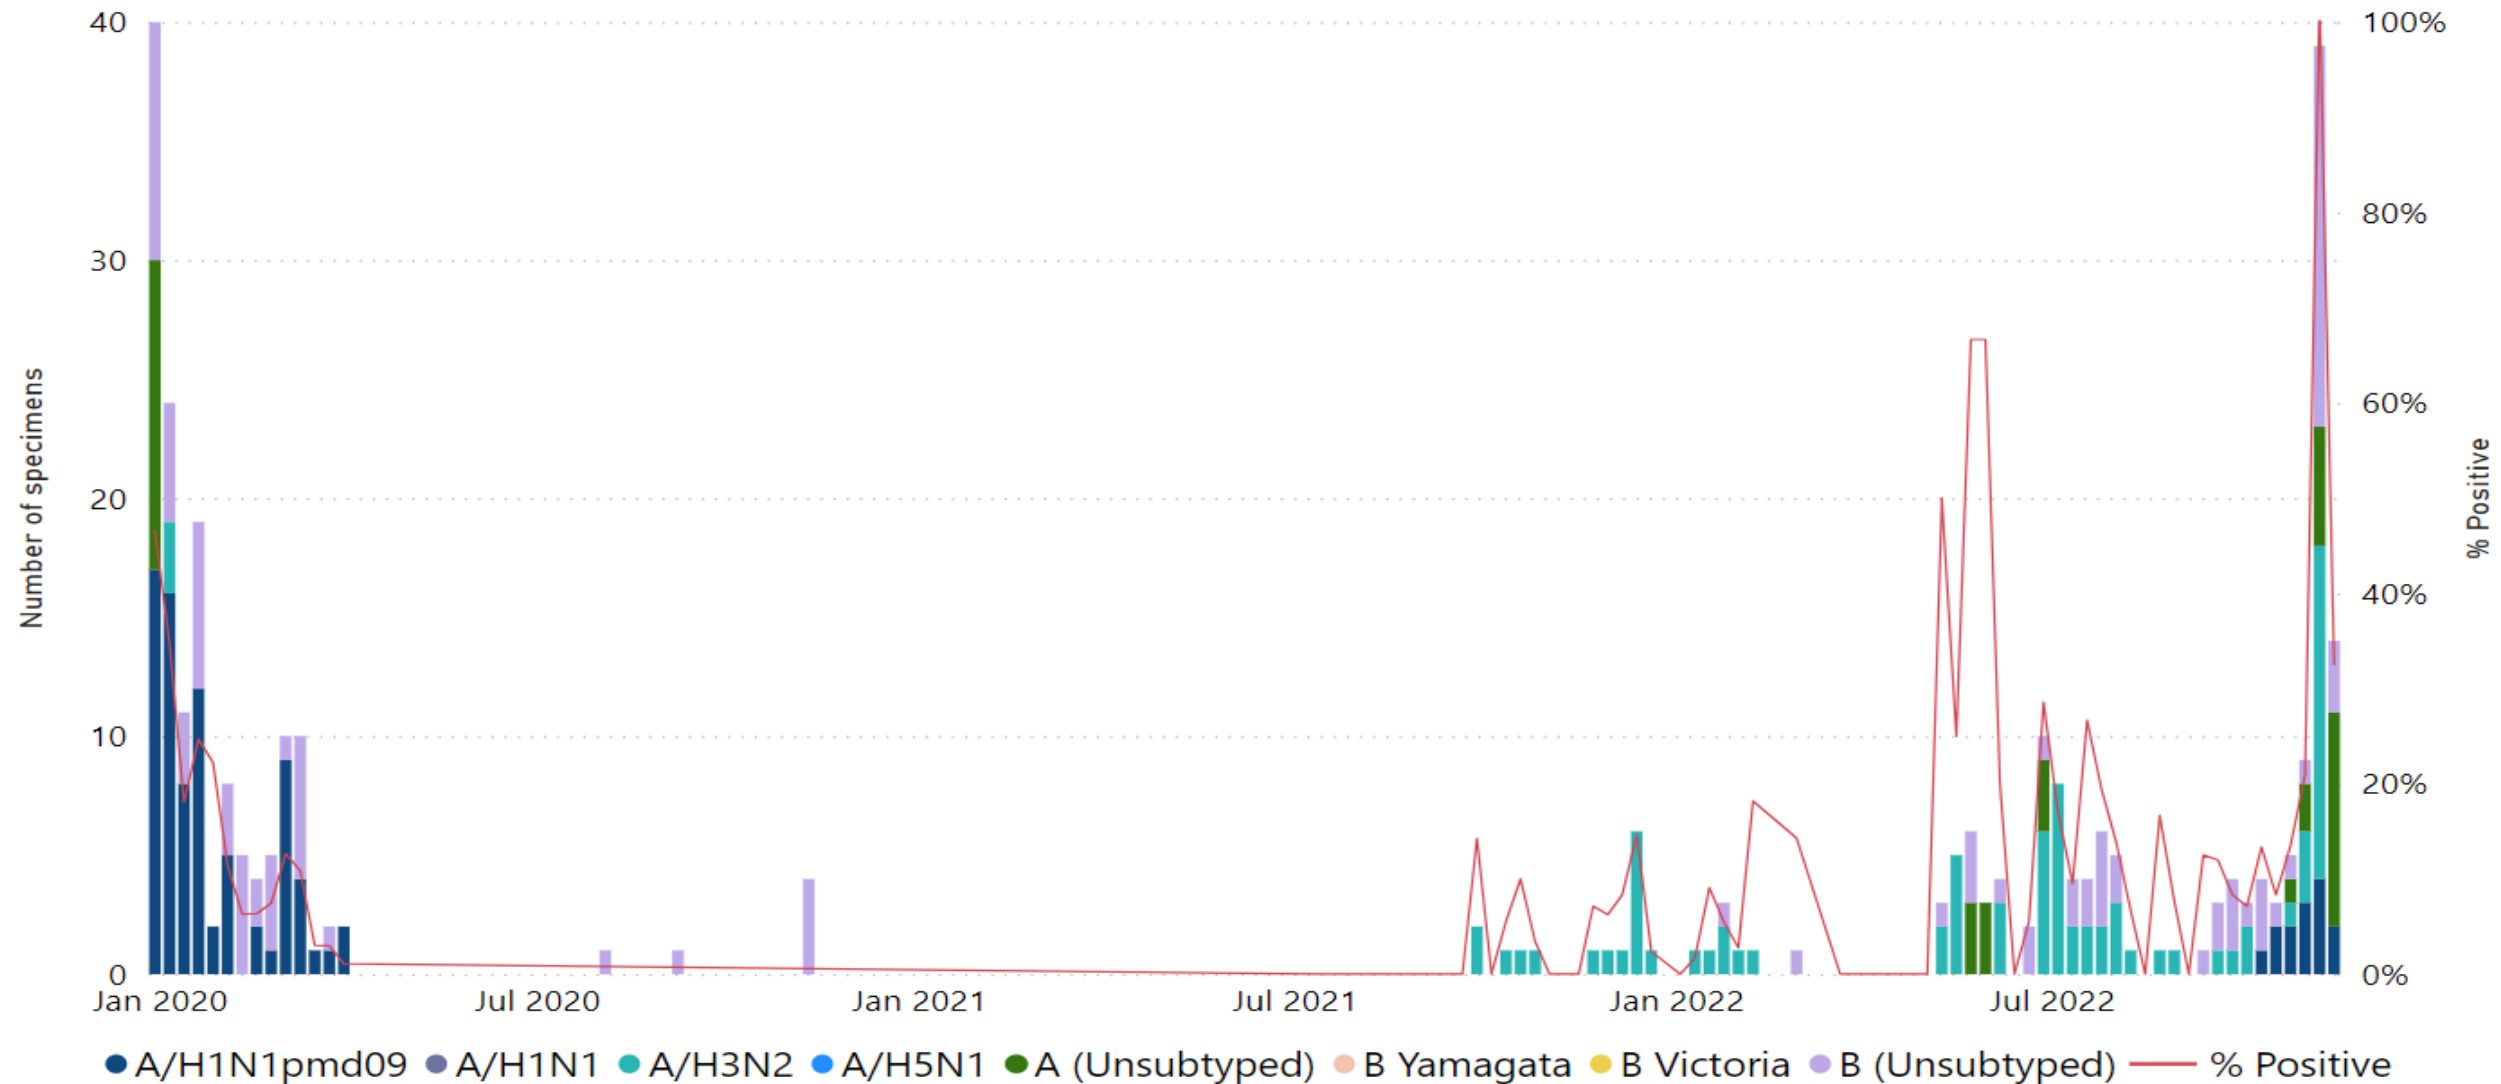

Number of specimens processed for influenza by month and year

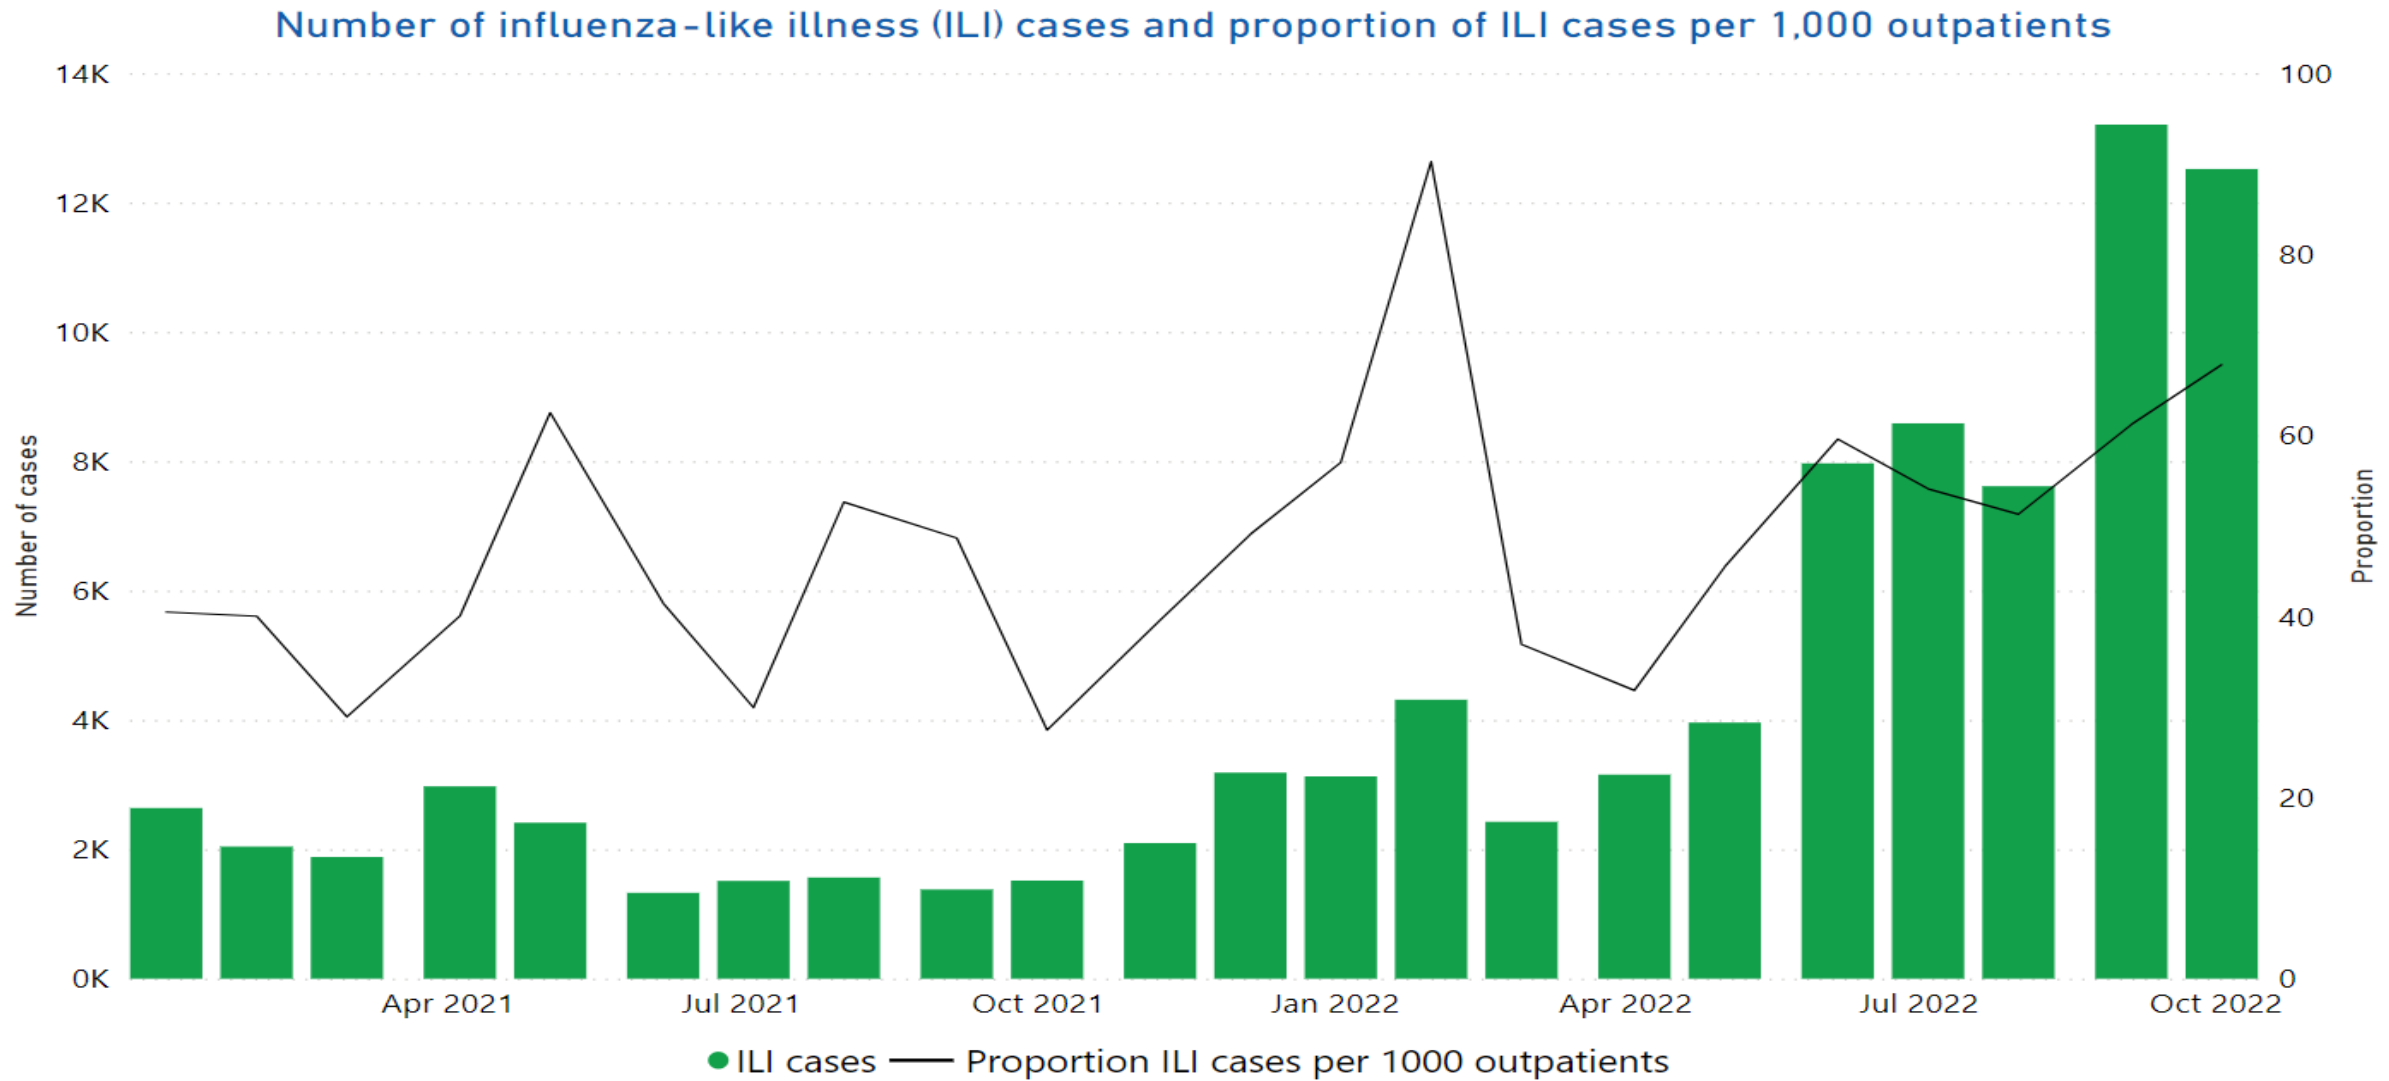

Sri Lanka, 2020 – 2022*

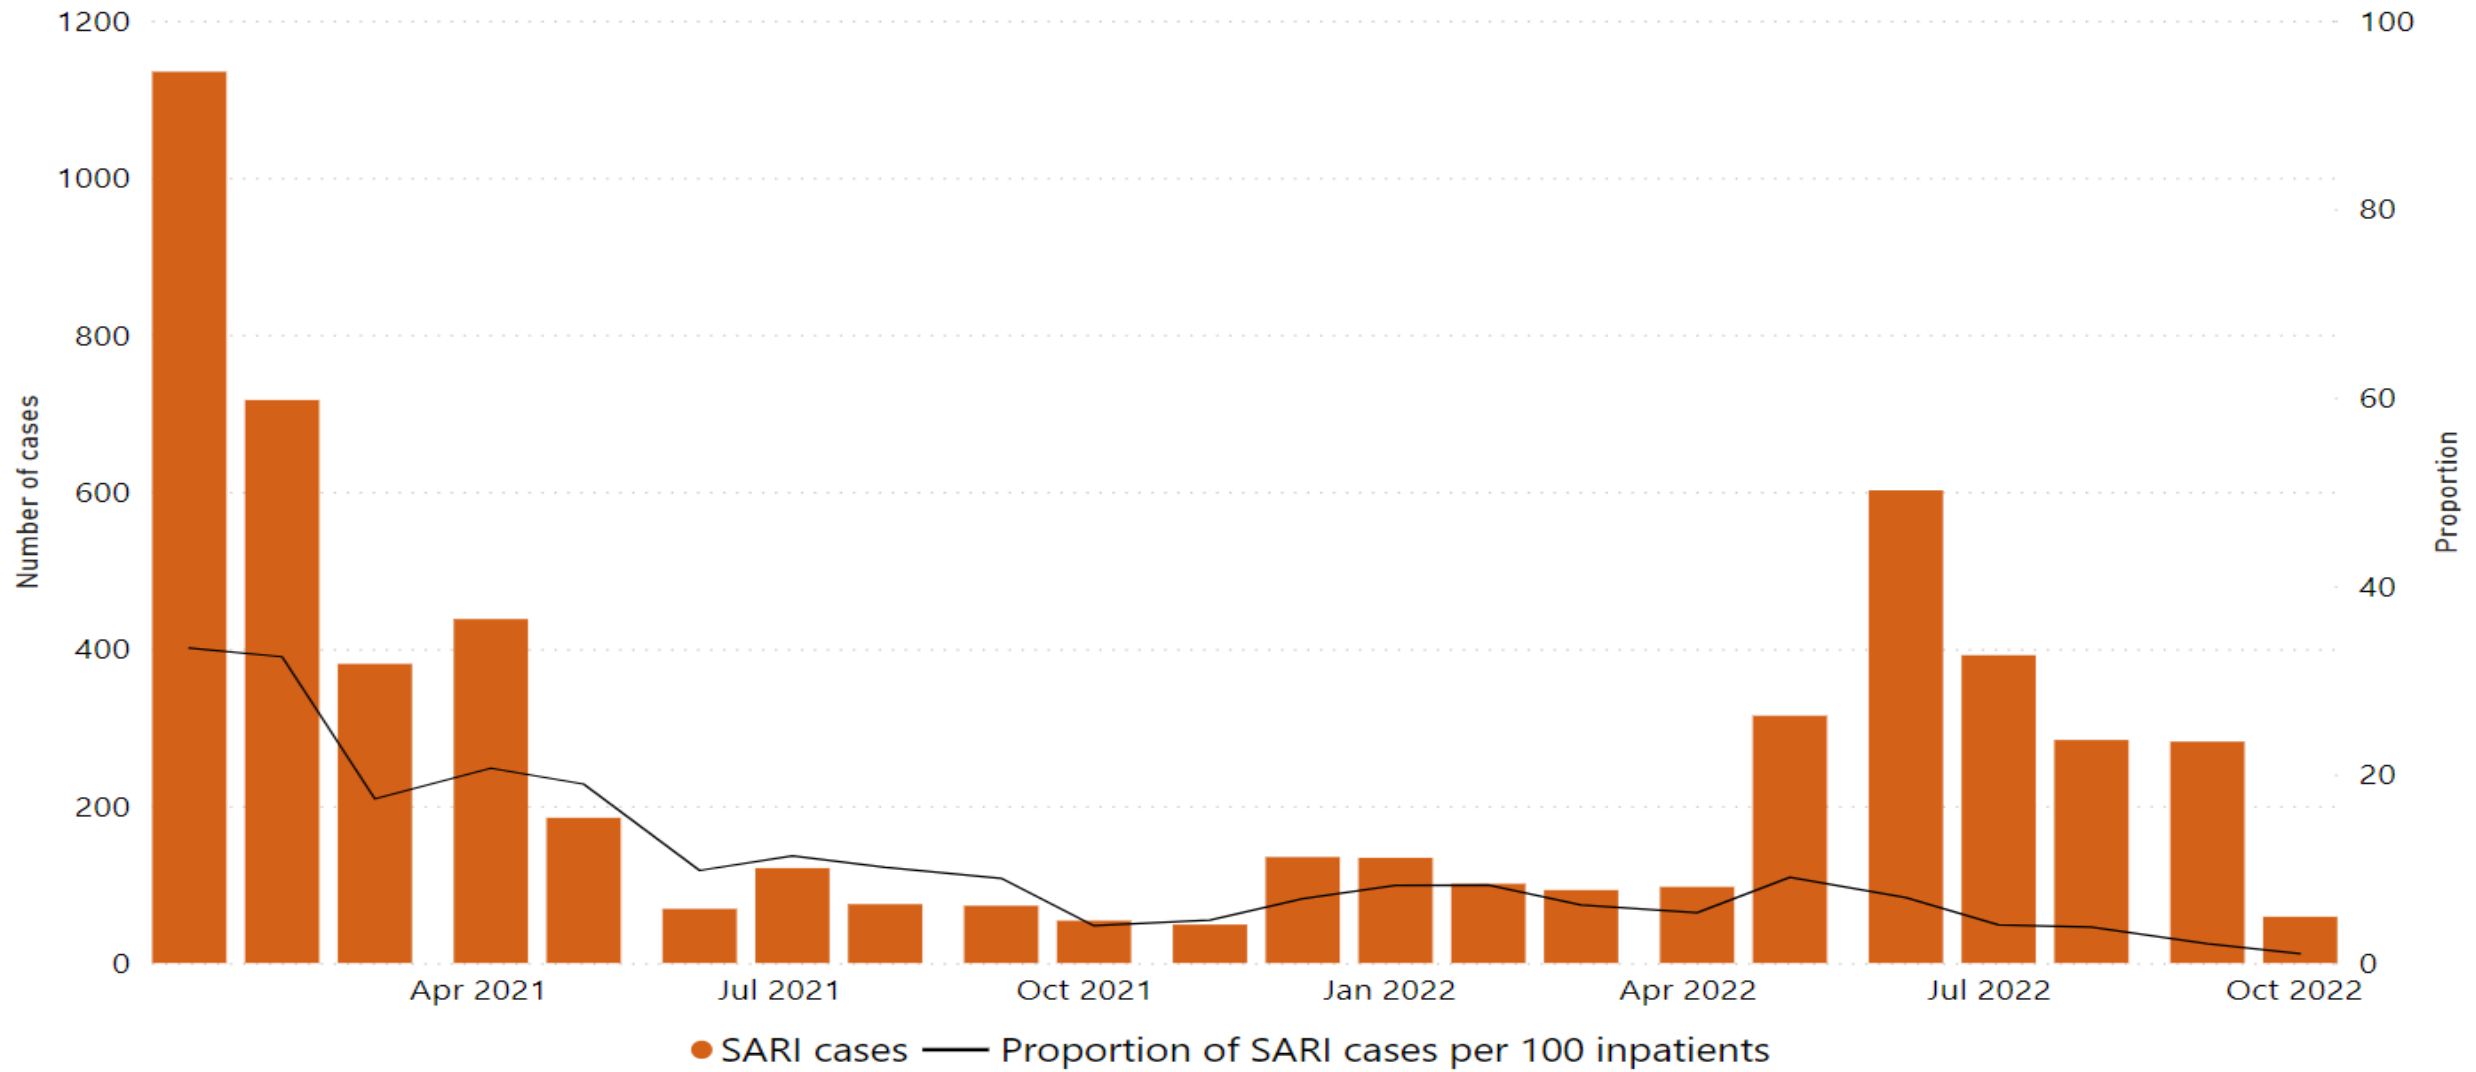

Number of specimens positive for influenza by subtype and % positive Sri Lanka, 2020 – 2022*

Number of influenza-like illness (ILI) cases and proportion of ILI cases per 1,000 outpatients Sri Lanka, 2021-2022*

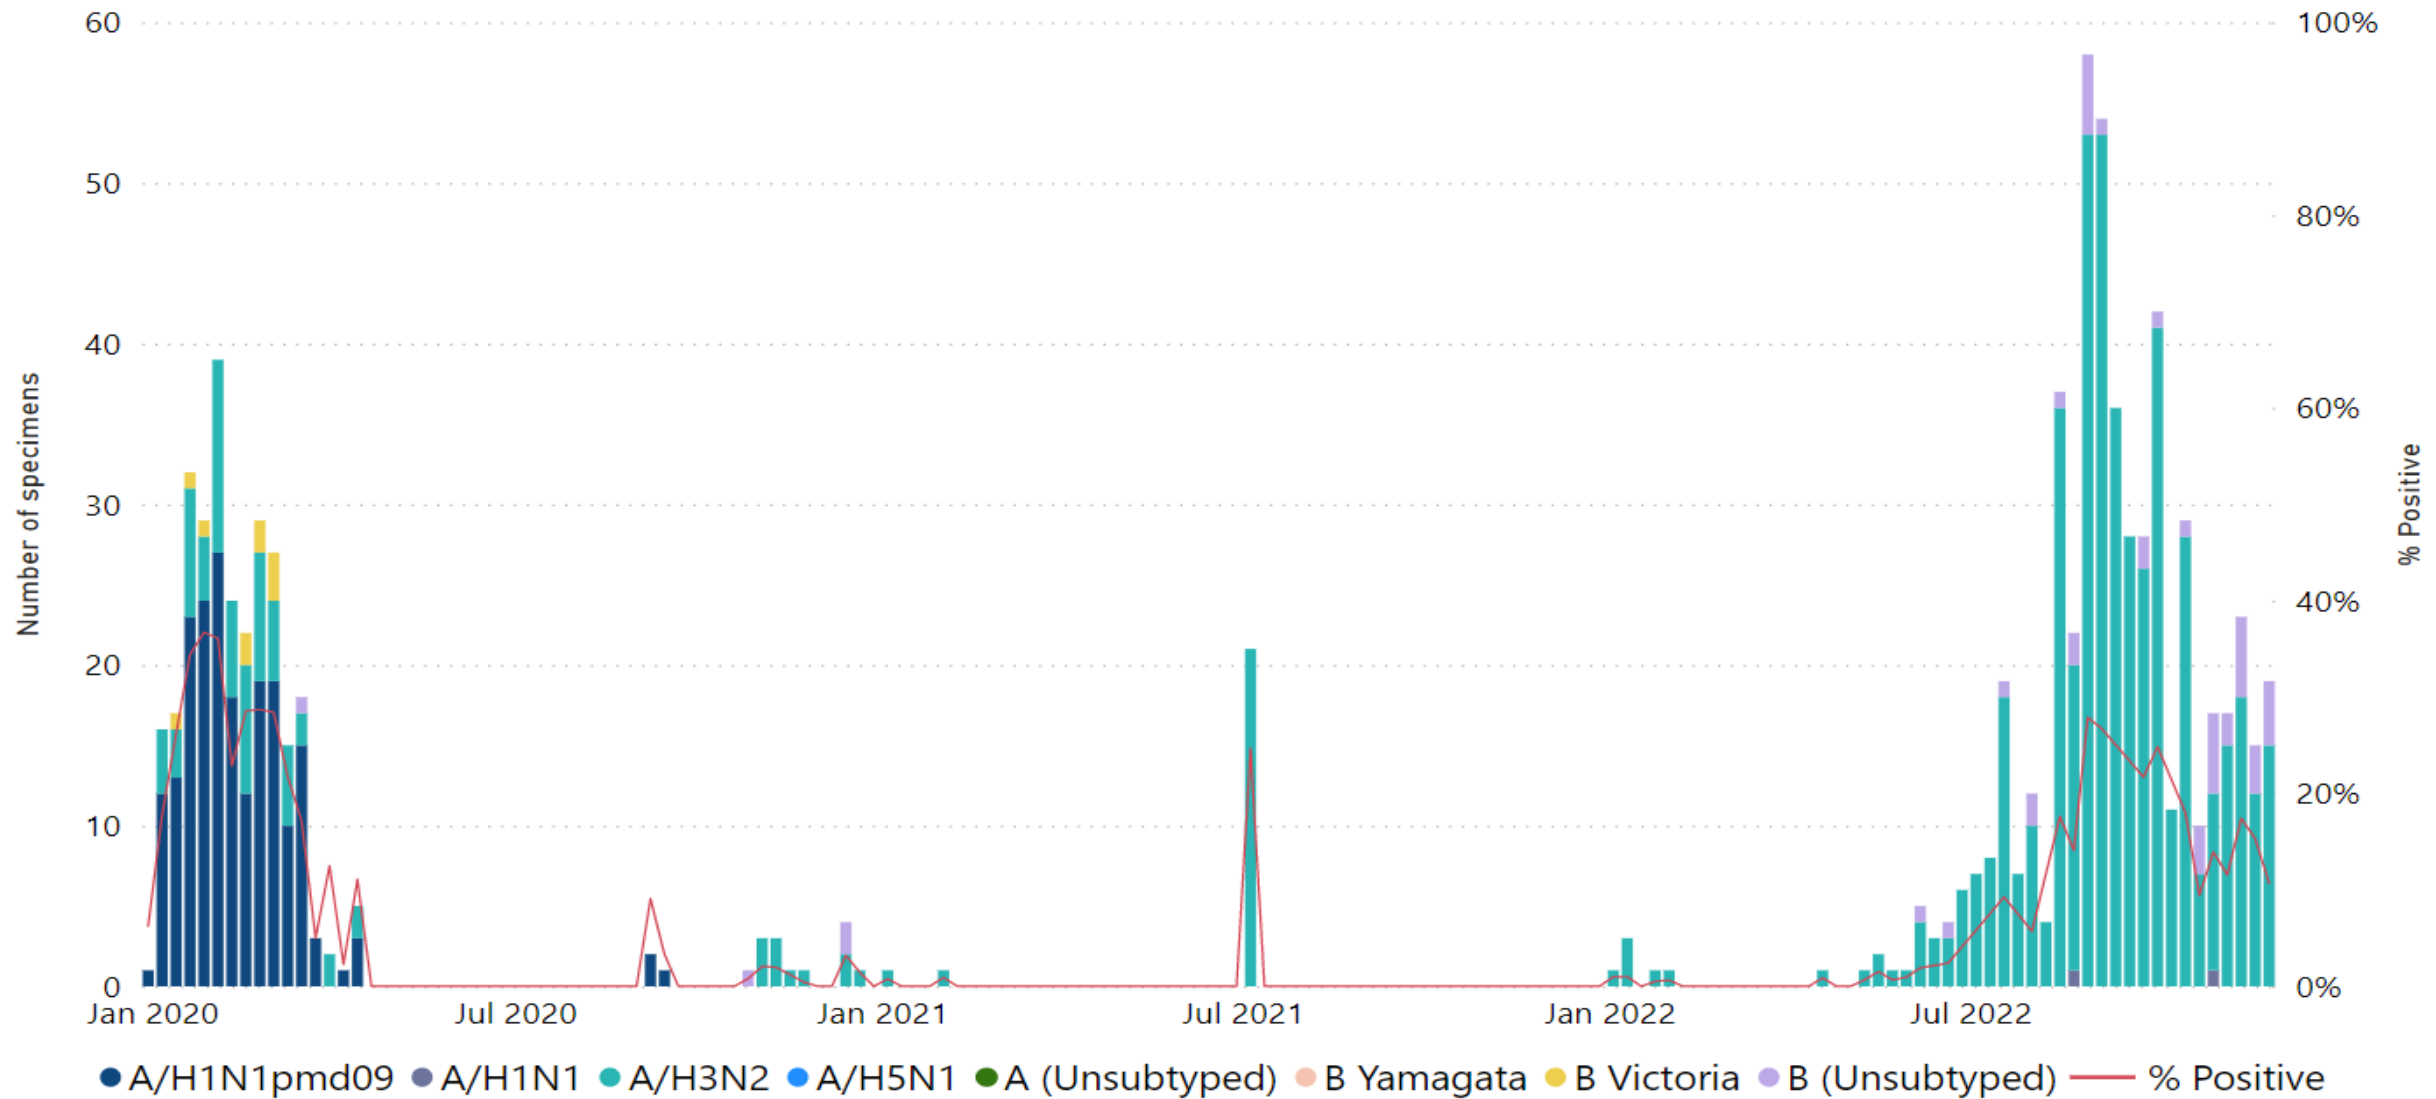

Number of severe acute respiratory infection (SARI) cases and proportion of SARI cases per 100 inpatients, Sri Lanka, 2021 – 2022*

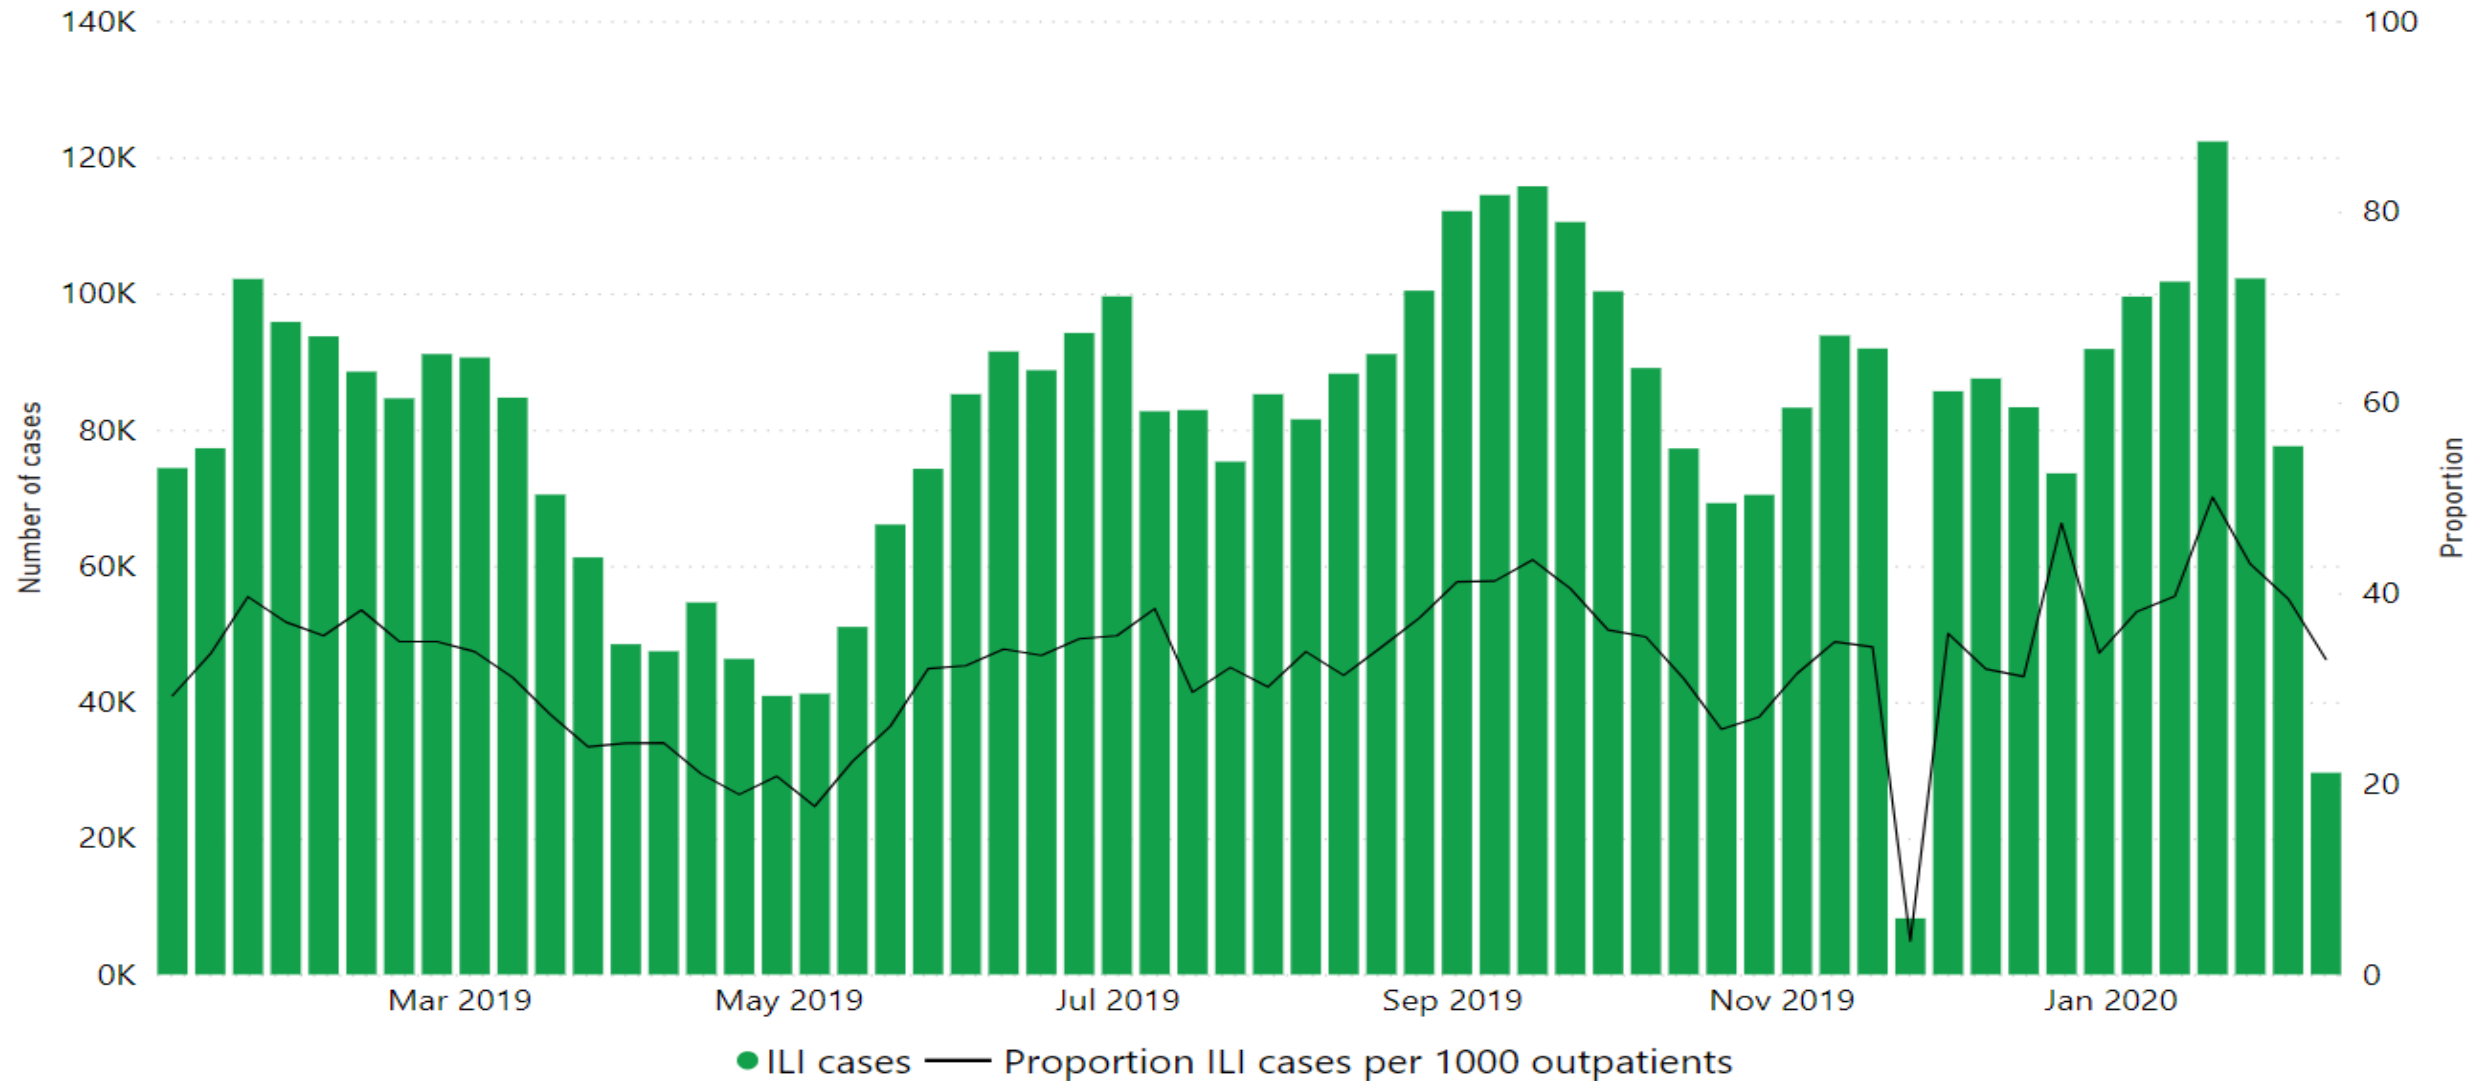

Number of specimens processed for influenza by month and year Thailand, 2019-2022*

Number of specimens positive for influenza by subtype and % positive Thailand, 2020 – 2022*

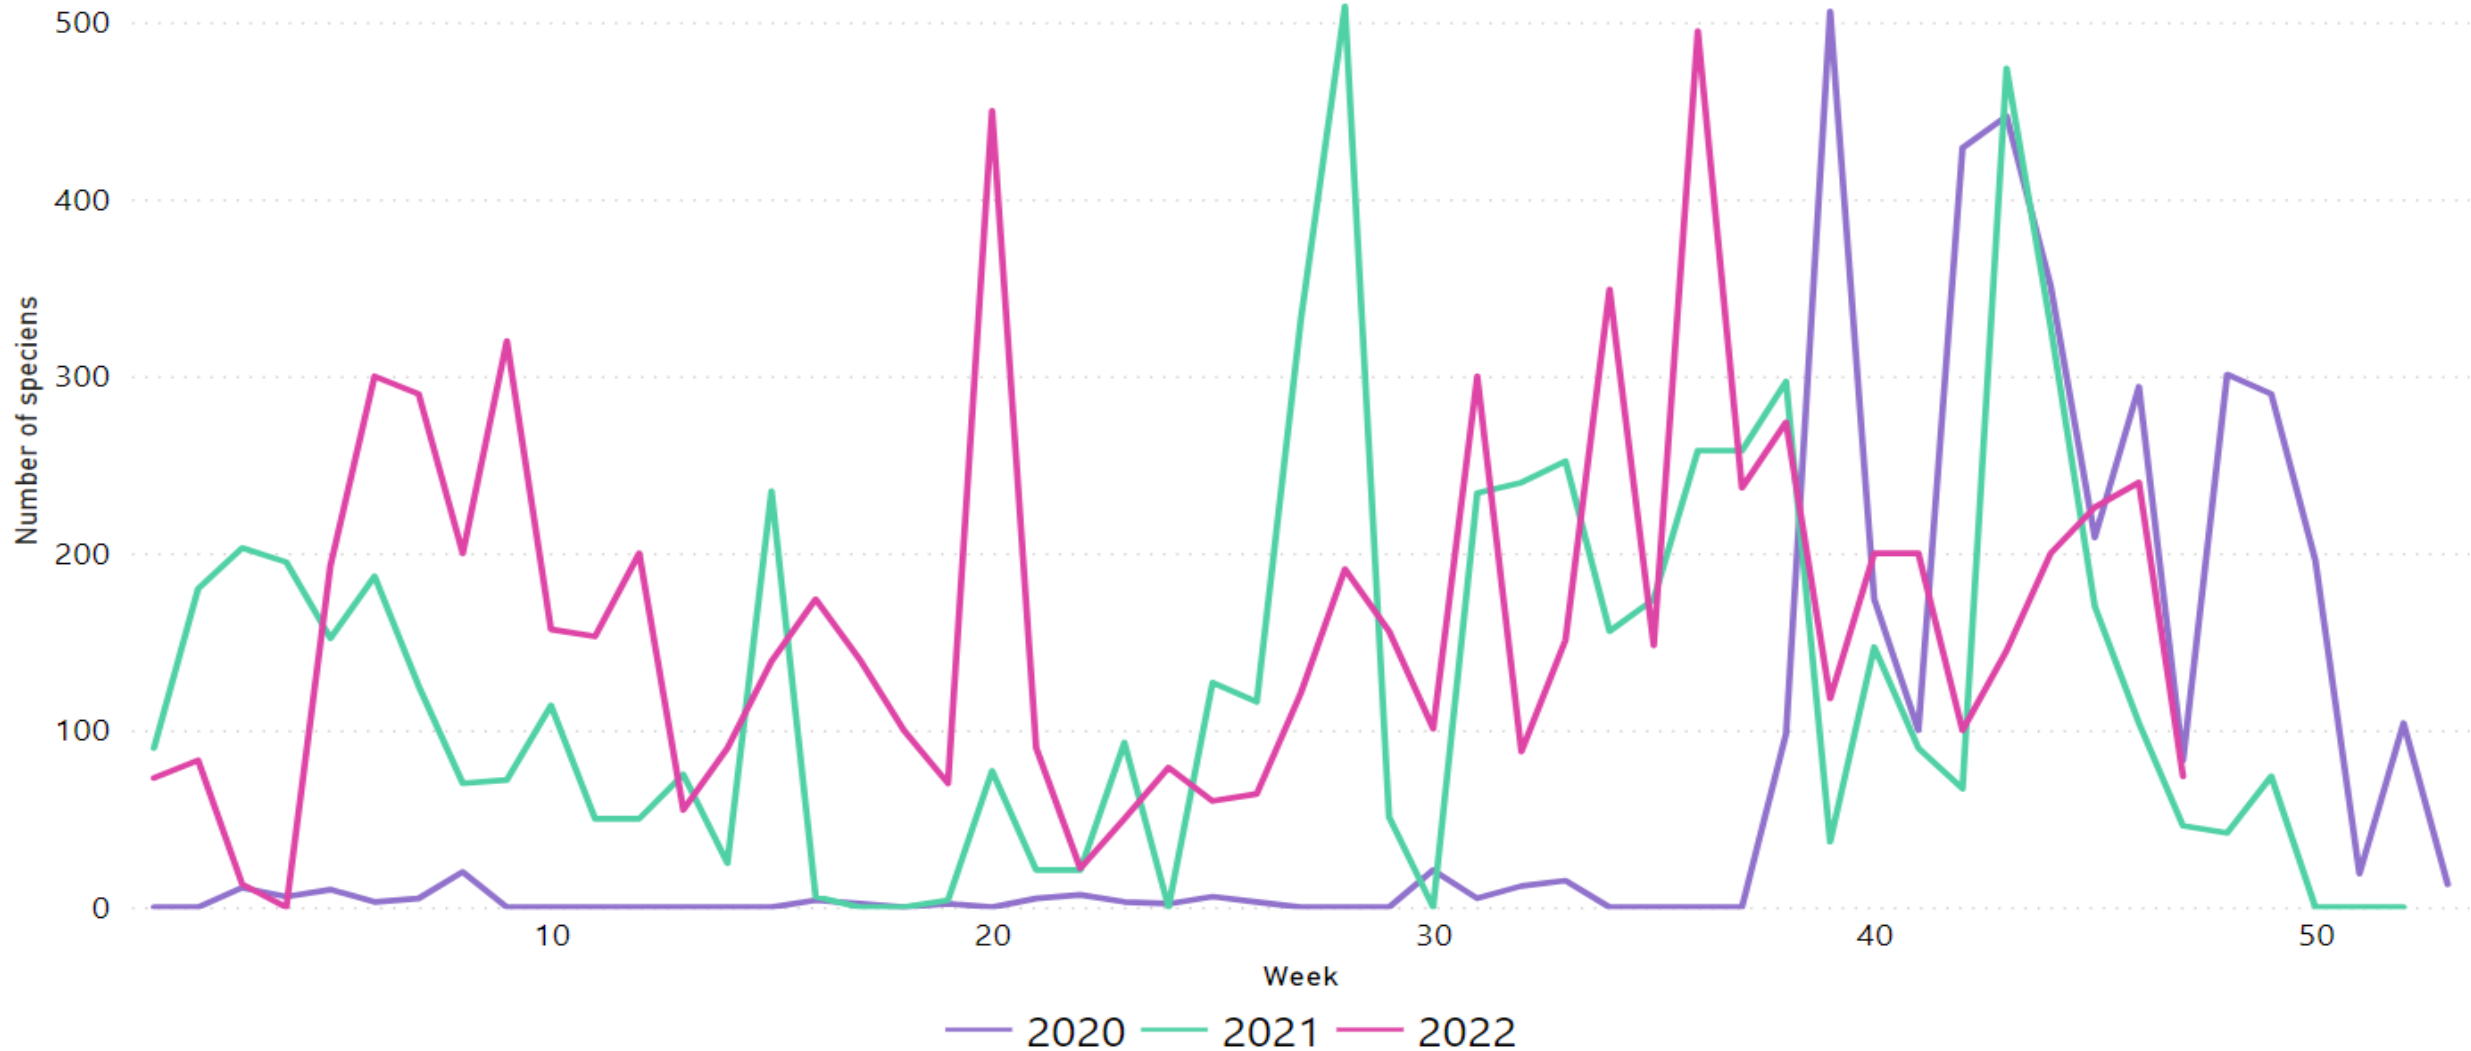

Number of influenza-like illness (ILI) cases and proportion of ILI cases per 1,000 outpatients Thailand, 2019 – 2020*

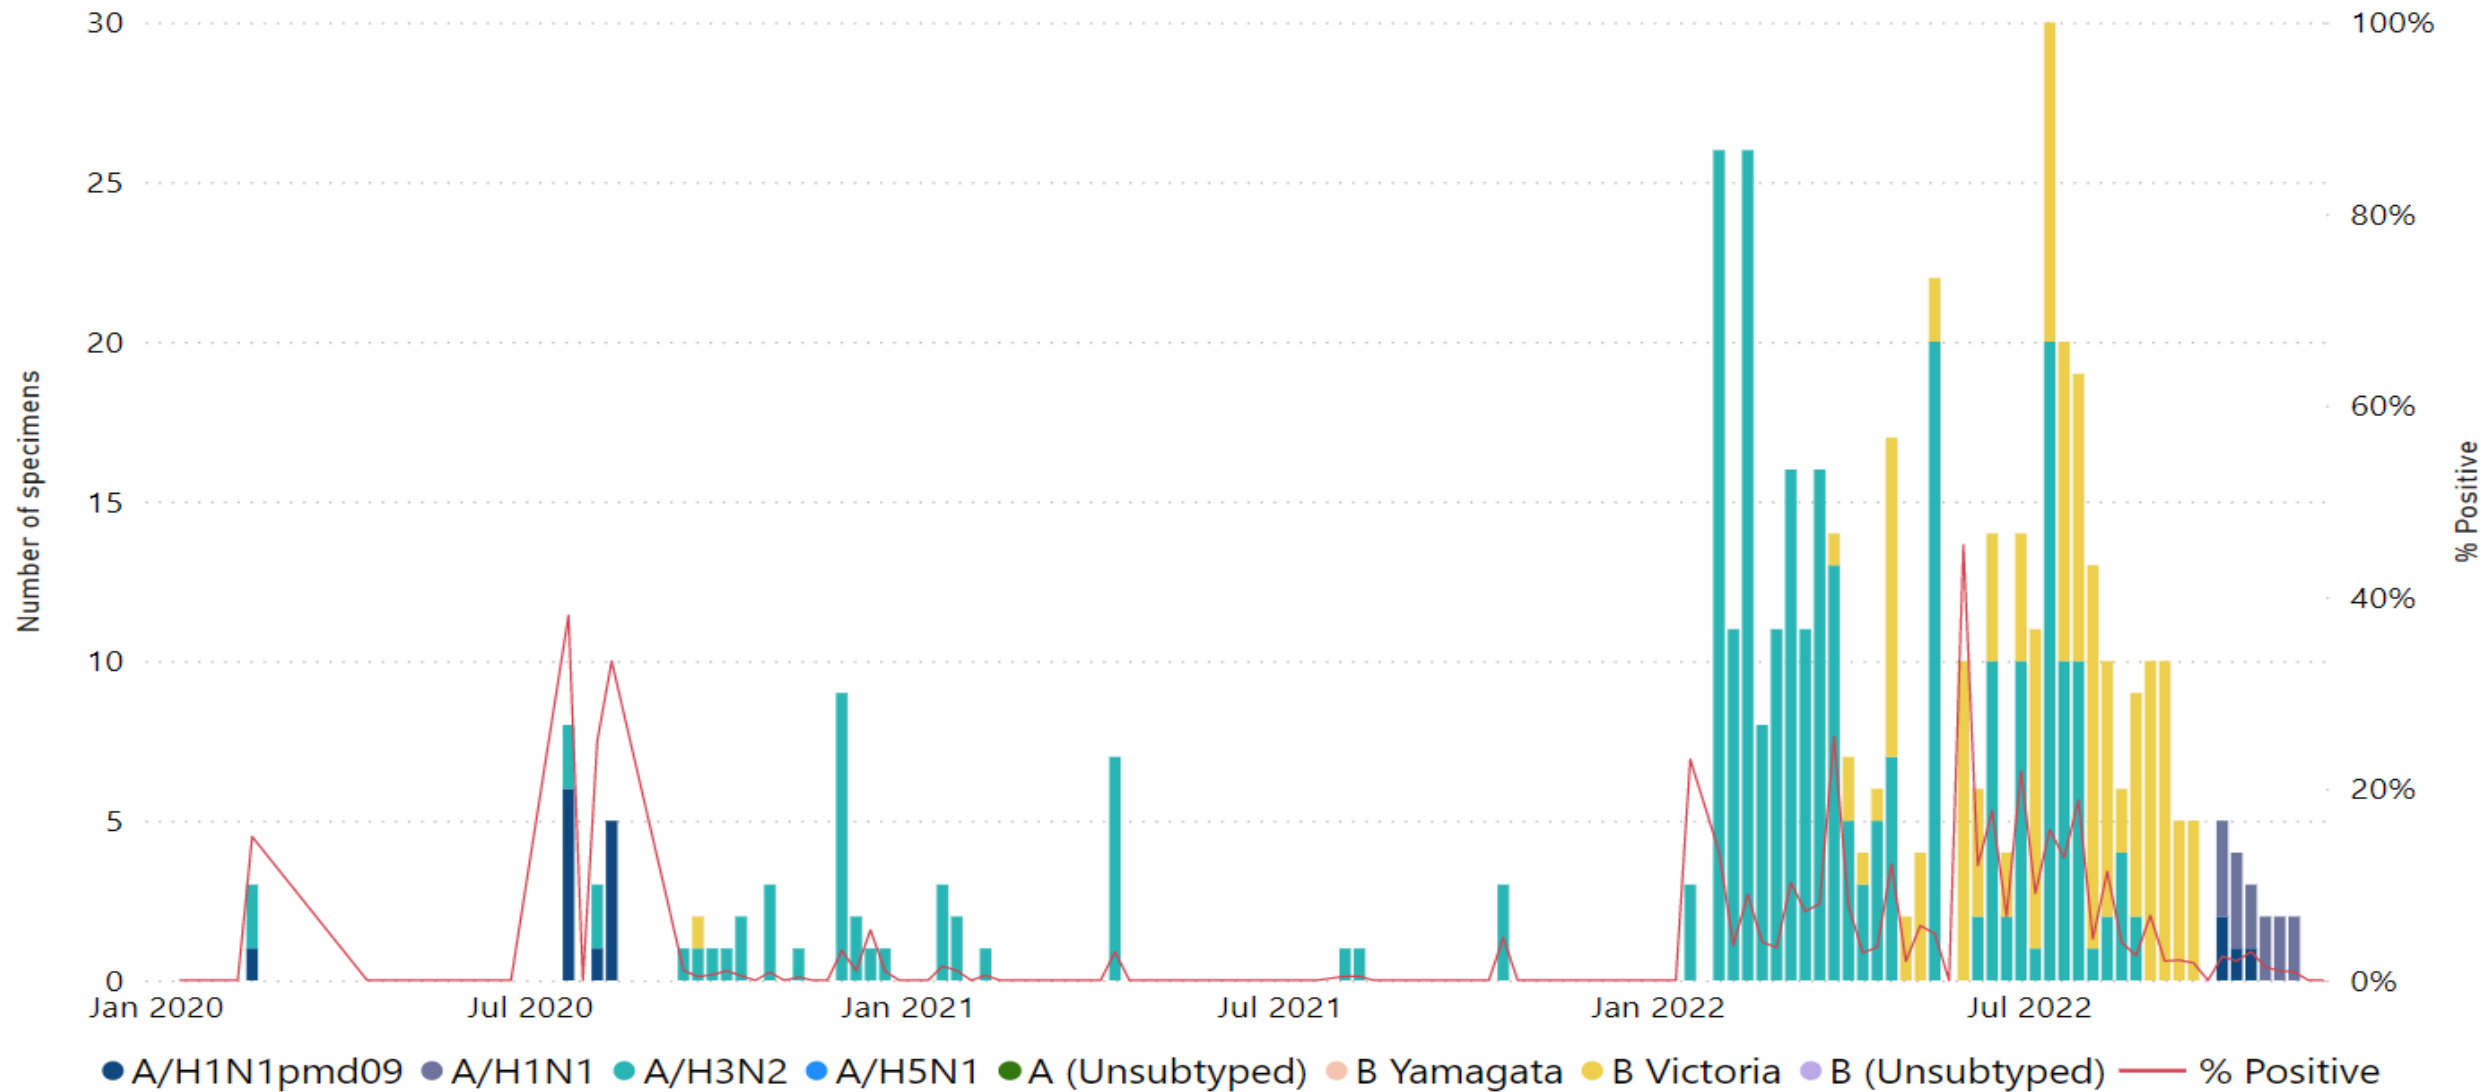

Number of specimens processed for influenza by month and year

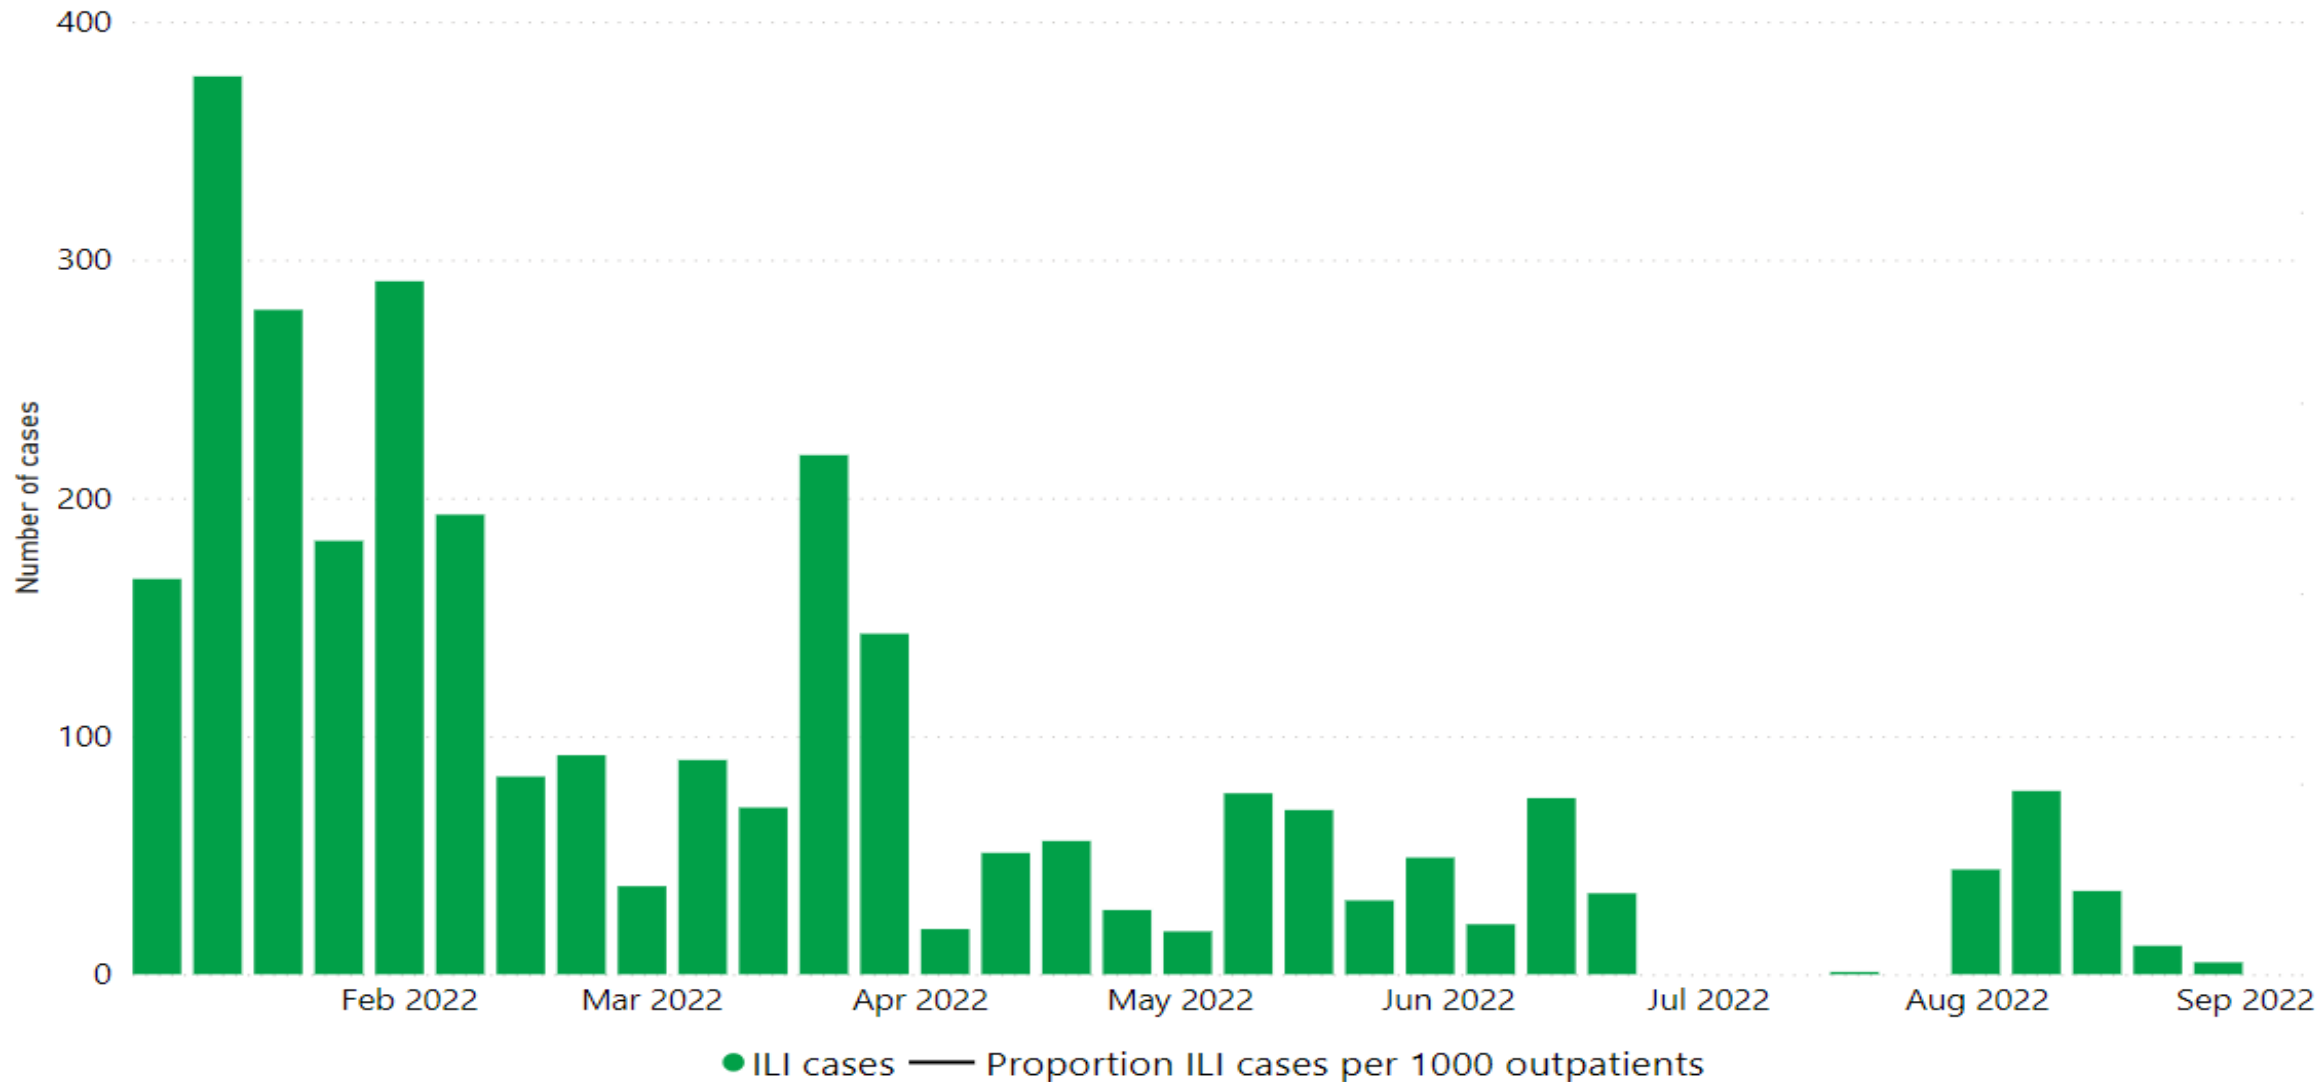

Timor-Leste, 2020 – 2022*

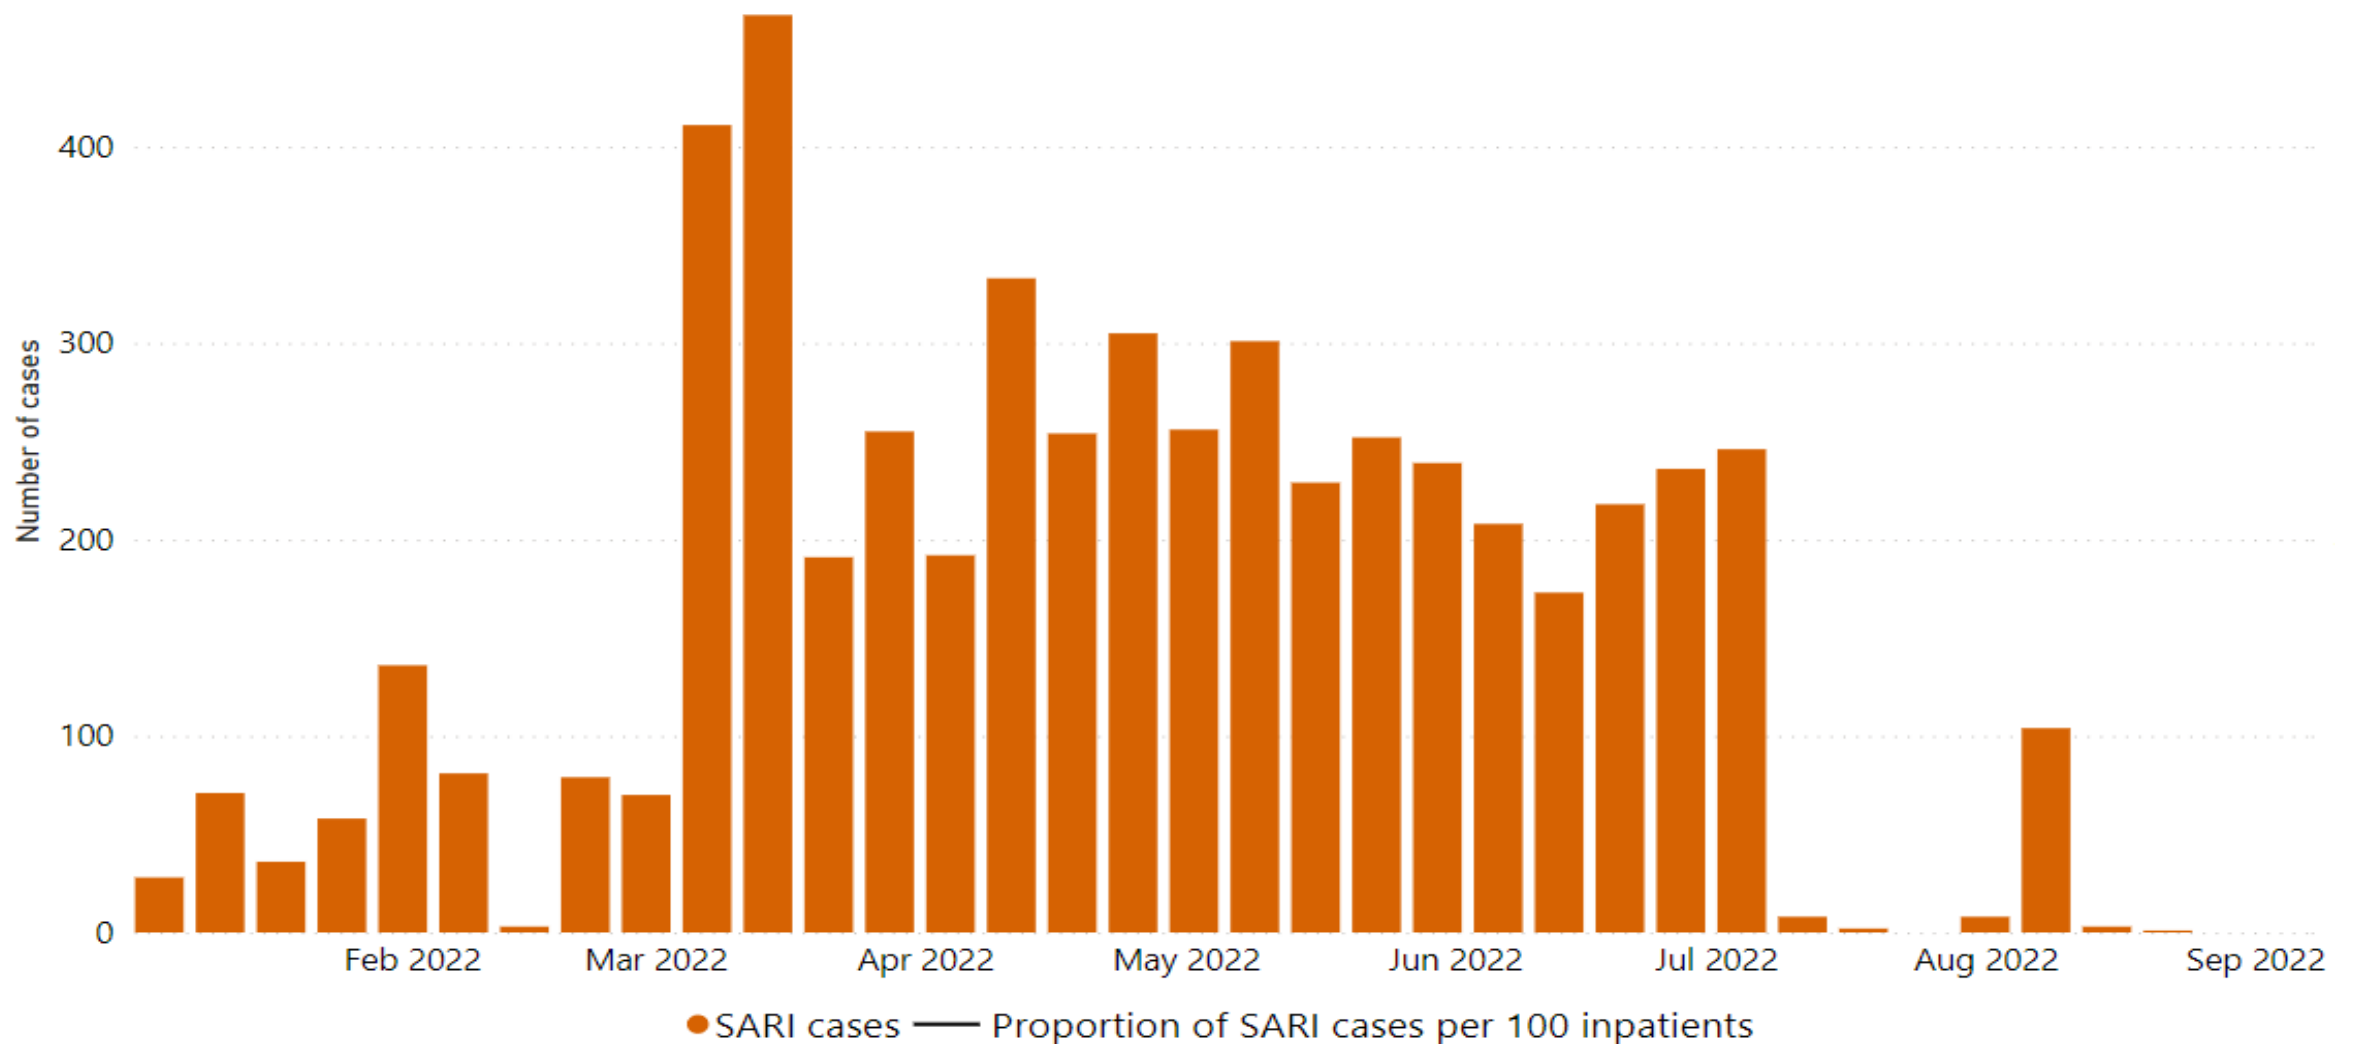

Number of specimens positive for influenza by subtype and % positive Timor-Leste, 2020 – 2022*

Number of influenza-like illness (ILI) cases and proportion of ILI cases, Timor-Leste, 2022*

Number of severe acute respiratory infection (SARI) cases, Timor-Leste, 2022*
