1. INTRODUCTION

1.1 Objective of the RFP

The purpose of this Request for Proposals (RFP) is to enter into a contractual agreement with a successful bidder and select a suitable contractor to carry out the following work: The purpose of this activity is to support the Center of Data and Information Technology (referred to as Pusdatin) and the Directorate General of Pharmaceuticals and Medical Devices (Ditjen Farmalkes), Ministry of Health (MoH) of Indonesia, in developing the **SATUSEHAT Logistics Roadmap 2026–2029**.

The roadmap is intended to provide a clear and realistic strategic direction for strengthening SATUSEHAT Logistics as part of Indonesia's health digital transformation, and to guide coordinated planning and phased implementation across relevant units, primarily within the Ministry of Health (MOH) and the public health service network, while considering interoperability with relevant external stakeholders involved in the health commodity supply chain. The roadmap will identify priorities for the short, medium, and long term, and serve as a practical reference for relevant units in planning subsequent actions.

In addition to producing the roadmap document, this activity also aims **to** support a shared understanding among stakeholders on supply chain management and the use of logistics information systems through consultations and knowledge-sharing discussions, so that the roadmap can be effectively understood and used after endorsement.

The key objectives include:

- a. assess the current situation of SATUSEHAT Logistics and identify key gaps and opportunities related to the use of logistics information system.
- b. strengthen stakeholders' understanding of supply chain management concepts and the use of logistics data for planning, monitoring, and decision-making.
- c. draw lessons from relevant national and international good practices through benchmarking and assess their relevance to the Indonesian context.
- d. define clear short-, medium-, and long-term priorities for the development of SATUSEHAT Logistics, informed by situation analysis and benchmarking.
- e. develop an integrated, realistic, and sustainable SATUSEHAT Logistics Roadmap for the period 2026–2029, including a phased implementation approach and monitoring indicators, aligned with national health digital transformation priorities.

WHO is an Organization that is dependent on the budgetary and extra-budgetary contributions it receives for the implementation of its activities. Bidders are, therefore, requested to propose the best and most cost-effective solution to meet WHO requirements, while ensuring a high level of service.

1.2 About WHO

1.2.1 WHO Mission Statement

The World Health Organization was established in 1948 as a specialized agency of the United Nations. The objective of WHO (www.who.int) is the attainment by all peoples of the highest possible level of health. "Health", as defined in the WHO Constitution, is a state of complete physical, mental and social well being and not merely the absence of disease or infirmity. WHO's main function is to act as the directing and coordinating authority on international health work.

1.2.2 Structure of WHO

The World Health Assembly (WHA) is the main governing body of WHO. It generally meets in Geneva in May of each year and is composed of delegations representing all 194 Member States. Its main function is to determine the policies of the Organization. In addition to its public health functions, the Health Assembly appoints the Director-General, supervises the financial policies of the Organization, and reviews and approves the proposed programme budget. It also considers reports of the WHO Executive Board, which it instructs with regard to matters upon which further action, study, investigation or report may be required.

The Executive Board is composed of 34 members elected for three-year terms. The main functions of the Board are to give effect to the decisions and policies of the WHA, to advise it and generally to facilitate its work. The Board normally meets twice a year; one meeting is usually in January, and the second is in May, following the World Health Assembly.

The WHO Secretariat consists of some 8,400 staff at the Organization's headquarters in Geneva, in the six regional offices and in countries. The Secretariat is headed by the Director-General, who is appointed by the WHA on the nomination of the Executive Board. The head of each regional office is a Regional Director. Regional directors are appointed by the Executive Board in agreement with the relevant regional committee.

1.2.3 Description of Office/Region or Division/Service/Unit

The Health Information System (HIS) Unit of WHO Indonesia supports the Government of Indonesia (GoI) in strengthening national health information and digital health systems. Its work is guided by the WHO Fourteenth General Programme of Work (GPW 14) 2025–2028, which emphasizes measurable country impact through stronger health systems, improved emergency preparedness, and better population health outcomes. In line with GPW 14, the HIS Unit aligns with GPW 14 Output 3.3.1 under which WHO supports countries in building capacity and developing tools and platforms to strengthen national digital health and health information systems, improving resilience, coverage, equity, and impact.

At the country level, this support is framed by the WHO Country Cooperation Strategy (CCS) 2023–2027, as well as the Ministry of Health (MoH) Health Transformation Agenda. WHO provides technical assistance to facilitate the adaptation of global norms and standards to the national context, strengthen the national HIS architecture, and respond to specific technical requests related to health information and digital health, while engaging with government institutions and partners to promote coordinated data governance and use.

For 2026–2027, the HIS Unit focuses on three priority areas: improving data quality, standards, and data use for decision-making; strengthening digital health infrastructure and interoperability; and enhancing governance, partnerships, and innovation within the health data ecosystem.

2. BACKGROUND

Description of the existing activities **currently** undertaken by **WHO Indonesia/UHC/HS/HIS Unit** i.e. prior to the publication of this Request for Proposals, and related to its objectives.

2.1 Overview

As part of Pillar 6 of Indonesia's Health System Transformation agenda (Health Technology Transformation), MoH has developed and launched the Indonesia Health Services (IHS) Platform, known as SATUSEHAT, to enable data exchange and interoperability across health information systems in Indonesia. One of the key priorities under this transformation is the strengthening of SATUSEHAT Logistics. Effective logistics management is essential to ensure the availability, quality, and appropriate use of health commodities across the health system.

While various logistics information systems have been developed and implemented across different units and health facilities, several challenges remain. These include limited understanding among personnel, suboptimal use of logistics data for decision-making, and fragmentation across systems and organizational units.

In the context of rapid digital and technological developments, supply chain management has become a critical function for ensuring efficiency, effectiveness, and system resilience. Strengthening SATUSEHAT Logistics is therefore essential to support integrated logistics management, enhance transparency, and enable evidence-based planning and monitoring.

To ensure that these efforts are coherent and sustainable, a clear roadmap aligned with the Ministry of Health's vision, mission, and digital health strategy is required. The development of the **SATUSEHAT Logistics Roadmap 2026–2029** will be complemented by benchmarking and structured knowledge sharing activities, serving both as inputs to roadmap development and helping stakeholders better understand the use of logistics information systems. Beyond the roadmap document itself, the development process is also expected to strengthen shared understanding among stakeholders regarding logistics information systems and the use of logistics data.

3. REQUIREMENTS

3.1 Introduction

WHO requires the successful bidder, the Contractor, to The purpose of this activity is to support the Center of Data and Information Technology (referred to as Pusdatin) and the Directorate General of Pharmaceuticals and Medical Devices (Ditjen Farmalkes), Ministry of Health (MoH) of Indonesia, in developing the **SATUSEHAT Logistics Roadmap 2026–2029**.

The roadmap is intended to provide a clear and realistic strategic direction for strengthening SATUSEHAT Logistics as part of Indonesia's health digital transformation, and to guide coordinated planning and phased implementation across relevant units, primarily within the Ministry of Health (MOH) and the public health service network, while considering interoperability with relevant external stakeholders involved in the health commodity supply chain. The roadmap will identify priorities for the short, medium, and long term, and serve as a practical reference for relevant units in planning subsequent actions.

In addition to producing the roadmap document, this activity also aims **to** support a shared understanding among stakeholders on supply chain management and the use of logistics information systems through consultations and knowledge-sharing discussions, so that the roadmap can be effectively understood and used after endorsement.

The key objectives include:

- a. assess the current situation of SATUSEHAT Logistics and identify key gaps and opportunities related to the use of logistics information system.
- b. strengthen stakeholders' understanding of supply chain management concepts and the use of logistics data for planning, monitoring, and decision-making.
- c. draw lessons from relevant national and international good practices through benchmarking and assess their relevance to the Indonesian context.
- d. define clear short-, medium-, and long-term priorities for the development of SATUSEHAT Logistics, informed by situation analysis and benchmarking.
- e. develop an integrated, realistic, and sustainable SATUSEHAT Logistics Roadmap for the period 2026–2029, including a phased implementation approach and monitoring indicators, aligned with national health digital transformation priorities.

3.2 Characteristics of the provider

3.2.1 Status

The Contractor shall be a [for profit][not for profit] institution operating in the field of health logistics and logistics information system, within the broader context of Indonesia's health system, including digital health and health supply chain management.

3.2.2 Accreditations

An accreditation (ISO 9001 or equivalent; other accreditation or certification in a relevant fieldt) or an on-going accreditation process by a certified accreditation body would be an asset (desirable).

3.2.3 Previous experience

Mandatory:

- Proven experience in the field of roadmap development, strategic planning, or system strengthening related to health logistics, pharmaceutical and medical supply chains, or other health information systems.

- Previous work with WHO, other international organizations and/or major institutions in the field of health logistics and logistics information system, within the broader context of Indonesia's health system, including digital health and health supply chain management
- Demonstrated experience in logistics information systems or health supply chain management, including the use of data for planning, monitoring, and decision-making.
- Good understanding of standards, interoperability, governance, and regulatory aspects relevant to health logistics and logistics information systems, including familiarity with the SATUSEHAT ecosystem or comparable national digital health platforms and the Indonesian health system context;

Desirable:

- Prior experience working with government institutions, experience working with WHO or other international organizations is an advantage
- Familiarity with national and international good practices in logistics information systems or health supply chain strengthening.
- Experience facilitating stakeholder consultations, FGDs, or workshops related to system planning, roadmap development, or policy-oriented discussions

3.2.4 Staffing

The Consultant should demonstrate:

- experience in health supply chain management, pharmaceutical and medical device logistics, or related health system functions
- familiarity with logistics information systems and the use of logistics data for planning, monitoring, and decision-making
- understanding of data standards, interoperability, governance, and regulatory aspects relevant to SATUSEHAT and health logistics information systems
- experience facilitating multi-stakeholder consultations, technical discussions, or policy-oriented workshops

The Consultant is expected to assign a multidisciplinary team with adequate technical and operational capacity to deliver the activity, **including expertise from both academic/research and field implementation experience in health logistics or supply chain management. At least one team member should demonstrate academic or research-based experience, and at least one team member should demonstrate hands-on implementation experience.** Clear differentiation of roles within the team is required to ensure effective integration of technical inputs and timely delivery of outputs

The selected consultant/tractor is expected to dedicate the following human resources to the project:

- Sufficient capacity and knowledge is required to cover the following areas of expertise:

The consultant is expected to assign a team of five (5) personnel, consisting of:

1. Team leader (1 person)

The Team Leader will be responsible for overall coordination, technical leadership, and quality assurance of the activity, including ensuring coherence and consistency of the SATUSEHAT Logistics Roadmap.

Minimum qualifications include:

- At least a Master's degree (S2) in public health, health informatics, health policy, pharmacy, supply chain management, information systems, or a related field.
- Minimum 5 years of relevant professional experience in health information systems, health logistics, supply chain management, digital health, or related areas.
- Demonstrated experience leading roadmap development, strategic planning, or system strengthening assignments or similar projects with government institutions.
- Good understanding of standards, interoperability, governance, and regulatory aspects related to health logistics and digital health in Indonesia.

- Strong facilitation and analytical skills, including the ability to synthesize technical discussions into policy-relevant outputs.
 - Ability to integrate academic inputs with practical implementation considerations into clear policy and implementation recommendations
 - Prior experience working with UN agencies or international organizations is an advantage
2. Technical team member – Pharmaceutical Logistics (1 person)
This team member will provide domain-specific technical inputs related to pharmaceutical logistics and the use of logistics data to support analysis and roadmap development.
Minimum qualifications include:
- Bachelor’s degree (S1) in pharmacy, public health, health informatics, or a related field. A Master’s degree is an advantage.
 - Minimum 3 years of relevant professional experience in pharmaceutical supply chain management, logistics information systems, or health logistics data.
 - Familiarity with national regulations and operational processes related to pharmaceutical logistics in Indonesia.
 - Experience supporting technical discussions, workshops, or consultations related to health logistics or pharmaceutical systems.
 - Ability to document and synthesize technical inputs clearly and accurately.
3. Technical Team Member – Logistics and Medical Devices (1 person)
This team member will provide domain-specific technical inputs related logistics processes and information systems for medical devices and other health commodities.
Minimum qualifications include:
- Bachelor’s degree (S1) in public health, engineering, supply chain management, health informatics, or a related field. A Master’s degree is an advantage.
 - Minimum 3 years of relevant professional experience in health logistics, medical device supply chains, or related information systems.
 - Familiarity with logistics workflows, data reporting, and across different levels of the health system, including national and subnational contexts.
 - Experience supporting stakeholder consultations or technical meetings related to logistics or health systems.
4. Technical Team Member – System Architecture and Interoperability (1 person)
This team member will provide technical inputs related to system architecture, interoperability, and data integration relevant to SATUSEHAT Logistics
Minimum qualifications include:
- Bachelor’s (S1) in information systems, computer science, health informatics, or a related field.
 - Minimum 3 years of relevant professional experience in health information systems, system architecture, interoperability, or data integration.
 - Good understanding of data standards, interoperability frameworks, and system integration, particularly in digital health or logistics information systems
 - Ability to translate technical architecture considerations into practical and implementable inputs for roadmap development
5. Administration and finance staff for handling the administration and finance issue, including organizing the meeting (1 person)
Minimum qualifications include:
- Academic background in business, administration, or related subject
 - At least 2 years experiences of administrative support (including arrange the meeting – e.g., invitation, travel, and meeting venue; logistics, document management, financial reporting) for government, UN, or NGO activity

To undertake the key tasks listed under #3.3.1, it is critical for the consultant to have a good understanding of health logistics and logistics information system, within the broader context of Indonesia's health system, including digital health and health supply chain management.

To ensure quality and timeliness of work, the project work will require continuous interaction and consultation with Pusdatin and Farmalkes - Ministry of Health, relevant stakeholders/institution, and involvement of the WHO technical unit/experts.

CVs and relevant experience to the above characteristics should be submitted with the proposal. Information about the roles/responsibilities and the proportionate time that will be dedicated to the project should also be included in the submission and in the financial proposal

The bidder is expected to outline the roles and responsibilities of those staff in the technical proposal. Activities will be carried in normal working hours of WIB/Jakarta time zone.

3.3 Work to be performed

The purpose of this activity is to support the Center of Data and Information Technology (referred to as Pusdatin) and the Directorate General of Pharmaceuticals and Medical Devices (Ditjen Farmalkes), Ministry of Health (MoH) of Indonesia, in developing the **SATUSEHAT Logistics Roadmap 2026–2029**.

The roadmap is intended to provide a clear and realistic strategic direction for strengthening SATUSEHAT Logistics as part of Indonesia's health digital transformation, and to guide coordinated planning and phased implementation across relevant units, primarily within the Ministry of Health (MOH) and the public health service network, while considering interoperability with relevant external stakeholders involved in the health commodity supply chain. The roadmap will identify priorities for the short, medium, and long term, and serve as a practical reference for relevant units in planning subsequent actions.

In addition to producing the roadmap document, this activity also aims to support a shared understanding among stakeholders on supply chain management and the use of logistics information systems through consultations and knowledge-sharing discussions, so that the roadmap can be effectively understood and used after endorsement.

3.3.1 Key requirements

The scope of work focuses on analysis, consultation, and development of the SATUSEHAT Logistics Roadmap, and does not include detailed system design, software development, or procurement activities. The activity will be implemented through the following components.

1.1. Preparatory Coordination and Activity Planning

This component focuses on initial coordination and planning with key stakeholders to ensure a shared understanding of objectives, scope, and expected outputs.

Activities include:

- An initial coordination (kick-off) meeting with Pusdatin, the Directorate General of Pharmaceuticals and Medical Devices (Farmalkes), MoH, and other relevant stakeholders to discuss activity preparation (including clarification of the scope of work, sequencing of activities, and coordination arrangements) and the current status of SATUSEHAT Logistics implementation.
- A follow-up coordination meeting to review and confirm the agreed scope of work, sequencing of activities, and coordination arrangements.

Deliverables:

- An agreed detailed activity plan, including timeline and coordination arrangements.

**Note:**

The preparatory coordination and activity planning will be supported by 2 separate hybrid meetings at the Pusdatin office, with a maximum of 35 participants per meeting.

1.2. Situation Analysis and Initial Assessment

This component focuses on developing a clear and shared understanding of the current status of SATUSEHAT Logistics as a foundation for subsequent roadmap refinement and stakeholder consultation.

Activities include:

- Conducting a desk review of relevant policies, strategies, guidelines, and existing documentation related to logistics information systems and SATUSEHAT Logistics, to establish an initial understanding of the current landscape.
- Assessment of the current implementation of logistics information systems across relevant units and levels, including key challenges, gaps, and opportunities.
- Conducting hybrid technical meetings with relevant units to validate and clarify findings from the analysis.
- Organizing in-person workshop with stakeholders to discuss preliminary findings and cross-cutting issues before drafting the roadmap, and to support a shared understanding of the proposed directions.

Deliverables:

- A situation analysis summary describing the current state of SATUSEHAT Logistics, including key gaps and opportunities.
- An initial outline of strategic issues to be addressed in the roadmap.
- Documentation of the foundational knowledge-sharing activities conducted under this component.

Note:

Activities under this component will be supported by 3 technical hybrid meetings at Pusdatin office with maximum 35 participants per meeting and 1 day in-person workshop held in government-owned meeting room in Jakarta with maximum 65 participants.

1.3. Stakeholder Consultation, Benchmarking, and Development of Roadmap

This component focuses on developing and consolidating the SATUSEHAT Logistics Roadmap through structured stakeholder consultation, applied benchmarking, and practical discussions on how selected good practices could be applied in Indonesia.

Activities include:

- Conducting focused group discussions (FGDs), interviews, and meetings with key stakeholders to gather inputs and refine the draft SATUSEHAT Logistics Roadmap, including discussion of proposed directions and actions
- Reviewing relevant national and international good practices related to digital logistics and supply chain information systems as part of benchmarking activities
- Facilitating practical discussions with stakeholders on how selected good practices and strategic options could be adapted and applied in the Indonesian context.

Deliverables under this component include:

- A draft SATUSEHAT Logistics Roadmap that incorporates inputs from stakeholder consultations and benchmarking activities.
- Documentation of stakeholder consultation, benchmarking, and discussion activities.

Note:

Stakeholder consultation and benchmarking activities under this component will be supported by 1 technical hybrid meeting at Pusdatin office with maximum 35 participants and 1 day in-person workshop held in government-owned meeting room in Jakarta with maximum 65 participants.

1.4. Finalization of the SATUSEHAT Logistics Roadmap

This component focuses on finalizing the SATUSEHAT Logistics Roadmap based on inputs from stakeholder consultations and benchmarking activities, and preparing the document for formal endorsement.

Activities include:

- Finalizing the SATUSEHAT Logistics Roadmap 2026–2029 by consolidating inputs from stakeholder consultations, benchmarking activities, and internal reviews.
- Reviewing and confirming the proposed strategic directions, priorities, and sequencing of actions to ensure clarity, consistency, and feasibility.
- Refining the phased implementation approach and indicative monitoring indicators to support follow-up implementation by relevant units.
- Conducting final review meetings and a validation workshop to confirm the finalized roadmap prior to submission for internal MoH endorsement.

Deliverables:

- A finalized SATUSEHAT Logistics Roadmap 2026–2029, prepared for internal endorsement within the MoH.

Note:

Finalization activities under this component will be supported by 3 hybrid finalization meetings at Pusdatin office with maximum 35 participants and 1 day in-person validation workshop held in government-owned meeting room in Jakarta with maximum 65 participants.

1.5. Dissemination of the SATUSEHAT Logistics Roadmap

This component focuses on disseminating the SATUSEHAT Logistics Roadmap prepared for submission to the MoH for internal endorsement to relevant stakeholders.

Activities include:

- Organizing a dissemination workshop to present the SATUSEHAT Logistics Roadmap prepared for internal MoH endorsement to relevant stakeholders.
- Presenting the key directions, priorities, and implementation phases outlined in the roadmap, and facilitating discussion to support understanding and uptake.
- Preparing dissemination materials, including presentation slides and summarized materials derived from the roadmap.
- Organizing an online public dissemination session (webinar) to reach a wider range of stakeholders.

Deliverables:

- Dissemination of SATUSEHAT Logistics Roadmap prepared for internal MoH endorsement in both printed and electronic (PDF) formats.
- Documentation of the dissemination activities (workshop and web, including participant list and key discussion points).

Note:

Dissemination under this component will be supported by 1 in-person workshop held in government-owned meeting room in Jakarta with approximately 65 participants and 1 webinar session with max 54 offline participants.

After technical review, the outputs and deliverables will be handed over to Ministry of Health Indonesia and WHO Country Office Indonesia. Any activities outside the scope of the contract which will be proposed by the consultant should comply with WHO guidelines.

3.3.2 Place of performance

Jakarta

3.3.3 Timelines

Estimated Start Date: Apr/May 2026

End Date: Oct/Nov 2026

The total timeline for project is 6 months

3.3.4 Reporting requirements

The project manager of the selected contractor will be expected to provide an interim report at the conclusion of month 2, and a final report at the end of the activity. The short progress report reporting (by VC and/or in the format of a short progress report) is expected upon delivery of each deliverable (see above).

Additional reporting activities may be requested by WHO, or initiated by the project manager on a need basis. The consultant shall assign technical human resources to work closely with Center of Data and Information Technology (Pusat Data dan Teknologi Informasi/Pusdatin, MoH) and WHO Country Office Indonesia.

3.3.5 Performance monitoring

The Contractor will be evaluated on:

- . their capacity to deliver products of an optimal technical quality within the agreed timelines;
- . the control of the costs;
- . their proper and smooth project management (including communication with the Technical Officer, the Project Lead and any other stakeholder);
- . their service orientation and responsiveness to WHO's needs and expectations.

3.3.6 Further capacities

N/A

4. INSTRUCTIONS TO BIDDERS

Bidders should follow the instructions set forth below in the submission of their proposal to WHO:

WHO will not be responsible for any proposal which does not follow the instructions in this RFP, including this Section 4, and may, at its discretion, reject any such non-complaint proposal.

4.1 Language of the Proposal and other Documents

The proposal prepared by the bidder, and all correspondence and documents relating to the proposal exchanged by the bidder and WHO shall be written in the English language.

4.2 Intention to Bid

No later than 01/04/2026 the bidder shall complete and return by email to WHO to the following address: wpinobids@who.int

1. The RFP **RFP 007-2026**. Acknowledgement form, attached hereto as Annex 1, signed as confirmation of the bidder's intention to submit a bona fide proposal and designate its representative to whom communications may be directed, including any addenda; and
2. The RFP **RFP 007-2026**. Confidentiality Undertaking form, attached hereto as Annex 2, signed;
3. The Self-Declaration form, attached hereto as Annex 6, signed.

These forms are confirming the bidder's intention to submit a bona fide proposal and designating a representative to whom communications may be directed, including any addenda.

WHO reserves the right to reject proposals from bidders who have not submitted the above-listed forms in accordance with this section.

4.3 Cost of Proposal

The bidder shall bear all costs associated with the preparation and submission of the proposal, including but not limited to the possible cost of discussing the proposal with WHO, making a presentation, negotiating a contract and any related travel.

WHO will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the selection process.

4.4 Contents of the Proposal

Proposals must offer the total requirement. Proposals offering only part of the requirement may be rejected.

The bidder is expected to follow the proposal structure described in paragraph "Proposal Structure" below and otherwise comply with all instructions, terms and specifications contained in, and submit all forms required pursuant to, this RFP. Failure to follow the aforesaid proposal structure, to comply with the aforesaid instructions, terms and specifications, and/or to submit the aforesaid forms will be at the bidder's risk and may affect the evaluation of the proposal.

4.5 Joint Proposal

Two or more entities may form a consortium and submit a joint proposal offering to jointly undertake the work. Such a proposal must be submitted in the name of one member of the consortium - hereinafter the "lead organization". The lead organization will be responsible for undertaking all negotiations and discussions with, and be the main point of contact for, WHO. The lead organization and each member of the consortium will be jointly and severally responsible for the proper performance of the contract.

4.6 Communications during the RFP Period

A prospective bidder requiring any clarification on technical, contractual or commercial matters may notify WHO via email at the following address no later than **30 March 2026**):

Email for submissions of all queries: wpinobids@who.int
(use subject: Bid Ref. RFP 007-2026.)

The **WHO Indonesia/UHC/HS/HIS Unit** Team at WHO will respond in writing (via email only) to any request for clarification of the RFP that it receives by the deadline indicated above. A consolidated document of WHO's responses to all questions (including an explanation of the query but without identifying the source of enquiry) will be sent to all prospective bidders who have received the RFP. Questions are to be submitted following the format of the form "Questions from Bidders", attached hereto as Annex 7.

There shall be no individual presentation by or meeting with bidders until after the closing date for submission of proposals. From the date of issue of this RFP to the final selection, contact with WHO officials concerning the RFP process shall not be permitted, other than through the submission of queries and/or through a possible presentation or meeting called for by WHO, in accordance with the terms of this RFP.

4.7 Submission of Proposals

The bidder shall submit the complete proposal to WHO no later than 04/01/2026 at 16:00 hours Jakarta time ("the Closing Date for Submission of Proposals"), as follows:

by E-mail at the following address: wpinobids@who.int

The submitted technical and financial proposal shall be in reference to the enclosed Terms of References and budget component.

A technical and financial proposal should be submitted separately in 2 emails stating in the subject the following reference number: RFP 007-2026.

Submission of proposal can only be done electronically by email to: wpinobids@who.int (including any other email address in the submission will automatically disqualify the bid):

- All information and documentation related to the technical proposal (including the attached Annex 2: "Information about Bidders" shall be submitted to wpinobids@who.int stating in the email subject "Technical Proposal – RFP 007-2026"
- All information and documentation related to the financial proposal shall be submitted to wpinobids@who.int stating in the email subject "Financial Proposal - RFP 007-2026"

The bidder must ensure that the content of all copies is identical. If at any time a difference is discovered between any copies of the proposal then the "Master Copy" will prevail as the official copy.

Each proposal should be prepared in two distinct parts: the technical proposal and the financial offer. Each proposal must include the signed Proposal Completeness Form (attached hereto as Annex 3) and supporting documents, as well as the signed Acceptance Form (attached hereto as Annex 5).

Each proposal shall be marked Bid Ref: **RFP 007-2026**. and be signed by a person or persons duly authorized to represent the bidder, submit a proposal and bind the bidder to the terms of the RFP.

A proposal shall contain no interlineations, erasures, or overwriting except, as necessary to correct errors made by the bidder, in which case such corrections shall be initialled by the person or persons signing the proposal.

It shall be the Bidder's responsibility to obtain a confirmation of receipt by WHO of the signed Acknowledgement form (see section "Intention to Bid" 4.24.2 above) and the proposal, marking in particular the Bid Reference number and the date and time of receipt by WHO.

WHO may, at its own discretion, extend the closing date for the submission of proposals by notifying all bidders thereof in writing.

Any proposal received by WHO after the closing date for submission of proposals will be rejected.

WHO may, at its discretion, reject late bids. Bidders are therefore advised to ensure that they have taken all steps to submit their proposals in advance of the above closing date and time.

4.8 Period of Validity of Proposals

The offer outlined in the proposal must be valid for a minimum period of **180** calendar days after the closing date for submission of proposals. A proposal valid for a shorter period may be rejected by WHO. In exceptional circumstances, WHO may solicit the bidder's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. Any bidder granting such an extension will not, however, be permitted to otherwise modify its proposal.

4.9 Modification and Withdrawal of Proposals

The bidder may withdraw its proposal any time after the proposal's submission and before the closing date for submission of proposals, provided that written notice of the withdrawal is received by WHO via email or mail as provided in section 4.7 above, prior to the Closing Date for Submission of Proposals.

No proposal may be modified after the closing date for submission of proposals, unless WHO has issued an amendment to the RFP allowing such modifications (see section 4.11 "Amendment of the RFP").

No proposal may be withdrawn in the interval between the closing date and the expiration of the period of proposal validity specified by the bidder in the proposal in accordance with section 4.8 "Period of Validity of Proposals".

4.10 Receipt of Proposals from Non-invitees

WHO may, at its own discretion, if it considers this necessary and in the interest of the Organization, extend the RFP to bidders that were not included in the original invitation list.

4.11 Amendment of the RFP

WHO may, at any time before the closing date, for any reason, whether on its own initiative or in response to a clarification requested by a (prospective) bidder, modify the RFP by written amendment. Amendments could, inter alia, include modification of the project scope or requirements, the project timeline expectations and/or extension of the closing date for submission of proposals.

All prospective bidders that have received the RFP will be notified in writing of all amendments to the RFP and will, where applicable, be invited to amend their proposal accordingly.

4.12 Proposal Structure

The contents of the bidder's proposal should be concisely presented and structured in the following order to include, but not necessarily be limited to, the information listed in sections 4.12.1 to 4.12.6.

Any information which the bidder considers confidential, should be clearly marked confidential.

4.12.1 Acceptance Form

The bidder's proposal must be accompanied by the Acceptance Form (see Annex 5, attached) signed by a duly authorized representative of the bidder and stating:

- That the bidder undertakes on its own behalf and on behalf of its possible partners and contractors to perform the work in accordance with the terms of the RFP;
- The total cost of the proposal, indicating the United Nations convertible currency used¹ (preferably US Dollars);
- The number of days the proposal is valid (from the date of the form) in accordance with section 4.8 "Period of Validity of Proposals".

4.12.2 Executive Summary

The bidder's proposal must be accompanied by an Executive Summary (of 3 pages maximum) introducing the proposed solution and approach / methodology.

4.12.3 Approach/Methodology

Bidders are invited to describe the methodology of work that will be adopted in the various stages of the workplan, and their proposed approach to satisfy WHO's expectations (in line with Requirements detailed under Chapter 3 above) including performance indicators and quality control methods.

4.12.4 Proposed Solution

The activity should result in Outputs, according to the description provided under Chapter 3.

The proposed solution should:

- Describe all components of the service;
- describe the steps that will be followed for the development of the service/projects;
- propose a detailed workplan, including work packages, milestones for key deliverables.

¹ <https://treasury.un.org/operationalrates/default.php>

4.12.5 Proposed Time line

A Timeline project plan following the timelines indicated under 3.3.3 above should be presented either in MS Project MPP, XLS or PDF format.

4.12.6 Financial Proposal

The financial proposal is shall be quoted in the IDR currency and expected to provide a total price and breakdown per phase and per area of expertise. Please refer to Appendix 3.

4.13 Conduct and Exclusion of Bidders

All bidders must adhere to the UN Supplier Code of Conduct, which is available on the WHO procurement website at the following link: <http://www.who.int/about/finances-accountability/procurement/en/>

In addition, bidders must submit a signed Self Declaration form, attached hereto as Annex 6.

Bidders will be excluded if:

- they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- they or persons having powers of representation, decision making or control over them have been the subject of a final judgment or of a final administrative decision for fraud, corruption, involvement in a criminal organization, money laundering, terrorist-related offences, child labour or trafficking in human beings;
- they or persons having powers of representation, decision making or control over them have been the subject of a final judgment or of a final administrative decision for financial irregularity(ies);
- it becomes apparent to WHO that they are guilty of misrepresentation in supplying, or if they fail to supply, the information required under this RFP and/or as part of the bid evaluation process;
- they have a conflict of interest, as determined by WHO in its sole discretion; or
- they are, or have found to be, in violation of any standard of conduct as described in the WHO Policies, referred to in section 7.33 of this RFP.

WHO may decide to exclude bidders for other reasons.

5. EVALUATION OF PROPOSALS

After the closing date for submission of proposals, WHO will open the proposals received in a timely manner.

There will be no public bid opening.

5.1 Preliminary Examination of Proposals

WHO will examine the proposals to determine whether they are complete, whether any computational errors have been made, whether the documents have been properly signed, and whether the proposals are generally in order. Proposals which are not in order as aforesaid may be rejected.

Please note that WHO is not bound to select any bidder and may reject all proposals. Furthermore, since a contract would be awarded in respect of the proposal which is considered most responsive to the needs of the project concerned, due consideration being given to WHO's general principles, including economy and efficiency, WHO does not bind itself in any way to select the bidder offering the lowest price.

5.2 Clarification of Proposals

WHO may, at its discretion, ask any bidder for clarification of any part of its proposal. The request for clarification and the response shall be in writing. No change in price or substance of the proposal shall be sought, offered or permitted during this exchange.

5.3 Evaluation of Proposals

The following procedure will be utilized in evaluating the proposals, with technical evaluation of the proposal being completed prior to any focus on or comparison of price.

The evaluation panel will evaluate the technical merits of all the proposals which have passed the Preliminary Examination of proposals based on the following weighting:

Technical Weighting:	70 % of total evaluation
Financial Weighting:	30 % of total evaluation

The technical evaluation of the proposals will include:

- the extent to which WHO's requirements and expectations have been satisfactorily addressed;
- the quality of the overall proposal;
- the appropriateness of the proposed approach;
- the quality of the technical solution proposed;
- the manner in which it is proposed to manage and staff the project;
- the experience of the firm in carrying out related projects;
- the qualifications and competence of the personnel proposed for the assignment; and
- the proposed timeframe for the project; and
- the presentation performance.
-

The number of points which can be obtained for each evaluation criterion is specified below and indicates the relative significance or weight of the item in the overall evaluation process.

A minimum of [50] points is required to pass the technical evaluation.

Organizational capacity to addressing of WHO's requirements and expectations including experience with the similar activity	10
Quality of the overall proposal including proposed approach for: 1) demonstrating understanding of the objectives, scope, and expected outputs of the activity, including the purpose of developing the SATUSEHAT Logistics Roadmap and its role in supporting national health digital transformation priorities; 2) methodology for implementing the activity across all components, including preparatory coordination, situation analysis, stakeholder consultation, benchmarking, roadmap development, finalization, and dissemination;3) engaging relevant stakeholders, including government units and other key actors, through meetings, FGDs, and workshops, and for ensuring meaningful inputs into the roadmap development process; 4) a clear implementation timeline with task allocation, and 5) project risks with mitigation strategies and quality assurance measure	50
Qualifications and competence of the personnel proposed for the assignment Appropriateness of the proposed approach	10
TOTAL	70

The scoring scale system was defined as follows:

Criteria evaluated as:	Based on the following supporting evidence:	Corresponds to the score of:
Excellent	Excellent evidence of ability to exceed requirements	100%
Good	Good evidence of ability to exceed requirements	90%
Satisfactory	Satisfactory evidence of ability to support requirements	70%
Poor	Marginally acceptable or weak evidence of ability to support requirements	40%
Very Poor	Lack of evidence to demonstrate ability to comply with requirements	10%
No submission	Information has not been submitted or is unacceptable	0%

During the financial evaluation, the price proposal of all bidders who have passed the technical evaluation will be compared.

5.4 Bidders' Presentations

WHO may, during the evaluation period, at its discretion, invite selected bidders to supply additional information on the contents of their proposal (at such bidders' own cost). Such bidders will be asked to give a presentation of their proposal (possibly with an emphasis on a topic of WHO's choice) followed by a question and answer session. If required, the presentation will be held at WHO or by tele/videoconference.

NOTE: Other presentations and any other individual contact between WHO and bidders is expressly prohibited both before and after the closing date for submission of proposals.

6. AWARD OF CONTRACT

6.1 Award Criteria, Award of Contract

WHO reserves the right to

- a) Award the contract to a bidder of its choice, even if its bid is not the lowest;
- b) Award separate contracts for parts of the work, components or items, to one or more bidders of its choice, even if their bids are not the lowest;
- c) Accept or reject any proposal, and to annul the solicitation process and reject all proposals at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders and without any obligation to inform the affected bidder or bidders of the grounds for WHO's action;
- d) Award the contract on the basis of the Organization's particular objectives to a bidder whose proposal is considered to be the most responsive to the needs of the Organization and the activity concerned;
- e) Not award any contract at all.

WHO has the right to eliminate bids for technical or other reasons throughout the evaluation/selection process. WHO shall not in any way be obliged to reveal, or discuss with any bidder, how a proposal was assessed, or to provide any other information relating to the evaluation/selection process or to state the reasons for elimination to any bidder.

NOTE: WHO is acting in good faith by issuing this RFP. However, this document does not oblige WHO to contract for the performance of any work, nor for the supply of any products or services.

6.2 WHO's Right to modify Scope or Requirements during the Evaluation/Selection Process

At any time during the evaluation/selection process, WHO reserves the right to modify the scope of the work, services and/or goods called for under this RFP. WHO shall notify the change to only those bidders who have not been officially eliminated due to technical reasons at that point in time.

6.3 WHO's Right to Extend/Revise Scope or Requirements at Time of Award

WHO reserves the right at the time of award of contract to extend, reduce or otherwise revise the scope of the work, services and/or goods called for under this RFP without any change in the base price or other terms and conditions offered by the selected bidder.

6.4 WHO's Right to enter into Negotiations

WHO also reserves the right to enter into negotiations with one or more bidders of its choice, including but not limited to negotiation of the terms of the proposal(s), the price quoted in such proposal(s) and/or the deletion of certain parts of the work, components or items called for under this RFP.

6.5 Signing of the Contract

Within 30 days of receipt of the contract, the successful bidder shall sign and date the contract and return it to WHO according to the instructions provided at that time. If the bidder does not accept the contract terms without changes, then WHO has the right not to proceed with the selected bidder and instead contract with another bidder of its choice.

6.6 Publication of Contract

WHO reserves the right, subject to considerations of confidentiality to acknowledge the existence of the Contract to the public and publish and/or otherwise publicly disclose the Contractor's name and country of incorporation, general information with respect to the work described herein and the Contract value. Such disclosure will be made in accordance with WHO's Information Disclosure Policy and shall be consistent with the terms of the Contract.

7. GENERAL AND CONTRACTUAL CONDITIONS

The contract between WHO and the selected bidder ("the Contract") will, unless otherwise explicitly agreed in writing, include the provisions as set forth in this section, and will otherwise inter alia address the following issues:

- responsibilities of the selected bidder(s) ("the Contractor(s)") and WHO;
- clear deliverables, timelines and acceptance procedures;
- payment terms tied to the satisfactory performance and completion of the work;
- notices.

The prices payable by WHO for the work to be performed under the Contract shall be fixed for the duration of the Contract and shall be in a UN convertible currency (preferably US Dollars), based on the UN exchange rate of the date of invoice. The total amount payable by WHO under the Contract may be either a lump sum or a maximum amount. If the option for payment of a lump sum applies, that lump sum is payable in the manner provided, subject to satisfactory performance of the work. If the option for payment of a maximum amount applies:

- the Contract shall include a detailed budget;
- the Contractor shall be held to submit a financial statement together with each invoice;
- any advance payments by WHO shall be used by the Contractor exclusively for the work in accordance with the budget and any unspent balance shall be refunded to WHO;
- payment by WHO shall be subject to satisfactory performance and the acceptance of the Contractor's financial statements;
- to the extent the Contractor is required to purchase any goods and/or services in connection with its performance of the Contract, the Contractor shall ensure that such goods and/or services shall be procured in accordance with the principle of best value for money. "Best value for money" means the responsive offer that is the best combination of technical specifications, quality and price; and
- consistent with section 7.3,(Audit and Investigations), all financial reports shall be subject to audit by or on behalf of WHO, including examination of supporting documentation and relevant accounting entries in the Contractor's books. In order to facilitate financial reporting and audit, the Contractor shall keep systematic and accurate accounts and records in respect of the work.

Unless otherwise specified in the Contract, WHO shall have no obligation to purchase any minimum quantities of goods or services from the Contractor, and WHO shall have no limitation on its right to obtain goods or services of the same kind, quality and quantity as described in the Contract, from any other sources at any time.

Unless otherwise specified in the Contract, in the event that the Contract is a Long-Term Agreement ("LTA"), the Contractor shall offer the same prices and terms as those agreed with WHO under the Contract to other interested United Nations system agencies and to organizations eligible to purchase through WHO, it being understood that each such agency and organization will be responsible for independently entering into and administering its own contract with the Contractor. The Contractor shall take into account the additional quantities of services purchased by all United Nations system agencies and other organizations as aforesaid to further reduce the prices for WHO and such other agencies and organizations.

7.1 Conditions of Contract

Any and all of the Contractor's (general and/or special) conditions of contract are hereby explicitly excluded from the Contract, i.e., regardless of whether such conditions are included in the Contractor's offer, or printed or referred to on the Contractor's letterhead, invoices and/or other material, documentation or communications.

7.2 Responsibility

The Contractor will be responsible to ensure that the work performed under the Contract meets the agreed specifications and is completed within the time prescribed.

7.3 Audit and Investigations

WHO may request a financial and operational review or audit of the work performed under the Contract, to be conducted by WHO and/or parties authorized by WHO, and the Contractor undertakes to facilitate such review or audit. This review or audit may be carried out at any time during the implementation of the work performed under the Contract, or within five years of completion of the work. In order to facilitate such financial and operational review or audit, the Contractor shall keep accurate and systematic accounts and records in respect of the work performed under the Contract. Similarly, WHO may initiate an investigation into credible allegations of fraud and corruption and other forms of misconduct based on information received in accordance with its respective policies, procedures and rules.

In this context, the Contractor shall make available, without restriction, to WHO and/or parties authorized by WHO:

- (i) the Contractor's books, records and systems (including all relevant financial and operational information) relating to the Contract; and
- (ii) reasonable access to the Contractor's premises and personnel.

The Contractor shall provide satisfactory explanations to all queries arising in connection with the aforementioned audit and access rights.

WHO may request the Contractor to provide complementary information about the work performed under the Contract that is reasonably available, including the findings and results of an audit (internal or external) conducted by the Contractor and related to the work performed under the Contract.

7.4 Source of Instructions

The Contractor shall neither seek nor accept instructions from any authority external to WHO in connection with the performance of the work under the Contract. The Contractor shall refrain from any action which may adversely affect WHO and shall fulfil its commitments with the fullest regard to the interests of WHO.

7.5 Warranties

The Contractor warrants and represents to WHO as follows:

- 1) The deliverables shall meet the specifications called for in the Contract and shall be fully adequate to meet their intended purpose. The Contractor furthermore warrants that the deliverables shall be error-free. The Contractor shall correct any errors in the deliverables, free of charge, within fifteen days after their notification to the Contractor, during a period of at least one year after completion of the work. It is agreed, however, that errors and other defects which have been caused by modifications to the deliverables made by WHO without agreement of the Contractor are not covered by this paragraph.
- 2) The deliverables shall, to the extent they are not original, only be derived from, or incorporate, material over which the Contractor has the full legal right and authority to use it for the proper implementation of the Contract. The Contractor shall obtain all the necessary licenses for all non-original material incorporated in the deliverables (including, but not limited to, licenses for WHO to use any underlying software, application, and operating deliverables included in the deliverables or on which it is

based so as to permit WHO to fully exercise its rights in the deliverables without any obligation on WHO's part to make any additional payments whatsoever to any party.

3) The deliverables shall not violate any copyright, patent right, or other proprietary right of any third party and shall be delivered to WHO free and clear of any and all liens, claims, charges, security interests and any other encumbrances of any nature whatsoever.

4) The Contractor, its employees and any other persons and entities used by the Contractor shall not violate any intellectual property rights, confidentiality, right of privacy or other right of any person or entity whomsoever.

5) Except as otherwise explicitly provided in the Contract, the Contractor shall at all times provide all the necessary on-site and off-site resources to meet its obligations hereunder. The Contractor shall only use highly qualified staff, acceptable to WHO, to perform its obligations hereunder.

6) The Contractor shall take full and sole responsibility for the payment of all wages, benefits and monies due to all persons and entities used by it in connection with the implementation and execution of the Contract, including, but not limited to, the Contractor's employees, permitted subcontractors and suppliers.

Contractor furthermore warrants and represent that the information provided by it to WHO in response to the RFP and during the bid evaluation process is accurate and complete. Contractor understands that in the event Contractor has failed to disclose any relevant information which may have impacted WHO's decision to award the Contract to Contractor, or has provided false information, WHO will be entitled to rescind the contract with immediate effect, in addition to any other remedies which WHO may have by contract or by law.

7.6 Legal Status

The Contractor shall be considered as having the legal status of an independent contractor vis-à-vis WHO, and nothing contained in or relating to the Contract shall be construed as establishing or creating an employer/employee relationship between WHO, on the one hand, and the Contractor or any person used by the Contractor in the performance of the work, on the other hand.

Thus the Contractor shall be solely responsible for the manner in which the work is carried out. WHO shall not be responsible for any loss, accident, damage or injury suffered by the Contractor or persons or entities claiming under the Contractor, arising during or as a result of the implementation or execution of the Contract, including travel, whether sustained on WHO premises or not.

The Contractor shall obtain adequate insurance to cover such loss, accident, injury and damage, before commencing work on the Contract. The Contractor shall be solely responsible in this regard and shall handle any claims for such loss, accident, damage or injury.

7.7 Relation Between the Parties

Nothing in the Contract shall be deemed to constitute a partnership between the Parties or to constitute either Party as the agent of the other.

7.8 No Waiver

The waiver by either Party of any provision or breach of the Contract shall not prevent subsequent enforcement of such provision or excuse further breaches.

7.9 Liability

The Contractor hereby indemnifies and holds WHO harmless from and against the full amount of any and all claims and liabilities, including legal fees and costs, which are or may be made, filed or assessed against WHO at any time and based on, or arising out of, breach by the Contractor of any of its representations or warranties under the Contract, regardless of whether such representations and warranties are explicitly incorporated here in or are referred to in any attached Appendices.

7.10 Assignment

The Contractor shall not assign, transfer, pledge or make any other disposition of the Contract or any part thereof, or any of the Contractor's rights, claims or obligations under the Contract except with the prior written consent of WHO.

7.11 Indemnification

The Contractor shall indemnify and hold WHO harmless, from and against the full amount of any and all claims and liabilities, including legal fees and costs, which are or may be made, filed or assessed against WHO at any time and based on, or arising out of, the acts or omissions of the Contractor, or the Contractor's employees, officers, agents, partners or sub-contractors, in the performance of the Contract. This provision shall extend, inter alia, to claims and liabilities in the nature of workmen's compensation, product liability and liability arising out of the use of patented inventions or devices, copyrighted material or other intellectual property by the Contractor, its employees, officers, agents, servants, partners or sub-contractors.

7.12 Contractor's Responsibility for Employees

The Contractor shall be responsible for the professional and technical competence of its employees and will select, for work under the Contract, reliable individuals who will perform effectively in the implementation of the Contract, respect the local laws and customs, and conform to a high standard of moral and ethical conduct.

7.13 Subcontracting

Any intention to subcontract aspects of the Contract must be specified in detail in the proposal submitted. Information concerning the subcontractor, including the qualifications of the staff proposed for use must be covered with same degree of thoroughness as for the prime contractor. No subcontracting will be permitted under the Contract unless it is proposed in the initial submission or formally agreed to by WHO at a later time. In any event, the total responsibility for the Contract remains with the Contractor.

The Contractor shall be responsible for ensuring that any and all subcontracts shall be fully consistent with the Contract, and shall not in any way prejudice the implementation of any of its provisions.

7.14 Place of Performance

The place of performance of the work under the Contract shall be as mentioned in section 3.3.2 above.

7.15 Language

All communications relating to the Contract and/or the performance of the work thereunder shall be in English.

7.16 Confidentiality

- 1) Except as explicitly provided in the Contract, the Contractor shall keep confidential all information which comes to its knowledge during, or as a result of, the implementation and execution of the Contract. Accordingly, the Contractor shall not use or disclose such information for any purpose other than the performance of its obligations under the Contract. The Contractor shall ensure that each of its employees and/or other persons and entities having access to such information shall be made aware of, and be bound by, the obligations of the Contractor under this paragraph. However, there shall be no obligation of confidentiality or restriction on use, where: (i) the information is publicly available, or becomes publicly available, otherwise than by any action or omission of the Contractor, or (ii) the information was already known to the Contractor (as evidenced by its written records) prior to becoming known to the Contractor in the implementation and execution of the Contract; or (iii) the information was received by the Contractor from a third party not in breach of an obligation of confidentiality.
- 2) The Contractor, its employees and any other persons and entities used by the Contractor shall furthermore not copy and/or otherwise infringe on copyright of any document (whether machine-readable or not) to which the Contractor, its employees and any other persons and entities used by the Contractor have access in the performance of the Contract.
- 3) The Contractor may not communicate at any time to any other person, Government or authority external to WHO, any information known to it by reason of its association with WHO which has not been made public except with the authorization of WHO; nor shall the Contractor at any time use such information to private advantage.

7.17 Title Rights

- 1) All rights pertaining to any and all deliverables under the Contract and the original work product leading thereto, as well as the rights in any non-original material incorporated therein as referred to in section 7.5 2) above, shall be exclusively vested in WHO.
- 2) WHO reserves the right to revise the work, to use the work in a different way from that originally envisaged or to not use the work at all.
- 3) At WHO's request, the Contractor shall take all necessary steps, execute all necessary documents and generally assist WHO in securing such rights in compliance with the requirements of applicable law.

7.18 Termination and Cancellation

WHO shall have the right to cancel the Contract (in addition to other rights, such as the right to claim damages):

- 1) In the event the Contractor fails to begin work on the date agreed, or to implement the work in accordance with the terms of the Contract; or
- 2) In the event the progress of work is such that it becomes obvious that the obligations undertaken by the Contractor and, in particular, the time for fulfilment of such obligations, will not be respected.

In addition, WHO shall be entitled to terminate the Contract (or part thereof), in writing:

1. At will with the provision of thirty (30) days prior notice in writing; and
2. With immediate effect (in addition to other rights, such as the right to claim damages), if, other than as provided above, the Contractor is:
 - a. In breach of any of its material obligations under the Contract and fails to correct such breach within a period of thirty (30) days after having received a written notification to that effect from WHO; or
 - b. Adjudicated bankrupt or formally seeks relief of its financial obligations.

7.19 Force Majeure

No party to the Contract shall be responsible for a delay caused by force majeure, that is, a delay caused by reasons outside such party's reasonable control it being agreed, however, that WHO shall be entitled to terminate the Contract (or any part of the Contract) forthwith if the implementation of the work is delayed or prevented by any such reason for an aggregate of thirty (30) days. Such termination shall be subject to payment of an equitable part of the Contract sum and/or other reasonable charges. In the event of such termination, the Contractor shall, in accordance with the ownership rights referred to in section 7.17 (Title Rights), deliver to WHO all work products and other materials so far produced.

In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the Contractor shall give notice and full particulars in writing to WHO, of such occurrence or change if the Contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Contractor shall also notify WHO of any other changes in conditions or the occurrence of any event which interferes or threatens to interfere with its performance of the Contract. The notice shall include steps proposed by the Contractor to be taken including any reasonable alternative means for performance that is not prevented by force majeure. On receipt of the notice required under this section, WHO shall take such action as it, in its sole discretion, considers to be appropriate or necessary in the circumstances, including the granting to the Contractor of a reasonable extension of time in which to perform its obligations under the Contract.

7.20 Surviving Provisions

Those rights and obligations of the Parties as set forth in sections 7 and 8 that are intended by their nature to survive the expiration or earlier termination of the Contract shall survive indefinitely. This includes, **but is expressly not limited to**, any provisions relating to WHO's right to financial and operational audit, conditions of contract, warranties, legal status and relationship between the parties, breach, liability, indemnification, subcontracting, confidentiality, title rights, use of the WHO name and emblem, successors and assignees, insurance and liabilities to third parties, settlement of disputes, observance of laws, privileges and immunities, no terrorism or corruption, foreign nationals and compliance with WHO policies.

7.21 Use of WHO name and emblem

Without WHO's prior written approval, the Contractor shall not, in any statement or material of an advertising or promotional nature, refer to the Contract or the Contractor's relationship with WHO, or otherwise use the name (or any abbreviation thereof) and/or emblem of the World Health Organization.

7.22 Publication of Contract

Subject to considerations of confidentiality, WHO may acknowledge the existence of the Contract to the public and publish and/or otherwise publicly disclose the Contractor's name and country of incorporation, general information with respect to the work described herein and the Contract value. Such disclosure will be made in accordance with WHO's Information Disclosure Policy and shall be consistent with the terms of the Contract.

7.23 Successors and Assignees

The Contract shall be binding upon the successors and assignees of the Contractor and the Contract shall be deemed to include the Contractor's successors and assignees, provided, however, that nothing in the Contract shall permit any assignment without the prior written approval of WHO.

7.24 Payment

Payment will be made against presentation of an invoice in a UN convertible currency (preferably US Dollars) in accordance with the payment schedule contained in the Contract, subject to satisfactory performance of the work. The price shall reflect any tax exemption to which WHO may be entitled by reason of the immunity it enjoys. WHO is, as a general rule, exempt from all direct taxes, custom duties and the like, and the Contractor will consult with WHO so as to avoid the imposition of such charges with respect to this contract and the goods supplied and/or services rendered hereunder. As regards excise duties and other taxes imposed on the sale of goods or services (e.g. VAT), the Contractor agrees to verify in consultation with WHO whether in the country where the VAT would be payable, WHO is exempt from such VAT at the source, or entitled to claim reimbursement thereof. If WHO is exempt from VAT, this shall be indicated on the invoice, whereas if WHO can claim reimbursement thereof, the Contractor agrees to list such charges on its invoices as a separate item and, to the extent required, cooperate with WHO to enable reimbursement thereof.

7.25 Title to Equipment

Title to any equipment and supplies that may be furnished by WHO shall remain with WHO and any such equipment shall be returned to WHO at the conclusion of the Contract or when no longer needed by the Contractor. Such equipment, when returned to WHO, shall be in the same condition as when delivered to the Contractor, subject to normal wear and tear. The Contractor shall be liable to compensate WHO for equipment determined to be damaged or degraded beyond normal wear and tear.

7.26 Insurance and Liabilities to Third Parties

The Contractor shall provide and thereafter maintain:

- (i) insurance against all risks in respect of its property and any equipment used for the execution of the Contract;
- (ii) all appropriate workmen's compensation insurance, or its equivalent, with respect to its employees to cover claims for personal injury or death in connection with the Contract; and
- (iii) liability insurance in an adequate amount to cover third party claims for death or bodily injury, or loss of or damage to property, arising from or in connection with the performance of the work under the Contract or the operation of any vehicles, boats, airplanes or other equipment owned or leased by the Contractor or its agents, servants, employees, partners or sub-contractors performing work in connection with the Contract.

Except for the workmen's compensation insurance, the insurance policies under this section shall:

- a) Name WHO as additional insured;
- b) Include a waiver of subrogation to the insurance carrier of the Contractor's rights against WHO;
- c) Provide that WHO shall receive written notice from the Contractor's insurance carrier not less than thirty (30) days prior to any cancellation or material change of coverage.

The Contractor shall, upon request, provide WHO with satisfactory evidence of the insurance required under this section.

7.27 Settlement of Disputes

Any matter relating to the interpretation of the Contract which is not covered by its terms shall be resolved by reference to Swiss law. Any dispute relating to the interpretation or application of the Contract shall, unless amicably settled, be subject to conciliation. In the event of failure of the latter, the dispute shall be settled by arbitration. The arbitration shall be conducted in accordance with the modalities to be agreed upon by the parties or, in the absence of agreement, with the rules of arbitration of the International Chamber of Commerce. The parties shall accept the arbitral award as final.

7.28 Authority to Modify

No modification or change of the Contract, no waiver of any of its provisions or any additional contractual relationship of any kind shall be valid and enforceable unless signed by a duly authorized representative of both parties.

7.29 Privileges and Immunities

Nothing in or relating to the Contract shall be construed as a waiver of any of the privileges and immunities enjoyed by WHO under national or international law, and/or as submitting WHO to any national court jurisdiction.

7.30 Anti-Terrorism and UN Sanctions; Fraud and Corruption

The Contractor warrants for the entire duration of the Contract that:

- (i) it is not and shall not be involved in, or associated with, any person or entity associated with terrorism, as designated by any UN Security Council sanctions regime, that it shall not make any payment or provide any other support to any such person or entity and that it shall not enter into any employment or other contractual relationship with any such person or entity;
- (ii) it shall not engage in any fraudulent or corrupt practices, as defined in the WHO Policy on Prevention, Detection and Response to Fraud and Corruption, in connection with the execution of the Contract;
- (iii) it shall take all necessary measures to prevent the financing of terrorism and/or any fraudulent or corrupt practices as referred to above in connection with the execution of the Contract; and
- (iv) it shall promptly report to WHO, through the WHO Integrity Hotline or directly to the WHO Office of Internal Oversight Services (IOS), any credible allegations of actual or suspected fraudulent or corrupt practices, as defined in the WHO Policy on Prevention, Detection and Response to Fraud and Corruption of which the Contractor becomes aware and respond to such allegations in an appropriate and timely manner in accordance with its respective rules, regulations, policies and procedures. Furthermore, the Contractor agrees to cooperate with WHO and/or parties authorized by WHO in relation to the response. Relevant information on the nature of any credible allegations of such actual or suspected violations, as well as the details of the intended response and the outcome of any such response, should be communicated and coordinated with WHO, with the understanding that, subject to the terms of the WHO Policy on Prevention, Detection and Response to Fraud and Corruption, confidentiality and the due process rights of those involved will be respected.

In the event that any resources, assets and/or funds provided to or acquired by the Contractor under the Contract are found to have been used by the Contractor, its employees or any other natural or legal persons engaged or otherwise utilized to perform any work under the Contract, to finance, support or conduct any terrorist activity or any fraudulent or corrupt practices, the Contractor shall promptly reimburse and indemnify WHO for such resources, assets and/or funds (including any liability arising from such use).

7.31 Ethical Behaviour

WHO, the Contractor and each of the Contractor's partners, subcontractors and their employees and agents shall adhere to the highest ethical standards in the performance of the Contract. In this regard, the Contractor shall also ensure that neither the Contractor nor its partners, subcontractors, agents or employees will engage in activities involving child labour, trafficking in arms, promotion of tobacco or other unhealthy behaviour, sexual exploitation and abuse, sexual harassment or any other type of abusive conduct.

7.32 Officials not to Benefit

The Contractor warrants that no official of WHO has received or will be offered by the Contractor any direct or indirect benefit arising from the Contract or the award thereof.

7.33 Compliance with WHO Codes and Policies

By entering into the Contract, the Contractor acknowledges that it has read, and hereby accepts and agrees to comply with, the WHO Policies (as defined below).

In connection with the foregoing, the Contractor shall take appropriate measures to prevent and respond to any violations of the standards of conduct, as described in the WHO Policies, by its employees and any other natural or legal persons engaged or otherwise utilized to perform any services under the Contract.

Without limiting the foregoing, the Contractor shall promptly report to WHO, in accordance with the terms of the applicable WHO Policies, any actual or suspected violations of any WHO Policies of which the Contractor becomes aware.

For purposes of the Contract, the term "WHO Policies" means collectively:

(i) the WHO Code of Ethics and Professional Conduct; (ii) the WHO Policy Directive on Protection from sexual exploitation and sexual abuse (SEA); (iii) the WHO Policy on Preventing and Addressing Abusive Conduct; (iv) the WHO Code of Conduct for responsible Research; (v) the WHO Policy on Whistleblowing and Protection Against Retaliation; (vi) the WHO Policy on Prevention, Detection and Response to Fraud and Corruption, and (vii) the UN Supplier Code of Conduct, in each case, as amended from time to time and which are publicly available on the WHO website at the following links: <http://www.who.int/about/finances-accountability/procurement/en/> for the UN Supplier Code of Conduct and at <http://www.who.int/about/ethics/en/> for the other WHO Policies.

7.34 Zero tolerance for sexual exploitation and abuse, sexual harassment and other types of abusive conduct

WHO has zero tolerance towards sexual exploitation and abuse, sexual harassment and other types of abusive conduct. In this regard, and without limiting any other provisions contained herein, the Contractor warrants that it shall: (i) take all reasonable and appropriate measures to prevent sexual exploitation or abuse as described in the WHO Policy Directive on Protection from sexual exploitation and sexual abuse (SEA), and/or sexual harassment and other types of abusive conduct as described in the WHO Policy on Preventing and Addressing Abusive Conduct by any of its employees and any other natural or legal persons engaged or otherwise utilized to perform the work under the Contract; and (ii) promptly report to WHO and respond to, in accordance with the terms of the respective Policies, any actual or suspected violations of either Policy of which the Contractor becomes aware.

7.35 Tobacco/Arms Related Disclosure Statement

The Contractor may be required to disclose relationships it may have with the tobacco and/or arms industry through completion of the WHO Tobacco/Arms Disclosure Statement. In the event WHO requires completion of this Statement, the Contractor undertakes not to permit work on the Contract to commence, until WHO has assessed the disclosed information and confirmed to the Contractor in writing that the work can commence.

7.36 Compliance with applicable laws, etc.

The Contractor shall comply with all laws, ordinances, rules, and regulations bearing upon the performance of its obligations under the terms of the Contract. Without limiting the foregoing or any other provision of these General and Contractual Conditions, the Contractor shall at all times comply with and ensure that each of its partners, subcontractors and their employees and agents comply with, any applicable laws and regulations, and with all WHO policies and reasonable written directions and procedures from WHO relating to: (i) occupational health and safety, (ii) security and administrative requirements, including, but not limited to computer network security procedures, (iii) sexual exploitation or abuse, sexual harassment or any other types of abusive conduct, (iv) privacy, (v) general business conduct and disclosure, (vi) conflicts of interest and (vii) business working hours and official holidays.

In the event that the Contractor becomes aware of any violation or potential violation by the Contractor, its partners, subcontractors or any of their employees or agents, of any laws, regulations, WHO policies or other reasonable written directions and procedures, the Contractor shall immediately notify WHO of such violation or potential violation. WHO, in its sole discretion, shall determine the course of action to remedy such violation or prevent such potential violation, in addition to any other remedy available to WHO under the Contract or otherwise.

7.37 Breach of Essential Terms

The Contractor acknowledges and agrees that each of the provisions of section 7.30 (Anti-Terrorism and UN Sanctions; Fraud and Corruption), section 7.31 (Ethical Behaviour), section 7.32 (Officials not to Benefit), section 7.33 (Compliance with WHO Codes and Policies), and section 7.36 (Zero tolerance for sexual exploitation and abuse, sexual harassment and other types of abusive conduct), section 7.35 (Tobacco/Arms Related Disclosure Statement) and section 7.36(Compliance with applicable laws, etc.) hereof constitutes an essential term of the Contract, and that in case of breach of any of these provisions, WHO may, in its sole discretion, decide to:

- (i) terminate the Contract, and/or any other contract concluded by WHO with the Contractor, immediately upon written notice to the Contractor, without any liability for termination charges or any other liability of any kind; and/or
- (ii) exclude the Contractor from participating in any ongoing or future tenders and/or entering into any future contractual or collaborative relationships with WHO.

WHO shall be entitled to report any violation of such provisions to WHO's governing bodies, other UN agencies, and/or donors.

8. PERSONNEL

8.1 Approval of Contractor Personnel

WHO reserves the right to approve any employee, subcontractor or agent furnished by the Contractor and Contractor's consortium partners for the performance of the work under the Contract (hereinafter jointly referred to as "Contractor Personnel"). All Contractor Personnel must have appropriate qualifications, skills, and levels of experience and otherwise be adequately trained to perform the work. WHO reserves the right to undertake an interview process as part of the approval of Contractor Personnel.

The Contractor acknowledges that the qualifications, skills and experience of the Contractor Personnel proposed to be assigned to the project are material elements in WHO's engaging the Contractor for the project. Therefore, in order to ensure timely and cohesive completion of the project, both parties intend that Personnel initially assigned to the project continue through to project completion. Once an individual has been approved and assigned to the project, such individual will not, in principle, thereafter be taken off the project by the Contractor, or reassigned by the Contractor to other duties. Circumstances may arise, however, which necessitate that Personnel be substituted in the course of the work, e.g. in the event of promotions, termination of employment, sickness, vacation or other similar circumstances, at which time a replacement with comparable qualifications, skills and experience may be assigned to the project, subject to approval of WHO.

WHO may refuse access to or require replacement of any Contractor Personnel if such individual renders, in the sole judgment of WHO, inadequate or unacceptable performance, or if for any other reason WHO finds that such individual does not meet his/her security or responsibility requirements. The Contractor shall replace such an individual within fifteen (15) business days of receipt of written notice from WHO. The replacement will have the required qualifications, skills and experience and will be billed at a rate that is equal to or less than the rate of the individual being replaced.

8.2 Project Managers

Each party shall appoint a qualified project manager ("Project Manager") who shall serve as such party's primary liaison throughout the course of the project. The Project Manager shall be authorized by the respective party to answer all questions posed by the other party and convey all decisions made by such party during the course of the project and the other party shall be entitled to rely on such information as conveyed by the Project Manager.

The Project Managers shall meet on a monthly basis in order to review the status of the project and provide WHO with reports. Such reports shall include detailed time distribution information in the form requested by WHO and shall cover problems, meetings, progress and status against the implementation timetable.

8.3 Foreign Nationals

The Contractor shall verify that all Contractor Personnel is legally entitled to work in the country or countries where the work is to be carried out. WHO reserves the right to request the Contractor to provide WHO with adequate documentary evidence attesting this for each Contractor Personnel.

Each party hereby represents that it does not discriminate against individuals on the basis of race, gender, creed, national origin, citizenship.

8.4 Engagement of Third Parties and use of In-house Resources

The Contractor acknowledges that WHO may elect to engage third parties to participate in or oversee certain aspects of the project and that WHO may elect to use its in-house resources for the performance of certain aspects of the project. The Contractor shall at all times cooperate with and ensure that the Contractor and each of its partners, subcontractors and their employees and agents cooperate, in good faith, with such third parties and with any WHO in-house resources.
