COORDINATION COMMITTEE**

The Policy and Coordination Committee is the governing body of the Special Programme of Research, Development and Research Training in Human Reproduction. It currently has 34 members in four categories of membership. Category 2 is composed of 14 Member States elected by WHO regional committees for three-year terms. Under this category, the Western Pacific Region has been allocated three seats. Currently, China, Mongolia and Vanuatu represent the Region on the Committee. The term of office of Mongolia expires on 31 December 2025. The Regional Committee is therefore requested to elect one Member State to represent the Region under Category 2 for a three-year term from 1 January 2026 to 31 December 2028.

1. CURRENT SITUATION

The Special Programme of Research, Development and Research Training in Human Reproduction is a global programme of international technical cooperation initiated by WHO to promote, coordinate, support, conduct and evaluate research in human reproduction, with particular reference to the needs of developing countries.

The Policy and Coordination Committee (PCC) is the governing body of the programme. It coordinates the interests and responsibilities of the parties cooperating in the programme and is responsible for reviewing and deciding upon the planning and execution of the programme. The structure and functions of the PCC are defined in Annex 1.

The Committee has 34 members in four categories of membership:

- (1) Category 1 is composed of 11 government representatives from the countries that were the largest financial contributors to the Special Programme in the previous biennium.
- (2) Category 2 is composed of 14 government representatives from Member States elected by WHO regional committees for three-year terms, according to population distribution and regional needs. In electing members, regional committees are asked to consider the country's financial and/or technical support to the Special Programme as well as its interest in the development of sexual and reproductive health research and services, as demonstrated by national policies and programmes. The Western Pacific Region has been allocated three seats.
- (3) Category 3 is composed of two members elected by the PCC for three-year terms from the remaining cooperating parties.
- (4) Category 4 is composed of the co-sponsors of the Special Programme, the International Planned Parenthood Federation and the Joint United Nations Programme on HIV/AIDS, which are permanent members.

Members of the Committee under categories 2 and 3 may be re-elected.

The status of Member States from the Western Pacific Region, elected by the Regional Committee under Category 2, as of 2025:

Member	Year elected	Term of office
Mongolia	2022	2023–2025
China	2023	2024–2026
Vanuatu	2024	2025–2027

The participation of Member States from the Western Pacific Region under Category 2, from 1986 onwards, is shown in Annex 2.

2. ISSUE

The term of Mongolia will expire on 31 December 2025. In order to fill the vacancy under Category 2, effective 1 January 2026, the Regional Committee for the Western Pacific must elect one Member State to serve a three-year term (from 1 January 2026 to 31 December 2028) at its seventy-sixth session to be held from 20 to 24 October 2025 in Nadi, Fiji.
